COST ALLOCATION AGREEMENT
STATE AND LOCAL GOVERNMENTS

EIN #: 15-96001874

DATE: November 5, 2021

STATE/LOCALITY:
State of Florida
Department of Financial Services
200 East Gaines Street
516 Fletcher Building
Tallahassee, FL 32399

FILING REF: The preceding agreement was dated September 30, 2020

SECTION I: ALLOCATED COSTS

The central service costs listed in Exhibit A, attached, are approved on a Fixed basis and may be included as part of the costs of the State/local departments and agencies indicated during the fiscal year ending June 30. 2022 for further allocation to Federal grants, contracts, and other agreements performed at those departments and agencies.

SECTION II: BILLED COSTS

In addition to Section I, which provides for services furnished but not billed, the services listed below are furnished and billed to departments and agencies:

I. Special Revenue Funds
   1. Administrative Hearings Administrative Trust Fund - OAH
   2. Purchasing Trust Fund - PUR
   3. State Personnel System Trust Fund - HR

II. Internal Service Trust Funds
   4. DMS- Supervision and Facilities Pool Clearing Trust - SUP
   5. OMS-Technology Program-Communications Working Capital Trust - COM
   6. Agency for State Technology Working Capital Trust Fund - AST
   7. NWRDC-Northwest Regional Data Center Working Capital Trust - NWRDC
   8. DOS-Library and Information Services Trust Fund - LIS
   9. AGO-Legal Services Trust Fund - LEG

III. Self Insurance Funds
   10. DFS-Risk Management (WC, Auto/Gen Liability, Building Contents) - RIS
   11. DMS-Retirement - RET
   12. OMS-State Group Insurance (Life, Health, Disability, & Pretax) - SEI

STATE/LOCALITY: State of Florida
DATE: November 5, 2021

SECTION III: CONDITIONS

The amounts approved in Section I and the billings for the services listed in Section II are subject to the following conditions:

A. LIMITATIONS: (1) Charges resulting from this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract, or other agreement only to the extent that funds are available. (2)Such charges represent costs incurred by the State/locality which are legal obligations of the State/locality and are allowable under OMB Uniform Guidance (2 CFR 200). (3) The same costs that are treated as indirect costs are not claimed as direct costs. (4) Similar type of costs is accorded consistent accounting treatment. (5) The information provided by the State/locality which was used to establish this Agreement is not later found to be materially incomplete or inaccurate.

B. ACCOUNTING CHANGES: This Agreement is based on the accounting system purported by the State/locality to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the Cognizant Agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from an allocated cost to a billed cost. Failure to obtain such approval may result in cost disallowances.

C. FIXED AMOUNTS: If fixed amounts are approved in Section I of this Agreement, they are based on an estimate of the costs for the period covered by the Agreement. When the actual costs for this period are determined, adjustments will be made to the amounts of a future year to compensate for the difference between the costs used to establish the fixed amounts and actual costs.

D. BILLED COSTS: Charges for the services listed in Section II will be billed in accordance with rates established by the State/locality. These rates will be based on the estimated costs of providing the services. Adjustments for variances between billed costs and the actual allowable costs of providing the services, as defined by OMB Uniform Guidance (2 CFR 200), will be made in accordance with procedures agreed to between the State/locality and the Cognizant Agency.

E. USE BY OTHER FEDERAL AGENCIES: This Agreement was executed in accordance with the authority in OMB Uniform Guidance (2 CFR 200), and should be applied to grants, contracts and other agreements covered by this Circular, subject to any limitations in Paragraph A above. The State/locality may provide copies of this Agreement to other Federal Agencies to give them early notification of the Agreement.

F. SPECIAL REMARKS: As required by 2 CFR 200.431(b)(3)(i), State Agency Treats the payments for unused leave for separating employees as general administrative expense that is allocated to all activities of the agency.

Equipment definition-equipment means an article of nonexpendable tangible personal property having a useful life of more than one year and an acquisition cost of $5,000.00 or more per unit.

CERTIFICATE OF COST ALLOCATION PLAN

This is to certify that I have reviewed the cost allocation plan submitted herewith and to the best of my knowledge and belief:

(1) All costs included in this proposal dated December 2020 to establish cost allocations or billings for the Fiscal Year Ending June 30, 2022 are allowable in accordance with the requirements of this Part and the Federal award(s) to which they apply. Unallowable costs have been adjusted for in allocating costs as indicated in the cost allocation plan.

(2) All costs included in this proposal are properly allocable to Federal awards on the basis of a beneficial or causal relationship between the expenses incurred and the Federal awards to which they are allocated in accordance with applicable requirements.

Further, the same costs that have been treated as indirect costs have not been claimed as direct costs. Similar types of costs have been accounted for consistently.

I declare that the foregoing is true and correct.

Section A: Cost Allocation Methodology and Process

A. Cost Allocation Methodology and Process

The Cost Allocation Plan (CAP) provided in *Section C* was prepared by MAXIMUS Consulting Services, Inc. (MAXIMUS) for STATE OF FLORIDA. Utilizing our proprietary, web-based cost allocation system, MAXCAP™, MAXIMUS used cost data and allocation statistics to allocate the costs to departments/divisions/programs for Fiscal Year (FY) 2020.

MAXCAP uses a double step-down allocation procedure to distribute costs among Central Services and to departments that receive benefits. Using MAXCAP, costs are input by cost center identifications consistent with the entity's accounting code structure, which allows for efficient balancing with the entity's financial reporting systems. Additionally, MAXCAP provides for the inputting of allocation statistics appropriate for the distribution of the identified indirect cost pools. Credits for direct-billed payments, cost adjustments, and other valid and applicable costing factors are also facilitated within the software.

In this section, we provide an overview of our cost allocation methodology and process used to develop the CAP.

