Introduction

Section 218.33, Florida Statutes (F.S.), states that the Department of Financial Services “...shall make such reasonable rules and regulations regarding uniform accounting practices and procedures by local governmental entities in this state, including a uniform classification of accounts, as it considers necessary to assure the use of proper accounting and fiscal management techniques by such units.” Additionally, Section 218.32, F.S., requires that each local government reporting entity submit annual financial information to the Department of Financial Services.

The Department of Financial Services, assisted by representatives of various local governments, developed the Uniform Accounting System Chart of Accounts to be used as the standard for recording and reporting financial information to the State of Florida. Implementation of the standard Chart of Accounts and Standard Annual Reporting Form began in 1978. Since then, there have been minor changes and updates to the Chart of Accounts and the Annual Reporting Form.

As mandated by Section 218.33, F.S., reporting units should use this chart of accounts as an integral part of their accounting system so that the preparation of their annual financial reports will be consistent with other local reporting entities. This does not preclude local entities from maintaining more detailed records for their own use.

Icon Key

-  - **Eligible Entities** – Which local governments does the revenue/expenditure pertain to?
-  - **Information** – Where can I find more information about the revenue/expenditure?
-  - **Statutory Reference** – Where can I find the statutory authority for the revenue/expenditure?
-  - **Code Moved** – The account code has been reclassified and the new location is included.
-  - **New** – The account code, revenue stream, or expenditure is new.
-  - **Deleted** – The account code is no longer active and has been deleted.
-  - **Court Related** – The account code is only applicable for county governments' court related transactions
-  - **Legislative Committee on Intergovernmental Relations (LCIR) Handbook** – See the most recent version of the Local Government Financial Information Handbook by the Florida LCIR to clarify a revenue stream. <<http://www.floridalcir.gov/>>

Fund Classifications

In accordance with generally accepted principles, governmental accounting systems are organized and operated on a fund basis. However, due to the inflexibility, complexity and expense involved in the administration of a large number of funds, only a minimum number consistent with legal and operational requirements should be established by the local unit. Separate bank accounts are not necessary for funds. Centralized bank accounts which are reconciled to separate cash statements for each fund will maintain cash control over each fund.

The classification of funds shown below is required to be used by all reporting entities. The coding scheme that is provided with the classification of funds is optional and may be altered to meet the specific needs of the reporting entities. For example, if a reporting entity has less than ten funds of any one type, a two digit fund number may be used.

Fund Groups

001	General Fund
005	Governmental Activities (Government-Wide Financial Reporting)
050	Permanent Funds
100	Special Revenue Funds
200	Debt Service Funds
300	Capital Projects Funds
400	Enterprise Funds
500	Internal Service Funds
600	Agency Funds
650	Pension Trust Funds
700	Investment Trust Funds
750	Private Purpose Trust Funds
800	Revolving Funds / Clearing Funds
900	General Fixed Assets Account Group ¹
950	General Long-Term Debt Account Group ¹

¹ Although GASB Statement 34 eliminated the general capital assets and general long-term debt account groups, local governments may still use the groups and related accounts for accounting purposes.

The coding scheme allows for up to 99 different funds in each type. The general fund category, however, allows for only one fund, coded as 001. This coding system allows the data in each fund to be “rolled up” or combined with every other fund of that category. For example, if a reporting entity maintains 23 special revenue funds numbered 101 to 123, these funds may be combined for reporting purposes into one control category, “100” - special revenue funds.

In the context of the Uniform Accounting System, a fund may be defined as an independent fiscal and accounting entity consisting of a self-balancing set of accounts for recording cash and/or other assets together with related liabilities, reserves and equities segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with certain defined regulations, restrictions and limitations.

Governmental Fund Types

001	General Fund	To account for all financial resources not accounted for and reported in another fund
005	Governmental Activities (Government-Wide Financial Reporting)	To account for balances related to governmental funds that are only reported in the government-wide statement of net assets
051 - 099	Permanent Funds	To account for resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government’s programs – that is, for the benefit of the government or its citizens
101 – 199	Special Revenue Funds	To account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects
201 – 299	Debt Service Funds	To account for financial resources that are restricted, committed, or assigned to expenditure for principal and interest
301 – 399	Capital Projects Funds	To account for financial resources that are restricted, committed, or assigned to expenditure for capital outlays

Proprietary Fund Types

401 – 499	Enterprise Funds	To account for operations (a) that are financed and operated in a manner similar to private business enterprises--where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes
501 – 599	Internal Service Funds	To account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit, or to other governmental units, on a cost-reimbursement basis

Fiduciary Fund Types

601 – 649	Agency Funds	To account for assets held by a government in a purely custodial capacity
651 – 699	Pension Trust Funds	To account for assets of defined pension plans, defined contribution plans, other post-employment benefit plans, other employee benefit plans or other employee benefit plans held by a government in a trustee capacity
701 – 749	Investment Trust Funds	To account for external portion of investment pools (including individual investment accounts) reported by the sponsoring government
751 – 799	Private-Purpose Trust Funds	To account for trust arrangements including escheat property, where principal and income benefit individuals, private organizations or other governments

Revolving & Clearing Fund Types

801 – 899	Revolving Funds & Clearing Accounts	These types of accounts are set up to receive and disburse monies for other funds. They are not true funds in the sense of being an accounting entity and would not appear separately in the financial statements. Any assets or liabilities remaining in a clearing account at the balance sheet date will be reported on the financial statements of the fund serviced by the clearing fund (general, special revenue, etc.)
-----------	-------------------------------------	--

Account Groups²

901 – 949	General Fixed Assets Group of Accounts (Optional)	This is a self-balancing group of accounts used to record the fixed assets of a governmental unit, which are not related to a particular fund
951 - 999	General Long-Term Debt Group of Accounts (Optional)	This is a self-balancing group of accounts used for recording the principal portion of the long-term liabilities of governmental fund types not paid with current resources

² Although GASB Statement 34 eliminated the general capital assets and general long-term debt account groups, local governments may still use the groups and related accounts for accounting purposes.

Balance Sheet Accounts

Balance Sheet Account Introduction

The following list of balance sheet accounts represents the reporting level. More detailed classifications may be made by the reporting entity within the accounts listed.

The first four digits of the six-digit balance sheet account code are required. The remaining digits may be assigned at the discretion of the reporting entity.

The balance sheet accounts are arranged into two major groups: (1) Assets and Other Debits and (2) Liabilities and Other Credits. However, there are accounts with credit balances included in the Assets and Other Debits category in order to present the accounts in typical balance sheet order. For example, Account 163, Accumulated Depreciation-Buildings, appears among the assets even though it has a credit balance, because on the balance sheet it usually follows Account 162, Buildings.

