Cancel

- The SAP BI Launch Pad should open. Click Folders

- Click Arrow next to Public Folder.
- Click Arrow next to NFIRS.
- Click Arrow next to Standard Report. This will open several options for reporting.
- Click on Casualties title not the arrow.
- Click the three dots to the right of the Casualties.
 - Click Schedule
- Click Report Features title not the arrow.

- Click Format drop down change from Web Intelligence to Microsoft Excel – Reports
- In the Prompts section click on **Edit Prompt Values** on the right
- A popup will open requesting values:
 - **Value for NFIRS Group** click  reload next to Enter value for NFIRS Group click NFIRS – NFDC
 - **Enter Time Series:** click  reload next to Enter value for Select the time series that is appropriate.
 - **Enter Casualty Type** = Civilian or Fire Service, and Fatality or Injuries
 - **Enter value(s) for State** = FL
 - **Enter From Date:** click the calendar on the right 
 - Select the date that you would like to start and then click ok on the bottom right side of the pop-up box.
 - **Enter to Date** = click the calendar on the right 
 - Select the date that you would like to end and then click ok on the bottom right side of the pop-up box.
 - **Enter value(s) for Incident Valid Status:** Keep values as it is currently.
 - **Enter value(s) for NFIRS Version:** Keep values as it is currently.
 - **Enter value(s) for Incident Release Status:** Keep values as it is currently.
 - **Enter value(s) for Fire Department ID**
 - You can click All Fire Departments or type your FDID into the search field and click (Search) not (Manual Search)
 - Then click in the box with the correct Fire Department.
 - The ID will be the departments 5 digit after the FL with an underscore FL. Example: 12345_FL

- Last prompt will be **Enter value(s) for Fire Department Active Status:**
 - click  reload next to Enter value for Fire Department Active Status
 - click Active
- Click **Apply**
- Click **Schedule** on the bottom right of the screen.
- This will then open a history of all the report instances that you have ran.
- Once the report status is Success then click the three dots to the right of the report. Select **View**. This will put the report into your downloads folder where you will be able to open the report.
