2022 RESULTS & ACCOMPLISHMENTS REPORT

Division of Workers' Compensation

Chapter 440 is Florida's Workers' Compensation Law, and it enumerates an extensive list of duties performed by the Division of Workers' Compensation (DWC). While the Division is not responsible for adjusting claims, we assist injured workers, employers, health care providers, and insurers in following the Florida workers' compensation rules and laws.

The Division reviews its processes with an eye toward improvement at each level, using numerous measures and outcomes that reflect Florida's workers' compensation system and our mission. The following report features many of these measures and outcomes.

The ultimate purpose of this publication is to provide insight into the unique aspects of the Florida workers' compensation system. We hope you find the data informative and beneficial.

If you would like to provide us with any feedback, please email us at: Workers.CompService@myfloridacfo.com

Medical Data Results

Medical data is summarized on a calendar basis. In 2021, the medical payments across nine categories of medical care providers totaled \$1,597,351,189. Within 12 months of injury, the total payments to these providers was \$931,811,327.

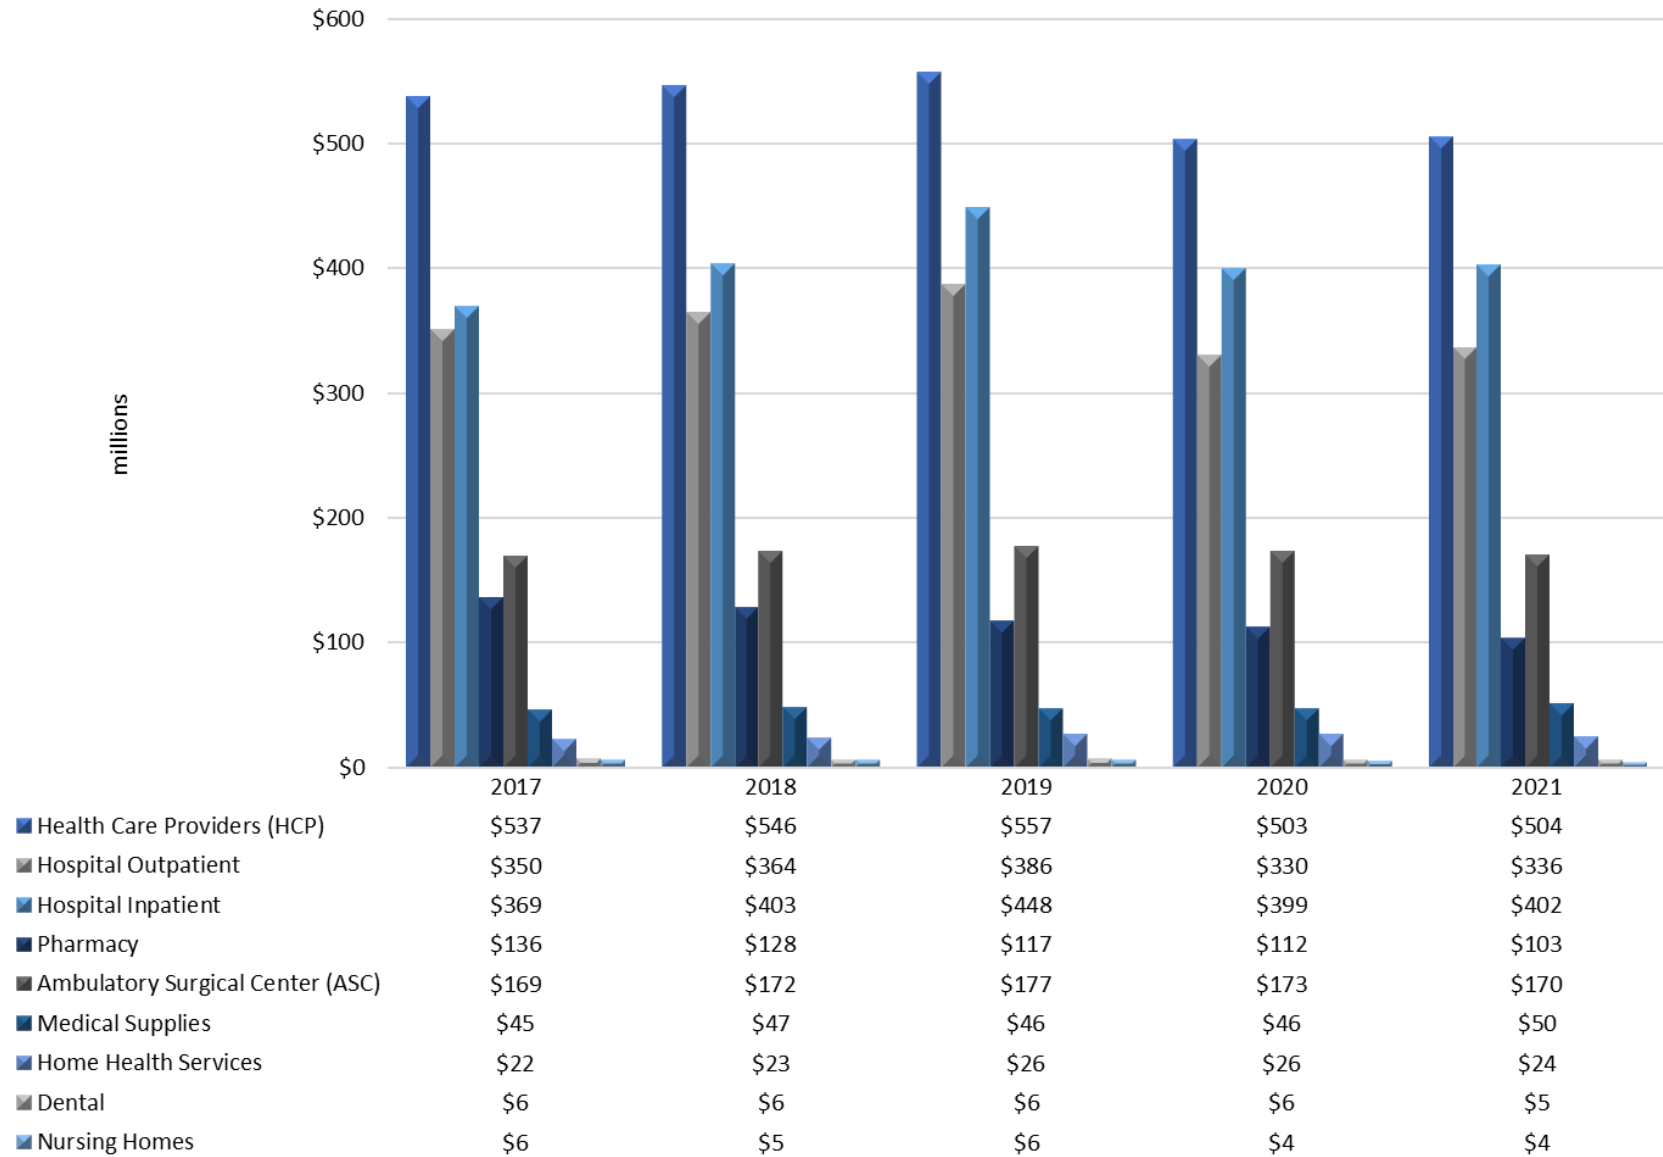

The Division of Workers' Compensation receives over 3.5 million medical bill records each year via electronic submission, which is the largest volume of Division received electronic data. Reporting of medical data begins with a work-related injury that required medical care from a physician, hospital, ambulatory surgical center (ASC), pharmacy, or other health care provider. The providers then submit medical bills to the applicable claim administrator for services rendered using the applicable medical claim forms (or electronic equivalents). The claim administrator or contracted medical bill review vendor adjudicates the medical bill.

When submitters report bills to the Division, we screen them by applying hundreds of edits, which reject bills that do not meet Division requirements. The submitter is notified immediately if a submitted bill failed the edits and was subsequently rejected. Rejected medical bills are not considered timely filed until corrected, re-submitted, and accepted by the Division. 96% of all medical bills reported to the Division are accepted by the Division.

Medical bill reimbursement amounts, which are contained in the reimbursement manuals adopted by the Division, are based on the agreed upon contract price or the maximum reimbursement allowance approved by the Three-Member Panel.

The following charts pertain to both lost-time and medical only claims. Data aggregation is by calendar year for the date of service, rather than the year of the injury. The data for each year is restricted to medical bills received and accepted by the Division no later than six months after the end of that year. Payment totals may differ in comparison to the Division's previous yearly reports due to payment disputes being resolved or updates to previously submitted medical bill data.

