STATE EMPLOYMENT

110.125 Administrative costs.--The administrative expenses and costs of operating the personnel program established by this chapter shall be paid by the various agencies of the state government, and each such agency shall include in its budget estimates its pro rata share of such cost as determined by the Department of Management Services. To establish an equitable division of the costs, the amount to be paid by each agency shall be determined in such proportion as the service rendered to each agency bears to the total service rendered under the provisions of this chapter. The amounts paid to the Department of Management Services which are attributable to positions within the Senior Management Service and the Selected Professional Service shall be used for the administration of such services, training activities for positions within those services, and the development and implementation of a database of pertinent historical information on exempt positions. Should any state agency become more than 90 days delinquent in payment of this obligation, the department shall certify to the Chief Financial Officer the amount due and the Chief Financial Officer shall transfer the amount due to the department from any debtor agency funds available.

History.--s. 20, ch. 79-190; s. 1, ch. 85-318; s. 24, ch. 92-279; s. 55, ch. 92-326; s. 119, ch. 2003-261.

Department of Management Services
Fiscal Year 2019-20 - Trust Fund Summary

	Trust Fund	Controlling Statutory Authority	Statutory Purpose of Trust Fund	Specific Revenue Source(s)
8	State Personnel System Trust Fund	110.125	The fund preserves the integrity of the dollars collected from the assessment of state agencies and to ensure accountability of expenditures on statewide personnel programs for which the department is statutorily responsible.	The major source of revenue for the State Personnel System Trust Fund is transfers from state agencies of a personnel assessment fee for each authorized fulltime equivalent position and other personal services personnel.

SECTION 6 - GENERAL GOVERNMENT

2899 PENSIONS AND BENEFITS
DISABILITY BENEFITS TO JUSTICES AND JUDGES
FROM GENERAL REVENUE FUND 1,290,151

2900 PENSIONS AND BENEFITS
FLORIDA NATIONAL GUARD
FROM GENERAL REVENUE FUND 16,181,034

2901 PENSIONS AND BENEFITS
STATE OFFICERS AND EMPLOYEES (NON-CONTRIBUTORY)
FROM GENERAL REVENUE FUND 130,061

TOTAL: PROGRAM: RETIREMENT BENEFITS ADMINISTRATION
FROM GENERAL REVENUE FUND 18,472,609
FROM TRUST FUNDS 23,232,927

TOTAL POSITIONS 192.00
TOTAL ALL FUNDS 41,705,536

PROGRAM: STATE PERSONNEL POLICY ADMINISTRATION

APPROVED SALARY RATE 1,161,080

2902 SALARIES AND BENEFITS POSITIONS 17.00
FROM STATE PERSONNEL SYSTEM TRUST FUND 1,561,431

Funds provided in Specific Appropriations 2902 through 2918A, from the State Personnel System Trust Fund, are based upon a human resources services assessment to state entities at the following rates:

FTE	$328.98
OPS	$106.76
Justice Administrative Commission	$233.95
State Court System	$202.52
County Health Department	$233.95

2903 EXPENSES
FROM STATE PERSONNEL SYSTEM TRUST FUND 118,741

2904 OPERATING CAPITAL OUTLAY
FROM STATE PERSONNEL SYSTEM TRUST FUND 1,500

2905 SPECIAL CATEGORIES
CONTRACTED SERVICES
FROM STATE PERSONNEL SYSTEM TRUST FUND 22,576

2906 SPECIAL CATEGORIES
RISK MANAGEMENT INSURANCE
FROM STATE PERSONNEL SYSTEM TRUST FUND 17,230

2907 SPECIAL CATEGORIES
CONTRACTED LEGAL SERVICES
FROM STATE PERSONNEL SYSTEM TRUST FUND 100,000

Administrative Hearings
OAH 1

STATE OF FLORIDA
DEPARTMENT OF MANAGEMENT SERVICES
DIVISION OF ADMINISTRATIVE HEARINGS
Description of Billed Services

The Division of Administrative Hearings (DOAH) was created in 1974 by revisions to the Administrative Procedure Act to improve and ensure the fairness of State Agency Administrative proceedings under Chapter 120, Florida Statutes, and other laws.

The Division is 100 percent trust funded. For the Adjudication of Disputes program, each year the Division reports to the Legislature and the Governor's Office the total number of hearing hours conducted by its judges for all agencies. Based on this data, the Division's budget is prorated among the state agencies utilizing its services, and the Legislature appropriates fund transfers to the Division from those agencies. Hence, the amount each agency transfers to the Division is based on the amount of time the judges spend in prehearing conferences, motion hearings, and final hearings for each agency in a given year.

DOAH is also authorized to enter into contracts with non-state entities such as cities, counties, regional planning councils, water management districts, school districts, and other educational entities for the provision of Administrative Law Judge services. Contract organizations reimburse the Division for the costs of its services at a rate that is based on a total-cost-recovery methodology.

The Workers' Compensation Appeals program is supported by cash transfers from the Workers' Compensation Administration Trust Fund that is administered by the Department of Financial Services. This trust fund is funded through a workers' compensation premium tax assessment which supports the entire workers' compensation program, not just the appeals program administered by the Division.

For purposes of the reconciliation of fund balance to federal guidelines, allocable Statewide Cost Allocation Plan Fixed Costs have been included as an allowable expenditure. Operating transfers in from other agencies into the fund have been listed as revenues to the fund. Operating transfers out of the fund to other agencies for billed services have been treated as an allowable expenditure.

Payments made during the fiscal year for administrative fees payable to the General Revenue Fund pursuant to Florida Statutes (recorded in General Ledger codes 75900 Category 310322) have been treated as unallowable costs for reconciliation purposes.

The OMB fund balance is subject to the 60-day working capital reserve.

Fee Schedule: Service Schedule will be provided upon request.

COST ALLOCATION AGREEMENT
STATE AND LOCAL GOVERNMENTS

STATE/LOCALITY:
State of Florida
Department of Financial Services
200 East Gaines Street
516 Fletcher Building
Tallahassee, FL 32399

DATE: August 29, 2019

FILING REF.: The preceding Agreement was dated 8/3/18

SECTION I: ALLOCATED COSTS

The central service costs listed in Exhibit A, attached, are approved on a Fixed basis and may be included as part of the costs of the State/local departments and agencies indicated during the fiscal year ended June 30, 2020 for further allocation to Federal grants, contracts and other agreements performed at those departments and agencies.

SECTION II: BILLED COSTS

In addition to Section I, which provides for services furnished but not billed, the services listed below are furnished and billed to State/local departments and agencies.

I. Special Revenue Funds
    1. Administrative Hearings Administration Trust Fund-OAH
    2. Purchasing Trust Fund-Pur
    3. State Personnel System Trust Fund-HR
II. Internal Service Trust Funds
    4. DMS-Facilities Program Supervision, Financing, & Pool Trust-Sup
    5. DMS-Technology Program-Communications WC Trust-COM
    6. DMS-Agency for State Technology Working Capital Trust Fund-AST
    7. NWRDC-Northwest Regional Data Center
    8. DOS-Library and Information Services Trust Fund-LIS
    9. AGO-Legal Services Trust Fund-LEG
III. Self Insurance Funds
    10. DFS-Risk Management (WC, Auto/Gen Liability, Building Contents-RIS)
    11. DMS-Retirement-RET
    12. DMS-State Group Insurance (Life, Health, Disability, & Pretax-SEI)

State of Florida
August 9, 2019

Section III: CONDITIONS

The amounts approved in Section I and the billings for the services listed in Section II are subject to the following conditions:

A. LIMITATIONS: (1) Charges resulting from this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. (2) Such charges represent costs incurred by the State/locality which are legal obligations of the State/locality and are allowable under Title 2 of the Code of Federal Regulations, Part 200 (2 CFR 200). (3) The same costs that are treated as indirect costs are not claimed as direct costs. (4) Similar types of costs are accorded consistent accounting treatment. (5) The information provided by the State/locality which was used to establish this Agreement is not later found to be materially incomplete or inaccurate.

B. ACCOUNTING CHANGES: This Agreement is based on the accounting system purported by the State/locality to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the Cognizant Agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from an allocated cost to be billed cost. Failure to obtain approval may result in cost disallowances.

C. FIXED AMOUNTS: If fixed amounts are approved in Section I of this Agreement, they are based on an estimate of the costs for the period covered by the Agreement. When the actual costs for this period are determined, adjustments will be made to the amounts of a future year to compensate for the difference between the costs used to establish the fixed amounts and actual costs.

D. BILLED COSTS: Charges for the services listed in Section II will be billed in accordance with rates established by the State/locality. These rates will be based on the estimated costs of providing the services. Adjustments for variances between billed costs and the actual allowable costs of providing the services, as defined by 2 CFR 200, will be made in accordance with procedures agreed to between the State/locality and the Cognizant Agency.

E. USE BY OTHER FEDERAL AGENCIES: This Agreement was executed in accordance with the authority in 2 CFR 200, and should be applied to grants, contracts and other agreements covered by that Circular, subject to any limitations in Paragraph A above. The State/locality may provide copies of the Agreement to other Federal Agencies to give them early notification of the Agreement.

State of Florida
August 9, 2019

F. SPECIAL REMARKS:

As required by the OMB Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards 2001.431 (b) (3) (i) State Agency Treats the payments for unused leave for separating employees as general administrative expense that is allocated to all activities of the agency.

Equipment definition-equipment means an article of nonexpendable tangible personal property having a useful life of more than one year and an acquisition cost of $5,000.00 or more per unit.

BY THE STATE/LOCALITY:	BY THE COGNIZANT AGENCY ON BEHALF OF THE FEDERAL GOVERNMENT:
State of Florida State/Locality	DEPARTMENT OF HEALTH & HUMAN SERVICES (AGENCY)
_____ (Signature)	_____ (Signature)
_____ (Name)	[redacted] (Name)
_____ (Title)	Deputy Director, Division of Cost Allocation Services (Title)

PUBLIC OFFICERS, EMPLOYEES, AND RECORDS

ADMINISTRATIVE PROCEDURE ACT

120.65 Administrative law judges.—

(1) The Division of Administrative Hearings within the Department of Management Services shall be headed by a director who shall be appointed by the Administration Commission and confirmed by the Senate. The director, who shall also serve as the chief administrative law judge, and any deputy chief administrative law judge must possess the same minimum qualifications as the administrative law judges employed by the division. The Deputy Chief Judge of Compensation Claims must possess the minimum qualifications established in s. 440.45(2) and shall report to the director. The division shall be a separate budget entity, and the director shall be its agency head for all purposes. The Department of Management Services shall provide administrative support and service to the division to the extent requested by the director. The division shall not be subject to control, supervision, or direction by the Department of Management Services in any manner, including, but not limited to, personnel, purchasing, transactions involving real or personal property, and budgetary matters.

(2) The director has the right to appeal actions by the Executive Office of the Governor that affect amendments to the division's approved operating budget or any personnel actions pursuant to chapter 216 to the Administration Commission, which shall decide such issue by majority vote. The appropriations committees may advise the Administration Commission on the issue. If the President of the Senate and the Speaker of the House of Representatives object in writing to the effects of the appeal, the appeal may be affirmed by the affirmative vote of two-thirds of the commission members present.

(3) Each state agency as defined in chapter 216 and each political subdivision shall make its facilities available, at a time convenient to the provider, for use by the division in conducting proceedings pursuant to this chapter.

(4) The division shall employ administrative law judges to conduct hearings required by this chapter or other law. Any person employed by the division as an administrative law judge must have been a member of The Florida Bar in good standing for the preceding 5 years.

(5) If the division cannot furnish a division administrative law judge promptly in response to an agency request, the director shall designate in writing a qualified full-time employee of an agency other than the requesting agency to conduct the hearing. The director shall have the discretion to designate such a hearing officer who is located in that part of the state where the parties and witnesses reside.

(6) The division is authorized to provide administrative law judges on a contract basis to any governmental entity to conduct any hearing not covered by this section.

(7) Rules promulgated by the division may authorize any reasonable sanctions except contempt for violation of the rules of the division or failure to comply with a reasonable order issued by an administrative law judge, which is not under judicial review.

(8) Not later than February 1 of each year, the division shall issue a written report to the Administrative Procedures Committee and the Administration Commission, including at least the following information:

(a) A summary of the extent and effect of agencies' utilization of administrative law judges, court reporters, and other personnel in proceedings under this chapter.

(b) Recommendations for change or improvement in the Administrative Procedure Act or any agency's practice or policy with respect thereto.

(c) Recommendations as to those types of cases or disputes which should be conducted under the summary hearing process described in s. 120.574.

(d) A report regarding each agency's compliance with the filing requirement in s. 120.57(1)(m).

(9) The division shall be reimbursed for administrative law judge services and travel expenses by the following entities: water management districts, regional planning councils, school districts, community colleges, the Division of Florida Colleges, state universities, the Board of Governors of the State University System, the State Board of Education, the Florida School for the Deaf and the Blind, and the Commission for Independent Education. These entities shall contract with the division to establish a contract rate for services and provisions for reimbursement of administrative law judge travel expenses and video teleconferencing expenses attributable to hearings conducted on behalf of these entities. The contract rate must be based on a total-cost-recovery methodology.

FLORIDA STATEWIDE COST ALLOCATION PLAN (SWCAP)
INFORMATION REQUEST

DEPARTMENT OF MANAGEMENT SERVICES
DIVISION OF ADMINISTRATIVE HEARINGS

September 9, 2020

Please provide the following information for FY 2019-20:

(1) **Description of Services, Adjudication of Disputes Program:**
The Division of Administrative Hearings provides a uniform and impartial forum for the trial and resolution of disputes between private citizens and organizations and agencies of the state.

The typical case begins when a state agency takes some action, whether it is the enactment of a rule, the filing of an administrative complaint, the denial of a license or permit application, or other activities which affect the substantial interests of one or more members of the public or interested organizations. The substantially affected person requests a formal hearing to contest the state agency action and the matter is assigned to the Division for resolution.

Currently, in most cases coming before the Division, Administrative Law Judges are required to travel to and conduct administrative proceedings in the county of residence of the non-agency party appearing before the Division or the county where most of the witnesses are located. In some cases, hearings are held via the state's video teleconferencing system.

Once the hearings have been completed, Administrative Law Judges issue either final or recommended orders. Decisions in final order cases are directly appealable to the District Courts of Appeal. Recommended orders go to the agencies for final disposition.

(2) **Accounting Report of Fees by State Agency:**
See attached report, which includes state agency transfers received for both of the Division's programs (Adjudication of Disputes and Workers' Compensation Appeals).

(3) **Billing Methodology, Adjudication of Disputes Program:**
Each year, the Division reports to the Governor's Office and the Legislature the total number of hearing hours conducted by its judges for all state agencies. Based on this data, the Division's budget is prorated among those agencies utilizing its

services, and the Legislature appropriates fund transfers to the Division from those agencies. Hence, the amount each agency transfers to the Division is based on the amount of time the judges spend in prehearing conferences, motion hearings and final hearings for each agency in a given year.

Cities, counties, regional planning councils, water management districts, school districts, and other entities also reimburse the Division for Administrative Law Judge services. These organizations reimburse the Division for the costs of these services at the current contract rate and in accordance with applicable laws.

(4) **Trial Balance by Fund for all of 72970100 (Report DMAR01-11):** See attached report, which provides data for both of the Division's programs.

(5) **Cash Flow Statement:** See attached report, which covers both of the Division's programs.

Purchasing TF
PUR 1

STATE OF FLORIDA
DEPARTMENT OF MANAGEMENT SERVICES
PURCHASING TRUST FUND
Description of Billed Services

Per guidance of the U.S. Department of Health and Human Services, Division of Cost Allocation, the State of Florida is including the Purchasing Trust Fund information as part of the State of Florida SWCAP beginning in FY2002. The description of the trust fund is included in TAB PUR 4.

The revenue received in this trust fund is from a transaction fee assessed to vendors as a cost of doing business with the State. The Department of Management Services cannot gather data to reflect transaction fee revenues generated from sales to individual state agencies. The reason for this is that vendors are responsible for paying the transaction fee on all state term contract purchases, many of which do not occur within MyFloridaMarketPlace. Please note, the Purchasing Trust Fund revenue is received from outside vendors based on sales to state agencies and is not an assessment to agencies.

For purposes of the reconciliation of fund balance to federal guidelines, allocable Statewide Cost Allocation Plan Fixed Costs have been included as an allowable expenditure. Operating transfers in from other agencies into the fund have been listed as revenues to the fund. Operating transfers out of the fund to other agencies for billed services have been treated as an allowable expenditure.

Payments made during the fiscal year that represent administrative fees payable to the General Revenue Fund pursuant to Florida Statutes (recorded in General Ledger code 75800) and Administrative Assessments (included in General Ledger code 75700) for Communications and Legislative Affairs have been treated as unallowable costs for reconciliation purposes.

Tallahassee, FL 32399

Dear Mr. [redacted]

This letter pertains to the State of Florida agreement to refund the federal share of excess fund balances in the Purchasing Trust Fund and the Supervision and Facilities Pool Clearing Trust fund for fiscal year ended June 30, 2019 in accordance with 2 CFR 200, Appendix V(G)(4), Adjustments of Billed Central Services. The federal share of the balances including interest was determined to be $3,696,843.

The State of Florida should remit this amount as an ACH payment via Pay.gov or by check made payable to the Department of Health and Human Services. If sending by check, please include a copy of this letter and send to the following address:

HHS Program Support Center
Accounting Service – Debt Collection
7700 Wisconsin Avenue,
Mail Stop 10230B, Suite 8-8110D
Bethesda, MD 20857 (Zip code is 20814 for UPS/FEDEX mail)

If sending an ACH payment via Pay.gov, please follow the instructions in the attachment.

In addition, please submit to my office copies of the State's payment.