Balance Sheet Accounts

1 | x | x | . | x | x | x - **ASSETS & OTHER DEBITS**

This balance sheet heading covers not only assets, but also those items which are not assets at the date of the balance sheet, but are expected to become assets at some future time. This heading also includes accounts, which normally have debit balances even though they are not assets.

101.000 CASH IN BANK

Money deposited in the bank, demand deposits and interest bearing bank accounts such as time deposits or certificates of deposit held by the bank.

102.000 CASH ON HAND

This account includes currency, coins, checks, money orders, bankers' drafts not on deposit with a bank. This account also includes petty cash.

103.000 CASH WITH FISCAL AGENT

This account includes deposits with fiscal agents, such as commercial banks, for the payment of matured bonds and interest.

104.000 EQUITY IN POOLED CASH

This account includes a fund's portion of a pooled bank account where cash resources of several funds are consolidated for investment purposes. This account will include the un-invested, as well as the **invested** cash, of the pooled bank account.

105.000 TAXES RECEIVABLE

The uncollected portion of taxes, which a reporting entity has levied, that is due within a year, and not yet considered delinquent.

106.000 ALLOWANCE FOR UNCOLLECTIBLE TAXES (CREDIT)

That portion of Taxes Receivable estimated not to be collectible. This account is shown on the balance sheet as a deduction from Taxes Receivable to arrive at the net taxes receivable.

107.000 DELINQUENT TAXES RECEIVABLE

The taxes remaining unpaid on or after the date on which a penalty is attached. Delinquent taxes are classified as such until paid, abated, cancelled, or converted into tax liens.

108.000 ALLOWANCES FOR UNCOLLECTIBLE DELINQUENT TAXES

The portion of Delinquent Taxes Receivable estimated not to be collected. This account is shown on the balance sheet as a deduction from Delinquent Taxes Receivable to arrive at the net delinquent taxes receivable.

115.000 ACCOUNTS RECEIVABLE

Amounts due from private persons, firms or corporations for goods and services furnished by a reporting entity (but not including amounts due from other funds or from other entities). This account does not include taxes and assessments receivable, which should be recorded separately in the Taxes Receivable or Special Assessments Receivable accounts.

117.000 ALLOWANCE FOR UNCOLLECTIBLE ACCOUNTS RECEIVABLE (CREDIT)

The portion of accounts receivable estimated not to be collectible. This account is deducted from the Accounts Receivable account on the balance sheet in order to arrive at the net amount of accounts receivable.

121.000 ASSESSMENTS RECEIVABLE

The uncollected portion of special assessments levied by the local unit, that are due within one year and are not yet considered delinquent.

122.000 ALLOWANCE FOR UNCOLLECTIBLE ASSESSMENTS

125.000 INTEREST AND PENALTIES RECEIVABLE

The amount of interest and/or penalties receivable on taxes and assessments

128.000 NOTES RECEIVABLE - CURRENT PORTION

An unconditional written promise to pay a sum, certain in money at a fixed or determinable date within one year, either to the bearer or to the order of a person designated therein.

128.900 NOTES RECEIVABLE - NON-CURRENT PORTION

An unconditional written promise to pay a sum certain in money at a fixed or determinable future time, either to the bearer or to the order of a person designated therein.

131.000 DUE FROM OTHER FUNDS

Amounts owed to a particular fund by other funds in the same reporting entity. This account includes transfers owed and other short-term obligations of less than one year. The owing fund should have an equal amount recorded under account 207.000.

132.900 ADVANCES TO OTHER FUNDS

Long-term loans from the reporting fund to another fund in the same reporting entity.

133.000 DUE FROM OTHER GOVERNMENTAL UNITS

Amounts due to the reporting entity from other governmental reporting entities. These amounts may represent grants-in-aid, shared taxes, taxes collected for the reporting entity by another entity and charges for services rendered by the reporting entity for another governmental entity.

135.000 INTEREST AND DIVIDENDS RECEIVABLE

Interest and dividends receivable on investments

141.000 INVENTORIES - MATERIALS AND SUPPLIES

Materials and supplies on hand for future consumption

142.000 INVENTORIES - FOR RESALE

Goods held for resale, rather than for use in operations. This includes land intended for sale and not for use.

150.000 INACTIVE: See note below

Deleted in FY09-10; Equity in Pooled Investments should be put in the 104.000 – Equity in Pooled Cash account code.

151.000 INVESTMENTS - CURRENT

151.900 INVESTMENTS - NON-CURRENT

Securities, including repurchase and reverse repurchase agreements held for the production of income in the form of interest and dividends. These accounts do not include certificates of deposit or other interest bearing bank accounts.

152.900 UNAMORTIZED PREMIUMS/DISCOUNTS ON INVESTMENTS

The unamortized portion of the excess of the amount paid for securities over their face value (debit), or the unamortized portion of the excess face value over the amount paid for them (credit) (excluding accrued interest).

154.000 DEFERRED CHARGES

Non-regularly recurring, non-capital costs of operations that benefit future periods. These costs include those incurred in connection with the issuance of fund debt (underwriting and legal fees).

155.000 PREPAID ITEMS

Charges entered in the accounts for benefits not yet received. Prepaid items (e.g., prepaid rent and unexpired insurance premiums) differ from deferred charges in that they are spread over a shorter period of time than deferred charges and are regularly recurring costs of operation.

156.000 OTHER ASSETS - CURRENT

Assets, not previously classified in 101.000-155.000, that become due within one year. Descriptive account titles should be used for these accounts.

156.900 ASSETS - NON-CURRENT

Assets, not previously classified in 101.000-155.000, that become due in over a year. Descriptive account titles should be used for these accounts.

158.000 INACTIVE: See Note Below

Code for Intangible Assets moved to 166.100 in 2009 (FY08-09) and reclassified as Capital Assets

160.900 RESTRICTED ASSETS

Used only in an enterprise fund; these assets are required by bond covenants to be set apart in the fund to record the debt service activities.

CAPITAL ASSETS

161.900 LAND

A fixed asset account, which reflects the acquisition cost of land owned by a reporting entity. If land is purchased, this account includes the purchase price and costs such as legal fees, filling and excavation costs and the like which are incurred to put the land in condition for its intended use. If land is acquired by gift, the account reflects its appraised value at the time of acquisition.

162.900 BUILDINGS

A fixed asset account, which reflects the acquisition cost of permanent structures used to house persons and property owned by the reporting entity. If buildings are purchased or constructed, this account includes the purchase or contract price of all permanent buildings and fixtures attached to and forming a permanent part of such buildings. If buildings are acquired by gift, the account reflects their appraised value at the time of acquisition.