Indemnity Data Results

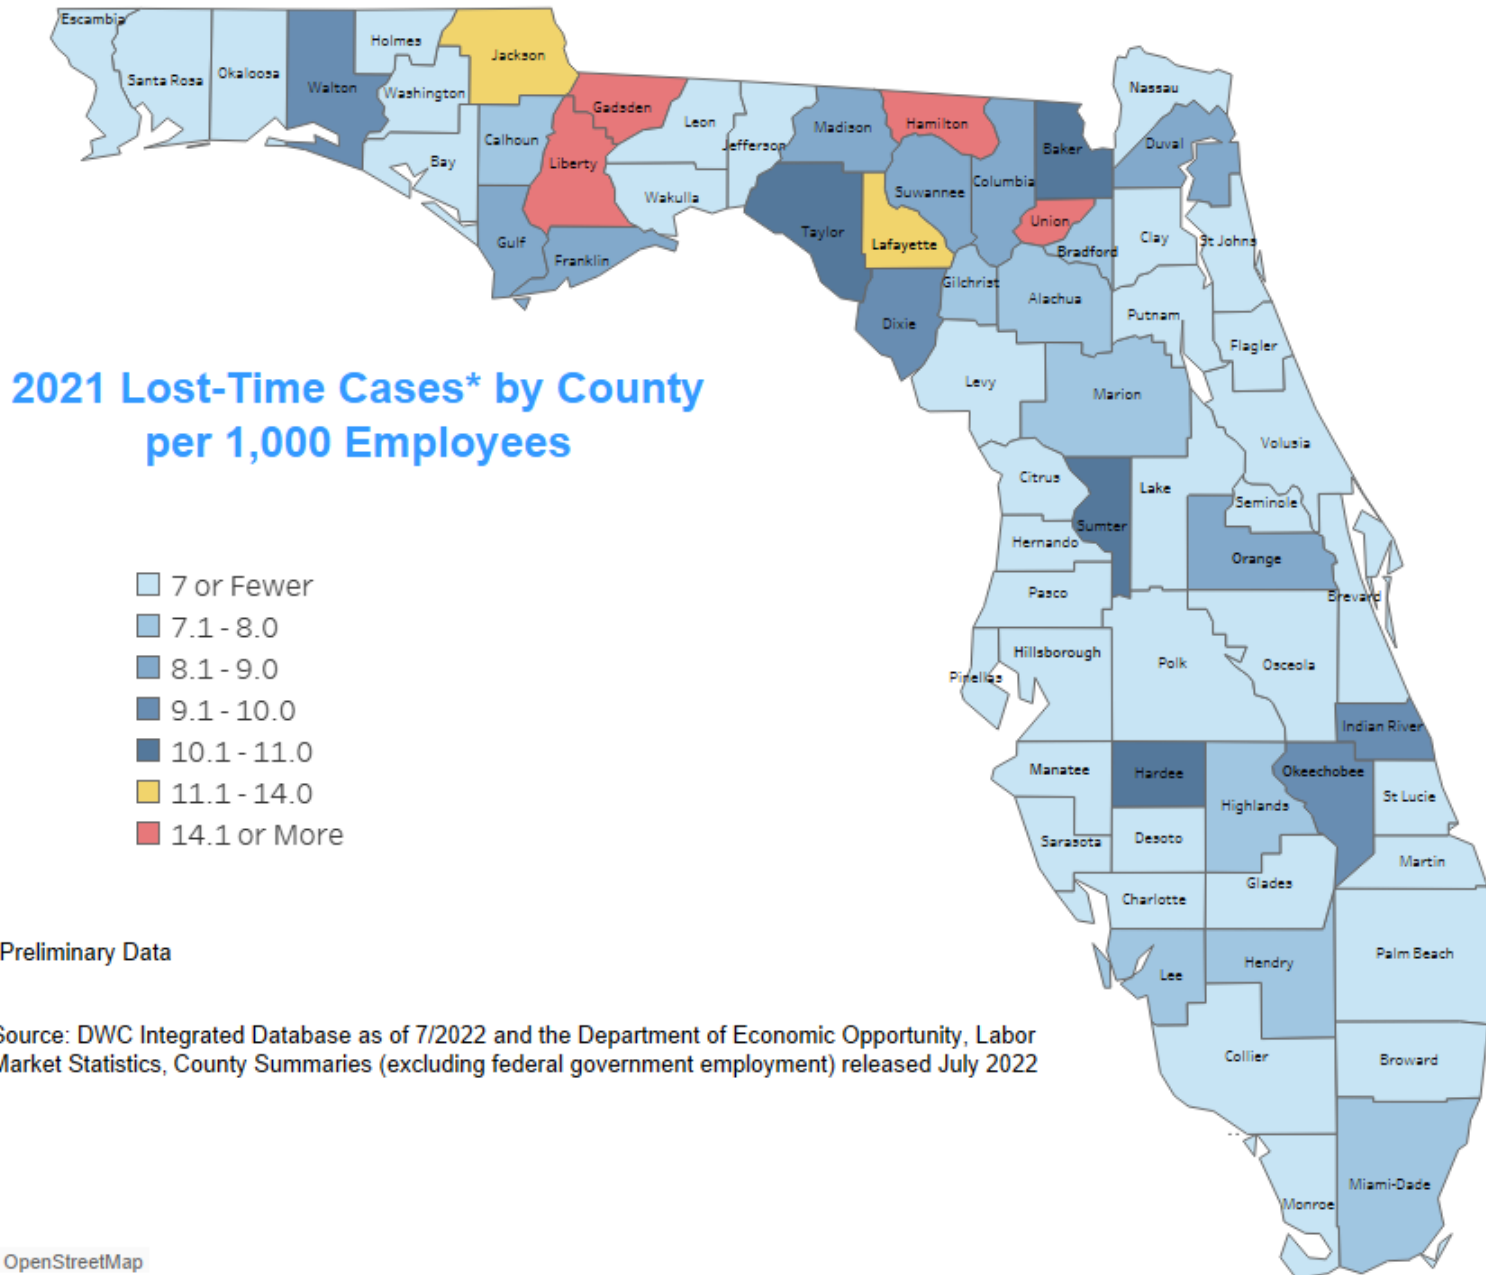

Indemnity data is summarized on a calendar basis. Workers who sustain a compensable injury are entitled to receive medically necessary treatment under Florida's workers' compensation statutes. If the injury results in disability, the injured worker is entitled to payment(s) for a portion of lost wages beginning on the 8th day of disability. Injuries resulting in or causing permanent impairment result in additional benefits being paid to the injured worker. When an injury results in a work-related fatality, survivor dependent benefits and funeral expenses may be paid.

Multiple factors are considered when determining if benefit payments for lost wages or permanent impairments are due. Such factors are the injured worker's prior earnings, the nature and extent of the injury, the length of the healing period, and the worker's ability to return to work. In this report, an injured worker's disability must result in missing 8 or more days from work to be considered a lost-time case.

Medical Share for Lost-Time Claims

Medically necessary treatment for a work-related injury may involve:

- the services of physicians, physical therapists, chiropractors, dentists, or other health care providers;
- the services of hospitals, ambulatory surgical centers, or skilled nursing facilities; and
- medicines, supplies, equipment, and related items, such as prosthetic devices or implants.

Claim development differences show the importance of medical services early in the life of a claim and the increase in settlements as claims progress.

Lost-Time Claims: Injury by Cause, Nature, & Body Part

As part of the First Report of Injury or Illness, the employers or claim administrators provide information on the cause, nature, and body part of each work-related injury. The following charts summarize this information. Since the information is reported on the First Report of Injury or Illness (FROI), it may not correspond to a diagnosis made by a health care professional. Additionally, the figures may change over time due to the maturation of the data.

Workers' Compensation Administration Trust Fund (WCATF)

The WCATF is funded through a combination of assessments on workers' compensation insurance premiums and the collection of fines, penalties, fees, and investment earnings. The WCATF assessment rate is applied to net premiums based on full policy premium values prior to the application of any deductible discounts and collected by carriers. Carriers and self-insurers submit their respective assessments to the DWC on a quarterly basis through START (web-based System for Tracking Assessments, Regulation, and Transactions). The WCATF rate history can be [found here](#).

Workers' Compensation Administration Trust Fund (WCATF) Revenues and Expenses for FY 2021/22

Special Disability Trust Fund (SDTF)

The SDTF is maintained mostly by annual assessments and by the interest these assessment deposits earn in the State Treasury. In Florida, the net premiums written by the workers' compensation carriers and the net premium applicable to the self-insurers are the basis for the assessment rate, which is a percentage of net direct written premiums. Neither carriers nor self-insurers may deduct the cost of reinsurance. These premiums are then applied to each current applicable SDTF assessment rate to determine the carrier's quarterly assessment.

Section 440.49(8)(d), Florida Statute (F.S.), requires the Special Disability Trust Fund to report annually on the status of the trust fund to the Governor, the Speaker of the House of Representatives, and to the President of the Senate.

This report, [State of Florida Special Disability Trust Fund Actuarial Review](#), is required to be produced by an independent actuary and is available on the reports page of the DWC website along with all prior annual reports.

Regulatory Activities

Employer Compliance

Tasked with the responsibility of ensuring employers comply with statutory obligations in obtaining workers' compensation insurance coverage for employees, the Division conducts investigations and issues enforcement actions in accordance with Section 440.107, F.S., processes workers' compensation exemptions to qualified applicants in accordance with Section 440.05, F.S., and provides educational outreach and training to employers and to insurance industry representatives on workers' compensation coverage laws.

During FY 2021/22, the Bureau of Compliance (BOC) processed 97.05% of online exemption applications within 5 days of receipt; utilized data from various agencies to identify and successfully find non-compliant employers; investigated 853 public referrals alleging non-compliance; and collected exemption fees totaling \$4,906,550.

Employers may enter into a Periodic Payment Agreement (PPA) with the Division to pay off their penalties over time. As of June 30, 2022, the Division managed a total of 3,546 PPAs with an outstanding amount owed of \$39,996,783.

Investigators conduct on-site and virtual inspections of an employer's business to determine the employer's compliance with workers' compensation coverage requirements. If an employer is found to be out of compliance, the Division is required to issue a Stop-Work Order (SWO) to the employer.