Please send in your check within 30 days of the date of this letter to avoid additional interest charges. If payment is not received timely, interest on the debt will be assessed in accordance with Department regulations at 45 CFR Part 30.18. If you have any questions, please contact [redacted] of my staff at [redacted] or email [redacted] For questions concerning refund check receipt, please contact [redacted] at [redacted].

Sincerely,

[redacted]
Deputy Director
Cost Allocation Services

Instructions for making an ACH payment via Pay.gov and check payment

1. Go to https://www.pay.gov/public/home

2. Type in "DMCS" on the Search box

3. Click on the HHS DMCS Payment "Continue to the Form" button

4. Follow the step by step process: 1) complete agency form, 2) enter payment info, 3) review and submit, and 4) confirmation.

5. Please ensure to enter your account number on the case/debt/claim no. box

6. Make the check payable to "Department of Health and Human Services" and mail it to the following address. Please ensure to indicate the account number on the check.

   HHS Program Support Center
   Accounting Service – Debt Collection
   7700 Wisconsin Avenue,
   Mail Stop 10230B, Suite 8-8110D
   Bethesda, MD 20857 (Zip code is 20814 for UPS/FEDEX mail)

COST ALLOCATION AGREEMENT
STATE AND LOCAL GOVERNMENTS

EIN #: 15-96001874

DATE: September 30, 2020

STATE/LOCALITY:
State of Florida
Department of Financial Services
200 East Gaines Street
516 Fletcher Building
Tallahassee, FL 32399

FILING REF: The preceding agreement was dated August 29, 2019

SECTION I: ALLOCATED COSTS

The central service costs listed in Exhibit A, attached, are approved on a Fixed basis and may be included as part of the costs of the State/local departments and agencies indicated during the fiscal year ending June 30, 2021 for further allocation to Federal grants, contracts, and other agreements performed at those departments and agencies.

SECTION II: BILLED COSTS

In addition to Section I, which provides for services furnished but not billed, the services listed below are furnished and billed to departments and agencies:

I. Special Revenue Funds
    1. Administrative Hearings Administration Trust Fund-OAH
    2. Purchasing Trust Fund-Pur
    3. State Personnel System Trust Fund-HR

II. Internal Service Trust Funds
    4. DMS-Facilities Program Supervision, Financing, & Pool Trust-Sup
    5. DMS-Technology Program-Communications WC Trust-COM
    6. DMS-Agency for State Technology Working Capital Trust Fund-AST
    7. NWRDC-Northwest Regional Data Center
    8. DOS-Library and Information Services Trust Fund-LIS
    9. AGO-Legal Services Trust Fund-LEG

III. Self Insurance Funds
    10. DFS-Risk Management (WC, Auto/Gen Liability, Building Contents-RIS)
    11. DMS-Retirement-RET
    12. DMS-State Group Insurance (Life, Health, Disability, & Pretax-SEI)

SECTION III: CONDITIONS

The amounts approved in Section I and the billings for the services listed in Section II are subject to the following conditions:

A. LIMITATIONS: (1) Charges resulting from this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract, or other agreement only to the extent that funds are available. (2)Such charges represent costs incurred by the State/locality which are legal obligations of the State/locality and are allowable under OMB Uniform Guidance (2 CFR 200). (3) The same costs that are treated as indirect costs are not claimed as direct costs. (4) Similar type of costs is accorded consistent accounting treatment. (5) The information provided by the State/locality which was used to establish this Agreement is not later found to be materially incomplete or inaccurate.

B. ACCOUNTING CHANGES: This Agreement is based on the accounting system purported by the State/locality to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the Cognizant Agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from an allocated cost to a billed cost. Failure to obtain such approval may result in cost disallowances.

C. FIXED AMOUNTS: If fixed amounts are approved in Section I of this Agreement, they are based on an estimate of the costs for the period covered by the Agreement. When the actual costs for this period are determined, adjustments will be made to the amounts of a future year to compensate for the difference between the costs used to establish the fixed amounts and actual costs.

D. BILLED COSTS: Charges for the services listed in Section II will be billed in accordance with rates established by the State/locality. These rates will be based on the estimated costs of providing the services. Adjustments for variances between billed costs and the actual allowable costs of providing the services, as defined by OMB Uniform Guidance (2 CFR 200), will be made in accordance with procedures agreed to between the State/locality and the Cognizant Agency.

E. USE BY OTHER FEDERAL AGENCIES: This Agreement was executed in accordance with the authority in OMB Uniform Guidance (2 CFR 200), and should be applied to grants, contracts and other agreements covered by this Circular, subject to any limitations in Paragraph A above. The State/locality may provide copies of this Agreement to other Federal Agencies to give them early notification of the Agreement.

F. SPECIAL REMARKS: As required by 2 CFR 200.431(b)(3)(i), State Agency Treats the payments for unused leave for separating employees as general administrative expense that is allocated to all activities of the agency.

Equipment definition-equipment means an article of nonexpendable tangible personal property having a useful life of more than one year and an acquisition cost of $5,000.00 or more per unit.

Dear [redacted]:

The Cost Allocation Agreement approving your central service costs based upon actual cost for fiscal year ended June 30, 2019 is enclosed for the fiscal year ending June 30, 2021. This Agreement reflects an understanding reached between your organization and a member of my staff concerning the central service costs that may be included in the costs of your departments and agencies for further allocation to Federal grants and contracts performed by those departments and agencies. Please have the original signed by a duly authorized representative of your organization and return it to me retaining the copy for your files. We will reproduce and distribute the Agreement to the appropriate awarding agencies of the Federal Government for their use.

The State of Florida has agreed to refund the federal share of the excess fund balances in the Purchasing Trust Fund and the Supervision and Facilities Pool Clearing Trust fund as of June 30, 2019, in accordance with 2 CFR 200, Appendix V(G)(4), Adjustments of Billed Central Services. The federal share of the excess balance including interest was determined to be $3,696,843.

Your next cost allocation plan for the fiscal year ending June 30, 2022 based on your actual costs of fiscal year ending June 30, 2020 is due no later than December 31, 2020. This plan should include carry-forward adjustments needed to compensate for the differences between the central service costs approved on a fixed basis for the fiscal year ending June 30, 2020 and the actual costs for that year.

To complete the negotiation of your plan timely, it must be prepared in accordance with Appendix V of the *Office of Management and Budget Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the instructions contained in Part Four of the *ASMB C-10 Cost Principles and Procedures for Developing Cost Allocation Plans and Indirect Cost Rates for Agreements with the Federal Government* (ASMB C-10). If you have any questions, please contact [redacted] of my staff at [redacted] or call [redacted].

Sincerely,

[redacted]
Deputy Director
Cost Allocation Services

Enclosure

Subject: SWCAP payment FY 18-19

Good afternoon [redacted],

The Department of Health and Human Services (HHS) approved the FY 18-19 SWCAP refund. The Supervision Trust Fund refund payment for the FY 18-19 $336,487.

This is just a notification to let you know we will process the payment.

Trust Fund	Excess Balance	Federal Share	Imputed Interest Estimate	Total Repayment
Purchasing Trust Fund	$ 2,758,000	$ 330,960	$ 5,527	$ 336,487

Thank you,

[redacted] | Deputy Chief of Financial Management Services
Finance and Administration

ADMINISTRATIVE ASSESSMENT SUMMARY

Methodology:

Establish Administrative Cost Pools to accumulate costs by distinct administrative function or type of activity.

For each Administrative Budgetary Entity, identify a basis for distributing the costs of that entity to Administrative Cost Pools.

Establish Program Entities to accumulate costs by program activity.

For each Administrative Cost Pool, establish a discreet basis for allocating accumulated costs in the pool to Program Entities.

I. The following Administrative Cost Pools are established to accumulate costs by distinct administrative function:

Office of the Secretary
Information Technology
Communications
General Counsel
Inspector General
Legislative Affairs
Budget Office
Financial Management Services - Disbursements
Financial Management Services – Revenue
Financial Management Services-Control Section (includes PAM)
Human Resources
Mail Room Operations
Departmental Purchasing

II. The Appropriated Funds are designated as the Program Entities.

III. The following bases were used for the allocation of Administrative Budget Entities costs:

Office of the Secretary - Direct allocation to Program Entities based on appropriations and FTE.

Information Technology - Direct allocation to Program Entities based on appropriations and FTE.

Communications Office - Direct allocation to Program Entities based on appropriations and FTE.

Office of the General Counsel - Direct allocation to Program Entities based on hours.

Legislative Affairs - Direct allocation to Program Entities based on appropriations and FTE.

Office of the Inspector General - Direct allocation to Program Entities based on appropriations and FTE.

Budget Office - Direct allocation to Program Entities based on appropriations.

Disbursements Section (FMS) - Allocation to Program Entities based on number of disbursement transactions. Transactions 51's and 70's.

Revenue Section (FMS) - Allocation to Program Entities based on number of revenue transactions. Transactions 30's, Transactions 96's and Invoices.

Control Section (FMS) - Allocation to Program Entities based on the average percent of disbursements and revenue transactions.

Human Resources - Direct allocation to Program Entities based on number of positions.

Mail Room - Allocation to Program Entities based on pieces of mail.

Departmental Purchasing - Direct Allocation to Program Entities based on Purchase Orders processed. Transactions 60's.

IV. The administrative assessment fee is charged on a monthly basis.

COST ALLOCATION AGREEMENT
STATE AND LOCAL GOVERNMENTS

STATE/LOCALITY:
State of Florida
Department of Financial Services
200 East Gaines Street
516 Fletcher Building
Tallahassee, FL 32399

DATE: August 29, 2019

FILING REF.: The preceding Agreement was dated 8/3/18

SECTION I: ALLOCATED COSTS

The central service costs listed in Exhibit A, attached, are approved on a Fixed basis and may be included as part of the costs of the State/local departments and agencies indicated during the fiscal year ended June 30, 2020 for further allocation to Federal grants, contracts and other agreements performed at those departments and agencies.

SECTION II: BILLED COSTS

In addition to Section I, which provides for services furnished but not billed, the services listed below are furnished and billed to State/local departments and agencies.

I. Special Revenue Funds
1. Administrative Hearings Administration Trust Fund-OAH
2. Purchasing Trust Fund-Pur
3. State Personnel System Trust Fund-HR

II. Internal Service Trust Funds
4. DMS-Facilities Program Supervision, Financing, & Pool Trust-Sup
5. DMS-Technology Program-Communications WC Trust-COM
6. DMS-Agency for State Technology Working Capital Trust Fund-AST
7. NWRDC-Northwest Regional Data Center
8. DOS-Library and Information Services Trust Fund-LIS
9. AGO-Legal Services Trust Fund-LEG

III. Self Insurance Funds
10. DFS-Risk Management (WC, Auto/Gen Liability, Building Contents-RIS)
11. DMS-Retirement-RET
12. DMS-State Group Insurance (Life, Health, Disability, & Pretax-SEI)

State of Florida
August 9, 2019

Section III: CONDITIONS

The amounts approved in Section I and the billings for the services listed in Section II are subject to the following conditions:

A. LIMITATIONS: (1) Charges resulting from this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. (2) Such charges represent costs incurred by the State/locality which are legal obligations of the State/locality and are allowable under Title 2 of the Code of Federal Regulations, Part 200 (2 CFR 200). (3) The same costs that are treated as indirect costs are not claimed as direct costs. (4) Similar types of costs are accorded consistent accounting treatment. (5) The information provided by the State/locality which was used to establish this Agreement is not later found to be materially incomplete or inaccurate.

B. ACCOUNTING CHANGES: This Agreement is based on the accounting system purported by the State/locality to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the Cognizant Agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from an allocated cost to be billed cost. Failure to obtain approval may result in cost disallowances.

C. FIXED AMOUNTS: If fixed amounts are approved in Section I of this Agreement, they are based on an estimate of the costs for the period covered by the Agreement. When the actual costs for this period are determined, adjustments will be made to the amounts of a future year to compensate for the difference between the costs used to establish the fixed amounts and actual costs.

D. BILLED COSTS: Charges for the services listed in Section II will be billed in accordance with rates established by the State/locality. These rates will be based on the estimated costs of providing the services. Adjustments for variances between billed costs and the actual allowable costs of providing the services, as defined by 2 CFR 200, will be made in accordance with procedures agreed to between the State/locality and the Cognizant Agency.

E. USE BY OTHER FEDERAL AGENCIES: This Agreement was executed in accordance with the authority in 2 CFR 200, and should be applied to grants, contracts and other agreements covered by that Circular, subject to any limitations in Paragraph A above. The State/locality may provide copies of the Agreement to other Federal Agencies to give them early notification of the Agreement.

State of Florida
August 9, 2019

F. SPECIAL REMARKS:

As required by the OMB Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards 2001.431 (b) (3) (i) State Agency Treats the payments for unused leave for separating employees as general administrative expense that is allocated to all activities of the agency.

Equipment definition-equipment means an article of nonexpendable tangible personal property having a useful life of more than one year and an acquisition cost of $5,000.00 or more per unit.

Title XIX Chapter 287

PROCUREMENT OF PERSONAL PROPERTY AND SERVICES

287.042 Powers, duties, and functions.--The department shall have the following powers, duties, and functions:

(1)(h)1. The department may collect fees for the use of its electronic information services. The fees may be imposed on an individual transaction basis or as a fixed subscription for a designated period of time. At a minimum, the fees shall be determined in an amount sufficient to cover the department's projected costs of the services, including overhead in accordance with the policies of the department for computing its administrative assessment. All fees collected under this paragraph shall be deposited in the Operating Trust Fund for disbursement as provided by law.

History.—s. 22, ch. 69-106; s. 1, ch. 70-150; s. 1, ch. 79-92; s. 3, ch. 80-374; s. 179, ch. 81-259; ss. 4, 8, ch. 82-196; s. 2, ch. 83-99; s. 2, ch. 83-192; s. 135, ch. 83-217; s. 1, ch. 84-6; s. 1, ch. 85-2; ss. 21, 32, ch. 85-104; s. 7, ch. 88-384; s. 10, ch. 89-291; s. 11, ch. 90-136; s. 14, ch. 90-268; s. 36, ch. 90-302; s. 5, ch. 91-162; s. 1, ch. 91-298; s. 16, ch. 92-98; s. 108, ch. 92-142; ss. 81, 128, ch. 92-152; s. 249, ch. 92-279; s. 55, ch. 92-326; s. 9, ch. 94-322; s. 867, ch. 95-148; s. 2, ch. 95-216; s. 4, ch. 95-396; s. 4, ch. 96-236; s. 61, ch. 96-410; s. 37, ch. 97-100; s. 35, ch. 97-286; s. 20, ch. 97-296; s. 78, ch. 98-279; s. 44, ch. 99-399; s. 8, ch. 2000-133; s. 32, ch. 2000-164; s. 10, ch. 2000-286; s. 54, ch. 2001-61; s. 3, ch. 2001-278; s. 12, ch. 2002-207; s. 943, ch. 2002-387; s. 330, ch. 2003-261; s. 2, ch. 2004-248; s. 23, ch. 2005-2; s. 20, ch. 2006-2; s. 18, ch. 2006-79; s. 28, ch. 2009-80; s. 12, ch. 2011-50; s. 42, ch. 2011-139; s. 28, ch. 2012-5; s. 2, ch. 2012-141; s. 4, ch. 2013-154.

287.057 Procurement of commodities or contractual services.—

(22) (c) The department may impose and shall collect all fees for the use of the online procurement systems.

1. The fees may be imposed on an individual transaction basis or as a fixed percentage of the cost savings generated. At a minimum, the fees must be set in an amount sufficient to cover the projected costs of the services, including administrative and project service costs in accordance with the policies of the department.
2. If the department contracts with a provider for online procurement, the department, pursuant to appropriation, shall compensate the provider from the fees after the department has satisfied all ongoing costs. The provider shall report transaction data to the department each month so that the department may determine the amount due and payable to the department from each vendor.
3. All fees that are due and payable to the state on a transactional basis or as a fixed percentage of the cost savings generated are subject to s. 215.31 and must be remitted within 40 days after receipt of payment for which the fees are due. For fees that are not remitted within 40 days, the vendor shall pay interest at the rate established under s. 55.03(1) on the unpaid balance from the expiration of the 40-day period until the fees are remitted.

4. All fees and surcharges collected under this paragraph shall be deposited in the Operating Trust Fund as provided by law.

History.—s. 1, ch. 78-4; s. 2, ch. 80-206; s. 4, ch. 80-374; s. 1, ch. 82-121; s. 9, ch. 82-196; s. 3, ch. 83-99; s. 3, ch. 83-192; s. 7, ch. 86-204; s. 9, ch. 88-384; s. 1, ch. 89-377; s. 17, ch. 90-268; s. 8, ch. 91-162; s. 251, ch. 92-279; s. 55, ch. 92-326; s. 7, ch. 93-161; s. 11, ch. 94-322; s. 869, ch. 95-148; s. 6, ch. 96-236; s. 30, ch. 97-153; s. 82, ch. 98-279; s. 11, ch. 99-4; s. 50, ch. 99-8; s. 45, ch. 99-399; s. 33, ch. 2000-164; s. 11, ch. 2000-286; s. 56, ch. 2001-61; s. 4, ch. 2001-278; s. 37, ch. 2002-1; s. 15, ch. 2002-207; s. 331, ch. 2003-261; s. 20, ch. 2004-5; ss. 9, 58, ch. 2004-269; s. 1, ch. 2005-59; ss. 6, 15, ch. 2005-71; s. 6, ch. 2006-2; s. 4, ch. 2006-26; s. 19, ch. 2006-79; s. 25, ch. 2006-195; s. 1, ch. 2006-224; s. 8, ch. 2007-6; s. 15, ch. 2007-105; s. 6, ch. 2008-5; s. 13, ch. 2008-116; s. 5, ch. 2008-153; s. 4, ch. 2009-227; s. 9, ch. 2010-4; s. 19, ch. 2010-151; s. 13, ch. 2012-32; ss. 5, 6, ch. 2013-154; s. 1, ch. 2014-135; s. 25, ch. 2014-221; s. 19, ch. 2019-118; s. 1, ch. 2020-117.