A.1 Cost Allocation Methodology

MAXIMUS employs a double step-down procedure that allows all Central Service Departments to allocate costs to all other Central Service Departments. Since Central Service Departments' costs are not simultaneously allocated, the process must be performed sequentially, one department after another. The second step-down allows for the equitable allocation of the costs the Central Service Departments receive from one another.

Typically, CAPs are compiled using a single step down or "waterfall" methodology in which the costs of Central Service Departments are allocated in an ordinal sequence with emphasis placed on ordering non-departmental and departmental cost groupings to optimize the flow of costs to recoverable program areas. Although this is an acceptable method resulting in accurate program allocations, it provides only partial information as to the costs of individual Central Service Departments and their significant activities.

To demonstrate the potential inequity of a single step-down, consider the costs of the Facilities Management and Purchasing activities. Facilities Management manages and maintains the office space that Purchasing uses to serve departments. Facilities costs are rightfully allocable to all the departments that have space in government buildings. If Facilities Management costs are allocated after Purchasing, the cost of Purchasing's space will be allocated to the other departments in the building. It could be argued that this method then allocates costs to departments disproportionate to the benefit received from those costs.

MAXIMUS double step-down approach mitigates potential allocation inequities and has been widely accepted by federal cognizant agencies for more than 30 years.

A.1.1 First Step-Down

The first step-down allows each Central Service Department to allocate to any other department, regardless of the sequence of the departments. The department also can allocate to itself providing the statistical measurements indicate a basis for the allocations.

Process
The process of allocating during this round is achieved sequentially, consistent with the order of the Central Service Departments. As each Central Service Department performs its allocations it allocates:

- Costs from entity financial records
- Cost adjustments
- Credits
- Costs received from other Central Service Departments that have completed their first round allocations
- Results

At the completion of the first step-down, each Central Service Department has the allocated costs from itself and from the Central Service Departments sequenced before it.

A.1.2 Second Step-Down

The rule for the second step-down is that each Central Service Department can allocate only to another department sequenced after the allocating department; provided that the statistical measurements indicate a basis for the allocations.

Process
The process of allocating during the second step-down is achieved sequentially and consistent with the order of the Central Service Departments. As each Central Service Department performs its allocations, it allocates:

- Costs received from other Central Service Departments that have completed their second round allocations
- Costs received in the first step-down from itself and from the Central Service Departments sequenced after the allocating department

Results
At the completion of the second step-down, each Central Service Department has completed all allocations and all Central Service Departments have been cleared of all costs. The costs have either been adjusted out of the cycle or sent to Receiving Departments based on the allocation statistics.

A.1.3 Supplemental Comments

When the relationship between and among the Central Service Departments is greatly intertwined, it may be prudent to implement three or more step-downs. Typically, the double step-down is sufficient to accomplish an equitable allocation of all costs.

If more than two step-downs are required, the rules for all rounds of allocation — except the final round – are the same as defined above for the first step-down. The final round always follows the rules, as defined above, for the second step-down.

A.2 Cost Allocation Process

The process utilized by MAXIMUS in developing the CAP and tracking costs within it is discussed below.

A.2.1 Initiating the Process

Working in conjunction with the entity, MAXIMUS determines data to be included within the cost allocation process based on:

- Application of federal cost principles or full costing principles, as applicable
- Interviews
- Review of financial documents
- Review of organizational structure
- Analysis of statistical data relative to benefit of services provided

A.2.2 Establishing the Cost Pools to be Allocated

MAXIMUS analyzes the organizational structure of the entity to determine which departments or cost pools provide services to other departments/divisions/programs. These cost pools become the “Central Service Departments” in the CAP.

Next, each cost pool is evaluated to determine the activities or services provided. The costs are then broken into subparts or activities such that each activity can be allocated on a statistical measure that is relevant to the service provided and the benefit received.

Line items of expenditures are analyzed to determine which activities receive the benefit of the costs. Distributions of these costs are made according to the determined benefit of each activity.

A.2.3 Establishing the Statistical Measurements or Bases for Allocation

MAXIMUS evaluates available statistical measurements to establish the most equitable and meaningful basis for allocating each activity within each Central Service Department. Consideration is given to determining the measurement that most appropriately demonstrates its relationship to the receiving units. For example, an activity that is driven by the number of employees within the benefiting departments can be allocated by number of employees. Similarly, an activity that is driven by the number of transactions for each benefiting department can be allocated by the number of transactions.

A.2.4 Accommodating Exceptions and Adjustments

Applicable cost adjustments for unallowable costs and/or capitalized assets are incorporated into the appropriate schedules. Credits for direct billings, special revenues, etc. are entered into the computation.

A.2.5 Developing the CAP

The MAXIMUS Cost Allocation Plan typically is organized as follows:

- Cover
- Certification, if required
- Table of Contents
- Cost Allocation Methodology and Process
- Organizational Chart

- CAP: Summary and Detail Schedules
- Supplemental Materials

Below, we discuss each of the summary and detail schedules included in a CAP.

Summary Schedules
The summary schedules provide a recap of the results of the cost allocation process. The following explanations define the purposes of each of the typical schedules included in the cost allocation plan.

Schedule A – Allocated Costs by Department: Schedule A demonstrates for each Receiving Department the costs received from each Central Service Department. This schedule answers the question: Which Central Service Department actually allocated the costs to each Receiving Department?

This schedule does not necessarily demonstrate the Central Service Department from which the costs originated. For example, costs sent from Purchasing to Accounting and then to a Receiving Department will be recorded on Schedule A as being from Accounting.

Schedule B – Fixed Costs Proposed: Schedule B recaps the roll forwards calculated for the Receiving Departments.

The Receiving Departments are shown down the left-hand side of the page, while details of the roll forward calculation for particular Receiving Departments are on the rest of the line.

The first column is the *Allocated Costs* for the current fiscal year, which lists the total costs allocated to this Receiving Department. This number will reconcile to the total allocated to the department on Schedule A.