163.900 ACCUMULATED DEPRECIATION - BUILDINGS (CREDIT)

The accumulation of periodic credits made to record the expiration in the service life of buildings, which is attributable to wear and tear through use, and the lapse of time, obsolescence, inadequacy or other physical or functional cause. This account is shown in the balance sheets of enterprise and internal service funds as a deduction from Buildings in order to arrive at the net book value of buildings. Buildings carried in the accounts of trust and agency funds may or may not be depreciated depending on the conditions prevailing in each case.

164.900 INFRASTRUCTURE

The acquisition cost of permanent improvements, other than buildings, which add value to the land. These improvements consist of capital expenditures such as roads, bridges, streets, sidewalks, curbs, gutters, drainage systems and outdoor lighting systems.

These assets are normally immovable and of value to the local government. Therefore, it is the reporting entity's option whether such assets are recorded in the general fixed assets.

165.900 ACCUMULATED DEPRECIATION - INFRASTRUCTURE (CREDIT)

This account is of the same nature and is used in the same manner as the account 163.900, Accumulated Depreciation-Buildings.

166.100 INTANGIBLE ASSETS

An asset having no physical existence and its value being limited by rights and anticipative benefits that possession confers upon the owner (patent, copyright, etc.)

Reclassified from 158.000 in 2009 (FY08-09)

166.500 ACCUMULATED AMMORTIZATION – INTANGIBLE ASSETS (CREDIT)

The accumulation of periodic credits made to record the expiration in the useful life of intangible assets

Contra-Asset account created for intangible assets in 2009 (FY08-09)

166.900 EQUIPMENT AND FURNITURE

Fixtures and other tangible personal property of a non-consumable nature with a normal expected life of one year or more.

167.900 ACCUMULATED DEPRECIATION - EQUIPMENT (CREDIT)

This account is of the same nature and is used in the same manner as the account 163.900, Accumulated Depreciation-Buildings.

168.900 PROPERTY UNDER CAPITAL LEASES

Property acquired under a lease agreement that meets the requirements of capitalization.

168.950 ACCUMULATED DEPRECIATION - PROPERTY UNDER CAPITAL LEASES (CREDIT)

This account is of the same nature and is used in the same manner as the account 163.900, Accumulated Depreciation-Buildings.

169.900 CONSTRUCTION WORK IN PROGRESS

The cost of construction work undertaken but not yet completed.

170.900 OTHER FIXED ASSETS

Other tangible property having a life of greater than one year that has not been previously categorized in 161.900-169.900. Descriptive account titles should be used for these accounts.

170.950 ACCUMULATED DEPRECIATION - OTHER FIXED ASSESTS

This account is of the same nature and is used in the same manner as the account 163.900, Accumulated Depreciation-Buildings.

OTHER DEBITS

171.000 ESTIMATED REVENUES

The amount of revenues estimated to be received or to become receivable during the fiscal year. At the end of such period, this account is closed out and does not appear in a balance sheet prepared as of the close of the fiscal period.

172.000 REVENUES (CREDIT)

The increase in ownership equity of a fund during a designated period of time. This appears only in an interim balance sheet and is shown as a deduction from account 171, Estimated Revenues, to arrive at the amount of estimated revenues remaining to be realized. At the end of the fiscal period, it is closed out and does not appear in the balance sheet prepared as of the close of the fiscal period.

180.000 AMOUNT AVAILABLE IN DEBT SERVICE FUNDS

An account in the general long-term debt group of accounts designating the amount of assets available in a debt service fund for the retirement of debt.

181.000 AMOUNT TO BE PROVIDED

An account in the general long-term debt group of accounts representing the amount to be provided from taxes or other revenue to retire outstanding debt.

2 | x | x | . | x | x | x - **LIABILITIES & OTHER CREDITS**

Liabilities and Other Credits is a balance sheet heading covering not only liabilities in existence at the date of the balance sheet, but items which may become liabilities at some future time, and other accounts which normally carry credit balances.

201.000 VOUCHERS PAYABLE

Liabilities for goods and services received as evidenced by vouchers which have been pre-audited and approved, but have not been paid.

202.000 ACCOUNTS PAYABLE

(1) Liabilities due to private persons, firms or corporations for goods and services received by the reporting entity, but not including amounts due to other funds of the same or other governmental entity. (2) Judgments to be paid by the reporting entity as the result of court decisions, including condemnation awards for private property taken for public use. (3) Annuities due and payable to retired employees in a public employee's retirement system.

203.000 NOTES AND LOANS PAYABLE - CURRENT PORTION

203.900 NOTES AND LOANS PAYABLE - LONG-TERM PORTION

The face value of notes and loans due.

205.000 CONTRACTS PAYABLE

Amounts due on contracts for assets, goods, and services received by a reporting entity.

207.000 DUE TO OTHER FUNDS

A liability account used to indicate amounts owed by a particular fund to other funds in the same reporting entity.

208.000 DUE TO OTHER GOVERNMENTAL UNITS

A liability account set up to record amounts due to other governmental entities from the reporting entity. These amounts may represent grants-in-aid, shared taxes, taxes collected by the reporting unit for another unit, loans and/or charges for services rendered for the reporting entity by another unit.

209.000 LIABILITIES TO BE PAID FROM RESTRICTED ASSETS

Liability accounts used to record the debt service due under bond covenants in an enterprise fund where restricted assets are required.

210.000 COMPENSATED ABSENCES - CURRENT PORTION

210.900 COMPENSATED ABSENCES - LONG-TERM PORTION

Used to record accrued liability for vested employee compensatory, annual and sick leave earned and not used.

211.000 MATURED BONDS PAYABLE

Bonds, which have reached or passed their maturity date, but remain unpaid.

212.000 MATURED INTEREST PAYABLE

Unpaid interest on bonds that have reached or passed their maturity date.

215.000 ACCRUED INTEREST PAYABLE

Interest accrued at the balance sheet date, but not due until a later date.

216.000 ACCRUED WAGES PAYABLE

Salaries and wages earned by employees, but not due until a later date.

217.000 ACCRUED TAXES PAYABLE

A tax liability, which has accrued since the last payment date, but is not yet due.

220.000 DEPOSITS

A liability incurred for deposits received. Usually an enterprise fund account-representing deposits made by customers as a prerequisite for receiving goods or services.

221.000 DUE TO FISCAL AGENT

Amounts due to fiscal agents, such as commercial banks, for servicing a reporting entity's maturing indebtedness.