60A-1.031 MyFloridaMarketPlace Transaction Fee and Exceptions.

(1) Each agency shall include language substantially similar to the following in the terms and conditions of all agency purchasing transactions involving commodities and contractual services as defined in Section 287.012, F.S. (including formal solicitations, contracts, and purchase orders), unless the transaction is exempt from the Transaction Fee pursuant to this rule:

MyFloridaMarketPlace Transaction Fee

The State of Florida, through the Department of Management Services, has instituted MyFloridaMarketPlace, a statewide eProcurement system. Pursuant to Section 287.057(22), F.S., all payments shall be assessed a Transaction Fee of one percent (1.0%), which the vendor shall pay to the State.

For payments within the State accounting system (FLAIR or its successor), the Transaction Fee shall, when possible, be automatically deducted from payments to the vendor. If automatic deduction is not possible, the vendor shall pay the Transaction Fee pursuant to subsection 60A-1.031(2), F.A.C. By submission of these reports and corresponding payments, vendor certifies their correctness. All such reports and payments shall be subject to audit by the State or its designee.

The vendor shall receive a credit for any Transaction Fee paid by the vendor for the purchase of any item(s) if such item(s) are returned to the vendor through no fault, act, or omission of the vendor. Notwithstanding the foregoing, a Transaction Fee is non-refundable when an item is rejected or returned, or declined, due to the vendor's failure to perform or comply with specifications or requirements of the agreement.

Failure to comply with these requirements shall constitute grounds for declaring the vendor in default and recovering reprocurement costs from the vendor in addition to all outstanding fees. VENDORS DELINQUENT IN PAYING TRANSACTION FEES SHALL BE EXCLUDED FROM CONDUCTING FUTURE BUSINESS WITH THE STATE.

(2) On a monthly calendar basis, each vendor registered in MyFloridaMarketPlace shall report its business activity relating to State agreements using Form PUR 3776 (08/04), which is hereby incorporated by reference.

(a) The vendor shall report (i) the total amount of payments received against State agreements during the reporting period (excluding Purchasing Card transactions occurring after June 30, 2004), (ii) the portion of that total that is exempt from the Transaction Fee pursuant to this rule, (iii) the amount of Transaction Fees that have been automatically deducted by the system, and (iv) the amount of Transaction Fees that have been billed by the system but not automatically deducted.

(b) With its report, the vendor shall include payment of any Transaction Fee amounts due for the reporting period that have not been automatically deducted. Amounts due include both the amount billed during the reporting period and any amounts not billed but otherwise due (e.g., sales to non-State entities eligible to purchase from State contracts).

(c) A report is required only when fee-eligible payments have been received during the reporting period (no report is required if all payments are exempt from the Transaction Fee); provided, however, that if total Transaction Fees due are less than $50, a vendor may carry over the balance to the next reporting period.

(d) All information provided by the vendor is material and will be relied upon by the Department in administering MyFloridaMarketPlace. Failure to file a report shall be deemed a representation by the vendor that it received no reportable payments for the period and that it owes no Transaction Fees. Any knowing and material misstatement shall be treated as fraudulent concealment from the State of the true facts relating to the conduct of the vendor's business with the State. A misrepresentation shall be punishable under law, and shall be grounds for precluding the vendor from doing future business with the state.

(3) The following transactions are exempt from the Transaction Fee that would otherwise apply under this rule. Exemption from paying the Transaction Fee does not in itself exempt the vendor or an agency from the registration requirements of Rule 60A-1.033, F.A.C.

(a) Procurements under Section 337.11, F.S.; provided, however, that the procuring agency may elect to conduct such procurements via MyFloridaMarketPlace and impose the Transaction Fee, in which case the agency shall ensure that such terms are conspicuously included in the solicitation documents.

(b) Procurements under Section 287.055, F.S.

(c) Procurements under Chapter 255, F.S.; provided, however, that the procuring agency may elect to conduct such procurements via MyFloridaMarketPlace and impose the Transaction Fee, in which case the agency shall ensure that such terms are conspicuously included in the solicitation documents.

(d) Transactions with an entity designated as non-profit under the Internal Revenue Code or by the Florida Secretary of State, unless such entity is awarded a contract following a competitive solicitation involving for-profit entities and the contract, if awarded

to a for-profit entity, would be subject to the transaction fee.

(e) Transactions with another governmental agency, as defined in Section 163.3164, F.S., with a private university in Florida, with an agency of another state, or with another sovereign nation, unless such entity is awarded a contract following a competitive solicitation involving private entities and the contract, if awarded to a private entity, would be subject to the transaction fee.

(f) Transactions in which law or government regulation requires that the commodity or service be provided by a sole provider (e.g., regulated utilities, legislatively mandated transactions, etc.) and transactions in which the price paid and the payee are established by federal or private grant.

(g) Payments to unregistered vendors under subsection 60A-1.033(3), F.A.C.

(h) Payments to a vendor in exchange for providing health care services at or below Medicaid rates, even if the vendor is otherwise registered in MyFloridaMarketPlace.

(i) Disbursements of State financial assistance to a recipient as defined in the Florida Single Audit Act, Section 215.97, F.S.; disbursements of federal awards to sub-recipients as defined in Circular A-133 of the U.S. Office of Management and Budget; payments of State dollars to satisfy federal Maintenance of Efforts requirements; and payments of State dollars for matching federal awards.

(4) With the Department's prior written approval an agency may exempt a particular transaction from the Transaction Fee. As a necessary condition to obtaining this approval, the requesting agency shall provide to the Department its agency head's (or designee's) written (or electronic) determination, with all supporting facts and circumstances, that:

(a) The transaction is critical to the agency's mission or necessary for the public health, safety, or welfare; and,

(b) Imposition of the fee would prevent the consummation of the transaction.

The requesting agency shall direct the request and supporting documentation to the Director of State Purchasing, who shall respond to the agency within fourteen days, either granting approval, denying approval, or requesting additional information. Requests outstanding for more than fourteen days shall be deemed approved. Once the Department has approved a transaction under this subsection, the agency need not seek approval of subsequent directly related transactions (e.g., individual payments under a multi-year contract or under a blanket purchase order).

(5) An agency may exempt a particular transaction from the Transaction Fee if:

(a) The governor suspends purchasing regulations due to an emergency, or

(b) The agency head declares an emergency under Section 287.057(3)(a), F.S., or other statutory basis.

In case of an agency-declared emergency under Section 287.057(3)(a), F.S., the agency shall identify every transaction that it has exempted from the Transaction Fee in the documentation it submits to the Department.

Rulemaking Authority 287.042(12), 287.057(23) FS. Law Implemented 287.032, 287.042, 287.057 FS. History–New 7-1-03, Amended 2-11-04, 11-7-04, 3-2-17.

by November 1, 2019, which lists each lease contract for private office or storage space, the status of renegotiations, and the savings achieved. This section expires July 1, 2020.

Section 66. In order to implement Specific Appropriations 2839 through 2850A of the 2019-2020 General Appropriations Act, and notwithstanding rule 60A-1.031, Florida Administrative Code, the transaction fee collected for use of the online procurement system, authorized in ss. 287.042(1)(h)1. and 287.057(22)(c), Florida Statutes, is seven-tenths of 1 percent for the 2019-2020 fiscal year only. This section expires July 1, 2020.

Section 67. In order to implement appropriations authorized in the 2019-2020 General Appropriations Act for data center services, and notwithstanding s. 216.292(2)(a), Florida Statutes, an agency may not transfer funds from a data processing category to a category other than another data processing category. This section expires July 1, 2020.

Section 68. In order to implement the appropriation of funds in the appropriation category "Data Processing Assessment-Agency for State Technology" in the 2019-2020 General Appropriations Act, and pursuant to the notice, review, and objection procedures of s. 216.177, Florida Statutes, the Executive Office of the Governor may transfer funds appropriated in that category between departments in order to align the budget authority granted based on the estimated billing cycle and methodology used by the Agency for State Technology for data processing services provided. This section expires July 1, 2020.

Section 69. In order to implement the appropriation of funds in the appropriation category "Special Categories-Risk Management Insurance" in the 2019-2020 General Appropriations Act, and pursuant to the notice, review, and objection procedures of s. 216.177, Florida Statutes, the Executive Office of the Governor may transfer funds appropriated in that category between departments in order to align the budget authority granted with the premiums paid by each department for risk management insurance. This section expires July 1, 2020.

Section 70. In order to implement the appropriation of funds in the appropriation category "Special Categories-Transfer to Department of Management Services-Human Resources Services Purchased per Statewide Contract" in the 2019-2020 General Appropriations Act, and pursuant to the notice, review, and objection procedures of s. 216.177, Florida Statutes, the Executive Office of the Governor may transfer funds appropriated in that category between departments in order to align the budget authority granted with the assessments that must be paid by each agency to the Department of Management Services for human resource management services. This section expires July 1, 2020.

Section 71. In order to implement Specific Appropriations 2421 through 2424 of the 2019-2020 General Appropriations Act:

STATE OF FLORIDA
DIVISION OF STATE TECHNOLOGY (DST)
WORKING CAPITAL TRUST FUND
Description of Billed Services

HB 5301 (2019) authorized the transfer of the former Agency for State Technology (AST) to the Department of Management Services (DMS) under the Division of State Technology (DST).

The Division of State Technology develops and publishes information technology policy for the management of the state's information technology resources, oversees the state's essential technology projects, and manages the State Data Center. Through collaborative partnerships with both the public and private sector, DST is able to maximize IT resources and save taxpayer dollars by delivering more efficient and effective enterprise customer services to the Sunshine State.

Pursuant to 2 CFR Part 200, a comparison of the revenue generated by each billed service to the actual allowable costs of the service is prepared annually, and an adjustment is made for the difference between the revenue and the allowable costs. Examples of these adjustments are provided on the following pages.

Costs recorded to General Ledger Code 77500 represent Depreciation Expense on eligible assets. Accordingly, these costs have been included as allowable costs for the fund balance reconciliation. For purposes of the reconciliation of fund balance to federal guidelines, allocable Statewide Cost Allocation Plan Fixed Costs have been included as an allowable expenditure. Operating transfers in from other agencies that represent payments for services have been listed as revenues to the fund. Operating transfers out of the fund that represent payments to other agencies for billed services have been treated as an allowable expenditure.

Payments made during the fiscal year that represent administrative fees payable to the General Revenue Fund pursuant to Florida Statutes (recorded in General Ledger code 75800) have been treated as unallowable cost for reconciliation purposes.

The OMB fund balance is subject to the 60-day working capital reserve.

PLEASE NOTE: In years when this fund carries a positive excessive balance, the fund balance appears excessive since Accounts Receivable is treated as cash. However, a significant portion of the Accounts Receivable is not typically received within 60 days, so that a balance must be maintained to sustain operations. Please reference TAB DST 4 for AST Fee Schedule.

SECTION I

COST PLAN METHODOLOGY

MAXIMUS
Cost Allocation Methodology

Part I: The Double Step-Down Methodology

I. Cost Allocation Overview

MAXIMUS applies a double step-down methodology in its cost allocation procedures. The proprietary software, MAXCARS, is the tool with which the step-down methodology is accomplished.

MAXCARS provides for the inputting of all allowable costs by cost center identifications consistent with the accounting code structure. This capability allows for efficient balancing with the financial reporting systems.

Additionally, MAXCARS provides for the inputting of allocation statistics appropriate for the distribution of the identified indirect cost pools. Credits for direct billed payments, cost adjustments, and other valid and applicable costing factors are also facilitated within the software.

A. Initiating the Process

Determination of the data to be included within the cost allocation process is accomplished through:

1) application of the Code of Federal Regulations (CFR) Title 2: Grants and Agreements Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (referred to as the Uniform Guidance) which superseded previous OMB cost circulars, including OMB Circular A-87,
2) interviews,
3) review of financial documents,
4) review of organizational structure, and
5) analysis of statistical data relative to benefit of services provided.

B. Establishing the Cost Pools to Be Allocated	The organizational structure is analyzed to determine which departments or cost pools provide services to other departments. These cost pools become the "Central Service Departments" in the cost allocation plan. Next each cost pool is evaluated to determine the activities or services provided. The costs are then broken into subparts or functions such that each activity can be allocated on a statistical measure that is relevant to the service provided and the benefit received. Line items of expenditures are analyzed to determine which functions receive the benefit of the costs. Distributions of these costs are made according to the determined benefit of each function.
C. Establishing the Statistical Measurements or Bases for Allocation	Available statistical measurements are evaluated to establish the most equitable and meaningful basis for allocating each function within each Central Service Department. Consideration is given to determining the measurement that most appropriately demonstrates its relationship to the receiving units. For example, a function that is driven by the number of employees within the benefiting departments can be allocated by number of employees. Similarly, a function that is driven by the number of transactions for each benefiting department can be allocated by the number of transactions.
D. Accommodating Exceptions and Adjustments	Applicable cost adjustments for unallowable costs and for use charges are incorporated into the appropriate schedules. Credits for direct billings, special revenues, etc. are entered into the computation cycle.

II. The Double Step-Down Methodology

Because Central Service Departments provide services to other Central Service Departments, MAXIMUS employs a double step-down procedure. Simply stated, this allows all Central Service Departments to allocate costs to all other Central Service Departments. Since the Central Service Departments cannot simultaneously allocate their costs, the process must be done sequentially, one department after another. The second step-down allows for the equitable allocation of the costs the Central Service Departments receives from one another.

To demonstrate the potential inequity of a single step-down, consider the costs of a Purchasing function and an Accounts Payable function. Purchasing processes the purchase orders for the materials and supplies that Accounts Payable consumes. This cost is rightfully allocable to all the departments that Accounts Payable serves. If Purchasing allocates its costs after Accounts Payable allocates its costs, and then the costs that are attributable to the services provided to Accounts Payable will be prorated to the other departments served by Purchasing. This method can then send costs to departments disproportionate to the benefit received from those costs.

Comparably Accounts Payable provides services to Purchasing. Similarly, if Accounts Payable allocates its costs after Purchasing allocates its costs, then the costs that are attributable to the services provided to Purchasing will be prorated to the other departments served by Accounts Payable. Again, this method can send costs to departments disproportionate to the benefit received from those costs.

The double step-down is supported by the Uniform Guidance consistency of allocation requirement and has for over twenty years been widely accepted by Federal Cognizant Agencies.

A. The First Step-Down

The rule for this first round of allocations is that each Central Service Department can allocate to any other department regardless of the sequence of the departments and can allocate to itself providing the statistical measurements indicate a basis for the allocations.

1. The Process

The process of allocating during this round is achieved sequentially consistent with the order of the Central Service Departments. As each Central Service Department performs its allocations it allocates:

1) costs from the audited financials,
2) cost adjustments,
3) credits, and

	4) costs received from other Central Service Departments that have completed their first round allocations.
2. The Results	At the completion of the first step-down each Central Service Department has the allocated costs from itself and from the Central Service Departments sequenced after itself. These costs will be allocated in the second step-down.
B. The Second Step-Down	The rule for this second round of allocations is that each Central Service Department can allocate only to any other department sequenced after the allocating department providing the statistical measurements indicate a basis for the allocations.
1. The Process	The process of allocating during this round is achieved sequentially consistent with the order of the Central Service Departments. As each Central Service Department performs its allocations it allocates: 1) costs received from other Central Service Departments that have completed their second round allocations, and 2) costs received in the first round from itself and from the Central Service Departments sequenced after the allocating department.
2. The Results	At the completion of the second step-down each Central Service Department has completed all allocations. All Central Service Departments have been cleared of all costs. The costs have either been adjusted out of the cycle or sent to Receiving Departments based on equitable allocation statistics.
C. Supplemental Comments	When the relationships between and among the Central Service Departments is greatly intertwined, it may be prudent to implement three or more step-downs. Most often the double step-down is sufficient to accomplish an equitable allocation of all costs. If more than two step-downs are required the rules for all rounds of allocation except the final round are the same as defined above for the first step-down. The final round always follows the rules as defined above for the second step-down.

Part II: Tracking Costs in the Cost Allocation Plan

I. Cost Plan Organization

The MAXIMUS Cost Allocation Plan typically is organized as follows:

1) title page,
2) narrative of cost allocation methodology,
3) rate schedule(s) when applicable,
4) summary schedules, and
5) detail schedules.

A. Summary Schedules

The summary schedules provide a recap of the results of the cost allocation process. The following explanations define the purposes of each of the typical schedules included in the cost allocation plan.

1. Schedule A

Schedule A – Allocated Costs by Department demonstrates for each Receiving Department the costs received from each Central Service Department. This schedule answers the question:

Which Central Service Department actually allocated the costs to each Receiving Department?

This schedule does not necessarily demonstrate the Central Service Department from which the costs originated. For example, costs sent from Purchasing to Accounting and then to a Receiving Department will be recorded on Schedule A as being from Accounting.

2. Schedule C

Schedule C – Summary of Allocated Costs is the simplest report to use when balancing to the financials. This schedule demonstrates the full sequence of all departments. The Central Service Departments are listed first and in the order of their allocating sequence.

Basically, this schedule demonstrates the costs to be allocated, the adjustments made to these costs, and the results of the allocations.

The Receiving Departments follow the Central Service Departments with the total allocations received from all Central Service Departments.