The next column is the *Base Year Estimated Costs* for the fiscal year that have been used for the current period. The *Roll Forward* column is the sum of the Roll Forwards identified to the respective Receiving Department from the Schedule _.6 – Department Roll Forward (described below) from each Central Service Department.

The *Fixed Costs* column is calculated by adding in the *Allocated Costs* column for the current fiscal year and the *Roll Forwards* column. The *Proposed Costs Future Period* column is the resulting sum of the *Fixed Costs* and any adjustments from the *Adjustment*s column.

Schedule C – Summary of Allocated Costs: Schedule C is the simplest report to use when balancing to the financials. It demonstrates the costs to be allocated, the adjustments made to these costs, and the results of the allocations. This schedule demonstrates the full sequence of all departments with the Central Service Departments listed first and in the order of their allocating sequence.

The Receiving departments follow the Central Service Departments with the total allocations received from all Central Service Departments.

Schedule D – Detail of Allocated Costs: Schedule D provides a view of the allocation flow of costs for each Central Service Department. This schedule allows the reader to see how the process sequentially "zeroes out" all of the Central Service Department costs and allocates them to Receiving Departments.

Schedule E – Summary of Allocation Basis: Schedule E demonstrates, for each Central Service Department, the services or activities of the Central Service Department and the basis for the allocation of each activity. This schedule is a convenient reference for reviewing the activities identified for each Central Service Department. This is particularly important when preparing a new plan and incorporating

organizational and services changes.

Schedule H – Summary of Fixed Costs: Schedule H summarizes the fixed costs/roll forwards that appear with the detail reports. Receiving Departments are listed down the left-hand side of the report and the Central Service Departments are listed across the top of the report. Each cell contains the fixed amount calculated on the detail roll forward schedules. These amounts are then summarized on the *Total Fixed* line at the bottom of the report.

Detail Schedules
The detail schedules demonstrate the original costs being allocated by each Central Service Department. In these schedules, the adjustments are applied; the activities are defined; the incoming costs from other Central Service Departments are detailed; the allocation calculations for both step-downs are documented; and the results for each Central Service Department are summarized.

When tracking costs, typically the schedules are reviewed in reverse order tracking from summary information back to detail information. This is discussed further in *Section A.2.6: Tracking Costs within the CAP*.

Schedule _.1 – Nature and Extent of Services: Schedule _.1 is a brief narrative defining the purpose of the Central Service and the benefit it provides to the Receiving Departments. The narrative also describes the allocation basis used for each activity and any other relevant information on expenditures.

Schedule _.2 – Costs to be Allocated: Schedule _.2 provides an overview of the total costs allocated by each Central Service Department including:

- Expenditures from the financial reports — balances to Schedule C
- Adjustments to financial reports — balances to Schedule C
- Incoming costs from other Central Service Departments

The incoming costs are presented in columns that represent when these costs are allocated by the Central Service Department, not when the costs are received. As explained in *Section A.1: Cost Allocation Methodology*, the costs that are received from Central Service Departments sequenced after the given department are held for allocation in the second step-down.

Schedule _.3 – Costs to be Allocated by Activity: Schedule _.3 provides the following:

- Expenditures from the financials are defined by type of expenditure and by activities (to the extent deemed necessary) to ensure the application of allocation bases that closely correlate to the benefits derived by the Receiving departments. Each activity is represented in its own column. The totals balance with both Schedule C and Schedule _.2 expenditure amounts.
- Adjustments to the financial reports are applied to expenditures and the results spread to the appropriate activities.
- Incoming costs are demonstrated first in total and then spread to the appropriate activities for allocation for each step-down. The totals for each step-down balance to the totals on Schedule _.2. It should be noted that incoming costs may be coded to spread to only the activities that receive benefit from the services.

Schedule _.4 – Detail Activity Allocations: Schedule _.4 represents the allocation results by activity. Each activity defined on Schedule _.3 is demonstrated on a Detail Allocation Schedule. Because the number of activities varies, the number of the last of these schedules varies.

Schedule _.4 includes:

- Statistical measurement used as a basis for allocation
- Identification of statistical measurement
- Source of the statistical measurement
- Percent relationship of each statistical measurement to the whole or total statistical measurement base
- Results of the first step-down — balances to functional total after first additions on Schedule_.3
- Results of the second step-down — balances to functional total of second additions on Schedule _.3

The totals allocated from both step-downs balances to the functional grand total from Schedule _.3. Note the results of the second step-down. This schedule clearly demonstrates how the second step-down allocates only to departments sequenced after the allocating department.

Schedule _.5 – Allocation Summary for each Central Service Department: Schedule _.5 provides a summary of costs allocated by each activity. The activity totals balance to the totals from each Detail Activities Allocation schedule defined above.

The totals allocated to the Receiving Departments will balance to Schedule A for the allocating department.

Schedule _.6 – Department Roll Forward: Schedule _.6 lists all roll forward information within a given department and calculates the amounts for each Receiving Department.

Each Receiving Department will be printed on its own line for this report. For each Receiving Department, the amount allocated to it is printed under the *Allocated Costs* column (the first column), which is the actual costs as calculated by this plan for the current period.

The second column —*Base Year Estimated Costs* — is used as a base for the current period's calculation. If they are more or less than the actual costs for this period, the difference can be added to the current costs to arrive at the forecast for the next period.

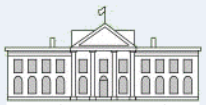
The third column, *Roll Forwards*, is calculated as the difference between the first two columns.

The *Allocated Costs* column plus the *Roll Forwards* column will give us the amount to use as the *Fixed Costs* in the next period, the fourth column.

These numbers are entered here and on Schedule H of the summary reports. They are also summarized on Schedule A for each Receiving department.

