

## Florida Division of Workers' Compensation 2022 COVID-19 Report

Data Summary as of February 28, 2022

### Division of Workers' Compensation's Mission

*To actively ensure the self-execution of the workers' compensation system by educating system participants of their rights and responsibilities; by leveraging data to deliver exceptional value; and by holding participants accountable for fulfilling their obligations.*

# Introduction

The Department of Financial Services, Division of Workers' Compensation (DWC) is pleased to provide the March 2022 report on the effects of COVID-19 on Florida's Workers' Compensation System. The DWC will continue to update this report as new data are reported and analyzed.

COVID-19 should be reviewed through the lenses of three key terms within the workers' compensation law: accident, injury, and occupational disease. These terms are defined in subsections 440.02(1), (19), and subsection 440.151(2), F.S., respectively.

The data in this report is organized by Claim Frequency, Claim Costs & Characteristics, Coverage Information, and Telemedicine. Claim Frequency and Claim Costs & Characteristics are workers' compensation claim measures, while the Coverage Information provides a unique insight on the potential economic impact due to COVID-19. Telemedicine represents how health care providers and carriers may be adapting in the provision of medical treatment to injured workers.

We hope you find the data informative and beneficial. If you would like to provide any feedback, please email us at [Workers.CompService@myfloridacfo.com](mailto:Workers.CompService@myfloridacfo.com).

# Commonly Used Terms and Their Meanings

- Carrier: For purposes of this report, an insurance company or group self-insured fund approved by the Florida Office of Insurance Regulation to write workers' compensation insurance. The term does not include an employer who is authorized to self-insure.
- Closed Indemnity Claim: The claim has a status indicator that denotes the claim has been closed.
- DOA: Date of Accident
- FDOH: Florida Department of Health | <https://floridahealthcovid19.gov/>
- DWC: Division of Workers' Compensation
- DWC-9 (Form DFS-F5-DWC-9): Health Insurance Claim Form (HCFA 1500 or CMS 1500) filed by Health Care Providers
- EAO: Bureau of Employee Assistance and Ombudsman Office
- HCP: Health Care Providers
- IW: Injured Worker
- NAICS Code: A classification within the North American Industry Classification System (NAICS) that was developed for use by Federal Statistical Agencies for the collection, analysis and publication of statistical data related to the US Economy. The code indicates a company's primary line of business. Primary line of business is the one that generated the highest revenue at a specific location in the past year.
- PFB: Petition for Benefits
- SDTF: Special Disability Trust Fund
- SI: Self-Insurer

## Notes for the Reader

- The Florida workers' compensation data is changing and maturing over time, so the following information may change in future publications as more data matures and becomes available. The data used in this summary is not fully matured for the period of 1/1/2020 to 2/28/2022 and will change over time.
- Date range data are based on 1/1/2020 to 2/28/2022 for COVID-19 and when making comparison to past performance. The data is valued as of 3/1/2022.
- COVID-19 indemnity claims are based on a combination of Cause of Injury Code 8300 and Nature of Injury Code 8300 in conjunction with keywords reported in the accident description of the claim sent to the Division of Workers' Compensation (DWC).
- Indemnity claims are grouped by the date of accident (DOA).
- The source for the medical billing data is based on the Health Provider Claim Form (DWC-09) bills reported to DWC.
- Telemedicine data is grouped by date of service and is based on DWC-09 paid bills filed with DWC that met a combination of telemedicine markers.
- This summary does not include Medical Only claims in any claim counts or benefits paid.
- The data for exemption applications is grouped by calendar year based on the date received by DWC.

- The grouping for counts by industries are based on NAICS Code of Business. The associated total paid benefits by industry includes indemnity & medical benefits.
  
- 440.02(1), F.S., states that “Accident” means only an unexpected or unusual event or result that happens suddenly. Disability or death due to the accidental acceleration or aggravation of a venereal disease or of a disease due to the habitual use of alcohol or controlled substances or narcotic drugs, or a disease that manifests itself in the fear of or dislike for an individual because of the individual’s race, color, religion, sex, national origin, age, or handicap is not an injury by accident arising out of the employment. Subject to s. 440.15(5), F.S., if a preexisting disease or anomaly is accelerated or aggravated by an accident arising out of and in the course of employment, only acceleration of death or acceleration or aggravation of the preexisting condition reasonably attributable to the accident is compensable, with respect to any compensation otherwise payable under this chapter. An injury or disease caused by exposure to a toxic substance, including, but not limited to, fungus or mold, is not an injury by accident arising out of the employment unless there is clear and convincing evidence establishing that exposure to the specific substance involved, at the levels to which the employee was exposed, can cause the injury or disease sustained by the employee.
  
- 440.02(19), F.S., states that “Injury” means personal injury or death by accident arising out of and in the course of employment, and such diseases or infection as naturally or unavoidably result from such injury. Damage to dentures, eyeglasses, prosthetic devices, and artificial limbs may be included in this definition only when the damage is shown to be part of, or in conjunction with, an accident. This damage must specifically occur as the result of an accident in the normal course of employment.
  
- 440.151(2), F.S., states that whenever used in this section the term “occupational disease” shall be construed to mean only a disease which is due to causes and conditions which are characteristic of and peculiar to a particular trade, occupation, process, or employment, and to exclude all ordinary diseases of life to which the general public is exposed, unless the incidence of the disease is substantially higher in the particular trade, occupation, process, or employment than for the general public. “Occupational disease” means only a disease for which there are epidemiological studies showing that exposure to the specific substance involved, at the levels to which the employee was exposed, may cause the precise disease sustained by the employee.