3. Schedule D	Schedule D – Detail of Allocated Costs provides a view of the allocation flow of costs for each Central Service Department. This schedule allows the reader to see how the process sequentially zeroes out all of the Central Service Department costs and allocates them to Receiving Departments.
4. Schedule E	Schedule E – Summary of Allocated Costs demonstrates for each Central Service Department the services or functions of the Central Service Department and the basis for the allocation of each function. This schedule is a convenient reference for reviewing the activities identified for each Central Service Department. This is particularly important when preparing a new plan and incorporating organizational and services changes.
5. Schedule G	Schedule G – Origins of Costs demonstrates the original source of the costs received by each Receiving Department. For example, costs sent from Purchasing to Accounting and then to a Receiving Department will be recorded on Schedule G as being from Purchasing. Note the contrast with Schedule A.
B. Detail Schedules	The detail schedules follow the summary schedules in the cost allocation plan. These schedules demonstrate the original costs being allocated by each Central Service Department. The adjustments are applied; the functions are defined; the incoming costs from other Central Service Departments are detailed; the allocation calculations for both step-downs are documented; and the results for each Central Service Department are summarized. When tracking costs, typically the schedules are reviewed in reverse order tracking from summary information back to detail information. This will be demonstrated in a later section.
1. Schedule _.1	Schedule _.1 – Nature and Extent of Services is a brief narrative defining the purpose of the Central Service and the benefit it provides to the Receiving Departments.
2. Schedule _.2	Schedule _.2 – Costs to be Allocated provides an overview of the total costs allocated by each Central Service Department: 1) expenditures from the financial reports – balances to Schedule C, 2) adjustments to financial reports – balances to Schedule C, and 3) incoming costs from other Central Service Departments. The incoming costs are presented in columns that represent when these costs are allocated by the Central Service Department, not when the costs are received. As explained in Part I above, the costs that are received

	from Central Service Departments sequenced after the given department are held for allocation in the second step-down.
3. Schedule _.3	Schedule _.3 – Costs to be Allocated by Activity provides the following: 1) The expenditures from the financials are defined by type of expenditure and by activities or functions to the extent deemed necessary to ensure the application of allocation bases that closely correlate to the benefits derived by the Receiving Departments. Each function is represented in its own column. The totals will balance with both Schedule C and with Schedule _.2 expenditure amounts. 2) Adjustments to the financial reports are applied to the expenditures and the results spread to the appropriate functions. 3) Incoming costs are demonstrated first in total and then spread to the appropriate functions for allocation for each step-down. The totals for each step-down balance to the totals on Schedule _.2. It should be noted that incoming costs are coded to spread to only the functions that receive benefit from the services.
4. Schedule _.4	Schedules _.4 – Detail Activity Allocations represent the allocation results by function. Each function defined on Schedule _.3 is demonstrated on a Detail Allocation Schedule. Because the number of functions varies, the number of the last of these schedules varies. The information provided includes: 1) the statistical measurement used as a basis for allocation; 2) the identification of statistical measurement; 3) the source of the statistical measurement; 4) the percent relationship of each statistical measurement to the whole or total statistical measurement base; 5) the results of the first step-down – balances to functional total after first additions on Schedule _.3; 6) the results of the second step-down – balances to functional total of second additions on Schedule _.3; and 7) the totals allocated from both step-downs – balances to functional grand total from Schedule _.3.

	Note the results of the second step-down. This schedule clearly demonstrates how the second step-down allocates only to departments sequenced after the allocating department.
5. Schedule _.5	Schedules _.5 – Allocation Summary for each Central Service Department provides a summary of costs allocated by each function. The function totals balance to the totals from each Detail Allocation schedule defined above. The totals allocated to the Receiving Departments will balance to Schedule A for the allocating department.
II. The Tracking Process	Typically for tracking costs that are being questioned, one begins with Schedule A. This is where the questioned cost is usually identified. 1) From Schedule A, the tracker will identify the allocating Central Service Department. From the Table of Contents, the appropriate detail schedules for the allocating department will be identified. 2) Tracking begins with the last detail schedule. The questioned amount is located. A review of the summary amounts by functions indicates which detail allocation schedules to review. 3) Review of each detail schedule will demonstrate the relative benefit received by the Receiving Department for the portion of the questioned cost attributable to each function. 4) Continuing backward through the detail schedules the composition of the total functional costs can be reviewed. 5) At this point any remaining questions should be regarding the incoming costs. If these costs are questioned, then from Schedule _.2, the tracker can identify which department allocated the questioned incoming costs. Referring again to the Table of Contents, the detail schedules for the sending Central Service Department can be located. Tracking should continue by repeated the steps provided above in this section.

STATE OF FLORIDA
DIVISION OF STATE TECHNOLOGY (DST)
RECONCILIATION OF FUND TO FEDERAL GUIDELINES
Fiscal Year Ending: June 30, 2020

(000s)

FUND BALANCE JULY 1, 2019					
	Balance Per Prior Year's Reconciliation of Fund			$ 2,281	
	Prior Year Adjustment per Negotiator - Gain on Disposal of Assets (GL 78100)			1	
					$ 2,282
FY 2020	FUND INCREASE (DECREASE)				
	Revenues (Actual and Imputed)				
	From Attachment A	$ 60,892			
	Other	-			
	Total Revenues			$ 60,892	
	Expenditures (Actual Costs):				
	Per State's Financial Report	$ 67,226			
	Less Unallowable Costs (e.g.)				
	Capital Outlay	-			
	Other -				
	Capitalized Disbursements (GL 79400 & 79600)	(10,074)			
	Gain on Disposal of Assets (GL 78100)	(36)			
	(1) Service Charge (GL 75800)	(23)			
	Plus Allowable Costs (e.g.):				
	Indirect Costs from SWCAP	$ 469			
	Depreciation or Use Allowance				
	If Not Included in Actual Costs Above	1,730			
	Other	-			
	Allowable Expenditures			$ 59,292	
	FY 2020 Increase (Decrease)				$ 1,600
FUND BALANCE JUNE 30, 2020				(A)	$ 3,882
	Allowable Reserve			(B)	$ 9,594
	Excess Balance (A) - (B)				$ (5,712)
	(If less than zero, the amount on (A) is the beginning Fund balance for the next year's reconciliation. If there is an excess balance, then the federal share should be returned to the federal gov't and the amount on (B) will be the beginning fund balance for the next year.)				
FY 2020	TRANSFERS (Supported by Official Accounting Records)				
	Transfers in (e.g., Contrib. Capital)			$ 8,002	
	Transfers Out (e.g., Payback of Contrib. Capital, Other Users of Fund R.E.)			$ (8,004)	
	Net Transfers				$ (2)

NOTE ***Transfers In have been incorporated within the Revenues section and Transfers Out have been incorporated within the Expenditures section for Federal Reconciliation Purposes.***

(1) - Service Charge to General Revenue

SECTION I

COST PLAN METHODOLOGY

Part I: The Double Step-Down Methodology

I. Cost Allocation Overview

MAXIMUS applies a double step-down methodology in its cost allocation procedures. The proprietary software, MAXCARS, is the tool with which the step-down methodology is accomplished.

MAXCARS provides for the inputting of all allowable costs by cost center identifications consistent with the accounting code structure. This capability allows for efficient balancing with the financial reporting systems.

Additionally, MAXCARS provides for the inputting of allocation statistics appropriate for the distribution of the identified indirect cost pools. Credits for direct billed payments, cost adjustments, and other valid and applicable costing factors are also facilitated within the software.

A. Initiating the Process

Determination of the data to be included within the cost allocation process is accomplished through:

1) application of the Code of Federal Regulations (CFR) Title 2: Grants and Agreements Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (referred to as the Uniform Guidance) which superseded previous OMB cost circulars, including OMB Circular A-87,
2) interviews,
3) review of financial documents,
4) review of organizational structure, and
5) analysis of statistical data relative to benefit of services provided.

B. Establishing the Cost Pools to Be Allocated	The organizational structure is analyzed to determine which departments or cost pools provide services to other departments. These cost pools become the "Central Service Departments" in the cost allocation plan. Next each cost pool is evaluated to determine the activities or services provided. The costs are then broken into subparts or functions such that each activity can be allocated on a statistical measure that is relevant to the service provided and the benefit received. Line items of expenditures are analyzed to determine which functions receive the benefit of the costs. Distributions of these costs are made according to the determined benefit of each function.
C. Establishing the Statistical Measurements or Bases for Allocation	Available statistical measurements are evaluated to establish the most equitable and meaningful basis for allocating each function within each Central Service Department. Consideration is given to determining the measurement that most appropriately demonstrates its relationship to the receiving units. For example, a function that is driven by the number of employees within the benefiting departments can be allocated by number of employees. Similarly, a function that is driven by the number of transactions for each benefiting department can be allocated by the number of transactions.
D. Accommodating Exceptions and Adjustments	Applicable cost adjustments for unallowable costs and for use charges are incorporated into the appropriate schedules. Credits for direct billings, special revenues, etc. are entered into the computation cycle.

II. The Double Step-Down Methodology

Because Central Service Departments provide services to other Central Service Departments, MAXIMUS employs a double step-down procedure. Simply stated, this allows all Central Service Departments to allocate costs to all other Central Service Departments. Since the Central Service Departments cannot simultaneously allocate their costs, the process must be done sequentially, one department after another. The second step-down allows for the equitable allocation of the costs the Central Service Departments receives from one another.

To demonstrate the potential inequity of a single step-down, consider the costs of a Purchasing function and an Accounts Payable function. Purchasing processes the purchase orders for the materials and supplies that Accounts Payable consumes. This cost is rightfully allocable to all the departments that Accounts Payable serves. If Purchasing allocates its costs after Accounts Payable allocates its costs, and then the costs that are attributable to the services provided to Accounts Payable will be prorated to the other departments served by Purchasing. This method can then send costs to departments disproportionate to the benefit received from those costs.

Comparably Accounts Payable provides services to Purchasing. Similarly, if Accounts Payable allocates its costs after Purchasing allocates its costs, then the costs that are attributable to the services provided to Purchasing will be prorated to the other departments served by Accounts Payable. Again, this method can send costs to departments disproportionate to the benefit received from those costs.

The double step-down is supported by the Uniform Guidance consistency of allocation requirement and has for over twenty years been widely accepted by Federal Cognizant Agencies.

A. The First Step-Down

The rule for this first round of allocations is that each Central Service Department can allocate to any other department regardless of the sequence of the departments and can allocate to itself providing the statistical measurements indicate a basis for the allocations.

1. The Process

The process of allocating during this round is achieved sequentially consistent with the order of the Central Service Departments. As each Central Service Department performs its allocations it allocates:

1) costs from the audited financials,
2) cost adjustments,
3) credits, and

	4) costs received from other Central Service Departments that have completed their first round allocations.
2. The Results	At the completion of the first step-down each Central Service Department has the allocated costs from itself and from the Central Service Departments sequenced after itself. These costs will be allocated in the second step-down.
B. The Second Step-Down	The rule for this second round of allocations is that each Central Service Department can allocate only to any other department sequenced after the allocating department providing the statistical measurements indicate a basis for the allocations.
1. The Process	The process of allocating during this round is achieved sequentially consistent with the order of the Central Service Departments. As each Central Service Department performs its allocations it allocates: 1) costs received from other Central Service Departments that have completed their second round allocations, and 2) costs received in the first round from itself and from the Central Service Departments sequenced after the allocating department.
2. The Results	At the completion of the second step-down each Central Service Department has completed all allocations. All Central Service Departments have been cleared of all costs. The costs have either been adjusted out of the cycle or sent to Receiving Departments based on equitable allocation statistics.
C. Supplemental Comments	When the relationships between and among the Central Service Departments is greatly intertwined, it may be prudent to implement three or more step-downs. Most often the double step-down is sufficient to accomplish an equitable allocation of all costs. If more than two step-downs are required the rules for all rounds of allocation except the final round are the same as defined above for the first step-down. The final round always follows the rules as defined above for the second step-down.

Part II: Tracking Costs in the Cost Allocation Plan

I. Cost Plan Organization

The MAXIMUS Cost Allocation Plan typically is organized as follows:

1) title page,
2) narrative of cost allocation methodology,
3) rate schedule(s) when applicable,
4) summary schedules, and
5) detail schedules.

A. Summary Schedules

The summary schedules provide a recap of the results of the cost allocation process. The following explanations define the purposes of each of the typical schedules included in the cost allocation plan.

1. Schedule A

Schedule A – Allocated Costs by Department demonstrates for each Receiving Department the costs received from each Central Service Department. This schedule answers the question:

Which Central Service Department actually allocated the costs to each Receiving Department?

This schedule does not necessarily demonstrate the Central Service Department from which the costs originated. For example, costs sent from Purchasing to Accounting and then to a Receiving Department will be recorded on Schedule A as being from Accounting.

2. Schedule C

Schedule C – Summary of Allocated Costs is the simplest report to use when balancing to the financials. This schedule demonstrates the full sequence of all departments. The Central Service Departments are listed first and in the order of their allocating sequence.

Basically, this schedule demonstrates the costs to be allocated, the adjustments made to these costs, and the results of the allocations.

The Receiving Departments follow the Central Service Departments with the total allocations received from all Central Service Departments.

3. Schedule D	Schedule D – Detail of Allocated Costs provides a view of the allocation flow of costs for each Central Service Department. This schedule allows the reader to see how the process sequentially zeroes out all of the Central Service Department costs and allocates them to Receiving Departments.
4. Schedule E	Schedule E – Summary of Allocated Costs demonstrates for each Central Service Department the services or functions of the Central Service Department and the basis for the allocation of each function. This schedule is a convenient reference for reviewing the activities identified for each Central Service Department. This is particularly important when preparing a new plan and incorporating organizational and services changes.
5. Schedule G	Schedule G – Origins of Costs demonstrates the original source of the costs received by each Receiving Department. For example, costs sent from Purchasing to Accounting and then to a Receiving Department will be recorded on Schedule G as being from Purchasing. Note the contrast with Schedule A.
B. Detail Schedules	The detail schedules follow the summary schedules in the cost allocation plan. These schedules demonstrate the original costs being allocated by each Central Service Department. The adjustments are applied; the functions are defined; the incoming costs from other Central Service Departments are detailed; the allocation calculations for both step-downs are documented; and the results for each Central Service Department are summarized. When tracking costs, typically the schedules are reviewed in reverse order tracking from summary information back to detail information. This will be demonstrated in a later section.
1. Schedule _.1	Schedule _.1 – Nature and Extent of Services is a brief narrative defining the purpose of the Central Service and the benefit it provides to the Receiving Departments.
2. Schedule _.2	Schedule _.2 – Costs to be Allocated provides an overview of the total costs allocated by each Central Service Department: 1) expenditures from the financial reports – balances to Schedule C, 2) adjustments to financial reports – balances to Schedule C, and 3) incoming costs from other Central Service Departments. The incoming costs are presented in columns that represent when these costs are allocated by the Central Service Department, not when the costs are received. As explained in Part I above, the costs that are received

	from Central Service Departments sequenced after the given department are held for allocation in the second step-down.
3. Schedule _.3	Schedule _.3 – Costs to be Allocated by Activity provides the following: 1) The expenditures from the financials are defined by type of expenditure and by activities or functions to the extent deemed necessary to ensure the application of allocation bases that closely correlate to the benefits derived by the Receiving Departments. Each function is represented in its own column. The totals will balance with both Schedule C and with Schedule _.2 expenditure amounts. 2) Adjustments to the financial reports are applied to the expenditures and the results spread to the appropriate functions. 3) Incoming costs are demonstrated first in total and then spread to the appropriate functions for allocation for each step-down. The totals for each step-down balance to the totals on Schedule _.2. It should be noted that incoming costs are coded to spread to only the functions that receive benefit from the services.
4. Schedule _.4	Schedules _.4 – Detail Activity Allocations represent the allocation results by function. Each function defined on Schedule _.3 is demonstrated on a Detail Allocation Schedule. Because the number of functions varies, the number of the last of these schedules varies. The information provided includes: 1) the statistical measurement used as a basis for allocation; 2) the identification of statistical measurement; 3) the source of the statistical measurement; 4) the percent relationship of each statistical measurement to the whole or total statistical measurement base; 5) the results of the first step-down – balances to functional total after first additions on Schedule _.3; 6) the results of the second step-down – balances to functional total of second additions on Schedule _.3; and 7) the totals allocated from both step-downs – balances to functional grand total from Schedule _.3.

	Note the results of the second step-down. This schedule clearly demonstrates how the second step-down allocates only to departments sequenced after the allocating department.
5. Schedule _.5	Schedules _.5 – Allocation Summary for each Central Service Department provides a summary of costs allocated by each function. The function totals balance to the totals from each Detail Allocation schedule defined above. The totals allocated to the Receiving Departments will balance to Schedule A for the allocating department.
II. The Tracking Process	Typically for tracking costs that are being questioned, one begins with Schedule A. This is where the questioned cost is usually identified. 1) From Schedule A, the tracker will identify the allocating Central Service Department. From the Table of Contents, the appropriate detail schedules for the allocating department will be identified. 2) Tracking begins with the last detail schedule. The questioned amount is located. A review of the summary amounts by functions indicates which detail allocation schedules to review. 3) Review of each detail schedule will demonstrate the relative benefit received by the Receiving Department for the portion of the questioned cost attributable to each function. 4) Continuing backward through the detail schedules the composition of the total functional costs can be reviewed. 5) At this point any remaining questions should be regarding the incoming costs. If these costs are questioned, then from Schedule _.2, the tracker can identify which department allocated the questioned incoming costs. Referring again to the Table of Contents, the detail schedules for the sending Central Service Department can be located. Tracking should continue by repeated the steps provided above in this section.

COST ALLOCATION AGREEMENT
STATE AND LOCAL GOVERNMENTS

STATE/LOCALITY:
State of Florida
Department of Financial Services
200 East Gaines Street
516 Fletcher Building
Tallahassee, FL 32399

DATE: August 29, 2019

FILING REF.: The preceding Agreement was dated 8/3/18

SECTION I: ALLOCATED COSTS

The central service costs listed in Exhibit A, attached, are approved on a Fixed basis and may be included as part of the costs of the State/local departments and agencies indicated during the fiscal year ended June 30, 2020 for further allocation to Federal grants, contracts and other agreements performed at those departments and agencies.

SECTION II: BILLED COSTS

In addition to Section I, which provides for services furnished but not billed, the services listed below are furnished and billed to State/local departments and agencies.