Total Number of Investigations Conducted

Fiscal Year	Number of Investigations
FY 2017/18	28,790
FY 2018/19	30,029
FY 2019/20	28,291
FY2020/21	10,513
FY2021/22	27,425

The number of Stop-Work Orders issued has increased since FY2020/21 due to the activities of physical on-site investigations versus "virtual" investigations. As a result, certain compliance outcomes are increasing as more employers are educated on Florida's coverage requirements.

Stop-Work Orders Issued

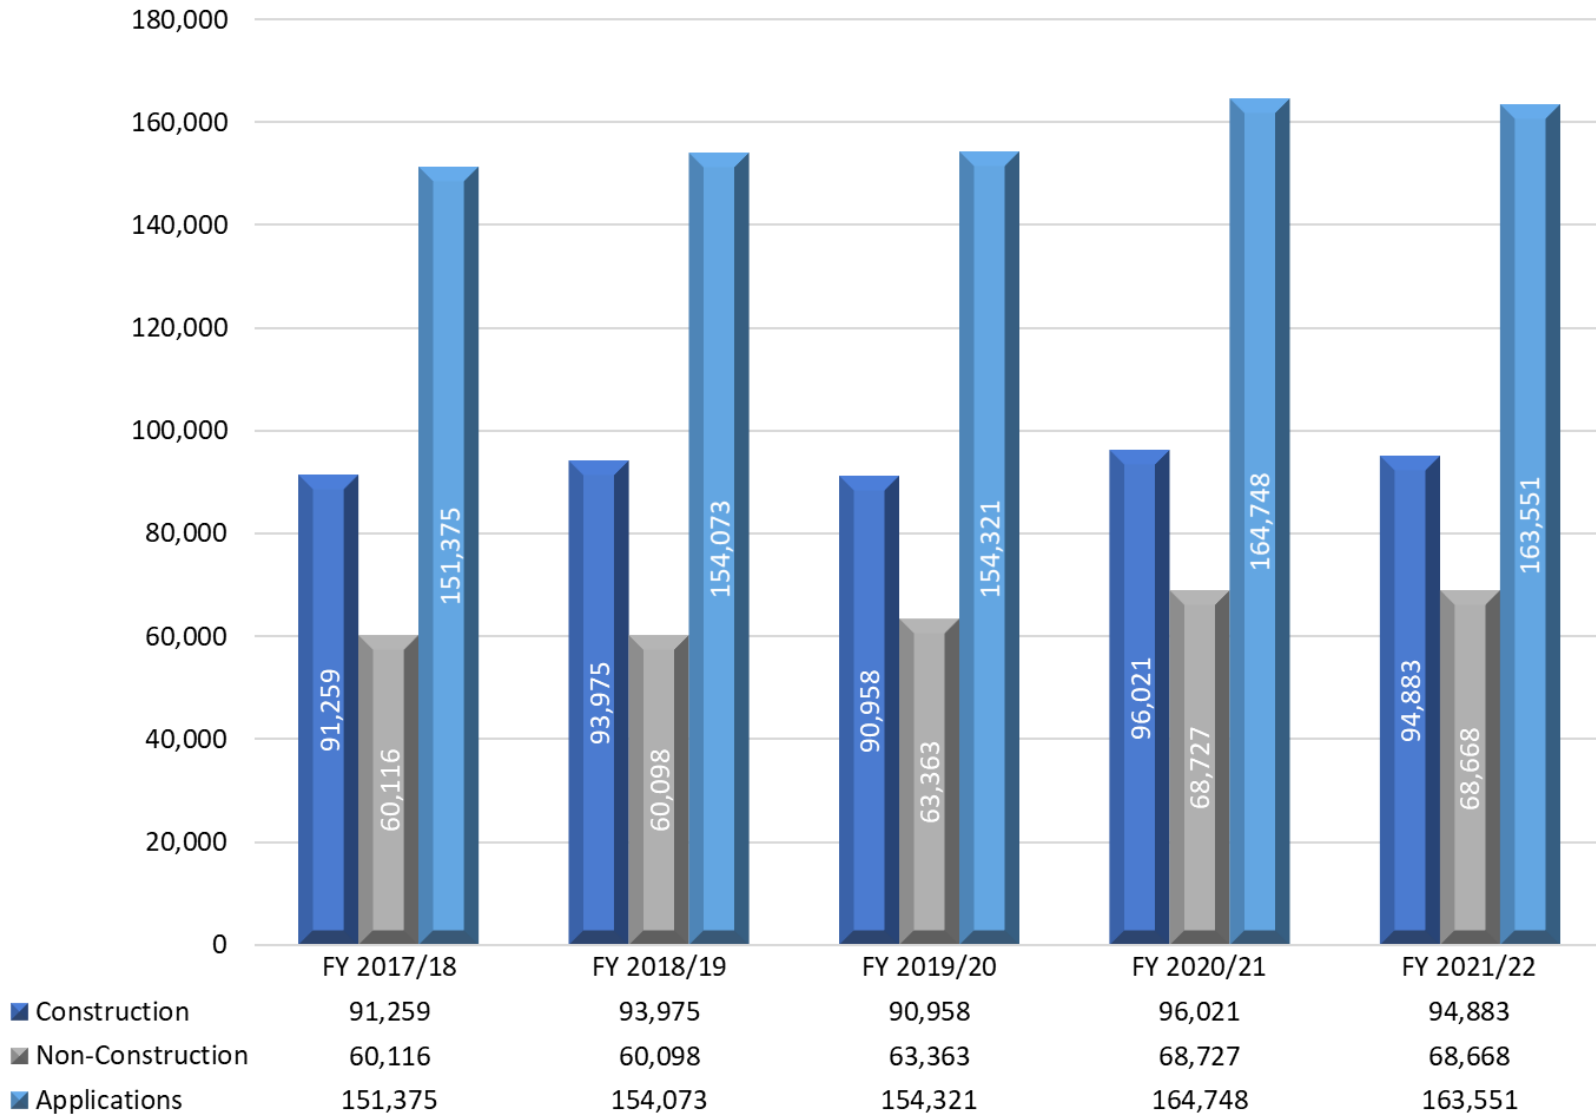

The Bureau of Compliance's efforts resulted in 5,856 new employees being covered and the generation of \$5,893,046 in insurance premiums during FY 2021/22.

New Employees Covered and Insurance Premium Generated based on Stop-Work Orders Issued

The Division issued 94,883 construction industry exemption certificates and 68,668 non-construction industry exemption certificates in FY 2021/22. At the end of FY 2021/22, there were 1,030,511 active exemptions.

Exemption Applications Processed

Employee Assistance

The Bureau of Employee Assistance & Ombudsman Office (EAO) is established pursuant to Section 440.191, F.S. EAO distributes workers' compensation information, proactively contacts injured workers to inform them of their rights and responsibilities, and educates injured workers about its services. EAO also works to resolve disputes between injured workers and carriers to avoid unnecessary expenses, costly litigation, or delays in the provision of benefits. EAO relies on team structures to successfully accomplish its mission. Each team focuses on a specific area of statutory responsibility to effectively assist injured workers.

Injured Worker Helpline

The Injured Worker Helpline Team educates callers from all system stakeholders. Through the Division's toll-free telephone line, (800) 342-1741, the team answers questions about the requirements of Florida's workers' compensation law and assists injured workers who are experiencing problems when obtaining medical and/or indemnity benefits. The team fulfills its mission by identifying disputed issues, researching injured workers' concerns, and contacting employers, carriers, medical providers, attorneys, or other appropriate parties to aid in resolution. All disputes requiring extensive investigation are referred to the Ombudsman Team.

Fiscal Year	Calls Handled	Spanish Speaking Callers	Disputes Received	Percentage of Disputes Resolved
FY 2017/18	54,921	9,202	606	95%
FY 2018/19	45,871	8,056	782	97%
FY 2019/20	37,988	6,614	259	99.6%
FY 2020/21	36,008	6,648	506	98%
FY 2021/22	32,826	5,489	510	100%

First Report of Injury (FROI)

The First Report of Injury Team contacts injured workers who have missed 8 or more days of work due to an on-the-job injury. This contact takes place early in the claim, typically within 18-20 days after the date of injury. The team provides educational resources regarding the workers' compensation system, surveys injured workers about their claims experience, advises workers of their statutory responsibilities, documents attorney involvement, and informs workers of EAO's various services.

Injured Workers Contacted

Fiscal Year	Number Contacted by Telephone	% Contacted
FY 2017/18	30,581	79%
FY 2018/19	29,145	76%
FY 2019/20	22,137	64%
FY 2020/21	26,468	56%
FY 2021/22	25,139	66%

The team communicated, by letter or by email, to **37,725** injured workers. These contacts were made to inquire about the status of injured workers' claims and advise them about EAO's services.

Customer Service

The Customer Service Team focuses on assisting and educating employers about the requirements of workers' compensation coverage, exemptions from coverage obligation, and various work-related & safety programs.

This team also responds to email inquiries from employers sent to the Division, by email, at Workers.CompService@myfloridacfo.com.

Customer Service Team's Call Volume

FY 2021/22	Number of Calls
1 st Quarter	11,620
2 nd Quarter	9,808
3 rd Quarter	11,231
4 th Quarter	10,699
Total	43,358

Ombudsman

The Ombudsman Team assists injured workers to resolve complex disputes. The team conducts fact-finding reviews, analyzes claim files, researches case law, promotes open communication between parties, and generally helps parties to understand their statutory responsibilities. The team also assists injured workers locally, in offices throughout Florida; assists in resolving disputes; provides workers' compensation information applicable to each injured worker's claim, including guidance on the Petition for Benefits (PFB) process; and assists injured workers referred from the Governor's and CFO's offices, legislators, and other elected officials. The team responds to email inquiries from stakeholders sent to the Division, by email, at WCEAO@myfloridacfo.com.