A.2.6 Tracking Costs within the CAP

When costs are questioned, MAXIMUS utilizes our standard tracking process in order to resolve any issues with Schedule A where the questioned cost is usually identified.



From Schedule A, we identify the allocating Central Service Department. From the CAP Table of Contents the appropriate detail schedules for the allocating department are identified. Tracking begins with the last detail schedule. Once the questioned amount is located, our analysis of the summary amounts by activities indicates which detail allocation schedules to review.

Review of each detail schedule will demonstrate the relative benefit received by the Receiving Department for the portion of the questioned cost attributable to each activity. Continuing backward through the detail schedules, the composition of the total functional costs is reviewed.

At this point, any remaining questions are typically in regard to the incoming costs. If these costs are questioned, we can use Schedule _.2 to identify which department allocated the questioned incoming costs. Referring again to the CAP Table of Contents, the detail schedules for the sending Central Service Department can be located. Tracking continues by repeating these steps until all issues have been resolved.

Office of Program Policy Analysis and Government Accountability – September 2019

1. The Public Service Commission is an arm of the legislative branch of government (s. 350.001, *Florida Statutes*).
2. The Administration Commission and the Land and Water Adjudicatory Commission are composed of the Governor and the Cabinet (ss. 14.202 and 380.07, *Florida Statutes*).
3. The Commissioner of Agriculture is not a member of the State Board of Administration (Article IV, Section 4(e), *Constitution of the State of Florida*).
4. The Agency for State Technology was consolidated into the Department of Management Services on July 1, 2019 via Ch. 2019-118, *Laws of Florida*.
5. The Division of Administrative Hearings is created as a division of the Department of Management Services, but the director/chief administrative law judge, who is appointed by the Administration Commission, is the agency head for all purposes. The division is a separate budget entity and is not subject to control, supervision, or direction by the Department of Management Services (s. 120.65(1), *Florida Statutes*).
6. County health departments have a contractual relationship with the Florida Department of Health (s. 154.01(3), *Florida Statutes*).
7. Water management districts have individual governing boards but the Department of Environmental Protection may exercise general supervisory authority over water management districts (s. 373.026(7), *Florida Statutes*).

2 CFR Part 200, “Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards,” provides guidelines for reimbursement of depreciation for fixed assets. The annual depreciation expense of fixed assets has been included in this plan and allocated to the central services using the actual depreciation expense.

For Department

No records found

The Office of Program Policy Analysis and Government Accountability (OPPAGA) conduct annual reviews of state agencies and their programs to help improve performance and accountability of state government. The costs associated with the Florida Monitor Weekly, a weekly electronic newsletter of policy research of interest to Florida policymakers, and research and technical assistance to legislators and legislative committees have been disallowed and have not been allocated within this plan. Remaining OPPAGA expenditures (General Revenue 1192-xx-xx-xxx) have been allocated to benefiting agencies based on the hours spent reviewing each agency. Contractual services costs incurred by OPPAGA that benefit specific agencies or entities have been separately identified and allocated as follows:

- Corrections - allocated directly to the Department of Corrections
- Universities - allocated using the number of authorized FTE's by university
- Colleges - allocated directly to Community Colleges
- Local Government - allocated directly to "All Other" and have not been allocated to state agencies

The Office of the Auditor General annually performs financial, compliance, system and program audits of the accounts and records of all State agencies. In addition, it is the Auditor General's duty to develop an overall plan for management accounting and reporting designed to provide an economical and efficient management accounting system for State agencies, consistent with generally accepted governmental accounting principles.

Audit Services have been allocated based on the total audit hours by State agency. Audit hours specifically identified for ARRA-related audit activities have been allocated to a separate receiving department ("ARRA") and have not been allocated to benefiting agencies within this plan. These costs may be allocated or direct billed to benefiting ARRA funding based on a methodology approved by the United States Department of Health and Human Services, Cost Allocation Services (HHS/CAS). The audit hours reported for local governments, school districts, and "Operational Audits" of state agencies have been assigned to "All Other" and have not been allocated to state agencies.

The Department of Financial Services Division of Administration provides administrative support to all divisions of the department, which includes the Division of Information Systems, Accounting & Auditing, and all other operations of Financial Services (receiving department). The expenses are recorded to the General Revenue and Administrative Trust Funds and include the following organizations:

- CHIEF FINANCIAL OFFICER
- OFFICE OF INSPECTOR GENERAL
- CHIEF OF STAFF
- OFFICE OF STRATEGIC PLANNING
- DEPUTY CHIEF FINANCIAL OFFICER
- OFFICE OF BUDGETING
- DIVISION OF ADMINISTRATION
- BUREAU OF FINANCIAL SERVICES
- DISBURSEMENT SECTION
- RECEIPTS SECTION
- RECONCILIATIONS AND REPORTING SECTION
- BUREAU OF HUMAN RESOURCE MANAGEMENT
- LEARNING AND DEVELOPMENT
- BUREAU OF GENERAL SERVICES
- PROPERTY AND RECORDS MGMT
- MAIL SERVICES SECTION
- SUPPLY SERVICES SECTION
- PRINTING SERVICES
- PURCHASING SERVICES
- OFFICE OF PUBLICATIONS
- OFFICE OF PURCHASING AND CONTRACTUAL SERVICES
- GENERAL COUNSEL
- PUBLIC RECORDS - GEN COUNSEL
- DIVISION OF LEGAL SERVICES

Incoming indirect expenses, which are statewide central service expenses, have been proportionally allocated to the Division of Information Systems, Accounting, Auditing, Payroll, and the Financial Services receiving department based on relative salary expenses. Direct Administration expense has been allocated based on relative salary expense within the central service department, with the remainder directed to Intra-departmental expense for exclusion.

Miscellaneous unallowable costs have been separately identified and have not been allocated within this plan.