I. Special Revenue Funds
1. Administrative Hearings Administration Trust Fund-OAH
2. Purchasing Trust Fund-Pur
3. State Personnel System Trust Fund-HR

II. Internal Service Trust Funds
4. DMS-Facilities Program Supervision, Financing, & Pool Trust-Sup
5. DMS-Technology Program-Communications WC Trust-COM
6. DMS-Agency for State Technology Working Capital Trust Fund-AST
7. NWRDC-Northwest Regional Data Center
8. DOS-Library and Information Services Trust Fund-LIS
9. AGO-Legal Services Trust Fund-LEG

III. Self Insurance Funds
10. DFS-Risk Management (WC, Auto/Gen Liability, Building Contents-RIS)
11. DMS-Retirement-RET
12. DMS-State Group Insurance (Life, Health, Disability, & Pretax-SEI)

State of Florida
August 9, 2019

Section III: CONDITIONS

The amounts approved in Section I and the billings for the services listed in Section II are subject to the following conditions:

A. LIMITATIONS: (1) Charges resulting from this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. (2) Such charges represent costs incurred by the State/locality which are legal obligations of the State/locality and are allowable under Title 2 of the Code of Federal Regulations, Part 200 (2 CFR 200). (3) The same costs that are treated as indirect costs are not claimed as direct costs. (4) Similar types of costs are accorded consistent accounting treatment. (5) The information provided by the State/locality which was used to establish this Agreement is not later found to be materially incomplete or inaccurate.

B. ACCOUNTING CHANGES: This Agreement is based on the accounting system purported by the State/locality to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the Cognizant Agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from an allocated cost to be billed cost. Failure to obtain approval may result in cost disallowances.

C. FIXED AMOUNTS: If fixed amounts are approved in Section I of this Agreement, they are based on an estimate of the costs for the period covered by the Agreement. When the actual costs for this period are determined, adjustments will be made to the amounts of a future year to compensate for the difference between the costs used to establish the fixed amounts and actual costs.

D. BILLED COSTS: Charges for the services listed in Section II will be billed in accordance with rates established by the State/locality. These rates will be based on the estimated costs of providing the services. Adjustments for variances between billed costs and the actual allowable costs of providing the services, as defined by 2 CFR 200, will be made in accordance with procedures agreed to between the State/locality and the Cognizant Agency.

E. USE BY OTHER FEDERAL AGENCIES: This Agreement was executed in accordance with the authority in 2 CFR 200, and should be applied to grants, contracts and other agreements covered by that Circular, subject to any limitations in Paragraph A above. The State/locality may provide copies of the Agreement to other Federal Agencies to give them early notification of the Agreement.

State of Florida
August 9, 2019

F. SPECIAL REMARKS:

As required by the OMB Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards 2001.431 (b) (3) (i) State Agency Treats the payments for unused leave for separating employees as general administrative expense that is allocated to all activities of the agency.

Equipment definition-equipment means an article of nonexpendable tangible personal property having a useful life of more than one year and an acquisition cost of $5,000.00 or more per unit.

BY THE STATE/LOCALITY:	BY THE COGNIZANT AGENCY ON BEHALF OF THE FEDERAL GOVERNMENT:

COMMUNICATIONS AND DATA PROCESSING

282.0051 Department of Management Services; Florida Digital Service; powers, duties, and functions.—

(1) The Florida Digital Service has been created within the department to propose innovative solutions that securely modernize state government, including technology and information services, to achieve value through digital transformation and interoperability, and to fully support the cloud-first policy as specified in s. 282.206. The department, through the Florida Digital Service, shall have the following powers, duties, and functions:

(a) Develop and publish information technology policy for the management of the state's information technology resources.

(b) Develop an enterprise architecture that:

1. Acknowledges the unique needs of the entities within the enterprise in the development and publication of standards and terminologies to facilitate digital interoperability;

2. Supports the cloud-first policy as specified in s. 282.206; and

3. Addresses how information technology infrastructure may be modernized to achieve cloud-first objectives.

(c) Establish project management and oversight standards with which state agencies must comply when implementing information technology projects. The department, acting through the Florida Digital Service, shall provide training opportunities to state agencies to assist in the adoption of the project management and oversight standards. To support data-driven decision making, the standards must include, but are not limited to:

1. Performance measurements and metrics that objectively reflect the status of an information technology project based on a defined and documented project scope, cost, and schedule.

2. Methodologies for calculating acceptable variances in the projected versus actual scope, schedule, or cost of an information technology project.

3. Reporting requirements, including requirements designed to alert all defined stakeholders that an information technology project has exceeded acceptable variances defined and documented in a project plan.

4. Content, format, and frequency of project updates.

(d) Perform project oversight on all state agency information technology projects that have total project costs of $10 million or more and that are funded in the General Appropriations Act or any other law. The department, acting through the Florida Digital Service, shall report at least quarterly to the Executive

Office of the Governor, the President of the Senate, and the Speaker of the House of Representatives on any information technology project that the department identifies as high-risk due to the project exceeding acceptable variance ranges defined and documented in a project plan. The report must include a risk assessment, including fiscal risks, associated with proceeding to the next stage of the project, and a recommendation for corrective actions required, including suspension or termination of the project.

(e) Identify opportunities for standardization and consolidation of information technology services that support interoperability and the cloud-first policy, as specified in s. 282.206, and business functions and operations, including administrative functions such as purchasing, accounting and reporting, cash management, and personnel, and that are common across state agencies. The department, acting through the Florida Digital Service, shall biennially on January 1 of each even-numbered year provide recommendations for standardization and consolidation to the Executive Office of the Governor, the President of the Senate, and the Speaker of the House of Representatives.

(f) Establish best practices for the procurement of information technology products and cloud-computing services in order to reduce costs, increase the quality of data center services, or improve government services.

(g) Develop standards for information technology reports and updates, including, but not limited to, operational work plans, project spend plans, and project status reports, for use by state agencies.

(h) Upon request, assist state agencies in the development of information technology-related legislative budget requests.

(i) Conduct annual assessments of state agencies to determine compliance with all information technology standards and guidelines developed and published by the department and provide results of the assessments to the Executive Office of the Governor, the President of the Senate, and the Speaker of the House of Representatives.

(j) Provide operational management and oversight of the state data center established pursuant to s. 282.201, which includes:

1. Implementing industry standards and best practices for the state data center’s facilities, operations, maintenance, planning, and management processes.

2. Developing and implementing cost-recovery mechanisms that recover the full direct and indirect cost of services through charges to applicable customer entities. Such cost-recovery mechanisms must comply with applicable state and federal regulations concerning distribution and use of funds and must ensure that, for any fiscal year, no service or customer entity subsidizes another service or customer entity. The Florida Digital Service may recommend other payment mechanisms to the Executive Office of the Governor, the President of the Senate, and the Speaker of the House of Representatives. Such mechanism may be implemented only if specifically authorized by the Legislature.

3. Developing and implementing appropriate operating guidelines and procedures necessary for the state data center to perform its duties pursuant to s. 282.201. The guidelines and procedures must comply with applicable state and federal laws, regulations, and policies and conform to generally accepted

governmental accounting and auditing standards. The guidelines and procedures must include, but need not be limited to:

a. Implementing a consolidated administrative support structure responsible for providing financial management, procurement, transactions involving real or personal property, human resources, and operational support.

b. Implementing an annual reconciliation process to ensure that each customer entity is paying for the full direct and indirect cost of each service as determined by the customer entity's use of each service.

c. Providing rebates that may be credited against future billings to customer entities when revenues exceed costs.

d. Requiring customer entities to validate that sufficient funds exist in the appropriate data processing appropriation category or will be transferred into the appropriate data processing appropriation category before implementation of a customer entity's request for a change in the type or level of service provided, if such change results in a net increase to the customer entity's cost for that fiscal year.

e. By November 15 of each year, providing to the Office of Policy and Budget in the Executive Office of the Governor and to the chairs of the legislative appropriations committees the projected costs of providing data center services for the following fiscal year.

f. Providing a plan for consideration by the Legislative Budget Commission if the cost of a service is increased for a reason other than a customer entity's request made pursuant to sub-subparagraph d. Such a plan is required only if the service cost increase results in a net increase to a customer entity for that fiscal year.

g. Standardizing and consolidating procurement and contracting practices.

4. In collaboration with the Department of Law Enforcement, developing and implementing a process for detecting, reporting, and responding to information technology security incidents, breaches, and threats.

5. Adopting rules relating to the operation of the state data center, including, but not limited to, budgeting and accounting procedures, cost-recovery methodologies, and operating procedures.

(k) Conduct a market analysis not less frequently than every 3 years beginning in 2021 to determine whether the information technology resources within the enterprise are utilized in the most cost-effective and cost-efficient manner, while recognizing that the replacement of certain legacy information technology systems within the enterprise may be cost prohibitive or cost inefficient due to the remaining useful life of those resources; whether the enterprise is complying with the cloud-first policy specified in s. 282.206; and whether the enterprise is utilizing best practices with respect to information technology, information services, and the acquisition of emerging technologies and information services. Each market analysis shall be used to prepare a strategic plan for continued and future information technology and information services for the enterprise, including, but not limited to, proposed acquisition of new services or technologies and approaches to the implementation of any new services or technologies. Copies of each market analysis and accompanying strategic plan must be submitted to the Executive Office of the

Governor, the President of the Senate, and the Speaker of the House of Representatives not later than December 31 of each year that a market analysis is conducted.

(l) Recommend other information technology services that should be designed, delivered, and managed as enterprise information technology services. Recommendations must include the identification of existing information technology resources associated with the services, if existing services must be transferred as a result of being delivered and managed as enterprise information technology services.

(m) In consultation with state agencies, propose a methodology and approach for identifying and collecting both current and planned information technology expenditure data at the state agency level.

(n)1. Notwithstanding any other law, provide project oversight on any information technology project of the Department of Financial Services, the Department of Legal Affairs, and the Department of Agriculture and Consumer Services which has a total project cost of $25 million or more and which impacts one or more other agencies. Such information technology projects must also comply with the applicable information technology architecture, project management and oversight, and reporting standards established by the department, acting through the Florida Digital Service.

2. When performing the project oversight function specified in subparagraph 1., report at least quarterly to the Executive Office of the Governor, the President of the Senate, and the Speaker of the House of Representatives on any information technology project that the department, acting through the Florida Digital Service, identifies as high-risk due to the project exceeding acceptable variance ranges defined and documented in the project plan. The report shall include a risk assessment, including fiscal risks, associated with proceeding to the next stage of the project and a recommendation for corrective actions required, including suspension or termination of the project.

(o) If an information technology project implemented by a state agency must be connected to or otherwise accommodated by an information technology system administered by the Department of Financial Services, the Department of Legal Affairs, or the Department of Agriculture and Consumer Services, consult with these departments regarding the risks and other effects of such projects on their information technology systems and work cooperatively with these departments regarding the connections, interfaces, timing, or accommodations required to implement such projects.

(p) If adherence to standards or policies adopted by or established pursuant to this section causes conflict with federal regulations or requirements imposed on an entity within the enterprise and results in adverse action against an entity or federal funding, work with the entity to provide alternative standards, policies, or requirements that do not conflict with the federal regulation or requirement. The department, acting through the Florida Digital Service, shall annually report such alternative standards to the Executive Office of the Governor, the President of the Senate, and the Speaker of the House of Representatives.

(q)1. Establish an information technology policy for all information technology-related state contracts, including state term contracts for information technology commodities, consultant services, and staff augmentation services. The information technology policy must include:

a. Identification of the information technology product and service categories to be included in state term contracts.

b. Requirements to be included in solicitations for state term contracts.

c. Evaluation criteria for the award of information technology-related state term contracts.

d. The term of each information technology-related state term contract.

e. The maximum number of vendors authorized on each state term contract.

2. Evaluate vendor responses for information technology-related state term contract solicitations and invitations to negotiate.

3. Answer vendor questions on information technology-related state term contract solicitations.

4. Ensure that the information technology policy established pursuant to subparagraph 1. is included in all solicitations and contracts that are administratively executed by the department.

(r) Recommend potential methods for standardizing data across state agencies which will promote interoperability and reduce the collection of duplicative data.

(s) Recommend open data technical standards and terminologies for use by the enterprise.

(t) Ensure that enterprise information technology solutions are capable of utilizing an electronic credential and comply with the enterprise architecture standards.

(2)(a) The Secretary of Management Services shall designate a state chief information officer, who shall administer the Florida Digital Service. The state chief information officer, prior to appointment, must have at least 5 years of experience in the development of information system strategic planning and development or information technology policy, and, preferably, have leadership-level experience in the design, development, and deployment of interoperable software and data solutions.

(b) The state chief information officer, in consultation with the Secretary of Management Services, shall designate a state chief data officer. The chief data officer must be a proven and effective administrator who must have significant and substantive experience in data management, data governance, interoperability, and security.

(3) The department, acting through the Florida Digital Service and from funds appropriated to the Florida Digital Service, shall:

(a) Create, not later than October 1, 2021, and maintain a comprehensive indexed data catalog in collaboration with the enterprise that lists the data elements housed within the enterprise and the legacy system or application in which these data elements are located. The data catalog must, at a minimum, specifically identify all data that is restricted from public disclosure based on federal or state laws and regulations and require that all such information be protected in accordance with s. 282.318.

(b) Develop and publish, not later than October 1, 2021, in collaboration with the enterprise, a data dictionary for each agency that reflects the nomenclature in the comprehensive indexed data catalog.

(c) Adopt, by rule, standards that support the creation and deployment of an application programming interface to facilitate integration throughout the enterprise.

(d) Adopt, by rule, standards necessary to facilitate a secure ecosystem of data interoperability that is compliant with the enterprise architecture.

(e) Adopt, by rule, standards that facilitate the deployment of applications or solutions to the existing enterprise system in a controlled and phased approach.

(f) After submission of documented use cases developed in conjunction with the affected agencies, assist the affected agencies with the deployment, contingent upon a specific appropriation therefor, of new interoperable applications and solutions:

1. For the Department of Health, the Agency for Health Care Administration, the Agency for Persons with Disabilities, the Department of Education, the Department of Elderly Affairs, and the Department of Children and Families.

2. To support military members, veterans, and their families.

(4) Upon the adoption of the enterprise architecture standards in rule, the department, acting through the Florida Digital Service, may develop a process to:

(a) Receive written notice from the entities within the enterprise of any planned procurement of an information technology project that is subject to enterprise architecture standards.

(b) Participate in the development of specifications and recommend modifications to any planned procurement by state agencies so that the procurement complies with the enterprise architecture.

(5) The department, acting through the Florida Digital Service, may not retrieve or disclose any data without a shared-data agreement in place between the department and the enterprise entity that has primary custodial responsibility of, or data-sharing responsibility for, that data.

(6) The department, acting through the Florida Digital Service, shall adopt rules to administer this section.

History.—s. 10, ch. 2014-221; s. 3, ch. 2016-138; ss. 59, 61, ch. 2018-10; ss. 79, 81, 82, 115, ch. 2019-116; s. 9, ch. 2019-118; s. 4, ch. 2020-161.

282.201 State data center.-- The state data center is established within the department. The provision of data center services must comply with applicable state and federal laws, regulations, and policies, including all applicable security, privacy, and auditing requirements. The department shall appoint a director of the state data center, preferably an individual who has experience in leading data center facilities and has expertise in cloud-computing management.

(1) STATE DATA CENTER DUTIES.—The state data center shall:

(a) Offer, develop, and support the services and applications defined in service-level agreements executed with its customer entities.

(b) Maintain performance of the state data center by ensuring proper data backup, data backup recovery, disaster recovery, and appropriate security, power, cooling, fire suppression, and capacity.

(c) Develop and implement business continuity and disaster recovery plans, and annually conduct a live exercise of each plan.

(d) Enter into a service-level agreement with each customer entity to provide the required type and level of service or services. If a customer entity fails to execute an agreement within 60 days after commencement of a service, the state data center may cease service. A service-level agreement may not have a term exceeding 3 years and at a minimum must:

1. Identify the parties and their roles, duties, and responsibilities under the agreement.

2. State the duration of the contract term and specify the conditions for renewal.

3. Identify the scope of work.

4. Identify the products or services to be delivered with sufficient specificity to permit an external financial or performance audit.

5. Establish the services to be provided, the business standards that must be met for each service, the cost of each service by agency application, and the metrics and processes by which the business standards for each service are to be objectively measured and reported.

6. Provide a timely billing methodology to recover the costs of services provided to the customer entity pursuant to s. 215.422.

7. Provide a procedure for modifying the service-level agreement based on changes in the type, level, and cost of a service.

8. Include a right-to-audit clause to ensure that the parties to the agreement have access to records for audit purposes during the term of the service-level agreement.

9. Provide that a service-level agreement may be terminated by either party for cause only after giving the other party and the department notice in writing of the cause for termination and an opportunity for the other party to resolve the identified cause within a reasonable period.

10. Provide for mediation of disputes by the Division of Administrative Hearings pursuant to s. 120.573.

(e) For purposes of chapter 273, be the custodian of resources and equipment located in and operated, supported, and managed by the state data center.

(f) Assume administrative access rights to resources and equipment, including servers, network components, and other devices, consolidated into the state data center.

1. Upon consolidation, a state agency shall relinquish administrative rights to consolidated resources and equipment. State agencies required to comply with federal and state criminal justice information security rules and policies shall retain administrative access rights sufficient to comply with the management control provisions of those rules and policies; however, the state data center shall have the appropriate type or level of rights to allow the center to comply with its duties pursuant to this section. The Department of Law Enforcement shall serve as the arbiter of disputes pertaining to the appropriate type and level of administrative access rights pertaining to the provision of management control in accordance with the federal criminal justice information guidelines.

2. The state data center shall provide customer entities with access to applications, servers, network components, and other devices necessary for entities to perform business activities and functions, and as defined and documented in a service-level agreement.