222.000 OBLIGATIONS UNDER REVERSE REPURCHASE AGREEMENTS

A liability account representing those securities that are currently involved in reverse repurchase agreements.

223.000 DEFERRED REVENUE

A liability account representing revenues collected before they become due, or are earned as in the case of a grant.

224.900 UNAMORTIZED PREMIUMS/DISCOUNTS ON BONDS PAYABLE

An account in a proprietary fund representing the excess of bond proceeds over par value (credit), or the excess par value over the bond proceeds (debit), and which remains to be amortized over the remaining life of such bonds.

225.000 CAPITAL LEASES - CURRENT PORTION

225.900 CAPITAL LEASES - LONG-TERM PORTION

In proprietary funds, both the current and long-term liabilities would be recorded in these accounts. In the governmental funds, the current portion would be used to record only that portion that was payable with current, available resources; the long-term portion would be recorded in the long-term debt account group.

226.000 INSTALLMENT PURCHASES - CURRENT PORTION

226.900 INSTALLMENT PURCHASES - LONG-TERM PORTION

In proprietary funds, both the current and long-term liabilities would be recorded in these accounts. In the governmental funds, the current portion would be used to record only that portion that was payable with current, available resources; the long-term portion would be recorded in the long-term debt account group.

227.000 CERTIFICATES OF PARTICIPATION - CURRENT PORTION

227.900 CERTIFICATES OF PARTICIPATION - LONG-TERM PORTION

In proprietary funds, both the current and long-term liabilities would be recorded in these accounts. In the governmental funds, the current portion would be used to record only that portion that was payable with current, available resources; the long-term portion would be recorded in the long-term debt account group.

228.000 REVENUE CERTIFICATES - CURRENT PORTION

228.900 REVENUE CERTIFICATES - LONG-TERM PORTION

In proprietary funds, both the current and long-term liabilities would be recorded in these accounts. In the governmental funds, the current portion would be used to record only that portion that was payable with current, available resources; the long-term portion would be recorded in the long-term debt account group.

229.000 OTHER CURRENT LIABILITIES

All current liabilities not specified in 201.000-228.900. Descriptive account titles should be used for these accounts.

230.000 GENERAL OBLIGATION BONDS PAYABLE - CURRENT

230.900 GENERAL OBLIGATION BONDS PAYABLE - LONG-TERM PORTION

The face value of general obligation bonds issued and outstanding. Current and long-term accounts would be used in proprietary fund types. Governmental funds would record this liability in the long-term debt account group.

232.000 REVENUE BONDS PAYABLE - CURRENT PORTION

The face value of revenue bonds issued and outstanding. Current and long-term accounts would be used in proprietary fund types.

232.900 REVENUE BONDS PAYABLE-LONG - TERM PORTION

The face value of revenue bonds issued and outstanding. Current and long-term accounts would be used in proprietary fund types. Governmental funds would record this liability in the long-term debt account group.

234.000 OTHER BONDS PAYABLE - CURRENT PORTION

Face value of issued and unpaid bonds not classified in accounts above. Includes bonds issued for special assessments. Current and long-term accounts would be used in proprietary fund types.

234.900 OTHER BONDS PAYABLE - LONG-TERM PORTION

Face value of issued and unpaid bonds not classified in accounts above. Includes bonds issued for special assessments. Current and long-term accounts would be used in proprietary fund types. Governmental funds would record this liability in the long-term debt account group.

235.000 DEFERRED COMPENSATION - CURRENT PORTION

235.900 DEFERRED COMPENSATION - LONG-TERM PORTION

The payable portion of a deferred compensation plan.

236.900 ADVANCES FROM OTHER FUNDS

Long-term debt owed by one fund to another fund in the same reporting entity.

237.000 OTHER POSTEMPLOYMENT BENEFITS (OPEB) LIABILITY

Outstanding obligations and commitments related to OPEB

Account added in FY09-10

239.900 OTHER LONG-TERM LIABILITIES

All other long-term notes and obligations not specified in accounts 230.900-236.900. Includes bond anticipation notes. Descriptive account titles should be used for these accounts.

EQUITY SECTION

Includes Reserves, Changes in Equities and Fund Balance Accounts

241.000 **APPROPRIATIONS**

Authorizations granted by the legislative body to make expenditures and to incur obligations for a specific purpose. This account appears in an interim balance sheet. At the end of the fiscal year, this account is closed out and does not appear in the balance sheet prepared as of the close of the fiscal year.

242.000 **EXPENDITURES (DEBIT SUMMARY OF 500 SERIES OF ACCOUNTS)**

Appears in an interim balance sheet and designates the total of expenditures charged against appropriations for the year to date. The account is shown in each balance sheet as a deduction from the appropriation account (241 above) and is used to arrive at the unexpended balance of total appropriations. At the end of the fiscal year, this account is closed out and does not appear in the year-end balance sheet. This account is a summary of accounts 500-599, and should also be used (along with 500599) in non-budgeted funds, such as trust funds, to record and summarize expenditures even though the appropriations account (241 above) will not appear in such funds.

243.000 **ENCUMBRANCES (DEBIT)**

Records obligations in the form of purchase orders, contracts or salary commitments that are chargeable to an appropriation and for which part of the appropriation is reserved. In an interim balance sheet, encumbrances are deducted along with expenditure (242 above) from the appropriations account (241) to arrive at the unencumbered balance of appropriations. At the end of the fiscal year, this account is closed out and does not appear in the year-end balance sheet.

The component of retained earnings of proprietary funds that consists of debt that is directly attributable to the acquisitions, construction or improvement of those assets.

274.000 **NET ASSETS, INVESTED IN CAPITAL, NET OF DEBT**

The components of the difference between assets and liabilities of proprietary funds that consist of capital assets less both accumulated depreciation and the outstanding balance of debt (e.g., bonds, mortgages, notes), that is directly attributable to the acquisitions, construction, or improvement of those assets.

275.000 NET ASSETS, RESTRICTED

The components of the difference between assets and liabilities of proprietary funds that consist of constraints placed on their use by either external parties (e.g., creditors of grantors), or through constitutional provisions or enabling legislation.

276.000 NET ASSETS, UNRESTRICTED

The difference between assets and liabilities of proprietary funds that is not reported as net assets, invested in capital assets, net of related debt or restricted net assets.

277.000 NET ASSETS - GENERAL GOVERNMENT

The difference between general government assets and liability accounts.

280.000 FUND BALANCE – NONSPENDABLE

Nonspendable fund balance includes amounts that are not in a spendable form (inventory, for example) or are required, either legally or contractually, to be maintained intact (the principal of an endowment fund, for example).