The Ombudsman team resolved 98% of the 496 disputes received during FY 2021/22. The medical bill disputes totaled \$86,422 in previously unpaid medical bills. The team resolved indemnity benefit disputes totaling \$374,481.

Additionally, the Ombudsman team prevented 3,625 potential disputes by educating injured workers with in-depth, case-specific information.

Records Management

Florida's Public Records Law and Civil Rules of Procedure (Chapter 119, F.S.) require the release of certain information for public inspection upon request. Upon receipt of a request, documents must be identified, located, printed, assembled from multiple mediums, inspected for confidentiality, then redacted by the team. Then, if applicable, the Division releases the information upon receipt of payment as authorized by Section 119.07, F.S. Each request undergoes multiple quality reviews prior to the release of records.

- On average, public records requests are invoiced within 1.07 business days of the request, or they are provided with documents if there was no charge required. Subpoenas, on average, were invoiced in less than 1.18 business days of receipt.
- The Records Management Section processed 6,370 subpoenas and 1,979 public records requests during FY 2021/22.

Public Records requests may be submitted via email to the Division at: DWCPublicRecordsRequest@myfloridacfo.com.

Records Privacy Requests

The personal identifying information of an injured or deceased employee which is contained in reports, notices, records, or supporting documentation held by the Department of Financial Services pursuant to Chapter 440, F.S., are confidential or exempt. However, some workers' compensation accident information remains releasable upon request.

Section 119.071(4)(d), F.S., provides exemption of personal information for certain occupational classes (e.g., law enforcement personnel, correctional officers, firefighters, judges, etc.). The employee or employer may request an agency exempt personal information (e.g., home address, telephone number, and date of birth) from public records release if a person's occupation qualifies. Additionally, the requestor is provided a follow-up email notification regarding the status of the exemption request.

For a list of qualifying occupations and educational information, visit: <https://www.myfloridacfo.com/division/wc/employee/records>.

Questions regarding records privacy can be emailed to: DWCRRecordsPrivacy@myfloridacfo.com

- During FY 2021/22 the Records Management Section processed 664 requests for workers' compensation profiles to be exempt from public records inspection under section 119.071(4)(d), F.S.
- Records privacy requests in FY 2021/22 were, on average, processed in 2 business days or less.

Reemployment Services (RES)

The Reemployment Service Team educates injured workers about the availability and provision of services designed to assist them with attaining suitable and gainful employment following a work-related injury. The team ensures that required documentation is received, interviews the injured worker, and assesses their eligibility for services.

The team provides services that include: vocational counseling, transferable skill analysis, resumé writing/development, job search assistance, job seeking skills, vocational evaluations, and training and education (including GED). Injured workers submit screening requests for services through the Division's Injured Employee Web Portal.

The team educates carriers about reemployment services requirements under Florida's workers' compensation law.

- During FY 2021/22, the Reemployment Services team received 100 requests for screenings through the Division's Injured Employee Web Portal.
- The team screened 39 injured workers for services and provided assistance to 15 injured workers who were eligible to return to suitable, productive employment.

Proof of Coverage (POC) EDI Data Collection

With the exception of self-insurers, Chapter 69L-56, Florida Administrative Code (F.A.C.), requires every insurer to file policy information with the Division for Certificates of Insurance, Notices of Reinstatement, Endorsements, and Cancellations. All POC data is collected and inspected via Electronic Data Interchange (EDI).

POC EDI data is used to populate several online Division databases including: "Proof of Coverage" database, which provides information used to verify if an employer currently has workers' compensation coverage, to view a prior policy period, or to validate if a person has a workers' compensation exemption.

The "[Construction Policy Tracking](#)" database provides the policy status of every subcontractor a contractor has chosen to track. Its features include email notifications to contractors informing them of any changes to a subcontractor's coverage status. As of June 30, 2022, the Construction Policy Tracking database had a total of 2,950 registrants who are tracking 54,664 employers/subcontractors.

POC data is also used for the [Coverage Assistance Program](#). Employers and agents can use this online tool to see which carriers are currently writing insurance coverage for certain types of businesses.

Medical EDI Data Collection

Pursuant to Rule 69L-7.750, F.A.C., all required medical billing (hospital, health care provider, ambulatory surgical center, dental, and pharmacy) forms must be submitted to the Division in accordance with the date appropriate Florida Medical EDI Implementation Guide (MEIG). The Division collects this information to adopt fee schedules, to evaluate carrier performance, and to identify over-utilization.

To assist with the electronic filing of medical bills, the Medical Data Management System (MDMS) website was developed. Small insurers with a low volume of workers' compensation medical bills (no more than 200 per month for all four form types) may utilize the MDMS website to comply with the mandate for electronic submission of the DFS-F5-DWC-9, DFS-F5-DWC-10, DFS-F5-DWC-11, and DFS-F5-DWC-90 medical bills. Monthly report cards are generated that identify the primary reasons for initial medical bill rejection. The report cards also allow Medical EDI submitters to track their rejection rates and compare their rates with that of the industry.

For information on setting up a MDMS web account or assistance regarding Medical EDI reporting, email the Medical Data Management Team at: MedicalDataManagementTeam@myfloridacfo.com.

Claims EDI Data Collection

Claims EDI data is collected pursuant to Chapter 69L-56, F.A.C., and is used to populate the Division's primary accident databases. The Division collects this data to ensure injured workers are being paid accurately, to inform and educate employers, for informal dispute resolution, and for system analysis. The EDI acceptance rate decreased by 1.3% compared to FY 2020/21, due to the ongoing obstacles surrounding the pandemic.

In an effort to maintain acceptance levels of Claims EDI filings, the Claims EDI team provides triage assistance. Training/triage sessions consist of EDI Webinars and/or Triage sessions for individual trading partners covering:

- Claims EDI Warehouse Demonstration Insurer Access View
- Reporting Return to Work Information MTC S1 (Suspension-RTW) vs. FROI or SROI 02 (Change)
- Reinstatement of Benefits (MTC RB and MTC ER)
- Top Errors Affecting Claim Administrators and How to Correct Them
- Proper Reporting of Claim Type 'L' (Medical Only to Lost-Time)

For questions or assistance regarding Claims EDI data, contact the Claims EDI team by email at Claims.EDI@myfloridacfo.com.