Compensable Death Claims

COVID-19 Claim Counts by Gender of IW | Tiered Ages of IW

This table includes information for compensable and denied claims.

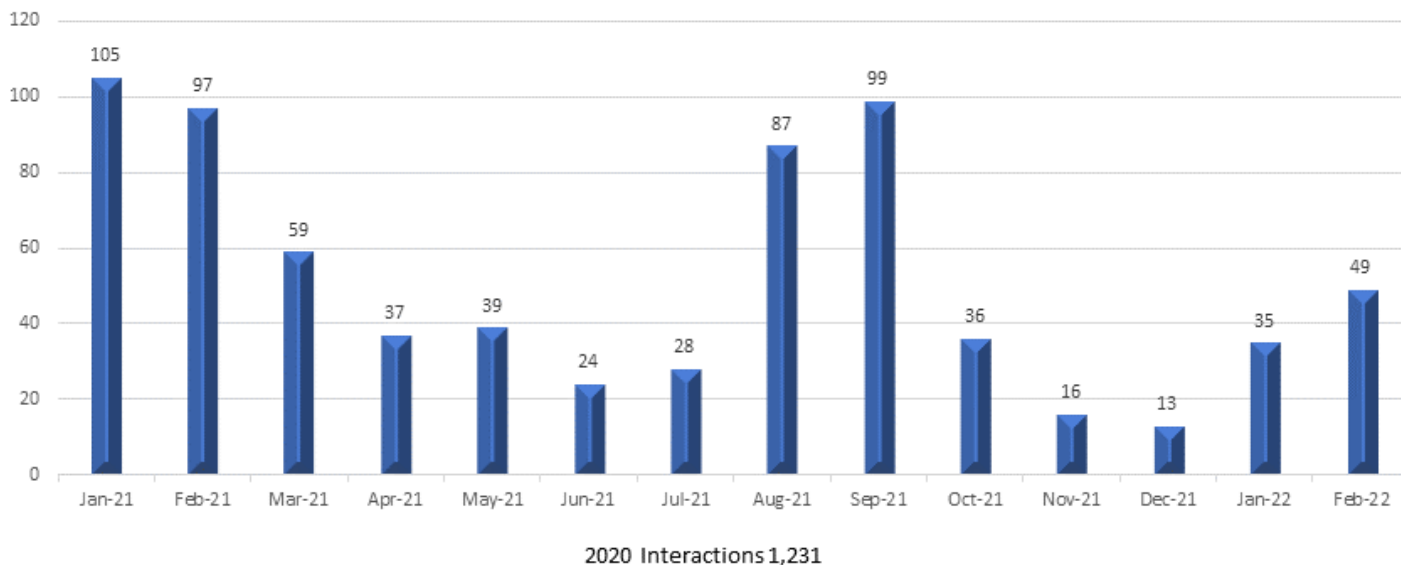

Gender & Age Range	Claim Count
<b>Female</b>	<b>33,724</b>
15 to 19	499
20 to 29	7,146
30 to 39	8,878
40 to 49	7,606
50 to 59	6,517
60 to 69	2,653
70 plus	361
no date of birth	64
<b>Male</b>	<b>36,206</b>
15 to 19	406
20 to 29	7,953
30 to 39	11,010
40 to 49	8,570
50 to 59	6,340
60 to 69	1,664
70 plus	223
no date of birth	40
<b>Not Indicated</b>	<b>977</b>
15 to 19	12
20 to 29	190
30 to 39	291
40 to 49	227
50 to 59	172
60 to 69	63
70 plus	11
no date of birth	11
<b>Grand Total</b>	<b>70,907</b>

**COVID-19 | Employee Assistance & Ombudsman Office Interactions**

The Bureau of Employee Assistance and Ombudsman Office (EAO) informs injured workers about the workers’ compensation law and assists them in informally resolving claim disputes. EAO teams conduct fact-finding reviews, analyze claim files, research case law, promote open communication between parties, and help parties to understand their statutory responsibilities.

EAO conducted 1,955 COVID-19 and telemedicine related interactions with Florida’s workers’ compensation system participants.

COVID-19 Injured Worker Helpline Interactions

**COVID-19 Petition for Benefits (PFB)**

EAO also assists stakeholders with guidance on the Petition for Benefits (PFB) process.

DWC has identified that PFBs have been filed on 312 claims:

- Compensable claims – 220 | Denied claims – 92

The percentage of PFB filed for all COVID-19 claims is 0.44%.

### 3. Coverage Information

#### Exemption Applications Received

Exemption Applications Received 2020 & 2021

Construction Applications 2020 Total - 100,645  
 Construction Applications 2021 Total - 105,122

Non-Construction Applications 2020 Total - 68,419  
 Non-Construction Applications 2021 Total - 76,023

2020 Applications Total - 168,973  
 2021 Applications Total - 181,145

Proof of Coverage | Policy Filings, Reinstatements (Renewals), & Cancellations

Policy Filings with 2020 Total Counts

	Jan-21	Feb-21	Mar-21	Apr-21	May-21	Jun-21	Jul-21	Aug-21	Sep-21	Oct-21	Nov-21	Dec-21	Jan-22	Feb-22
Reinstatements Filed	9,333	7,339	8,723	7,279	7,130	7,405	7,724	7,188	6,612	6,770	6,445	7,522	7,318	7,289