- Inventories
- Prepaid Items
- Long-Term Loans and Notes Receivable
- Corpus of a Permanent Fund

 NEW in FY10-11 to account for GASB Statement No. 54

281.000 FUND BALANCE – RESTRICTED

Restricted fund balance includes amounts that can be spent only for the specific purposes stipulated by external resource providers (for example, grant providers, creditors, contributors, or laws or regulations of other governmental entities), constitutionally, or through enabling legislation (that is, legislation that creates a new revenue source and restricts its use). Effectively, restrictions may be changed or lifted only with the consent of resource providers.

 NEW in FY10-11 to account for GASB Statement No. 54

282.000 FUND BALANCE – COMMITTED

Committed fund balance includes amounts that can be used only for the specific purposes determined by a formal action of the government’s highest level of decision-making authority. Commitments may be changed or lifted only by the government taking the same formal action that imposed the constraint originally (i.e. legislation, resolution, or ordinance). Contractual obligations should be incorporated to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual obligations. Encumbrances approved by action of the highest decision making authority (board approved construction contract with XYZ company) should be reported as committed.

 NEW in FY10-11 to account for GASB Statement No. 54

283.000 FUND BALANCE – ASSIGNED

Assigned fund balance comprises amounts *intended* to be used by the government for specific purposes. Intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund. An appropriation of existing fund balance to eliminate a projected budgetary deficit in the subsequent year’s budget in an amount no greater than the projected excess of expected expenditures over expected revenues satisfies the criteria to be classified as an assignment of fund balance. Encumbrances resulting from issuing purchase orders as a result of normal purchasing activities approved by appropriate officials should be reported as assigned.

 NEW in FY10-11 to account for GASB Statement No. 54

284.000 FUND BALANCE – UNASSIGNED

Unassigned fund balance is the residual classification for the general fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose. If another governmental fund has a fund balance deficit, then it will be reported as a negative amount in the unassigned classification in that fund. Positive unassigned amounts will be reported only in the general fund.

Revenue Accounts

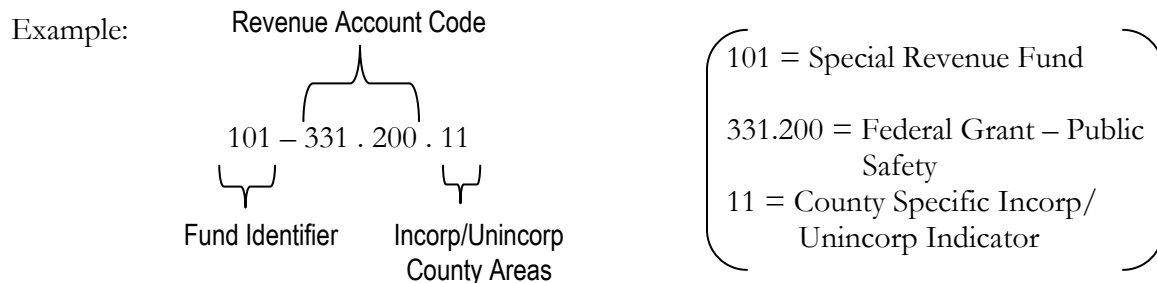

Revenue Account Introduction

Revenues of a local government should be classified by fund and source to provide the information necessary to (1) prepare and control the budget, (2) record the collection of revenues, (3) prepare financial statements and schedules and (4) prepare financial statistics. The local government is responsible for recording and reporting each revenue item in the revenue account titles prescribed herein. More specific levels of detail may be added to the account structure as long as no new classifications are used.

The Uniform Accounting System provides a revenue account code consisting of nine digits; the first three identify the fund while the following six are used to further identify the revenue source.

Section 129.01, F.S., requires all counties to separate locally raised revenues between the incorporated and unincorporated areas of the county. In order to provide a mechanism to make this separation, a one or two digit code is added to the end of the UAS revenue account codes for all counties. A one-digit code provides a code for each area when there are nine or fewer areas. If there are more than nine and less than ninety-nine areas, a two digit code is necessary.

So, counties must use an eleven digit revenue account code if it includes both incorporated and unincorporated areas while all other local government entities must use a nine digit revenue account code.

Revenue Account Codes

Revenues may be operationally defined in a governmental fund accounting context as “all increases in fund net assets except those arising from inter-fund reimbursements, inter-fund operating and residual equity transfers or long-term debt issues.”

3 | 1 | x | . | x | x | x - **TAXES**

Charges levied by the local unit against the income or wealth of a person, whether natural or corporate.

3 | 1 | 1 | . | x | x | x - **AD VALOREM TAXES**

311.000 AD VALOREM TAXES

Property taxes computed as a percentage of the Fair Market value of locally assessed real estate, and tangible personal property less any exclusions, differentials, exemptions and credits and expressed in mills. Ad Valorem taxes are recorded “net” of discounts, penalties and interest.

Ad Valorem taxes are considered general revenue for general-purpose local governments (i.e., county, municipality, or consolidated city-county government) as well as for school districts.

 Eligible Entities include: Counties, Municipalities, School Districts, and some Special Districts (as authorized by the Legislature)

312.100 LOCAL OPTION TAXES

- **Local Option Food & Beverage Taxes**

A tax of 2 percent may be imposed on the sale of food, beverages, and alcoholic beverages in hotels and motels. All proceeds from the 2 percent tax must be used for promoting the county as a travel destination. A tax of 1 percent may be imposed on the sale of food, beverages, and alcoholic beverages in establishments that are licensed to sell alcoholic beverages on the premises, except for hotels and motels. At least 15 percent of the proceeds from the 1 percent tax must go to domestic violence centers while the remainder must be used for homeless assistance programs.

 Eligible Entities include: Only Miami-Dade County (A County as defined by Section 125.011(1), F.S.)

  See the current year's version of the LCIR Local Government Financial Information Handbook <<http://www.floridalcir.gov/>>

 Section 212.0306, Florida Statutes

- **Municipal Resort Taxes**

The Municipal Resort Tax may be levied at a rate of up to 4 percent on transient rental transactions, and up to 2 percent on the sale of food and beverages consumed in restaurants and bars in certain municipalities whose respective county population fell within specified limits based on the 1960 Census and whose municipal charter specifically provided for the levy of this tax prior to January 1, 1968. The tax levy must be adopted by an ordinance approved by the governing body. Revenues can be used for tourism promotion activities, capital construction and maintenance of convention and cultural facilities, and relief of ad valorem taxes used for those purposes.