The Office of Information Technology (OIT) of the Department of Financial Services allocates the following General Revenue and Administrative Trust Fund expenses in budget entities 43010300 (Information Technology) and 43010500 (Info Technology – FLAIR). This allocation is accomplished based on the total number of FLAIR transactions processed for each state agency.

Activities and functions of OIT not allocable to other state agencies have been separately identified and excluded from the cost allocation process. Further, miscellaneous unallowable costs have been separately identified and have not been allocated within this plan.

The Accounting and Auditing Division of the Department of Financial Services (DFS) has the responsibility of settling all claims brought against the State of Florida. The division has been functionalized, based on expenditure detail, into functional areas that are responsible for the accounting for all State expenditures, preparation of combined financial statements, pre-auditing and approving all State requests for warrants, and maintaining a central payroll system. The functional areas to be allocated, and the methods, have been described below:

Accounting - Expenses have been allocated based on the number of FLAIR transactions processed for each State agency.

Auditing - Expenses have been allocated to all State agencies based on the number of expense warrants.

Payroll - Expenses have been allocated based on the number of authorized FTE's per State agency.

Costs identified to Local Government have not been allocated within this plan. Similarly, miscellaneous unallowable costs have been separately identified and have not been allocated within this plan.

The Department of State includes Administrative Services expenses that provide indirect cost support to another central service department and the Secretary of State receiving department. The expenses defined as Administrative Services include: General Revenue 45-01-02-10-100 (Inspector General's Office), 45-01-02-10-130 (General Counsel's Office), 45-01-02-20-210 (Office of the Division Director), 45-01-02-20-250 (Bureau of Planning, Budget & Financial Services), 45-01-02-20-260 (Bureau of Departmental Services), 45-01-02-20-271 (General Services), 45-01-02-20-272 (Purchasing), 45-01-02-20-281 (Office of the Bureau Chief), and 45-01-02-20-283 (Departmental Applications Section). These expenses have been allocated to Secretary of State, Library and Information Services Division, and the Intra-Department Administration receiving department based on the relative salary expense per area served. Costs identified to 45-01-02-10-010 (Secretary/Assistant Secretary of State), 45-01-02-10-110 (Legislative Affairs Office), 45-01-02-10-120 (Communications Office), and 45-01-20-282 (FVRS Applications Section) have not been allocated within this plan.

Incoming indirect expenses are statewide in nature and have been directly assigned to the Division of Library and Information Services and the Secretary of State receiving department based on relative salary expense.

Department Total:	5,097,600	5,294,072	(196,472)	4,901,128

The Library and Information Services Division is comprised of three bureaus: (1) Bureau of Library and Network Services (40-01-20-000); (2) Bureau of Library Development (40-01-30-000); and (3) Bureau of Archives and Records Management (40-01-50-000). The Bureau of Archives and Records is further comprised of a Technical Services section and a Public Services section.

For cost allocation purposes, the costs of the Library and Information Services Division Director (40-01-10-000) and Division Support Services (40-01-10-100) have been allocated to the three bureaus comprising the Division on the basis of the relative salaries & wages cost recorded to each of the three bureaus.

The costs of the Bureau of Library and Network Services and the Bureau of Library Development have not been allocated within this plan. The costs of the Bureau of Archives and Records Management have been allocated to the Technical Services and Public Services sections comprising the Bureau on the basis of the total salaries and wages identified to each section from the Department's accounting records.

The Technical Services section is primarily responsible for providing records management assistance to agencies. The services provided may include assisting agencies with the development of retention schedules and other records management functions that are not billed for through the Records Management Trust Fund. Accordingly, the General Revenue costs related to the Technical Services section have been allocated using the number of hours for scheduling, disposition and technical services on records identified to each benefiting agency. The costs of the Public Services section have not been allocated within this cost plan.

The Department of Management Services is statutorily required to license, support, and maintain the Statewide Travel Management System on behalf of the executive branch state agencies and the judiciary. This system is provided to: collect and store information relating to public officer or employee travel information; standardize and automate agency travel management; allow for travel planning and approval, expense reporting, and reimbursement; and allow travel information queries. Employee travel information includes, but is not limited to, name and position title; purpose of travel; dates and location of travel; mode of travel; confirmation from the head of the agency or designee authorization, if required; and total travel cost. In addition, public viewing access via web portal to travel reports is provided as required by the General Appropriations Act. The Statewide Travel Management System standardizes and automates travel management across state government. The costs of the Statewide Travel Management System (STMS) have been allocated using the number of travel forms submitted/approved for each agency.

Communications Engineering includes activities unrelated to the Communications System Trust Fund, which operations are reported as a Section II cost and reconciled outside of the SWCAP. The activities included in this schedule are responsible for providing engineering services to state agencies and other government entities.

The Wireless Services Section, accounted for in Budget Entity 72900200 and organization 72-90-2x-xx-xxx, represents engineering work provided to state and non-state agencies. These costs are funded by General Revenue and/or public assessments from vehicle registrations recorded to the Radio System Trust Fund. These costs have been allocated based on the number of wireless services radios identified to each benefiting agency for the fiscal year.

The Public Employees Relations Commission (PERC) is responsible for promulgating, adopting, and enforcing rules and regulations under which public employees in the State may join together for the purposes of bargaining collectively with their employer and in the selection of a responsible agent to represent them in such bargaining. PERC (Budget Entity 72920100) is also responsible for hearing and adjudicating controversies arising between public employers and public employer organizations and for the certification of bargaining agents authorized to represent employee groups desiring the services of such agent. PERC expenses have been allocated to State agencies based on the number of cases addressed during the fiscal year.

The State Health Insurance Trust Fund is primarily funded through premium contributions received from participating active and retired state employees and the State as employer. The Retirement System Trust Fund premiums/billings include contributions made on behalf of participating members in state agencies, counties, school districts, community colleges, cities, and special taxing districts.