Insurer Performance

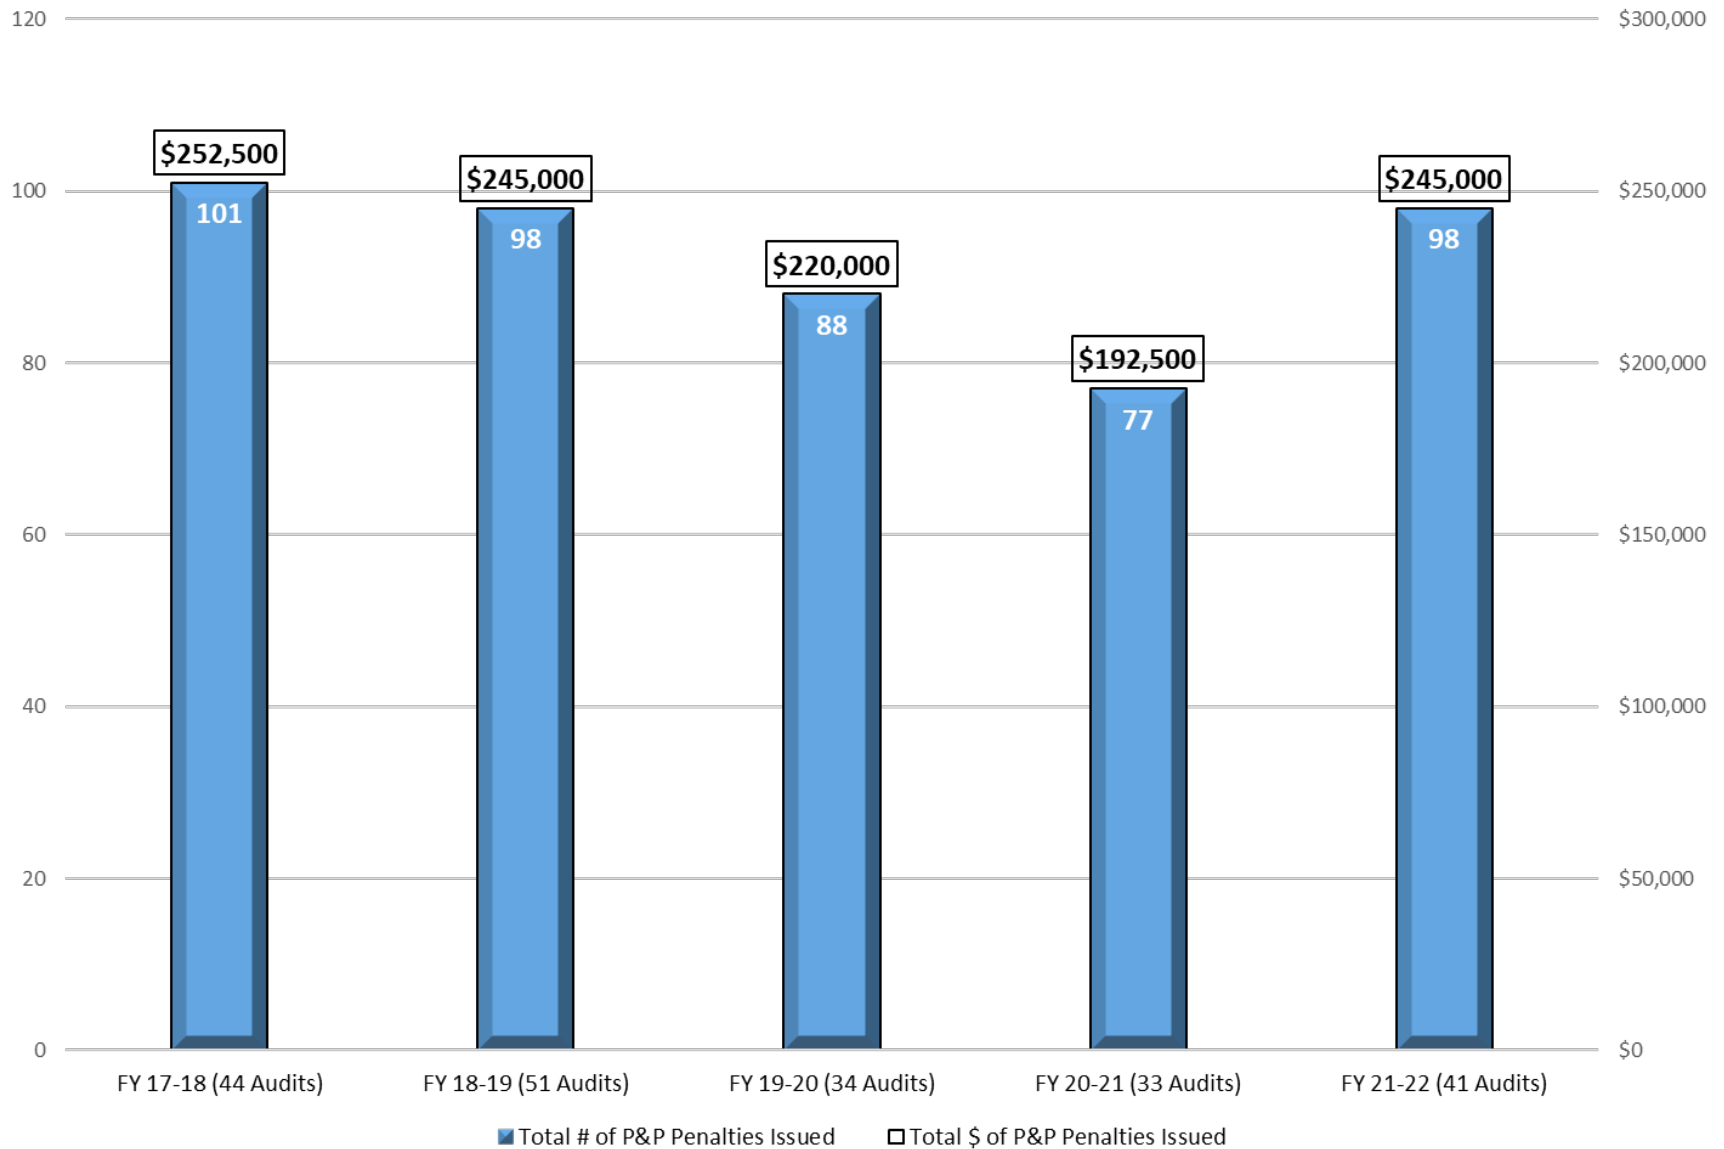

The Bureau of Monitoring and Audit (M&A) identifies patterns and practices in claims-handling, timely and accurate payment of benefits to injured workers, timely and accurate payment of medical care, timely and accurate filing of required forms and reports, and enforces compliance with compensation orders of the Judges of Compensation Claims.

The Audit Section, within the Bureau of Monitoring and Audit, conducted 41 insurer audits and examined 6,446 claim files. These examinations found 537 underpaid claim files and helped secure an additional \$472,177 in late indemnity payments along with penalties and interest for injured workers.

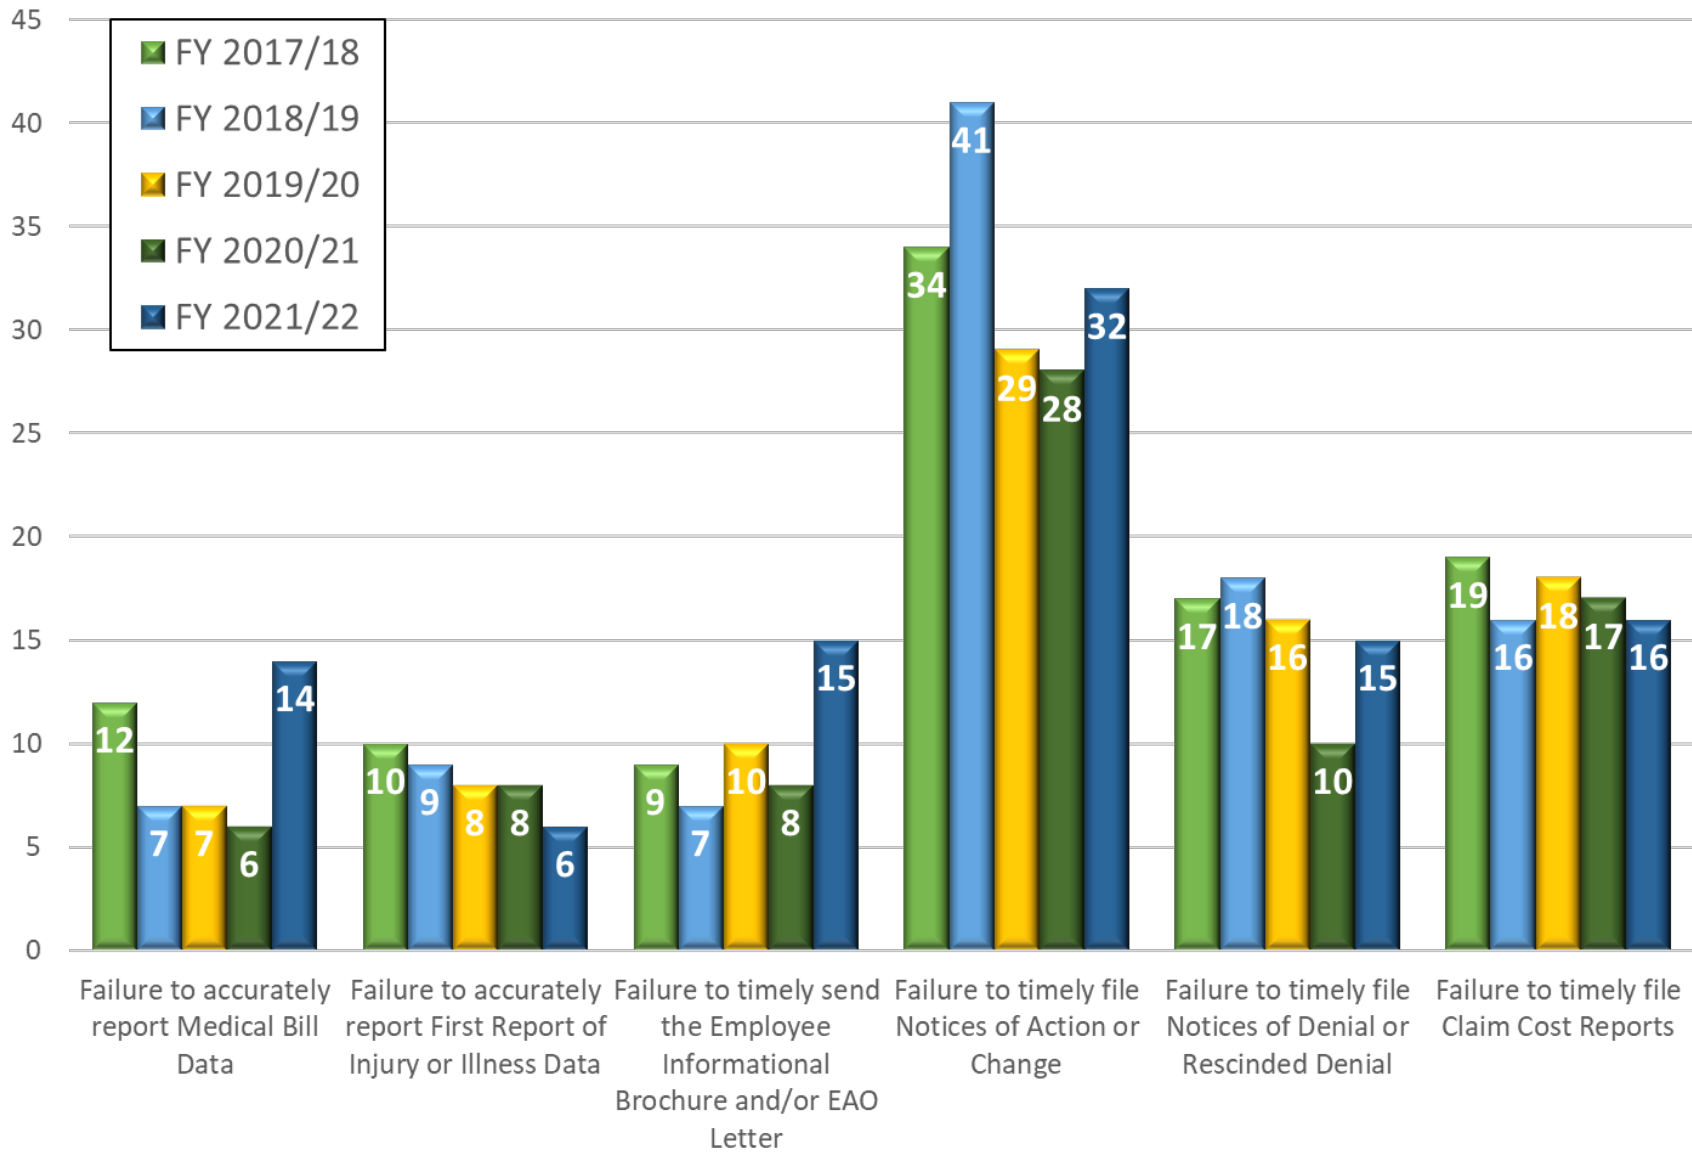

The table below shows five fiscal years of claim review results. The Untimely Indemnity Payment and Untimely First Reports of Injury or Illness penalties were paid to the Division, and the benefits recovered for injured workers were paid to those injured workers.