 Eligible Entities include: Currently Only Bal Harbour, Miami Beach, and Surfside in Miami-Dade County (Cities Only)

As Amended by Chapters 82-142, 83-363, 93-286, & 94-344

- **Tourist Development Taxes (6 Types)**

Current law authorizes five separate tourist development taxes on transient rental transactions. Depending on a county's eligibility to levy, the maximum tax rate varies from a minimum of 3 percent to a maximum of 6 percent. The levies may be authorized by vote of the county's governing body or referendum approval. Generally, the revenues may be used for capital construction of tourist-related facilities, tourist promotion, and beach and shoreline maintenance; however, the authorized uses vary according to the particular levy.

 Eligible Entities include: Counties Only

Exceptions:

Any county may levy and impose a tourist development tax on the exercise within its boundaries of the taxable privilege except there cannot be any additional levy of a tourist development tax in any municipalities presently imposing the Municipal Resort Tax (see above).

Additionally, no county authorized to levy any of the convention development taxes shall be allowed to levy more than 2 percent of tourist development tax. However, this second limitation does not apply to a county's levy of the Professional Sports Franchise Facility Tax and Duval County's levy of the Additional Professional Sports Franchise Facility Tax.

- **Special District, Subcounty, and Special Convention Development Taxes**

Each county, chartered under Article VIII of the Florida Constitution, and levying a tourist advertising ad valorem tax within a special taxing district on January 1, 1984, (i.e., Volusia County) may impose a tax of up to 3 percent on the total consideration charged for transient rental transactions. Three separate taxes are authorized for levy in three separate taxing districts; however, the combined effect is to authorize a countywide tax. The taxes shall be levied pursuant to an ordinance enacted by the county's governing body.

 Eligible Entities include: ONLY Volusia County (Counties chartered under Article VIII of the Florida Constitution, and levying a tourist advertising ad valorem tax within a special taxing district on January 1, 1984)

Deleted in 2009 (FY08-09): Special Act Fuel Tax no longer has a revenue source

312.300 COUNTY NINTH-CENT VOTED FUEL TAX

The Ninth-Cent Fuel Tax is a tax of 1 cent on every net gallon of motor and diesel fuel sold within a county. It is a county imposed tax for the purpose of paying the cost of establishing, operating and maintaining a transportation system and related facilities and the cost of acquisition, construction, reconstruction and maintenance of roads and streets. The tax is levied by Counties but may be shared with both the incorporated and unincorporated areas located within the county. Since January 1, 1994, this tax has been automatically imposed on diesel fuel in every county as a result of statewide equalization.

 Eligible Entities include: All Counties

312.410 FIRST LOCAL OPTION FUEL TAX (1 to 6 Cents Local Option Fuel Tax)

The First Local Option Fuel Tax is a tax of up to 6 cents on every net gallon of motor fuel. It is a county imposed tax for the purpose of paying the cost of establishing, operating and maintaining a transportation system and related facilities and the cost of acquisition, construction, reconstruction and maintenance of roads and streets. The tax is levied by Counties but may be shared with municipalities located within the county. The tax is automatically imposed on diesel fuel at the maximum rate of 6 cents in all counties as a result of statewide equalization. Therefore, each county receives the tax revenues associated with that levy regardless of whether or not the county is levying the tax on motor fuel.

 Eligible Entities include: All counties

312.420 SECOND LOCAL OPTION FUEL TAX (1 to 5 Cents Local Option Fuel Tax)

The Second Local Option Fuel Tax is a tax of 1 to 5 cents levied on every gallon of motor fuel (diesel NOT included). It is a county imposed tax for the purpose of paying the costs needed to “meet the requirements of the capital improvements element of an adopted comprehensive plan or for expenditures needed to meet the immediate local transportation problems and for other transportation-related expenditures that are critical for building comprehensive roadway networks by local governments. Expenditures for the construction of new roads, the reconstruction or resurfacing of existing paved roads, or the paving of existing graded roads shall be deemed to increase capacity and such projects shall be included in the capital improvements element of an adopted comprehensive plan. Routine maintenance of roads is not considered an authorized expenditure.”³ The tax is levied by Counties but may be shared with municipalities located within the county.

Section 212.055(3), Florida Statutes

4) Indigent Care and Trauma Center Surtax

The Indigent Care and Trauma Center Surtaxes are 2 separate county-levied surtaxes for different groups of eligible counties. The **Indigent Care Surtax** is not to exceed 0.5 percent and is for the purpose of funding health care services for qualified indigent residents. The **Trauma Center Surtax** is not to exceed 0.25 percent and is for the purpose of funding trauma services provided by a trauma center licensed pursuant to Chapter 395, F.S.

Eligible Entities include:

- A. **Indigent Care Surtax:** Only non-consolidated counties with a total population of 800,000 or more (Broward, Hillsborough, Orange, Palm Beach, and Pinellas Counties) who have a combined rate of this surtax, Local Government Infrastructure Surtax, and Small County Surtax amounting to a total of 1 percent or less.
Exception: Miami-Dade County is restricted from levying this surtax because it already has authority to levy the County Public Hospital Surtax.
- B. **Trauma Center Surtax:** Only non-consolidated counties with a total population of less than 800,000 who have a combined rate of this surtax, Local Government Infrastructure Surtax, and Small County Surtax amounting to a total of 1 percent or less.

6) School Capital Outlay Surtax

The School Capital Outlay Surtax is a district school board approved, county-levied surtax of 0.5 percent used to fund school-related capital projects, technology implementation, and bond financing of such projects.

 Eligible Entities include: Any district school board is eligible to authorize the imposition of this surtax within the respective county, subject to voter approval

  See the current year's version of the LCIR Local Government Financial Information Handbook <<http://www.floridalcir.gov/>>

 Section 212.055(6), Florida Statutes

7) Voter-Approved Indigent Care Surtax

The Voter-Approved Indigent Care Surtax is a county-levied surtax of up to 1 percent used to fund health care services for the medically poor. The tax rate authorized depends on the county's population and whether a publicly supported medical school is located within the county. See the table below.

Population	Med School	Authorized Rate
Over 800,000	Yes or No	None
Less than 800,000	Yes	Up to 1%
Between 50,000 & 800,000	No	Up to 0.5%
Less than 50,000	No	Up to 1%

 Eligible Entities include: Only counties have a total population of less than 800,000

316.000 LOCAL BUSINESS TAX
(Formerly Local Occupational License Tax – 321.000)

The local business tax represents the fees charged and the method by which a local government authority grants the privilege of engaging in or managing any business, profession, and occupation within its jurisdiction. Counties and municipalities may levy a business tax, and the tax proceeds are considered general revenue for the local government. This tax does not refer to any fees or licenses paid to any board, commission, or officer for permits, registration, examination, or inspection.⁴

This account code was added in 2008 (FY07-08) when a Prior Session reclassified Occupational Licenses (321.000) as Local Business Taxes

319.000 OTHER GENERAL TAXES

- **Gross Receipts Tax on Commercial Hazardous Waste Facilities**

The Gross Receipts Tax on Commercial Hazardous Waste Facilities is a tax of 3 percent levied on the annual gross receipts of privately owned, permitted, commercial hazardous waste transfer, storage, treatment, or disposal facilities. The proceeds may be used for a variety of purposes related to the facility's inspection and security.