(g) In its procurement process, show preference for cloud-computing solutions that minimize or do not require the purchasing, financing, or leasing of state data center infrastructure, and that meet the needs of customer agencies, that reduce costs, and that meet or exceed the applicable state and federal laws, regulations, and standards for information technology security.

(h) Assist customer entities in transitioning from state data center services to third-party cloud-computing services procured by a customer entity.

(2) USE OF THE STATE DATA CENTER.—The following are exempt from the use of the state data center: the Department of Law Enforcement, the Department of the Lottery's Gaming System, Systems Design and Development in the Office of Policy and Budget, the regional traffic management centers as described in s. 335.14(2) and the Office of Toll Operations of the Department of Transportation, the State Board of Administration, state attorneys, public defenders, criminal conflict and civil regional counsel, capital collateral regional counsel, and the Florida Housing Finance Corporation.

(3) AGENCY LIMITATIONS.—Unless exempt from the use of the state data center pursuant to this section or authorized by the Legislature, a state agency may not:

(a) Create a new agency computing facility or data center, or expand the capability to support additional computer equipment in an existing agency computing facility or data center; or

(b) Terminate services with the state data center without giving written notice of intent to terminate services 180 days before such termination.

History.—s. 8, ch. 2008-116; s. 24, ch. 2009-21; s. 8, ch. 2009-80; s. 44, ch. 2010-5; s. 2, ch. 2010-148; s. 5, ch. 2011-50; s. 33, ch. 2012-96; s. 2, ch. 2012-134; s. 1, ch. 2012-142; s. 37, ch. 2013-15; ss. 47, 48, ch. 2013-41; s. 50, ch. 2014-19; ss. 13, 14, ch. 2014-221; ss. 60, 61, ch. 2018-10; ss. 80, 81, 82, 115, ch. 2019-116; s. 10, ch. 2019-118; s. 47, ch. 2020-2.

PLANNING AND BUDGETING

216.272 Working Capital Trust Funds.--

(1) There are hereby created Working Capital Trust Funds for the purpose of providing sufficient funds for the operation of data processing centers, which may include the creation of a reserve account within the Working Capital Trust Fund to pay for future information technology resource acquisitions as appropriated by the Legislature. Such funds shall be created from moneys budgeted for data processing services and equipment by those agencies to be served by the data processing center.

(2) The funds so allocated shall be in an amount sufficient to finance the center's operation; however, each agency served by the center shall contribute an amount equal to its proportionate share of cost of operating such data processing center. Each agency utilizing the services of the data processing center shall pay such moneys into the appropriate Working Capital Trust Fund on a quarterly basis or such other basis as may be determined by the Executive Office of the Governor.

History.--s. 9, ch. 67-253; ss. 2, 3, ch. 67-371; ss. 22, 31, 35, ch. 69-106; s. 78, ch. 79-190; s. 7, ch. 83-92; s. 70, ch. 92-142; s. 4, ch. 93-278; s. 2, ch. 98-388.

Note.—Former s. 23.029.

Service Name	Service Description
Data Protection	Provides backup of protected Customer data for the purpose of system and data recovery (not records retention), and data protection reporting for Customer visibility. The Service Provider will plan, schedule, and implement standard backup and recovery processes. The retention period for backup data is 6 weeks for scheduled backups. All backups are retained off-site in a secured facility, using either encrypted tape transport services or encrypted data replication. Restoration for system recovery within the 6-week retention time frame is included in this service. Customers may request additional retention beyond 6 weeks by subscribing to the Data Archival Service.
Data Archival	Provides long-term retention of Customer data beyond the native six weeks included in the Data Protection Service (or the native object-based snapshot retention period) to meet various compliance or business requirements. Retention increments are in periods of 6 months and must be specified on a per-CI basis. Archives may take the form of storage to tape, on-premises disk, or cloud-based storage services. Restorations will be considered a Direct Service.
Enterprise Vault (EV) Cloud	Provides Customers access to Symantec's EVCloud services at a reduced rate due to volume discounts. This provides for robust e-mail archiving, search, and discovery.
Azure (Microsoft Compute Cloud Offering)	This service includes Azure compute, storage, and application services as defined by Microsoft's service catalog. Charges associated with agency usage of 3rd party cloud resources beyond the forecasted budget will be the responsibility of the agency.
Oracle Services	Provides physical database management of Oracle-based databases and Oracle RAC clusters hosted at the SDC or at selected remote sites. Service includes installation, configuration, Oracle database and diagnostics license maintenance, 24x7 performance monitoring, 24x7 availability monitoring by Operations and quarterly Oracle security patch deployment for supported versions. Selected critical workload deployment is available to accelerated hyper-converged, purpose-built database appliances, hosted both on-premises and in the cloud.
Oracle Storage	Provides management of the underlying automatic storage management (ASM) and filesystem-based storage environments servicing Oracle databases hosted at the SDC or at selected remote sites. Service includes 24x7 performance monitoring, 24x7 availability monitoring, and quarterly Oracle security patch deployment for supported versions.
DB2 for LUW (UDB)	Provides physical database management of DB2 for Linux, UNIX, and Windows (LUW)-universal based databases (UDB) hosted at the SDC or at select remote sites. Service includes installation, configuration, DB2 for LUW (UDB) database and diagnostics license maintenance, 24x7 performance monitoring, 24x7 availability monitoring by Operations and scheduled DB2 for LUW (UDB) security patch deployment coordinated with Customers. This service is provided for existing subscribers only.

Service Name	Service Description
SQL Managed Instance	Provides physical database management of Customer SQL Server databases at DST-managed data centers, third party co-location hosting facilities, or with cloud providers. Service details may vary depending on location, provider and/or services requested. Service includes SQL Server installation, configuration, troubleshooting, SQL backup job management, 24x7 monitoring, and Service Pack deployment.
SQL Capacity Unit	Provides processing capacity as required to support the associated SQL Managed Instance. SQL CUs are sold in quantities of processing power, specifically gigabytes of random access memory (RAM) and gigahertz (GHz) of central processing unit (CPU). The CU count for a SQL server is equal to the Windows CU for the hosting of Windows Managed Server.
Additional Electrical Circuit (Co-location)	Provides electrical circuits for requirements that exceed the standard number of circuits provided for cabinets or rack mount installs. Standard single cabinets include 1 -30 Amp -208V (2) pole circuit, and standard rack mounts include 2 power strip receptacles (1 primary and 1 backup) within the cabinet. If additional power is requested or required by the Customer, the Customer will be responsible for the installation cost of the new circuit(s). Circuits are monitored for current, voltage and power.
Floor Tiles (Co-location)	Provides a physically secured footprint for Customer owned cabinets within the SDC that includes under floor cable management, power (cabinets should not exceed 1.25 kW per tile), HVAC, and is monitored 24x7x365. A floor tile is a 2' x 2' tile used as the unit of measure.
Rack Mounts (Co-location)	Provides a physically secured 19" standard cabinet for Customer owned equipment within the SDC. The standard rack mount unit measurement is 1 Rack Unit = 1U or 1.75".
Scheduling Services	Provides administration and support of workload scheduling and batch activity. Included are Job Control Language (JCL) documentation review for job compliancy, correctness, and accuracy to ensure jobs sustain production ready status. Planned implementation, upgrades, and installations to support workload scheduling are also in-scope for this service.
Mainframe z/OS Processing	Provides mainframe system resources for batch, TSO and other basic services. Includes batch process monitoring for automated jobs. The Service Provider provides monitoring, troubleshooting system level issues, routine maintenance and configuration of operating system level software.
Mainframe Backup/Virtual Storage	Provides management and proactive monitoring of the virtual tape subsystem environment used for mainframe data backup. In addition, this service includes the movement of tape media containing the backup data to the designated off-site vaulting facility. Customer mainframe system backups (full and incremental) are scheduled based on criteria specified in the SLA.

Service Name	Service Description
Mainframe CICS Processing	Provides IBM-CICS subsystem(s) and IBM-CICS transaction manager software for Customer applications. CICS offers advanced recovery options and ensures that transactions are rolled back appropriately when they fail. CICS related software is included in this service. This service consists of monitoring, troubleshooting system level issues, routine maintenance, and configuration of CICS and related software.
Mainframe DB2 Processing	Provides IBM-DB2 database subsystem(s) for Customer applications. All DB2 related software hosted in the Service Provider's mainframe environment is included in this service. This service consists of monitoring, troubleshooting system level issues, routine maintenance, and system configuration of DB2 and related software.
Mainframe Data Collection Facility (DCF) DB2 Processing	Provides IBM-DB2 database subsystem(s) for Customer applications. All DB2 related software hosted in the Service Provider's mainframe environment is included in this service. This service consists of monitoring, troubleshooting system level issues, routine maintenance, and system configuration of DB2 and related software.
Mainframe DCF IMS Processing	Provides IBM-IMS database subsystem(s) for Customer applications. All IMS DB/TM related software hosted in the Service Provider's mainframe environment is included in this service. This service consists of monitoring, troubleshooting system level issues, routine maintenance, and system configuration of IMS and related software.
Mainframe DCF Storage	Provides management of storage resources to ensure needed capacity is available for Customer use. Consists of monitoring available capacity, adding new storage when needed, routine maintenance, and configuration of storage software, and catalog maintenance.
Mainframe DCF z/OS	Provides mainframe system resources for batch, Time Sharing Option (TSO) and other basic services. Includes batch process monitoring for automated jobs that can be executed with minimal human interaction. The Service Provider provides monitoring, troubleshooting system level issues, routine maintenance, and configuration of operating system level software.
Mainframe Storage	Provides management of mainframe storage resources to ensure needed capacity is available for Customer use. Consists of monitoring available capacity, adding new storage when needed, routine maintenance, and configuration of storage software, and catalog maintenance.

Service Name	Service Description
Citrix	Provides support for remote access and central application deployment for Customers in a shared, highly available configuration, while providing capability for dedicated application servers for each entity. Service includes installation, administration, support, licensing, and maintenance of the Citrix environment. The service maintains three (3) tiers, Development, Test/Quality Assurance, and Production for full application life cycle management. This provides the Customer the flexibility to test applications prior to deploying to production. All three (3) tiers are designed to be highly available. Customer applications deployed remain the responsibility of the Customer.
Hosted Messaging Archive	The Hosted Messaging Archive Service provides storage for messages archived from the Hosted Messaging Service previously provided at DST. This service has been sun setted.
Load Balancing and Proxy	Provides for the creation and maintenance of VIP Address and Proxy or Load Balancing to back-end hosts. Includes SSL termination, acceleration, optimization, and health monitoring. Charged per VIP provisioned. Hardware and software components of service are designed to be Highly Available (HA) with device fail over. HTTP-to-HTTPS redirect services and application layer filtering are also included with this service, provided the customer uses the standard Service Provider's template. Content switching, advanced scripting, or SSL certificate purchases for applications unable to leverage the Service Provider's wildcard certificate will be considered a Direct Service. For customers leveraging Web/URL filtering capabilities, Global Traffic Manager (GTM), support and maintenance will also be considered a Direct Service.
Network Unit	Provides local network connectivity to servers or appliances (physical or virtual). One NU is required per server or appliance that requires network connectivity or backup. Multiple physical or virtual connections may be configured for redundancy or access reasons. Interface specific settings are based on speed, usage, and other parameters available on the upstream switch and connected device. Service includes configuration and maintenance of port settings and monitoring of link status and usage. Non-standard configurations such as fiber or special port setup will be considered a Direct Service. Firewall services and administration are included in the service. Annually, all firewall rules will be audited and reviewed with the customer.
EDI Translation	Provides EDI data transformation services in support of database and application loading. This service is provided for existing subscribers only.
Web/App/File Transfer	Provides HA web hosting of customer-deployed content and file transfer services via shared Linux/UNIX environment

Service Name	Service Description
Linux/UNIX Capacity Unit	Provides processing capacity as required to support the associated Linux/UNIX Managed Server Service. Capacity Units are sold in quantities of memory and processing power, specifically gigabytes of random access memory (RAM) and gigahertz (GHz) of central processing unit (CPU). Minimums apply. Customers requiring dedicated physical hardware must provide justification and, if approved, will be billed for all the compute resources present within the server.
Linux/UNIX Managed Server	Provides management of a Linux/UNIX-based server OS instance and includes OS licenses (Red Hat and Solaris on x86) and support, OS configuration and tuning, OS patch management in standard maintenance window, 24x7 availability and performance monitoring, security management, and anti-virus protection. DST managed servers can be provisioned at DST-managed data centers, third party co-location hosting facilities, or with cloud providers. Service details may vary depending on location, provider and/or services requested. Capacity Unit, Storage, Data Protection (backup), and Network Unit services are required and covered under separate offerings. The Service Provider is responsible for ensuring the overall health and availability of the server hardware, operating system and basic network connectivity. Application-layer management responsibility is maintained by the Customer with optional Service Provider support. Purchase of non-standard OS licenses and support is the Customer's responsibility. Support of non-standard OS or hardware is at the discretion of the Service Provider, and any customization of processes or code required to maintain the systems to adhere to the Service Provider's best practices will be considered a Direct Service
Block-based Storage	Provides high-performance physical or virtual volumes accessed via a SAN using a protocol such as Internet Small Computer System Interface (iSCSI), Fibre Channel (FC) or Fiber Channel over Ethernet (FCoE) in a non-mainframe environment. Includes the Service Provider's multi-path management software licenses, standard maintenance on storage arrays and SAN infrastructure devices, 24x7 availability and performance monitoring, and security management for storage components. Data protection (backup) services are required and covered under separate offerings. DST storage can be provisioned at DST-managed data centers, third party co-location hosting facilities, or with cloud providers. Service details may vary depending on location, provider and/or services requested

Service Name	Service Description
Object-based Storage	Provides storage via Common Internet File System (CIFS), network file system (NFS), and other protocols for distributed unstructured data and includes the Service Provider's standard component maintenance, 24x7 monitoring, file-level auditing, self-service restores, and security management for storage components. Data protection (backup) services are included in this offering via native snapshot technology. The Service Provider will plan, schedule, and implement standard snapshot processes. The retention period for snapshot data is 6 weeks for daily snapshots. All snapshots are replicated off-site to a secured facility, using encrypted data replication. Restoration for file-level recovery within the 6-week retention time frame is self-serviced by end users through the native, client-side recovery dialog boxes (i.e., "Previous Versions Client"). Recovery services of data up to 18 months, are available via Service Request. Data archival beyond the standard retention is available through the Data Archival Service.
Windows Capacity Unit	Provides processing capacity as required to support the associated Windows Managed Server Service. Capacity Units are sold in quantities of memory and processing power, specifically gigabytes of RAM and GHz of CPU. Minimums apply. Customers requiring dedicated physical hardware must provide justification and, if approved, will be billed for all the compute resources present within the server. In these situations, delivery times may be impacted.
Windows Managed Server	Provides management of a Windows-based server OS instance, and includes OS licenses and support, OS configuration and tuning, OS patch management in standard maintenance window, 24x7 availability and performance monitoring, security management, and anti-malware protection. DST managed servers can be provisioned at DST-managed data centers, third party co-location hosting facilities, or with cloud providers. Service details may vary depending on location, provider and/or services requested. Capacity Unit, Storage, Data Protection (backup), and Network Unit services are required and covered under separate offerings. The Service Provider is responsible for ensuring the overall health and availability of the server hardware, operating system and basic network connectivity. Application-layer management responsibility is maintained by the Customer with optional Service Provider support.

STATE OF FLORIDA
NORTHWEST REGIONAL DATA CENTER (NWRDC)
WORKING CAPITAL TRUST FUND
Description of Billed Services

The Northwest Regional Data Center (NWRDC) provides computing support primarily to public and not-for-profit entities throughout the state on a cost recovery basis.

The NWRDC is committed to the principle of shared governance by the users of the Data Center. The Policy Board is the governing body of the Data Center and is separate from any of the participating customers or the host institution, and responsible equitably to the users' needs.

The Data Center is self-funding. Users of the Data Center are charged for their use of Data Center resources through a cost recovery process approved by the Policy Board, which provides for full cost recovery of operating expenses each fiscal year. In addition, the Data Center will maintain an operating reserve fund that will span fiscal years.

Pursuant to 2 CFR Part 200, a comparison of the revenue generated by each billed service to the actual allowable costs of the service is prepared annually, and an adjustment is made for the difference between the revenue and the allowable costs.

The Data Center provides a utility mode of operation. The processing power and services the Data Center provides are used by the customer for the purposes the customer requires. The Data Center must be prepared to support the largest and the smallest customers, evenhandedly allocating resources and charging for services.

The customers continue to be the owners and stewards of their data, responsible for the quality, security, archival, and disaster recovery protection of that data. The Data Center is the caretaker and protector of the platforms holding the customer data, but never the owner of the data.

For purposes of the reconciliation of fund balance to OMB fund balance, operating transfers in from other agencies into the fund have been listed as revenues to the fund. Operating transfers out of the fund to other agencies for billed services have been treated as an allowable expenditure.

The OMB fund balance is subject to the 60-day working capital reserve.

Please reference TAB NWRDC WCTF 4 for Fee Schedules.