Permanent Total Disability

If an injured worker's injuries are so severe, as defined by law, that the injured worker is left permanently unable to work, then the injured worker may receive permanent total disability benefits. The Bureau of Monitoring and Audit has:

- Reviewed 32,392 electronic permanent total claims transactions.
- Calculated, approved, and processed permanent total supplemental benefits for 520 claims totaling \$9,403,890. These benefits have an annual cost-of-living adjustments.
- Recovered an additional \$2,277,455 in carrier underpaid claims for 360 claimants.

For assistance in estimating Permanent Total (PT) benefits, please contact the Bureau of Monitoring and Audit at (850) 413-1608.

Medical Services Section

This section provides educational assistance and consultation on issues related to medical bill filing and reimbursements; as well as, administrative support to the Three-Member Panel. The Three-Member Panel adopts uniform schedules of maximum reimbursement allowances for physicians, hospitals, ambulatory surgical centers (ASC), and other service providers. This section is also responsible for determining whether a carrier properly disallowed or adjusted the payment of medical bills through the receipt of Petitions for Resolution of Reimbursement from health care providers. The section:

- Received 7,241 Petitions for Resolution of Reimbursement
- Issued 1,892 determinations (40.2%) and 2,818 dismissals (59.8%)
- Processed 12 reports of provider violations
- Maintained the certification of 119 expert medical advisors (EMA)

Assessments Section

The Assessments Unit (AU) calculates, collects, reconciles, and audits the quarterly workers' compensation assessment payments made by insurance companies, assessable mutual insurance companies, self-insurance funds, and individual self-insurers. These assessments support the Workers' Compensation Administration Trust Fund (WCATF) and the Special Disability Trust Fund (SDTF), which in turn, fund Florida's workers' compensation system. The AU also provides data used to determine the annual assessment rate for each of the WCATF and the SDTF.

The AU collected a total of \$60,957,387 in assessments for FY 2021/22. A Florida workers' compensation premium basis of over \$5.6 billion generated WCATF assessments of \$44,761,376 and the SDTF premium basis of over \$4 billion resulted in assessments of \$16,196,011.

Florida Statutes determine the premium basis for each trust fund. The WCATF assessment is based on collected premium, whereas the SDTF basis uses written premium. Also, the WCATF premium basis includes the deductible premium credits of insurers' policies.

The AU collected, audited, and reconciled the quarterly assessments of 410 insurance companies and self-insurance funds.

In addition, the AU calculated the imputed premium of 384 individual self-insured entities. The imputed premium is based on the self-insureds' job classifications, payrolls, volume discounts, statutorily allowed credits, and experience modification factors. This imputed premium is then used to determine the self-insurance assessments for each trust fund.

Assessment Rates

The Division is responsible for calculating the annual assessment rates for both the Workers' Compensation Administration Trust Fund and the Special Disability Trust Fund. By July 1st of each year, the Division notifies stakeholders of the next [calendar year's assessment rate](#) for each trust fund as can be seen by clicking the [Department Bulletin and Rate Order](#). In 2022, the Division was able to maintain the same rate levels for both funds from the preceding calendar year.

The WCATF and SDTF assessment rates are effective on January 1st of each calendar year for workers' compensation insurance companies and self-insurance funds writing business in Florida. For each individually self-insured employer, the rates commence with the Rate Effective Date (RED) after January 1st.

WCATF		SDTF	
Calendar Year	Rate	Calendar Year	Rate
2019	0.90%	2019	0.42%
2020	0.79%	2020	0.40%
2021	0.79%	2021	0.40%
2022	0.79%	2022	0.40%

The Bureau of Financial Accountability (BFA) contains the Division's largest monetary transaction programs and safeguards its assets by developing and implementing a broad range of financial accountability measures. This Bureau's programs work to implement and build upon their internal checks and balances while maintaining effective financial controls that focus on managing the daily functions of cash receipts, revenue, and warrant payments. Included in these controls are a series of comprehensive reconciliation processes that balance each cash receipt and cash payment processed.

Self-Insurance Section

The Self-Insurance section is responsible for regulating employers who elect to individually self-insure for workers' compensation benefits. Self-insureds can be categorized as either governmental or private self-insured employers. The Section actively regulates governmental self-insured employers and contracts with the Florida Self-Insurers Guaranty Association (FSIGA) to co-regulate private self-insured employers. The laws, rules, and requirements are unique for each type of self-insured employer. As of June 30, 2022, there were 278 governmental self-insured employers and 106 private self-insured employers.

This section monitors the essential flow of timely and accurate information from both governmental and private self-insureds. Depending on whether a self-insured is private or governmental, the entity reports information such as its National Council on Compensation Insurance (NCCI) classification codes, payrolls, loss data, outstanding liabilities reports, financial statements, and other documents.

This section is directly involved in receiving and processing information from governmental self-insureds, and FSIGA manages the private self-insured reporting process including new self-insurance applications. As required by law, FSIGA reviews information submitted by private self-insureds and makes recommendations to the Division with regards to new applicants, adjustments to security deposits, actuarial reports, revocation of self-insurance privileges, and timely reporting of various forms required by administrative rule.

Self-Insurers: (<u>Governmental</u> and <u>Private</u>)		<u>Qualified Servicing Entities - TPAs</u>	
FY 2017/18	393	FY 2017/18	105
FY 2018/19	386	FY 2018/19	107
FY 2019/20	388	FY 2019/20	109
FY 2020/21	387	FY 2020/21	100
FY 2021/22	384	FY 2021/22	93

Financial Accountability Section

The Financial Accountability Section (FAS) monitors the receipt of all payments related to Notices of Election to be Exempt and employer penalty payments. The section oversees the process of reinstating Stop-Work Orders to employers who default on payments, refers delinquent accounts to the collection agency, and files liens against those employers.

If an employer violates the workers' compensation law and is assessed a penalty, the employer has the option of paying the penalty over a 5-year period. The employer must enter into a Periodic Payment Agreement (PPA) with the Department and agree to make penalty payments monthly. The section collected \$15,319,567 in penalty payments during this fiscal year.