The Department of Management Services (DMS) prepares an annual allocation of its department administrative costs to the funds that it administers, including the Retirement and State Health Insurance Trust Funds. For FY 2020, the administrative allocations attributable to the Communications and Legislative Affairs functions were $52,458 and $43,676, respectively, for the Retirement System Trust Fund and $20,996 and $17,482, respectively, for the State Health Insurance Trust Fund.

Based on previous negotiations, USDHHS has required that these allocated costs be adjusted for in Section I of the cost allocation plan. For purposes of this cost allocation plan, a credit adjustment equal to the DMS administrative costs allocated to the Retirement Trust Funds and the State Health Insurance Trust Funds for Communications and Legislative Affairs have been allocated using the number of authorized FTE position as identified to benefiting state agencies and universities.

STATE OF FLORIDA
STATEWIDE COST ALLOCATION PLAN
Allocation Description

2.4 OPPAGA Services

The Office of Program Policy Analysis and Government Accountability (OPPAGA) central service has been allocated using five functions. The costs associated with OPPAGA Services to agencies have been allocated based on the total hours identified to each state agency. Hours associated with “Legislative Process Reviews” and other direct hours that do not pertain to work directed by statute and/or resulting in a published report have been assigned to “All Other” for cost allocation purposes. These hours have not been allocated to state agencies. Operating Expenses that directly benefit Corrections have been separately identified allocated directly to the Department of Corrections. Operating Expenses that directly benefit Universities have been separately identified and allocated to universities using the number of authorized full-time equivalent (FTE) positions identified to each university. Operating Expenses that directly pertain to Colleges have been separately identified and allocated directly to Community Colleges. Operating Expenses that benefit local governments have been separately identified and allocated to “All Other;” these costs have not been allocated to state agencies. The detail provided on the following page represents what has been included as the allocation data in the plan.

Allocation Description

3.4 State Audit Services

The Auditor General central service has been allocated as a single function based on the audit hours identified to each state agency audited. The allocation statistical workpaper that follows this narrative totals 375,291.50 hours. Of these hours, 154,104.75 hours are for "Operational Audits," which have been assigned to "All Other" and have not been allocated to state agencies. Additionally, 94,012.25 hours identified to District School Boards and Local Governments have also been assigned to "All Other" and have not been allocated to state agencies. The detail provided on the following page represents what has been included as the allocation data within the plan.

STATE OF FLORIDA
STATEWIDE COST ALLOCATION PLAN
Allocation Description

6.4 Accounting and Auditing

The Division of Accounting and Auditing central service has been functionalized into five areas.

1. **Accounting** - has been allocated based on the number of FLAIR transactions identified by benefiting department. Please reference the FLAIR transaction summary for this data.
2. **Auditing** - the number of expense warrants by state agency has been used as the allocation statistic for the Auditing function. The workpapers following this narrative and the transaction report details the allocation statistic for the Auditing function.
3. **Payroll** - has been allocated based on the number of authorized positions per state agency. The Position and Rate Ledger report is provided for these statistics.

STATE OF FLORIDA
STATEWIDE COST ALLOCATION PLAN
Allocation Description

7.4 DOS - Administrative Services

The Department of State (DOS) Administration central service has been allocated to central service and receiving divisions based on relative salary expense. Pursuant to previous negotiations, the Department of State administrative costs recorded to 45-01-02-10-010 (Secretary/Assistant Secretary of State), 45-01-02-10-110 (Legislative Affairs Office), and 45-01-02-10-120 (Communications Office) have not been allocated within this plan. The allocation workpapers supporting the salary allocation basis for the Department of State receiving divisions follows.

STATE OF FLORIDA
STATEWIDE COST ALLOCATION PLAN
Allocation Description

8.4 Library and Information Services

The Division of Library and Information Services central service has been functionalized into two allocable functions. The first function, "Records Management Administration," has been allocated to central service and receiving organizations based on relative salary expense. The second function, "Technical Services," has been allocated based on the total hours devoted to scheduling, disposition and services. Each basis for allocation follows this narrative.

STATE OF FLORIDA
STATEWIDE COST ALLOCATION PLAN
Allocation Description

11.4 Public Employees Relations Commission (PERC)

The Public Employees Relations Commission central service has been allocated within two functional areas. The first functional area, “PERC – Career Service” has been allocated based on the number of career service (CS) cases identified to benefiting agencies. The second function, “PERC – Other” is allocated using all other cases brought to the Commission. The following pages provide the supporting documentation for the allocation bases.

STATE OF FLORIDA
STATEWIDE COST ALLOCATION PLAN
Allocation Description

12.4 Section II Adjustments

The Department of Management Services (DMS) has administrative responsibilities over the Retirement and State Group Insurance Funds. Accordingly, DMS performs an annual cost allocation process to allocate Department administrative costs to the various funds administered by the Department. The cost allocation process quantifies the "Administrative Assessment" to each Fund. Based on previous negotiations, the Administrative Assessment amounts for the "Communications" and "Legislative Affairs" functions have been separately identified as unallowable costs. A credit for these amounts has been allocated within Section I of the Central Services Cost Allocation Plan based on the total Full-Time Equivalent (FTE) positions identified to state agencies and universities. The following pages provide the supporting documentation for the allocation bases.

12.4.1 RETIREMENT TRUST FUND

SECTION II

SUPPORTING DOCUMENTATION

BILLED SERVICES

THE 2022 STATEWIDE COST ALLOCATION PLAN FOR THE STATE OF FLORIDA

Based On Actual Expenditures
For The Fiscal Year Ended June 30, 2020

State of Florida
Services Furnished and Billed To Other Departments
For The Fiscal Year Ended June 30, 2020

This document includes required information for internal service funds and for self insurance funds pursuant to Appendix V to 2 CFR Part 200, Section E.3.