Fiscal Year 2019-2020 Northwest Regional Data Center Service Catalog

Facilities Services			
SERVICE DESCRIPTION	**BILLING UNIT**	**RATE**	**EXTENDED SERVICE DESCRIPTION**
CJIS Certified Raised Floor Space	per square foot per month	$41.68	Environmentally controlled raised floor space in the Menard Computing Suite, a CJIS Certified environment, with up to two (2) single phase 30 amp electrical circuits, two (2) three phase 30 amp circuits or one (1) three phase 60 amp circuit per standard 19" rack. Additional power charges apply for additional circuits at the current "Electrical Circuit Surcharge" rate. Each standard rack takes 16 square feet of raised floor space, non-standard rack may incur additional charges.
Raised Floor Space	per square foot per month	$41.68	Environmentally controlled raised floor space in the computer room with up to two (2) single phase 30 amp electrical circuits, two (2) three phase 30 amp circuits or one (1) three phase 60 amp circuit per standard 19" rack. Additional power charges apply for additional circuits at the current "Electrical Circuit Surcharge" rate. Each standard rack takes 16 square feet of raised floor space, non-standard rack may incur additional charges.
Electrical Circuit Surcharge	per circuit per month	$90.99	Applies for circuits above and beyond what is included in the raised floor space rate.
Collocation Support and Monitoring	per hour per month	$100.00	Includes physical security, receiving equipment, inventory control, after hours access, system monitoring (visual), smart hands, and phone support. NWRDC has 24x7 on-site coverage.
Off-site Collocation	per quote	per quote	Offsite facility providing an extension of NWRDC for alternate production processing, colocation, and disaster recovery services with highly reliable power and cooling, diversified network, and multi-layered security.
Electrical Circuits Installation	per circuit	per quote	Set up and installation service on electrical circuits.

Infrastructure Services			
SERVICE DESCRIPTION	**BILLING UNIT**	**RATE**	**EXTENDED SERVICE DESCRIPTION**
Cloud Infrastructure Service	per CMB per month	$23.02	This service is priced per Compute Memory Bundle (CMB), which consists of 1Ghz processing power and 2GB of RAM. These CMBs are guaranteed resources within NWRDC's Cloud Infrastructure Services located at either Tallahassee or Atlanta sites. The customer has the ability to choose the amount of over allocation and priority within their resource pool. In addition, CMBs can be used to build as many virtual machines as the customer would like.
Standard Physical Server (Option 1)	per quote	per quote	This standard physical server is configured as Low CPU / Low Memory: 2.50 GHz E5-2609 v2 4c/10MB Xeon Proc (dual) 64GB RAM (8x 8GB DDR3-1866-Mhz RDIMM/PC3-14900) Dual 20 GB Converged Fabric interface Boot from SAN – 2 local drives optional
Standard Physical Server (Option 2)	per quote	per quote	This standard physical server is configured as Med CPU / Med Memory: 2.0 GHz E5-2640 v2 8c/20MB Xeon Proc (dual) 128GB RAM (8x 16GB DDR3-1866-Mhz RDIMM/PC3-14900) Dual 20 GB Converged Fabric interface Boot from SAN – 2 local drives optional
Standard Physical Server (Option 3)	per quote	per quote	This standard physical server is configured as HIGH CPU / High Memory: 2.70 GHz E5-4650 8c/20MB Xeon Proc (quad) 512GB RAM (32x 16GB DDR3-1600-Mhz RDIMM/PC3-12800) Dual 20 GB Converged Fabric interface (LOM) Dual 40 GB Converged Fabric interface (VIC) Boot from SAN – 4 local drives optional
Custom Physical Server Configurations	per quote	per quote	Customized physical server configuration includes options for processing power, RAM, local storage, and flash storage.

Storage and Recovery Services			
SERVICE DESCRIPTION	**BILLING UNIT**	**RATE**	**EXTENDED SERVICE DESCRIPTION**
Backup as a Service	per GB per month	$0.16	Cloud-based data backup and recovery service available as an on-demand model. Rate is based upon capacity used post-process deduplication. All licensing for operating systems and applications are included. Service is available at both Tallahassee and Atlanta sites.
Backup as a Service (local dedicated appliance)	per GB per month	$0.12	Data backup and recovery service available as a local appliance at your location. Rate is based upon a minimum capacity of 25.5TB post-process deduplication. All licensing for operating systems and applications are included.

Enterprise Storage	per GB per month	$0.10	Provides high performance, fiber channel connected, block level storage which can be used within a customer's or NWRDC's physical or virtual environments. This storage platform is fully encrypted and uses deduplication and compression to optimize utilization. This storage platform is available at both Tallahassee and Atlanta sites.
Remote Replication	per GB per month	$0.04	Software license is for usable capacity in GB. This rate will be needed for both the target and the source locations.
Internal Replication	per GB per month	$0.04	Software license is for usable capacity in GB. This rate will be needed for both the target and the source locations.
Fibre Channel Ports	per port per month	$41.41	8-GB fibre channel ports for Open Systems connectivity & ports for remote replication to either Tallahassee or Atlanta site.
DRaaS Virtual	per server per month	$39.35	Software licenses that allow replication and Disaster Recovery of virtual servers from a customer virtual environment to NWRDC's virtual environment or from one of NWRDC's sites to another.
DRaaS Physical	per quote	per quote	Software licenses that allow replication and Disaster Recovery of physical servers from a customer environment to NWRDC's environment or from one of NWRDC's sites to another.

Network Services			
SERVICE DESCRIPTION	**BILLING UNIT**	**RATE**	**EXTENDED SERVICE DESCRIPTION**
MAN Wave 1 Gb	per Gb per month	$867.54	Cost per 1Gb for the CenturyLink 10Gb Wave Connection used to connect from FLR to CenturyLink
Network 10Gb Fiber Port	per port per month	$153.76	Provide a 10Gb fiber channel port to NWRDC network in Tallahassee or at Atlanta site.
Network 1Gb Port	per port per month	$134.84	Provide a 1Gb fiber channel or copper port to NWRDC network in Tallahassee or at Atlanta site.
Commodity Internet Access	per Mbps per month	$8.70	Commodity Internet Access through NWRDC Bandwidth.
Next Gen Firewall Services	per quote	$142.19	NG Firewall Services context providing IDS/IPS, VPN, L7 Inspection capabilities and advanced threat protection.
Tallahassee Fiber Loop Right To Use Fee	per month	$415.42	Access to 1 pair of dark fiber on NWRDC owned Tallahassee Fiber Loop.
Tallahassee Fiber Loop Right to Use Fee expansion	per month	$1,475.89	Access to 1 pair of dark fiber on NWRDC owned Tallahassee Fiber Loop expansion.
Tallahassee Fiber Loop Maintenance Fee	per month	per quote	Maintenance service provided by NWRDC to Tallahassee Fiber Loop customers.
Tallahassee Fiber Loop One-Time Start Up Fee	one time	per quote	Setup and configuration for Tallahassee Fiber Loop connection.

Managed Services			
SERVICE DESCRIPTION	**BILLING UNIT**	**RATE**	**EXTENDED SERVICE DESCRIPTION**
Managed Service - System Administrator (Server)	per server per month	$148.03	Managed services for physical/virtual servers, priced based on server count. This includes server installation, build, configure, patch, maintenance, and troubleshooting of server hardware and OS. Also included are the Patch Management and Monitoring Toolsets.
Managed Service - System Administrator (Virtual Host)	per host per month	$511.77	Managed services for virtual host, priced based on host count. This includes server installation, build, configure, patch, maintenance, and troubleshooting of server hardware and OS. Also included is the Monitoring Toolset.
Patch Management Toolset	per system per month	$6.11	Operating Systems patch management software per server.
Infrastructure Monitoring Toolset	per system per month	$7.42	Infrastructure monitoring services per device.
Personnel	per hour per month	$84.48	Professional technical services offered by NWRDC.
Managed Service - Storage Administrator	per month	$10,087.06	Managed services for storage administration. This includes the provisioning and maintenance of storage and the storage network in the customer's environment.
Managed Service - Backup Administrator	per month	$10,087.06	NWRDC provided backup software management and administration in support of our customer's requirements for server backup, retention, and restoration. Backup administration includes the policy management, monitoring, patching and management of the backup infrastructure for both physical and virtual servers.
Managed Service - Network Administrator	per month	$10,087.06	Managed services for network administration. This includes the installation, configuration, and maintenance of switches, routers, and firewalls.
Managed Service - Operator	per month	$6,085.88	Managed services for operation service.
Managed Service - System Administrator	per month	$10,087.06	Managed services for customers transitioning to our managed services category. In the second year, customers will be moved to the per server/per host rate structure.

Mainframe Services			
IBM Processing (zSeries, z/OS Operating System)			
SERVICE DESCRIPTION	**BILLING UNIT**	**RATE**	**EXTENDED SERVICE DESCRIPTION**

Mainframe Processing	Flat Rate	Pricing Policy	Batch and interactive processing are available on a 24/7/365 basis. Jobs can be submitted manually by the user or scheduled to run. Storage and disaster recovery services included.

Partner Services

TelaForce End-User Support Services			
SERVICE DESCRIPTION	**BILLING UNIT**	**RATE**	**EXTENDED SERVICE DESCRIPTION**
Staff Augmentation/Special Projects	Per Position	Per quote	
Service Dest Support	Per Contact	Per quote	Calls are answered by trained staff with an emphasis on resolving all questions and issues on first contact without the need for transfers, call-backs or dispatching of field technicians. Service desk supports end-user computing devices including traditional PCs, tablets and smart phones. As this service continues to grow, future discounts may apply. Pricing is also available for a pre-defined number of calls. Please contact us for a quote.

CenturyLink Services			
SERVICE DESCRIPTION	**BILLING UNIT**	**RATE**	**EXTENDED SERVICE DESCRIPTION**
Out-of-State Colocation Services	Per Quote	Per Quote	Secure out-of-the-state data center facility offering private caged environments. Many high bandwidth connectivity options are available, including Florida Lambda Rail (FLR).
CenturyLink Global Cloud Services	Per Quote	Per Quote	NWRDC has the ability to offer CenturyLink's global cloud services through its existing contract. Cloud IaaS, DRaaS, Cloud Storage, and DDoS mitigation services(link is external) are a few examples. Please contact NWRDC staff to discuss other available services.

SecureWorks Security Services					
SERVICE DESCRIPTION	**BILLING UNIT**	**SAMPLE RATE**			**EXTENDED SERVICE DESCRIPTION**
		IP Count	Per Test	Per Retest	
Penetration Test	per IP Count per test	5	$0.00	$0.00	This service is offered through our partnership with Dell SecureWorks. It is designed to assist you in evaluating your network as well as identifying vulnerable information assets. This pricing is provided only as an estimate, as each engagement is customized to your organization's unique needs. The retest is highly recommended to confirm issues have been properly remediated. Please contact NWRDC for a specific estimate.
		10	$0.00	$0.00	
		25	$0.00	$0.00	
		50	$15,750.24	$3,201.91	
		100	$22,575.33	$4,802.86	
		150	$25,725.39	$5,336.50	

SecureWorks Bundled Pricing			
SERVICE DESCRIPTION	**BILLING UNIT**	**SAMPLE RATE**	**EXTENDED SERVICE DESCRIPTION**
Sample Bundle 1	Per Quote	$12,218.50	iSensor IPS/IDS - Monitor traffic with threat alerting without touching the existing firewall. AETD (Red Cloak) - Advance threat detection for 25 critical Windows server/desktops. QualysGuard Express: VM: Gold - Managed scanning services for 8 external IPs.
Sample Bundle 2	Per Quote	$12,322.64	NG FireWall Monitoring - Monitor traffic with threat alerting. AETD (Red Cloak) - Advance threat detection for 25 critical Windows server/desktops. QualysGuard Express: VM: Gold - Managed scanning services for 8 external IPs.
Sample Bundle 3	Per Quote	$15,968.55	NG FireWall Monitoring - Monitor traffic with threat alerting. AETD (Red Cloak) - Advance threat detection for 50 critical Windows server/desktops. QualysGuard Express: VM: Bronze - Managed scanning services for 16 external IPs.
Sample Bundle 4	Per Quote	$22,399.68	NG FireWall Managed Device - Manage device/monitor traffic with threat alerting. AETD (Red Cloak) - Advance threat detection for 50 critical Windows server/desktops. QualysGuard Express: VM: Bronze - Managed scanning services for 16 external IPs.

ForeScout Discovery Tools			
SERVICE DESCRIPTION	**BILLING UNIT**	**RATE**	**EXTENDED SERVICE DESCRIPTION**
Visibility as a Service	Per Quote	Per Quote	Based on ForeScout's CounterAct solution, this service dynamically identifies and evaluates network endpoints the instant they connect to your network. Your overall security can be enhanced by integrating this service with your ITSM, CMDB, SIEM, or other existing tools. This can be provided as a self-managed service or managed service through our business partners.

Cloud Solutions Provider Program			
SERVICE DESCRIPTION	**BILLING UNIT**	**RATE**	**EXTENDED SERVICE DESCRIPTION**
Microsoft Cloud Services Provider (CSP)	Per Quote	Per Quote	In partnership with SHI, NWRDC can support your entire Azure lifecycle from start to finish at competitive rates.

Symantec Cyber Security Products			
SERVICE DESCRIPTION	**BILLING UNIT**	**RATE**	**EXTENDED SERVICE DESCRIPTION**
Symantec Cyber Security Products	Per Quote	Per Quote	Special pricing on Symantec's cyber security products through NWRDC.

Amazon Web Services			
SERVICE DESCRIPTION	**BILLING UNIT**	**RATE**	**EXTENDED SERVICE DESCRIPTION**
Amazon Web Services	Per Quote	Per Quote	The AWS partnership brings services such as Amazon Elastic Cloud Compute (Amazon EC2), Amazon Simple Storage Service (Amazon S3), Cloud Endure disaster recovery as a service (CE DRaaS), and VMware Cloud on AWS (VMC), as well as over 180 other state-of-the-art cloud computing offerings to our public sector customers. These comprehensive cloud computing solutions will help strengthen compliance with the State of Florida’s Cloud First Initiative.

Amazon Web Services			
SERVICE DESCRIPTION	**BILLING UNIT**	**RATE**	**EXTENDED SERVICE DESCRIPTION**
Proofpoint Security Services	Per Quote	Per Quote	Choose from Proofpoint's full range of solutions, including email protection, threat protection, security awareness training, information protection, cloud app security, digital risk protection, and archiving and compliance.

PUBLIC POSTSECONDARY EDUCATION

1004.649 Northwest Regional Data Center.—

(1) For the purpose of providing data center services to its state agency customers, the Northwest Regional Data Center shall:

(a) Operate under a governance structure that represents its customers proportionally.

(b) Maintain an appropriate cost-allocation methodology that accurately bills state agency customers based solely on the actual direct and indirect costs of the services provided to state agency customers, and ensures that for any fiscal year, state agency customers are not subsidizing other customers of the data center. Such cost-allocation methodology must comply with applicable state and federal regulations concerning the distribution and use of state and federal funds.

(c) Enter into a service-level agreement with each state agency customer to provide services as defined and approved by the governing board of the center. At a minimum, such service-level agreements must:

1. Identify the parties and their roles, duties, and responsibilities under the agreement;

2. State the duration of the agreement term and specify the conditions for renewal;

3. Identify the scope of work;

4. Establish the services to be provided, the business standards that must be met for each service, the cost of each service, and the process by which the business standards for each service are to be objectively measured and reported;

5. Provide a timely billing methodology for recovering the cost of services provided pursuant to s. 215.422;

6. Provide a procedure for modifying the service-level agreement to address any changes in projected costs of service;

7. Prohibit the transfer of computing services between the Northwest Regional Data Center and the state data center established pursuant to s. 282.201 without at least 180 days' written notification of service cancellation;

8. Identify the products or services to be delivered with sufficient specificity to permit an external financial or performance audit; and

9. Provide that the service-level agreement may be terminated by either party for cause only after giving the other party notice in writing of the cause for termination and an opportunity for the other party to resolve the identified cause within a reasonable period.

(d) Provide to the Board of Governors the total annual budget by major expenditure category, including, but not limited to, salaries, expenses, operating capital outlay, contracted services, or other personnel services by July 30 each fiscal year.

(e) Provide to each state agency customer its projected annual cost for providing the agreed-upon data center services by September 1 each fiscal year.

(f) Provide a plan for consideration by the Legislative Budget Commission if the governing body of the center approves the use of a billing rate schedule after the start of the fiscal year that increases any state agency customer's costs for that fiscal year.

(2) The Northwest Regional Data Center's authority to provide data center services to its state agency customers may be terminated if:

(a) The center requests such termination to the Board of Governors, the Senate President, and the Speaker of the House of Representatives; or

(b) The center fails to comply with the provisions of this section.

(3) If such authority is terminated, the center shall have 1 year to provide for the transition of its state agency customers to the state data center established pursuant to s. 282.201.

History.—s. 6, ch. 2011-63; s. 3, ch. 2012-142; s. 21, ch. 2014-221.

WCTF – COM 1

STATE OF FLORIDA
DEPARTMENT OF MANAGEMENT SERVICES
COMMUNICATIONS WORKING CAPITAL TRUST FUND
Description of Billed Services

The Communications Working Capital Trust Fund operates the Florida network that provides voice, data and conferencing telecommunications services for government under the brand name SUNCOM.

The above-mentioned services are used to accumulate expenses for a total cost per service type. Any division-wide expenses are proportionately distributed according to relative levels of use by service type. Any expenses that are unique to a service have been directly assigned to that service pool. The units of service used to identify the cost per unit of service are derived from historical trend methods and special factors identified by senior staff in engineering, planning and operations and billing. The historical trends method projects growth based on prior years' growth trends. Adjustments to differences in actual vs. projected trends are reconciled either in January or the next fiscal year commensurate to the specific service type.

Costs recorded to General Ledger Code 77500 represent Depreciation Expense on eligible assets. Accordingly, these costs have been included as allowable costs for the fund balance reconciliation.

For purposes of the reconciliation of fund balance to federal guidelines, allocable Statewide Cost Allocation Plan Fixed Costs have been included as an allowable expenditure. Operating transfers in from other agencies into the fund have been listed as revenues to the fund. Operating transfers out of the fund to other agencies for billed services have been treated as an allowable expenditure.

Payments made during the fiscal year that represent administrative fees payable to the General Revenue Fund pursuant to Florida Statutes (recorded in General Ledger code 75800) and Administrative Assessments (included in General Ledger code 75700) for Communications and Legislative Affairs have been treated as unallowable costs for reconciliation purposes.