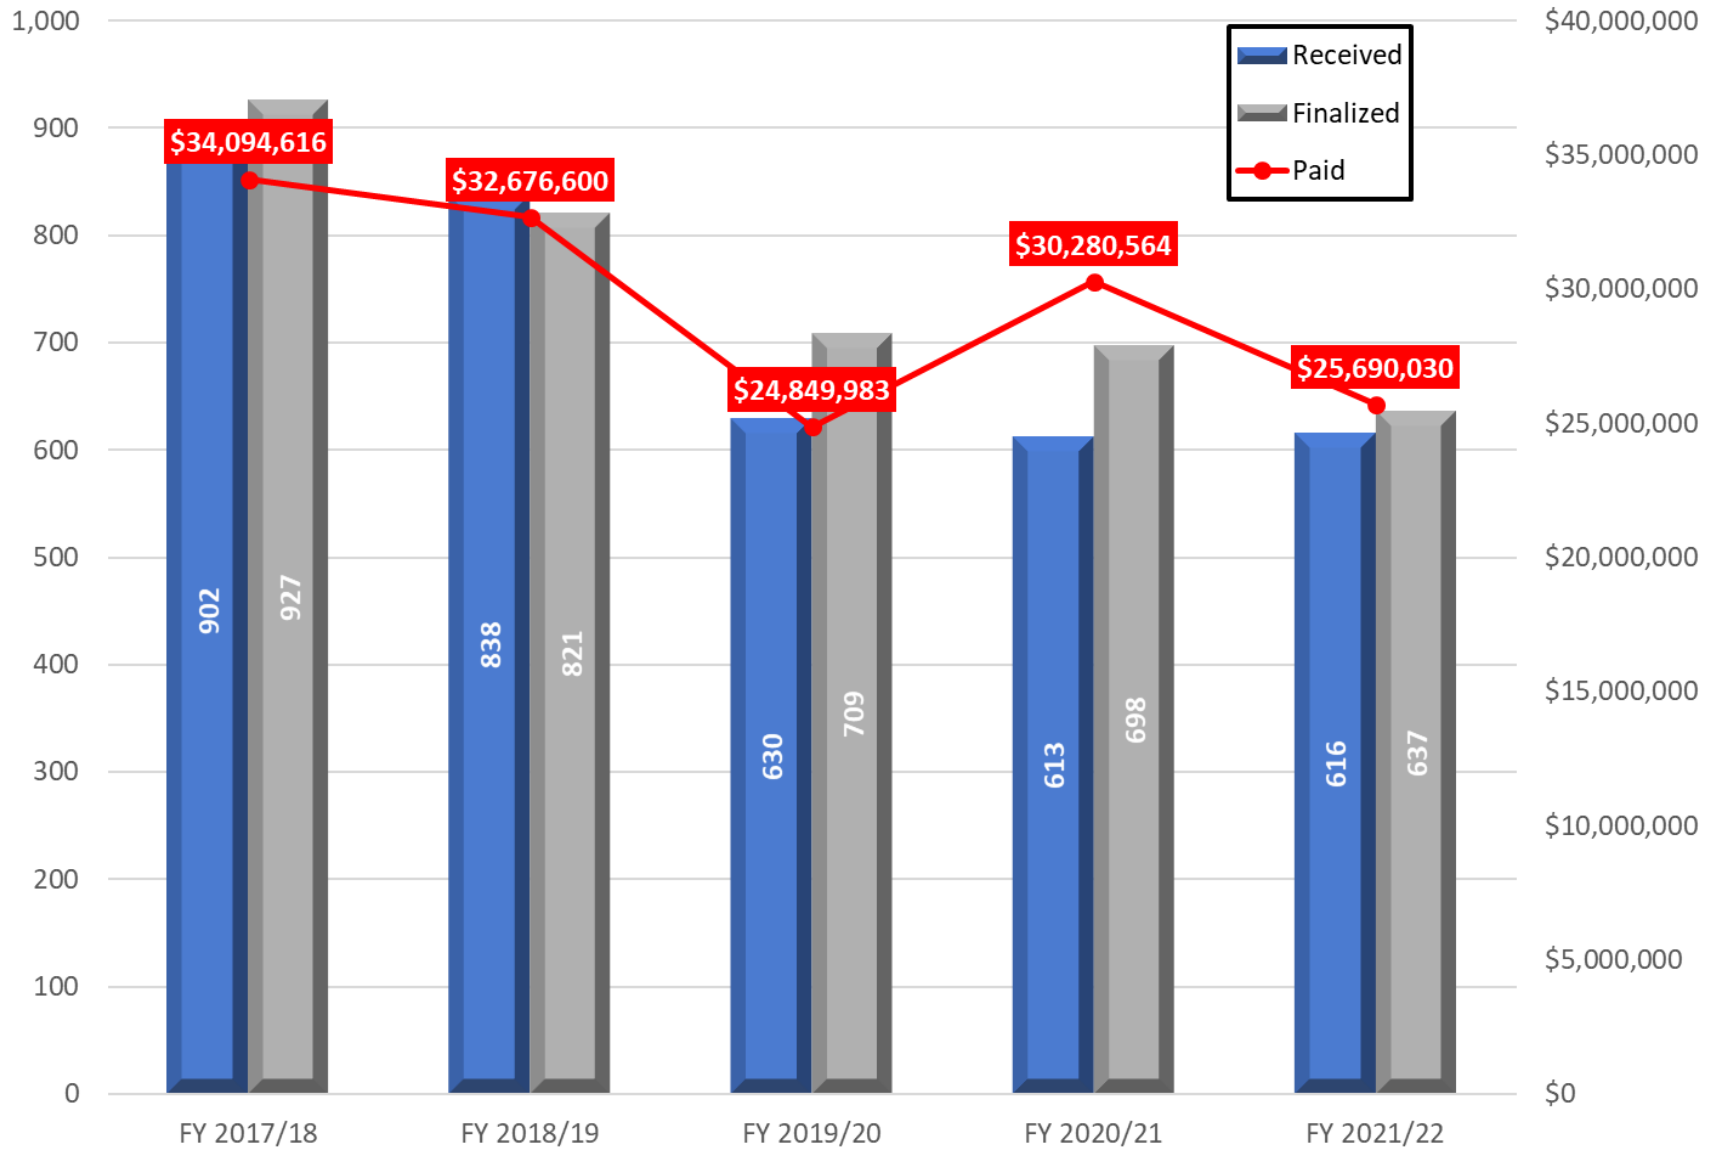

Special Disability Trust Fund Section

The Special Disability Trust Fund (SDTF) has 3 primary business processes:

- Review all filed Proofs of Claim to determine if the claim meets eligibility requirements for reimbursement of benefits paid by the carrier and subsequently notify the carrier whether the claim has been accepted or denied;
- Determine eligibility for reimbursement by the Fund through auditing Reimbursement Requests and supporting documentation submitted by the carrier on claims that have been accepted; and
- Issue accurate reimbursements.

The SDTF issued \$25.69 million in reimbursements to carriers and self-insured employers. Through the audit process, the SDTF identified and disallowed \$2.3 million in non-reimbursable benefits. These audit results equate to over 9% of the total dollars reimbursed. The SDTF averages 31 days to issue payment for approved reimbursement requests. The SDTF section is also responsible for the payment of permanent total supplemental benefits, which the Division is required to pay, on dates of accident prior to July 1, 1984.

Rule Changes & Notices

Agencies promulgate rules to implement legislation. These regulations are codified in the [Florida Administrative Code](#) (FAC). There are also numerous decisions, opinions, and rulings of state agencies. Rulemaking is defined as the adoption, amendment, or repealing of a rule. This consists of drafting rule text, providing notice to the public, accepting public comment, and filing the rule for adoption. There are times where many more steps may be involved.

A daily publication which gives the public current information about the status of rules that are moving through the rule making process is the [Florida Administrative Register](#) (FAR). The FAR also includes notices of public meetings, workshops and hearings, and miscellaneous actions required to be published by the statute.

Notices required to be published in the FAR can include:

- Notices of Rule Development
- Notices of Proposed Rules
- Notices of Change, Correction, and Withdrawal
Emergency Rules
- Petitions and Dispositions Regarding Rule Variance and Waiver
- Notices of Meetings, Workshops, and Public Hearings
- Notices of Petitions and Dispositions Regarding Declaratory Statements
- Notices of Petitions and Dispositions Regarding Non-Rule Policy Changes
- Announcements and Objection Reports of the Joint Administrative Procedures Committee
- Notices Regarding Bids, Proposals, and Purchasing
- Notices of Intent to Adopt rules pursuant to Sections 120.54(6), 120.54(1)(i)2., and 403.8055, Florida Statutes

Injured Worker Frequently Asked Questions (FAQs)

The Division has created a collection of FAQs based on its many interactions with injured workers. This collection of information is available online at: <https://www.myfloridacfo.com/division/wc/employee/injured-worker-faqs>.

The Workers' Compensation System Guide

To gain a better understanding of workers' compensation in Florida, the Division provides a [WC System Guide](#).

The guide is intended to give all parties a general overview and summary of the workers' compensation system. It is not intended to supersede or take the place of the Florida workers' compensation law (Chapter 440, F.S.) or Florida Workers' Compensation case law.

Its purpose is to assist all stakeholders in their roles and responsibilities. It provides general information and references that may assist with resolving issues and answering questions.

Maximum Workers' Compensation Rate, Effective January 1, 2023

The Florida Department of Economic Opportunity has determined the statewide average weekly wage paid by employers, subject to the Florida Reemployment Assistance Program Law, to be \$1,197.43 for the 4 calendar quarters ending June 30, 2022.

Subsection 440.12(2), Florida Statutes [2022], expressly provides that, for injuries occurring on or after August 1, 1979, the weekly compensation rate shall be equal to 100% of the statewide average weekly wage, adjusted to the nearest dollar, and the average weekly wage determined by the Department of Economic Opportunity for the 4 calendar quarters ending each June 30 shall be used in determining the maximum weekly compensation rate with respect to injuries occurring in the calendar year immediately following.

Accordingly, the maximum weekly compensation rate for work-related injuries and illnesses occurring on or after January 1, 2023, shall be \$1,197.

[Minimum/Maximum Compensation Rate Table](#)

Insurer Regulatory Report

The Insurer Regulatory Report (IRR) is given to executives of insurance companies several weeks prior to the Bureau of Monitoring and Audit conducting an audit of their respective claims-handling practices. The report further engages and informs regulated entities about their claims-handling practices. Carriers can use the information to identify key processes, policies, or practices that are instrumental in maintaining or improving their performance levels. Performance data is shown by individual carrier and by the industry average, so the individual carrier can see if it is performing better or worse than the industry average.

Search Our Content

The Department's Search feature allows you to search across all divisions. Sometimes, though, stakeholders want to filter or limit their searches to content only within the Division of Workers' Compensation.

To assist our stakeholders in using our web content as a primary source of reference, the Division has a feature on its homepage that allows visitors to perform keyword searches against content only within the Division's web pages.

Therefore, if stakeholders are looking for a form, a calculator, or a manual, the person would visit the Division's website, select "[DWC Search](#)" in our left panel's navigation choices, and then begin their search.

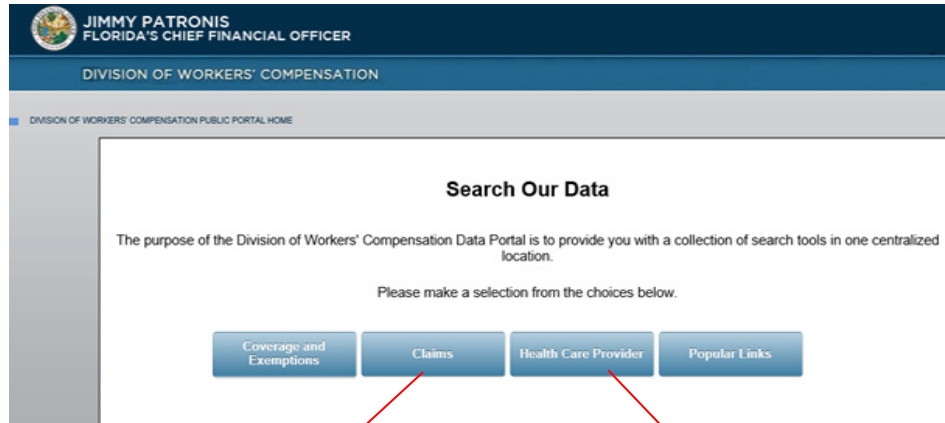

In these examples, an injured worker may be searching for benefit information, or, an employer may be seeking a copy of the form to send to its insurer.