Billed Services

The following represents a list of billed services for the State of Florida:

I. Special Revenue Funds

A. Department of Management Services
   a. State Personnel System Trust Fund – HR
   b. Administrative Hearings Administrative Trust Fund – OAH
   c. Purchasing Trust Fund – PUR

II. Internal Service Funds

A. Department of Management Services
   a. Communications Working Capital Trust Fund – COM
   b. Facilities Supervision and Pool Clearing Trust Fund – SUP

B. Agency for State Technology (AST)
   a. AST Working Capital Trust Fund - AST

C. Northwest Regional Data Center (NWRDC)
   a. NWRDC Working Capital Trust Fund - NWRDC

D. Department of State
   a. Library and Information Services Trust Fund – LIS

E. Attorney General's Office
   a. Legal Services Trust Fund – LEG

III. Self Insurance Funds

A. Department of Financial Services
   a. Division of Risk Management (Workmen's Compensation, Auto/General Liability, Building Contents Insurance) – RIS

B. Department of Management Services
   a. Division of Retirement – RET
   b. Division of State Group Insurance (Life Insurance, Health Insurance, Disability Insurance, and Pretax Benefits Trust Funds) - SEI

C. Statement of Actuarial Opinion
   a. Actuarial Report for all Statewide Insurance Coverage

For each fund the numbered items are tabbed as follows:

- A brief description of how the rates are established and how the rates are reconciled (1).
- The worksheet “Reconciliation of Fund to Federal Guidelines” with summary worksheet and prior year reconciliation (2).
- A copy of each fund’s Trial Balance for FYE 2020 (3).
- Description of the internal service/special revenue/self insurance fund (4).
- Revenues by state agency (5).

As confirmation of state billed services that have been waived from the 2 CFR Part 200 documentation requirements please reference the letter that follows.

DMG MAXIMUS
Helping Government Serve The People

February 25, 1999

Mr. Charles Seed, Director
Division of Cost Allocation
Financial Management Services
U.S. Department of Health and Human Services
330 Independence Avenue, SW
Cohen Building, Room 1067
Washington D.C. 20201

Dear Mr. Seed:

DMG-MAXIMUS is preparing the 2000 State of Florida SWCAP. On behalf of the State of Florida, DMG-MAXIMUS respectfully requests that the submission of the supporting documentation for the following Section II areas be waived. The documentation has been submitted in the past three years due to the change in cognizant responsibility from the Dallas office of USDHHS-DCA to the Washington DC office of USDHHS-DCA.

- Motor Vehicle Working Capital Trust Fund of $1.939M in FYE 1997,
- Surplus Property Revolving Trust Fund of $1.312M in FYE 1997,
- Insurance Commission Regulatory Trust Fund (Fire Inspections) of $1.017M in FYE 1997,
- Records Management Trust Fund of $1.499M in FYE 1997,
- Federal Civil Rights Action/Court Awards (reporting previously waived).

In each case the billing fund is less than the five million dollar in revenue collected threshold as identified in Attachment C, Section E, Number 3, Billed Services Documentation Requirements of OMB Circular A-87. The State of Florida would commence reporting on these funds should the revenues exceed the five million-dollar thresholds in the future.

Please affirm our request through signature of this letter or through correspondence and return to:

Ms. Janice Hamer
Executive Office of the Governor
The Capitol, Room 1603
Tallahassee, Florida 32399-0001
Facsimile (850) 488-9005

If you have any questions or need additional information, please call Ms. Janice Harter at (850) 487-0103.

Sincerely,

Robert T. Wigen
Manager, Cost Allocation

RTW/me

Personnel System Trust Fund

TAB

Personnel System Trust Fund
HR 1

STATE OF FLORIDA
DEPARTMENT OF MANAGEMENT SERVICES
STATE PERSONNEL SYSTEM TRUST FUND
Description of Billed Services

The State Personnel System Trust Fund[1] is a special revenue fund that supports the Division of Personnel Management System and coordinates the hiring and maintaining of authorized positions determined in the legislative appropriations act. The Trust Fund, under statutory guidelines, may implement additions, transfers or deletions of positions. Human Resource Management helps the State Personnel System agencies (executive branch agencies that have employees in the Career Service, Selected Exempt Service and/or Senior Management Service pay plans) manage more efficient and effective human resource programs by providing technical assistance, training, and information in the form of:

- development of policy and program manuals and guidelines;
- administration of classification and compensation plans;
- development of statewide program reports;
- administration of training and professional development programs; and
- providing administrative oversight and management of the personnel information system to support human resource processes and transactions.

The State Personnel System Trust Fund revenues are collected from a flat fee assessment determined yearly by the legislature. There are no policies for reconciliation of the fund as it is a special revenue fund and the assessment has never been set to fully fund the personnel system.

For purposes of the reconciliation of fund balance to federal guidelines, allocable Statewide Cost Allocation Plan Fixed Costs have been included as an allowable expenditure. Operating transfers in from other agencies into the fund have been listed as revenues to the fund. Operating transfers out of the fund to other agencies for billed services have been treated as expenditures.

Payments made during the fiscal year that represent administrative fees payable to the General Revenue Fund pursuant to Florida Statutes (recorded in General Ledger code 75800) and Administrative Assessments (included in General Ledger code 75700) for Communications and Legislative Affairs have been treated as unallowable costs for federal reconciliation purposes.

PLEASE NOTE: In particular years when the excessive balance is positive there may be several reasons to consider. One is that this fund is on a 90 day billing cycle. Another is that state GAAP treats this fund as a special revenue (governmental type) fund, but under OMB guidelines it is considered an internal service fund.

Most importantly, the rate per employee is established by the Legislature (please reference TAB HR 4). Typically the fund will build in the first few years after a new rate is set, and then gradually decline until the Legislature decides a new rate is required. Therefore, any excess costs will be recovered in later years.

[1] Description of State Personnel System Trust Fund responsibilities and billing methodology are from the Florida Statutes and conversations with DMS Administrative Services.