-  Eligible Entities include: Counties or Municipalities having a privately owned, permitted, commercial hazardous waste transfer, storage, treatment, or disposal facility operating within its corporate limits

-   See the current year's version of the LCIR Local Government Financial Information Handbook <<http://www.floridalcir.gov/>>

-  Section 403.7215, Florida Statutes

- **Municipal Pari-Mutuel Tax**

If a live horse or dog race or jai alai game for any stake, purse, prize, or premium is held or conducted within a municipality's corporate limits; such municipality may assess and collect an additional tax against any person conducting such live racing or games. The tax may not exceed \$150 per day for horse racing or \$50 per day for dog racing or jai alai. Since the statute does not specify authorized uses of the revenue, it is assumed that the governing body has full discretion.

-  Eligible Entities include: Municipalities in which a race or game is held or conducted

-   See the current year's version of the LCIR Local Government Financial Information Handbook <<http://www.floridalcir.gov/>>

-  Section 550.105(9), Florida Statutes

- **Municipal Parking Facility Space Surcharges**

Certain municipalities are authorized to impose and collect parking facility space surcharges. These discretionary per-vehicle surcharges are calculated as a percentage of the amounts charged for the sale, lease, or rental of space at municipal parking facilities that are open to the public. The proceeds are used to reduce the municipality's ad valorem tax millage rate, eliminate non-ad valorem assessments, or improve transportation in downtown or urban core areas. The surcharge shall be up to 15 percent of the amount charged for the sale, lease, or rental of space at municipal parking facilities that are open for use to the general public and which are not airports, seaports, county administration buildings, or other projects as defined under Sections 125.011 and 125.015, F.S.⁵

 Eligible Entities include: The governing body of any municipality with a population of 200,000 or more, more than 20 percent of the real property of which is exempt from ad valorem taxation, and which is located in a county having a population greater than 500,000 may impose and collect, subject to referendum approval by voters in the municipality, a discretionary per-vehicle surcharge. Based on April 1, 2006 official population estimates, only six municipalities (i.e., **Hialeah, Jacksonville, Miami, Orlando, Saint Petersburg, and Tampa**) had a population of 200,000 or more and were located in a county having a population greater than 500,000. Currently, it is not known which of these six municipalities have more than 20 percent of its real property exempt from ad valorem taxation and impose the surcharge.

 Section 166.271, Florida Statutes

⁵ Introduction is from page 145 of the Florida Legislative Committee on Intergovernmental Relations' 2007 Local Government Financial Information Handbook

Under Florida’s Constitution, local governments possess strong home rule powers. Given these powers, local governments may utilize a variety of revenue sources for funding services and improvements without express statutory authorization. Franchise fees, impact fees, special assessments, and user fees are examples of these home rule revenue sources.

In implementing fee programs and special assessments, a local government’s goal is to create an assessment or fee that avoids classification as a tax by the courts. If an assessment or fee does not meet the case law requirements and is classified as a tax, then the local government must have general law authorization for its imposition.

Special assessments and taxes are distinguishable because no requirement exists that taxes provide a specific benefit to property. Taxes are levied for the general benefit of residents and property. As established in Florida case law, two requirements exist for the imposition of a valid special assessment. First, the property assessed must derive a special benefit from the improvement or service provided; and second, the assessment must be fairly and reasonably apportioned among the properties that receive the special benefit.

A special assessment may provide funding for either capital expenditures or the operational costs of services, provided that the property that is subject to the assessment derives a special benefit from the improvement or service. Examples of assessed services and improvements upheld by Florida courts include garbage disposal, sewer improvements, fire protection, fire and rescue services, street improvements, parking facilities, downtown redevelopment, stormwater management services, and water and sewer line extensions.

Florida’s local governments possess the home rule authority to impose a variety of proprietary and regulatory fees to pay the cost of providing a service or facility or regulating an activity. Proprietary fees are imposed pursuant to the assertion of a local government’s exclusive right. Examples of such proprietary fees include franchise fees, user fees, and utility fees. Regulatory fees are imposed under the police power in the exercise of a local government’s sovereign power. Examples of such regulatory fees include building permit fees, impact fees, inspection fees, and stormwater fees. The underlying premise for both types of fees is that local governments may charge, in a reasonable and equitable manner, for the facilities and services they provide or regulate.

In summary, the exercise of home rule powers by local governments is constrained by whether an inconsistent provision or outright prohibition exists in the constitution, general law, or special law regarding the power at issue. Counties and municipalities cannot levy a tax without express statutory authorization because the constitution specifically prevents them from doing so. However, local governments may levy fees and special assessments absent any general law prohibition provided the fee or assessment meets the relevant legal sufficiency tests.

Under Florida’s Constitution, local governments possess home rule powers and may, therefore, utilize a variety of revenue sources for funding services and improvements without express statutory authorization. Building Permit Fees are a type of regulatory fee imposed pursuant to the local government’s police powers in the exercise of its sovereign functions. The imposed fee cannot exceed the cost of the regulatory activity, and the fee is generally required to be applied solely to pay the cost of the regulatory activity for which it is imposed.

3 | 2 | 3 | . | x | x | x - **FRANCHISE FEES**

Franchise Fees are a type of proprietary fee imposed based on the assertion that local governments have the exclusive legal right to impose such fees. The imposed fee must be reasonable in relation to the privilege or service provided by the local government, or the fee payer receives a special benefit from the local government. Local governments may impose a fee upon a utility for the grant of a franchise and the privilege of using local government's rights-of-way to conduct the utility business. This franchise fee is considered fair rent for the use of such rights-of-way and consideration for the local government's agreement not to provide competing utility services during the franchise term.

The Florida Revenue Sharing Act of 1972 was a major attempt by the Legislature to ensure a minimum level of revenue parity across units of local government. An allocation formula is used to distribute 2.9 percent of net cigarette tax collections and 2.044 percent of sales and use tax collections among the qualifying counties. County population, unincorporated county population, and county sales tax collections are used in the formula to determine each county's portion.