PTSD | Educational Training Material

Section 112.1815, F.S. extends workers' compensation indemnity benefits to eligible first responders with work-related PTSD. The law outlines the specific qualifying events, exposures, and diagnosis needed for a compensable workers' compensation claim. The law went into effect October 1, 2018.

An additional provision of this law is a requirement for employing agencies of first responders to provide educational training related to mental health awareness, prevention, mitigation, and treatment. The Division is providing a framework for employing agencies to build upon to comply with the educational requirement in the new law. The framework consists of four documents designed to assist employing agencies in their mission to comply with the requirements of Section 112.1815(6), F.S. It is not a standard or a requirement to use this material. Employing agencies will determine how to scale up or down based on their individual capabilities, needs, and resources.

DWC Educational Videos

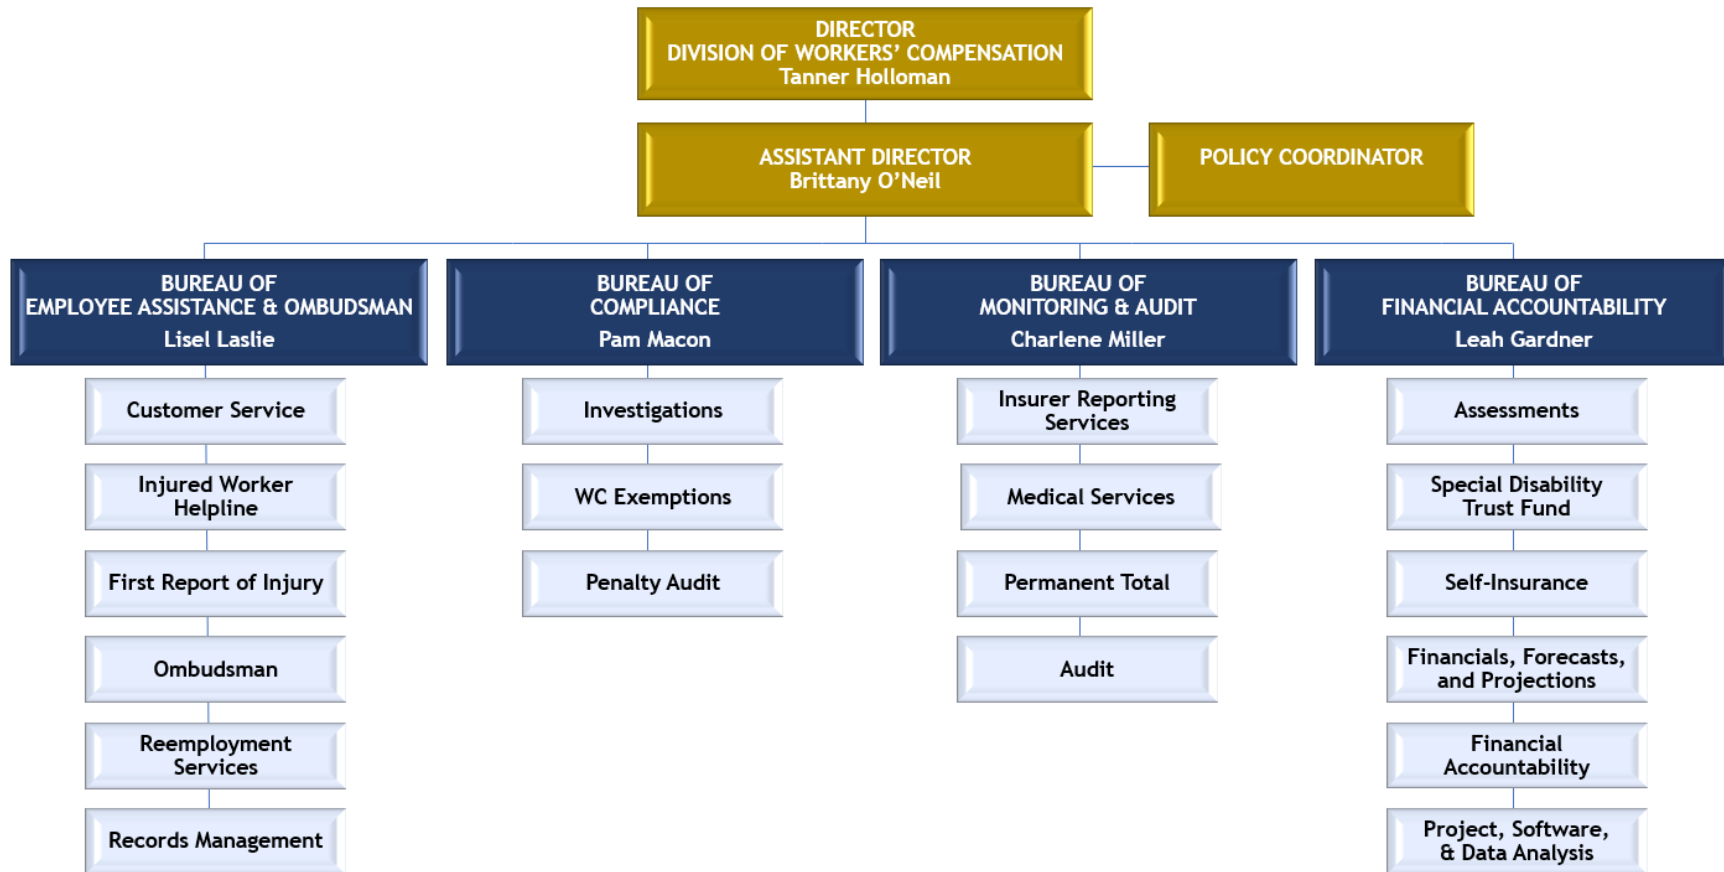

The Division continues to expand its on-demand Educational Videos in regards to [Employees](#), [Employers](#), [Carriers](#), and [Self-Insurers](#). The purpose of presenting this expanding collection of short videos is to help educate our stakeholders on an assortment of topics.

As our library grows, the Division will continue to publish additional videos to the website.

The screenshot displays the 'Educational Videos' page on the Florida Department of Financial Services website. The header includes the state seal and the name of the Chief Financial Officer, Jimmy Patronis. The main navigation bar identifies the 'DIVISION OF WORKERS' COMPENSATION' and includes a search bar. A left-hand sidebar lists various resources such as 'DWC Search', 'About the Division', 'DWC Laws & Rules', 'Reimbursement Manuals', 'Rule Changes & Notices', 'Brochures, Guides, Posters', 'Forms', 'Reports', 'Search Our Data', and 'Bulletins'. Below this sidebar is a 'QUICK LINKS' section with items like 'Proof of Coverage', 'Exemption Information', 'FAQs', 'WC System Guide', 'Coverage Assistance', 'Educational Videos', 'Benefit Calculators', and 'DWC Event Calendar'. The main content area features the title 'Educational Videos' and a paragraph explaining the purpose of the video collection. It includes four prominent buttons: 'Videos for Employees', 'Videos for Employers', 'Videos for Carriers', and 'Videos for Self-Insurers'. Below these buttons, there is a section titled 'List of all available Educational Videos:' with a dropdown menu currently set to 'Select...' and an 'Open' button. At the bottom of the page, a feedback request is made, providing the email address Workers.CompService@myfloridacfo.com.

Bureau of Monitoring and Audit | Charlene Miller, Bureau Chief

M&A reviews claims handling practices to ensure the timely and accurate payment of benefits to injured workers, timely filing and payment of medical bills, and timely and accurate filing of required claims forms and other electronic data. M&A is responsible for ensuring the practices of insurers and claims-handling entities meet the requirements of Chapter 440, F.S., and the Florida Administrative Code.

Pursuant to Rule 69L-7.750, F.A.C., all required medical billing (hospital, health care provider, ambulatory surgical center, dental, and pharmacy) forms must be submitted to the Division in accordance with the date-appropriate Florida Medical EDI Implementation Guide (MEIG).

Claims EDI data is collected pursuant to Chapter 69L-56, F.A.C., and is used to populate the Division's accident databases. M&A's mission is to efficiently and effectively collect and store data in order to provide accurate, meaningful, timely, and readily accessible information to all stakeholders within the workers' compensation system.

The Audit Section examines claims-handling practices pursuant to Sections 440.20, 440.185, and 440.525, F.S., and other rules of the Florida Administrative Code.

M&A's key roles:

- Establishes and implements the rules, requirements, and processes for electronic reporting of the First Report of Injury, Subsequent Report of Injury, and Proof of Coverage forms, using national EDI standardized file formats.
- Monitors accuracy and timeliness of benefit payments; initiating intervention efforts when appropriate.
- Establishes permanent total cases eligible for Division-paid supplemental benefits.
- Assesses penalties for late reporting, benefit payments, or medical payments.
- Provides technical assistance to customers through telephone contacts, training, and audit workshops.