ADMINISTRATIVE ASSESSMENT SUMMARY

Methodology:

Establish Administrative Cost Pools to accumulate costs by distinct administrative function or type of activity.

For each Administrative Budgetary Entity, identify a basis for distributing the costs of that entity to Administrative Cost Pools.

Establish Program Entities to accumulate costs by program activity.

For each Administrative Cost Pool, establish a discreet basis for allocating accumulated costs in the pool to Program Entities.

I. The following Administrative Cost Pools are established to accumulate costs by distinct administrative function:

Office of the Secretary
Information Technology
Communications
General Counsel
Inspector General
Legislative Affairs
Budget Office
Financial Management Services - Disbursements
Financial Management Services – Revenue
Financial Management Services-Control Section (includes PAM)
Human Resources
Mail Room Operations
Departmental Purchasing

II. The Appropriated Funds are designated as the Program Entities.

III. The following bases were used for the allocation of Administrative Budget Entities costs:

Office of the Secretary - Direct allocation to Program Entities based on appropriations and FTE.

Information Technology - Direct allocation to Program Entities based on appropriations and FTE.

Communications Office - Direct allocation to Program Entities based on appropriations and FTE.

Office of the General Counsel - Direct allocation to Program Entities based on hours.

Legislative Affairs - Direct allocation to Program Entities based on appropriations and FTE.

Office of the Inspector General - Direct allocation to Program Entities based on appropriations and FTE.

Budget Office - Direct allocation to Program Entities based on appropriations.

Disbursements Section (FMS) - Allocation to Program Entities based on number of disbursement transactions. Transactions 51's and 70's.

Revenue Section (FMS) - Allocation to Program Entities based on number of revenue transactions. Transactions 30's, Transactions 96's and Invoices.

Control Section (FMS) - Allocation to Program Entities based on the average percent of disbursements and revenue transactions.

Human Resources - Direct allocation to Program Entities based on number of positions.

Mail Room - Allocation to Program Entities based on pieces of mail.

Departmental Purchasing - Direct Allocation to Program Entities based on Purchase Orders processed. Transactions 60's.

IV. The administrative assessment fee is charged on a monthly basis.

COST ALLOCATION AGREEMENT
STATE AND LOCAL GOVERNMENTS

STATE/LOCALITY:
State of Florida
Department of Financial Services
200 East Gaines Street
516 Fletcher Building
Tallahassee, FL 32399

DATE: August 29, 2019

FILING REF.: The preceding Agreement was dated 8/3/18

SECTION I: ALLOCATED COSTS

The central service costs listed in Exhibit A, attached, are approved on a Fixed basis and may be included as part of the costs of the State/local departments and agencies indicated during the fiscal year ended June 30, 2020 for further allocation to Federal grants, contracts and other agreements performed at those departments and agencies.

SECTION II: BILLED COSTS

In addition to Section I, which provides for services furnished but not billed, the services listed below are furnished and billed to State/local departments and agencies.

I. Special Revenue Funds
1. Administrative Hearings Administration Trust Fund-OAH
2. Purchasing Trust Fund-Pur
3. State Personnel System Trust Fund-HR

II. Internal Service Trust Funds
4. DMS-Facilities Program Supervision, Financing, & Pool Trust-Sup
5. DMS-Technology Program-Communications WC Trust-COM
6. DMS-Agency for State Technology Working Capital Trust Fund-AST
7. NWRDC-Northwest Regional Data Center
8. DOS-Library and Information Services Trust Fund-LIS
9. AGO-Legal Services Trust Fund-LEG

III. Self Insurance Funds
10. DFS-Risk Management (WC, Auto/Gen Liability, Building Contents-RIS)
11. DMS-Retirement-RET
12. DMS-State Group Insurance (Life, Health, Disability, & Pretax-SEI)

State of Florida
August 9, 2019

Section III: CONDITIONS

The amounts approved in Section I and the billings for the services listed in Section II are subject to the following conditions:

A. LIMITATIONS: (1) Charges resulting from this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. (2) Such charges represent costs incurred by the State/locality which are legal obligations of the State/locality and are allowable under Title 2 of the Code of Federal Regulations, Part 200 (2 CFR 200). (3) The same costs that are treated as indirect costs are not claimed as direct costs. (4) Similar types of costs are accorded consistent accounting treatment. (5) The information provided by the State/locality which was used to establish this Agreement is not later found to be materially incomplete or inaccurate.

B. ACCOUNTING CHANGES: This Agreement is based on the accounting system purported by the State/locality to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the Cognizant Agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from an allocated cost to be billed cost. Failure to obtain approval may result in cost disallowances.

C. FIXED AMOUNTS: If fixed amounts are approved in Section I of this Agreement, they are based on an estimate of the costs for the period covered by the Agreement. When the actual costs for this period are determined, adjustments will be made to the amounts of a future year to compensate for the difference between the costs used to establish the fixed amounts and actual costs.

D. BILLED COSTS: Charges for the services listed in Section II will be billed in accordance with rates established by the State/locality. These rates will be based on the estimated costs of providing the services. Adjustments for variances between billed costs and the actual allowable costs of providing the services, as defined by 2 CFR 200, will be made in accordance with procedures agreed to between the State/locality and the Cognizant Agency.

E. USE BY OTHER FEDERAL AGENCIES: This Agreement was executed in accordance with the authority in 2 CFR 200, and should be applied to grants, contracts and other agreements covered by that Circular, subject to any limitations in Paragraph A above. The State/locality may provide copies of the Agreement to other Federal Agencies to give them early notification of the Agreement.

State of Florida
August 9, 2019

F. SPECIAL REMARKS:

As required by the OMB Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards 2001.431 (b) (3) (i) State Agency Treats the payments for unused leave for separating employees as general administrative expense that is allocated to all activities of the agency.