**STATE REVENUE SHARING - INSURANCE LICENSE TAX⁷
(AKA INSURANCE AGENTS COUNTY LICENSES)**

County governments receive proceeds from an annual license tax on the original appointment and renewal of insurance representatives and agents selling various types of insurance products. The county tax portion is either \$6 or \$12 per original appointment or renewal. The county tax shall be paid by each insurer for each agent only for the county where the agent resides. If the agent's place of business is located in a county other than that of residence, then the county tax is paid based on where the place of business is located. If an agent maintains a place of business in more than one county, the county tax shall be paid by each insurer for each county where the agent represents the insurer and has a place of business. A county tax of \$3 per year shall be paid by each insurer for each county in this state in which an agent who resides outside of this state represents and engages in person in the activities of an agent for the insurer.

Municipal governments may also require a tax on insurance agents not to exceed 50 percent of the applicable state tax. This tax may apply only to those agents having business offices within the municipal jurisdiction. If no such office is required, the tax may be required by the municipal government where the agent's place of residence is located. An authorized use of the proceeds of the county or municipal tax is not specified in current law.

Eligible Entities include: County and Municipal Governments

A county government will receive proceeds if an agent does business within the county or has a business office located within the county.

A municipal government may receive proceeds if an agent's office is located within the municipal jurisdiction or the agent's place of residence is located within the municipal jurisdiction if no office is required.

Previously: Wireless 911 Board Distributions

Chapter 2007-78 L.O.F., merges the Wireline 911 Plan for landline telecommunications companies and the Wireless Emergency Communications Act under the name of Enhanced 911 Fee. The legislation creates the Enhanced 911 Board to oversee expenditure use.

Each voice communications services provider shall collect an Enhanced 911 (E911) Fee monthly from service subscribers. The fee rate shall be set, and may subsequently be adjusted, by the E911 Board, but may not exceed 50 cents per month per each service identifier. The intent of the fee is to provide funds to county governments to pay certain costs associated with their 911 or E911 systems and to reimburse wireless telephone service providers for costs incurred to provide 911 or E911 systems.

Expenditure/Expense Accounts

Expenditure/Expense Account Introduction

Expenditures are defined in a governmental fund accounting context as all decreases in fund net assets - for current operations, capital outlay or debt service - except those arising from operating and residual equity transfers to other funds.

Expenditures are classified by fund, organizational unit, function, activity and object. Furthermore, it is the intent of the Legislature that units of local government summarize their financial data in a functionally equivalent manner in order to facilitate comparison and analysis. The classification of expenditures has been developed to fulfill this requirement and to meet the external and internal reporting needs of local governments.

The Uniform Accounting System provides an expenditure code consisting of twelve digits, three for the fund, four for the identification of department and division and five to identify the transaction and other specific information.

Example:

Section 129.01, F.S., requires all counties to separate expenditures between the incorporated and unincorporated areas of the county. In order to provide a mechanism to make this separation, a one or two digit code is added to the expenditure accounts for all counties. A one-digit code provides a code for each area when there are nine or fewer areas. If there are more than nine and less than ninety-nine areas, a two digit code is necessary.

Example:

So, counties must use a fourteen digit expenditure/expense account code if it includes both incorporated and unincorporated areas while all other local government entities must use a twelve digit account code. The Uniform Accounting System does not provide the cost allocation system, which is necessary to make the required separation of expenditures between the incorporated and unincorporated areas. A cost allocation system will have to be developed individually for each county to provide reasonably accurate separation of expenditures in satisfying the requirements of Chapter 129, F.S.

Expenditure/Expense Account Codes

5 | x | x | . | x | x | x - EXPENDITURES/EXPENSES

The term “expenditures,” whether used in connection with the accrual or the modified accrual basis of accounting, denotes the cost of goods delivered or services rendered (whether paid or unpaid) including expenses, capital outlays and the provisions for debt retirement where such debt is not reported as a liability of the fund from which it was retired. Each expenditure should be analyzed and classified individually by transaction code, and object regardless of the organizational unit incurring it. Cost allocation may be necessary where material amounts of expenditures for a single organization unit cross function-activity lines.

5 | 1 | x | . | x | x - GENERAL GOVERNMENT SERVICES (NOT COURT-RELATED)

Services provided by the legislative and administrative branches of the local government for the benefit of the public and the governmental body as a whole. Appendix A

Budgetary Financial Reporting and Disclosure Guidelines

1. Chapter 129, F.S., establishes guidelines for the preparation, adoption and amendment of county budgets. Section 129.01(1), F.S., requires the preparation, approval, adoption and execution of an annual budget, which controls the levy of taxes and the expenditure of money for all county purposes. The budget must be balanced; that is, the total of the estimated receipts, including balances brought forward, must equal the total of appropriations and reserves. Similar provisions are included in Sections 166.241(2) and 189.418(3), F.S., for municipalities and special districts, respectively.
2. Pursuant to Governmental Accounting Standards Board (GASB) Codification Section 2400.102, local governmental entity financial statements prepared in accordance with Section 218.39(2), F.S., must include a Statement of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual for all governmental fund types for which annual budgets have been adopted pursuant to Sections 129.01(2)(b), 166.241(2), and 189.418(3), F.S. The minimum budget-basis presentation required for the financial statements is the aggregation by fund type of the appropriated budget adopted by the local governmental entity's governing body.
3. GASB Codification Section 2400.111 states that for budgetary reporting purposes it is desirable to provide note disclosure of the degree to which the reporting entity's financial operations are subject to a comprehensive "appropriated budget," "non-appropriated budget," or are non-budgeted financial activities. Accordingly, local governmental entity financial statements prepared in accordance with Section 218.39(2), F.S., should include notes to financial statements, which disclose both the legal level of budgetary control and, if applicable, more detailed levels of budgetary control established for management purposes. The legal level of budgetary control is the level of control established in the appropriated budget approved by the local governmental entity's governing body.
4. GASB Codification Section 2300.106h requires that the notes to the financial statements disclose material violations of finance-related legal and contractual provisions. If budget over-expenditures occur at the legal level of budgetary control that are material in relation to a local governmental entity's financial statements prepared in accordance with Section 218.39(2), F.S., the notes to financial statements should disclose that such budget expenditures are contrary to law.
5. GASB Codification Section 2300.106n requires that the notes to the financial statements disclose any excess of expenditures over appropriations in individual funds. If budget over-expenditures occur at the legal level of budgetary control in individual funds that are not apparent from a local governmental entity's financial statements prepared in accordance with Section 218.39(2), F.S., the notes to the financial statements should disclose the budget over-expenditure amounts by individual fund.