The Department of Financial Services (DFS) continues to work with the Department of Management Services (DMS) and the Division of Telecommunication (DivTel) to ensure that the Communications Working Capital Trust Fund maintains a sufficient but not excessive trust fund balance by adjusting service rates or making rebates to customers.

The OMB fund balance is subject to the 60-day working capital reserve.

Please reference TAB WCTF - COM 4 for Cost Allocation and Business Model.

SERVICE UPDATE

TO: SUNCOM MCS Customers

FROM: Denise Adkins
Chief of Customer Service
Division of State Technology (DST)
Department of Management Services (DMS)

DATE: February 5, 2020

SUBJECT: Mobile Communication Service (MCS) Aircard Credit

Dear SUNCOM MCS Customer:

The Division of State Technology is pleased to announce that the SUNCOM MCS Aircard service will be providing a credit to customers for fiscal year 2019-2020. The credit amount is based on the amount of service used. The credit will be displayed as a reduction to your current charges and listed as “SUNCOM Rebate for Services Provided” on your next invoice.

If your next monthly invoice shows a credit balance (i.e., if the credit reduction applied exceeds your charges for the month), the credit balance should be applied to outstanding SUNCOM charges. If you do not have any outstanding SUNCOM charges, then your credit balance can be applied toward future SUNCOM charges. If you need assistance applying the credit balance, email SuncomInv@dms.myflorida.com or call 1-888-4-SUNCOM (888-478-6266) Press 1 for Main menu, Option 2, then Option 2.

Please call 1-888-4-SUNCOM (888-478-6266) Press 1 for Main menu, then Option 3 if you would like more information on the SUNCOM MCS Aircard service or any other SUNCOM service.

Thank you again for your continued support of the Department of Management Services, Division of State Technology as we strive to provide cost-effective and high-quality telecommunications services.

ADMINISTRATIVE ASSESSMENT SUMMARY

Methodology:

Establish Administrative Cost Pools to accumulate costs by distinct administrative function or type of activity.

For each Administrative Budgetary Entity, identify a basis for distributing the costs of that entity to Administrative Cost Pools.

Establish Program Entities to accumulate costs by program activity.

For each Administrative Cost Pool, establish a discreet basis for allocating accumulated costs in the pool to Program Entities.

I. The following Administrative Cost Pools are established to accumulate costs by distinct administrative function:

Office of the Secretary
Information Technology
Communications
General Counsel
Inspector General
Legislative Affairs
Budget Office
Financial Management Services - Disbursements
Financial Management Services – Revenue
Financial Management Services-Control Section (includes PAM)
Human Resources
Mail Room Operations
Departmental Purchasing

II. The Appropriated Funds are designated as the Program Entities.

III. The following bases were used for the allocation of Administrative Budget Entities costs:

Office of the Secretary - Direct allocation to Program Entities based on appropriations and FTE.

Information Technology - Direct allocation to Program Entities based on appropriations and FTE.

Communications Office - Direct allocation to Program Entities based on appropriations and FTE.

Office of the General Counsel - Direct allocation to Program Entities based on hours.

Legislative Affairs - Direct allocation to Program Entities based on appropriations and FTE.

Office of the Inspector General - Direct allocation to Program Entities based on appropriations and FTE.

Budget Office - Direct allocation to Program Entities based on appropriations.

Disbursements Section (FMS) - Allocation to Program Entities based on number of disbursement transactions. Transactions 51's and 70's.

Revenue Section (FMS) - Allocation to Program Entities based on number of revenue transactions. Transactions 30's, Transactions 96's and Invoices.

Control Section (FMS) - Allocation to Program Entities based on the average percent of disbursements and revenue transactions.

Human Resources - Direct allocation to Program Entities based on number of positions.

Mail Room - Allocation to Program Entities based on pieces of mail.

Departmental Purchasing - Direct Allocation to Program Entities based on Purchase Orders processed. Transactions 60's.

IV. The administrative assessment fee is charged on a monthly basis.

COST ALLOCATION AGREEMENT
STATE AND LOCAL GOVERNMENTS

STATE/LOCALITY:
State of Florida
Department of Financial Services
200 East Gaines Street
516 Fletcher Building
Tallahassee, FL 32399

DATE: August 29, 2019

FILING REF.: The preceding Agreement was dated 8/3/18

SECTION I: ALLOCATED COSTS

The central service costs listed in Exhibit A, attached, are approved on a Fixed basis and may be included as part of the costs of the State/local departments and agencies indicated during the fiscal year ended June 30, 2020 for further allocation to Federal grants, contracts and other agreements performed at those departments and agencies.

SECTION II: BILLED COSTS

In addition to Section I, which provides for services furnished but not billed, the services listed below are furnished and billed to State/local departments and agencies.

I. Special Revenue Funds
1. Administrative Hearings Administration Trust Fund-OAH
2. Purchasing Trust Fund-Pur
3. State Personnel System Trust Fund-HR

II. Internal Service Trust Funds
4. DMS-Facilities Program Supervision, Financing, & Pool Trust-Sup
5. DMS-Technology Program-Communications WC Trust-COM
6. DMS-Agency for State Technology Working Capital Trust Fund-AST
7. NWRDC-Northwest Regional Data Center
8. DOS-Library and Information Services Trust Fund-LIS
9. AGO-Legal Services Trust Fund-LEG

III. Self Insurance Funds
10. DFS-Risk Management (WC, Auto/Gen Liability, Building Contents-RIS)
11. DMS-Retirement-RET
12. DMS-State Group Insurance (Life, Health, Disability, & Pretax-SEI)

State of Florida
August 9, 2019

Section III: CONDITIONS

The amounts approved in Section I and the billings for the services listed in Section II are subject to the following conditions:

A. LIMITATIONS: (1) Charges resulting from this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. (2) Such charges represent costs incurred by the State/locality which are legal obligations of the State/locality and are allowable under Title 2 of the Code of Federal Regulations, Part 200 (2 CFR 200). (3) The same costs that are treated as indirect costs are not claimed as direct costs. (4) Similar types of costs are accorded consistent accounting treatment. (5) The information provided by the State/locality which was used to establish this Agreement is not later found to be materially incomplete or inaccurate.

B. ACCOUNTING CHANGES: This Agreement is based on the accounting system purported by the State/locality to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the Cognizant Agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from an allocated cost to be billed cost. Failure to obtain approval may result in cost disallowances.

C. FIXED AMOUNTS: If fixed amounts are approved in Section I of this Agreement, they are based on an estimate of the costs for the period covered by the Agreement. When the actual costs for this period are determined, adjustments will be made to the amounts of a future year to compensate for the difference between the costs used to establish the fixed amounts and actual costs.

D. BILLED COSTS: Charges for the services listed in Section II will be billed in accordance with rates established by the State/locality. These rates will be based on the estimated costs of providing the services. Adjustments for variances between billed costs and the actual allowable costs of providing the services, as defined by 2 CFR 200, will be made in accordance with procedures agreed to between the State/locality and the Cognizant Agency.

E. USE BY OTHER FEDERAL AGENCIES: This Agreement was executed in accordance with the authority in 2 CFR 200, and should be applied to grants, contracts and other agreements covered by that Circular, subject to any limitations in Paragraph A above. The State/locality may provide copies of the Agreement to other Federal Agencies to give them early notification of the Agreement.

State of Florida
August 9, 2019

F. SPECIAL REMARKS:

As required by the OMB Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards 2001.431 (b) (3) (i) State Agency Treats the payments for unused leave for separating employees as general administrative expense that is allocated to all activities of the agency.

Equipment definition-equipment means an article of nonexpendable tangible personal property having a useful life of more than one year and an acquisition cost of $5,000.00 or more per unit.

BY THE STATE/LOCALITY:	BY THE COGNIZANT AGENCY ON BEHALF OF THE FEDERAL GOVERNMENT:
State of Florida State/Locality	DEPARTMENT OF HEALTH & HUMAN SERVICES (AGENCY)

PLANNING AND BUDGETING

216.272 Working Capital Trust Funds.--

(1) There are hereby created Working Capital Trust Funds for the purpose of providing sufficient funds for the operation of data processing centers, which may include the creation of a reserve account within the Working Capital Trust Fund to pay for future information technology resource acquisitions as appropriated by the Legislature. Such funds shall be created from moneys budgeted for data processing services and equipment by those agencies to be served by the data processing center.

(2) The funds so allocated shall be in an amount sufficient to finance the center's operation; however, each agency served by the center shall contribute an amount equal to its proportionate share of cost of operating such data processing center. Each agency utilizing the services of the data processing center shall pay such moneys into the appropriate Working Capital Trust Fund on a quarterly basis or such other basis as may be determined by the Executive Office of the Governor.

History.--s. 9, ch. 67-253; ss. 2, 3, ch. 67-371; ss. 22, 31, 35, ch. 69-106; s. 78, ch. 79-190; s. 7, ch. 83-92; s. 70, ch. 92-142; s. 4, ch. 93-278; s. 2, ch. 98-388.

Note.--Former s. 23.029.

COMMUNICATIONS AND DATA PROCESSING

282.703 SUNCOM Network; exemptions from the required use.--

(1) The SUNCOM Network is established within the department as the state enterprise telecommunications system for providing local and long-distance communications services to state agencies, political subdivisions of the state, municipalities, and nonprofit corporations pursuant to this part. The SUNCOM Network shall be developed to transmit all types of telecommunications signals, including, but not limited to, voice, data, video, image, and radio. State agencies shall cooperate and assist in the development and joint use of telecommunications systems and services.

(2) The department shall design, engineer, implement, manage, and operate through state ownership, commercial leasing, contracted services, or some combination thereof, the facilities, equipment, and contracts providing SUNCOM Network services, and shall develop a system of equitable billings and charges for telecommunications services.

(3) The department shall own, manage, and establish standards for the telecommunications addressing and numbering plans for the SUNCOM Network. This includes distributing or revoking numbers and addresses to authorized users of the network and delegating or revoking the delegation of management of subsidiary groups of numbers and addresses to authorized users of the network.

(4) The department shall maintain a directory of information and services which provides the names, phone numbers, and e-mail addresses for employees, agencies, and network devices that are served, in whole or in part, by the SUNCOM Network. State agencies and political subdivisions of the state shall cooperate with the department by providing timely and accurate directory information in the manner established by the department.

(5) All state agencies shall use the SUNCOM Network for agency telecommunications services as the services become available; however, an agency is not relieved of responsibility for maintaining telecommunications services necessary for effective management of its programs and functions. The department may provide such communications services to a state university if requested by the university.

(a) If a SUNCOM Network service does not meet the telecommunications requirements of an agency, the agency must notify the department in writing and detail the requirements for that service. If the department is unable to meet an agency's requirements by enhancing SUNCOM Network service, the department may grant the agency an exemption from the required use of specified SUNCOM Network services.

(b) Unless an exemption has been granted by the department, effective October 1, 2010, all customers of a state primary data center, excluding state universities, must use the shared SUNCOM Network telecommunications services connecting the state primary data center to SUNCOM services for all telecommunications needs in accordance with department rules.

1. Upon discovery of customer noncompliance with this paragraph, the department shall provide the affected customer with a schedule for transferring to the shared telecommunications services provided by

the SUNCOM Network and an estimate of all associated costs. The state primary data centers and their customers shall cooperate with the department to accomplish the transfer.

2. Customers may request an exemption from this paragraph in the same manner as authorized in paragraph (a).

(6) This section may not be construed to require a state university to use SUNCOM Network communication services.

STATE OF FLORIDA
DEPARTMENT OF MANAGEMENT SERVICES
SUPERVISION AND FACILITIES POOL CLEARING TRUST FUND
Description of Billed Services

The Florida Facilities Pool consists of sixty-six state owned office buildings with a total of 7.8 million square feet. Revenues are raised through a statewide uniform rate, which was $17.18 (full-service office) in fiscal year 2020. The uniform rental rate is used because of its simplicity, ease of administration and the economies of the scale derived. The "facilities pool concept" has been accepted as a rental rate system by the U.S. Department of Health and Human Services Division of Cost Allocation.

A full-service office rental rate includes the following services: utilities, debt service interest, capital repair expense, and security for large complexes and tenant-scheduled refurbishment.

The Department of Management Services (DMS) reports capitalized expenditures during the fiscal year as a “Property Transfer In” (GL Code 65200) within the Supervision Trust Fund. These amounts do not represent operating revenues/transfers (i.e., rents and sales of service). Accordingly, these amounts have been removed from the Operating Revenues/Transfers of the fund for reconciliation purposes.

Costs recorded to General Ledger Code 77500 represent Depreciation Expense on eligible assets. Accordingly, these costs have been included as allowable costs for the fund balance reconciliation.

For purposes of the reconciliation of fund balance to federal guidelines, allocable Statewide Cost Allocation Plan Fixed Costs have been included as an allowable expenditure. Operating transfers in from other agencies into the fund have been listed as revenues to the fund. Operating transfers out of the fund to other agencies for billed services have been treated as an allowable expenditure.

Payments made during the fiscal year that represent administrative fees payable to the General Revenue Fund pursuant to Florida Statutes (recorded in General Ledger code 75800) and Administrative Assessments (included in General Ledger code 75700) for Communications and Legislative Affairs have been treated as unallowable costs for OMB reconciliation purposes.

The OMB fund balance is subject to a 90-day working capital reserve, which was approved by HHS-CAS during the FY 2020 SWCAP approval process.

Please reference TAB SUP 4 for Fee Schedules.

ADMINISTRATIVE ASSESSMENT SUMMARY

Methodology:

Establish Administrative Cost Pools to accumulate costs by distinct administrative function or type of activity.

For each Administrative Budgetary Entity, identify a basis for distributing the costs of that entity to Administrative Cost Pools.

Establish Program Entities to accumulate costs by program activity.

For each Administrative Cost Pool, establish a discreet basis for allocating accumulated costs in the pool to Program Entities.

I. The following Administrative Cost Pools are established to accumulate costs by distinct administrative function:

Office of the Secretary
Information Technology
Communications
General Counsel
Inspector General
Legislative Affairs
Budget Office
Financial Management Services - Disbursements
Financial Management Services – Revenue
Financial Management Services-Control Section (includes PAM)
Human Resources
Mail Room Operations
Departmental Purchasing

II. The Appropriated Funds are designated as the Program Entities.

III. The following bases were used for the allocation of Administrative Budget Entities costs:

Office of the Secretary - Direct allocation to Program Entities based on appropriations and FTE.

Information Technology - Direct allocation to Program Entities based on appropriations and FTE.

Communications Office - Direct allocation to Program Entities based on appropriations and FTE.

Office of the General Counsel - Direct allocation to Program Entities based on hours.

Legislative Affairs - Direct allocation to Program Entities based on appropriations and FTE.

Office of the Inspector General - Direct allocation to Program Entities based on appropriations and FTE.

Budget Office - Direct allocation to Program Entities based on appropriations.

Disbursements Section (FMS) - Allocation to Program Entities based on number of disbursement transactions. Transactions 51's and 70's.

Revenue Section (FMS) - Allocation to Program Entities based on number of revenue transactions. Transactions 30's, Transactions 96's and Invoices.

Control Section (FMS) - Allocation to Program Entities based on the average percent of disbursements and revenue transactions.

Human Resources - Direct allocation to Program Entities based on number of positions.

Mail Room - Allocation to Program Entities based on pieces of mail.

Departmental Purchasing - Direct Allocation to Program Entities based on Purchase Orders processed. Transactions 60's.

IV. The administrative assessment fee is charged on a monthly basis.

COST ALLOCATION AGREEMENT
STATE AND LOCAL GOVERNMENTS

STATE/LOCALITY:
State of Florida
Department of Financial Services
200 East Gaines Street
516 Fletcher Building
Tallahassee, FL 32399

DATE: August 29, 2019

FILING REF.: The preceding Agreement was dated 8/3/18

SECTION I: ALLOCATED COSTS

The central service costs listed in Exhibit A, attached, are approved on a Fixed basis and may be included as part of the costs of the State/local departments and agencies indicated during the fiscal year ended June 30, 2020 for further allocation to Federal grants, contracts and other agreements performed at those departments and agencies.

SECTION II: BILLED COSTS

In addition to Section I, which provides for services furnished but not billed, the services listed below are furnished and billed to State/local departments and agencies.

I. Special Revenue Funds
1. Administrative Hearings Administration Trust Fund-OAH
2. Purchasing Trust Fund-Pur
3. State Personnel System Trust Fund-HR

II. Internal Service Trust Funds
4. DMS-Facilities Program Supervision, Financing, & Pool Trust-Sup
5. DMS-Technology Program-Communications WC Trust-COM
6. DMS-Agency for State Technology Working Capital Trust Fund-AST
7. NWRDC-Northwest Regional Data Center
8. DOS-Library and Information Services Trust Fund-LIS
9. AGO-Legal Services Trust Fund-LEG

III. Self Insurance Funds
10. DFS-Risk Management (WC, Auto/Gen Liability, Building Contents-RIS)
11. DMS-Retirement-RET
12. DMS-State Group Insurance (Life, Health, Disability, & Pretax-SEI)

State of Florida
August 9, 2019

Section III: CONDITIONS

The amounts approved in Section I and the billings for the services listed in Section II are subject to the following conditions:

A. LIMITATIONS: (1) Charges resulting from this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. (2) Such charges represent costs incurred by the State/locality which are legal obligations of the State/locality and are allowable under Title 2 of the Code of Federal Regulations, Part 200 (2 CFR 200). (3) The same costs that are treated as indirect costs are not claimed as direct costs. (4) Similar types of costs are accorded consistent accounting treatment. (5) The information provided by the State/locality which was used to establish this Agreement is not later found to be materially incomplete or inaccurate.

B. ACCOUNTING CHANGES: This Agreement is based on the accounting system purported by the State/locality to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the Cognizant Agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from an allocated cost to be billed cost. Failure to obtain approval may result in cost disallowances.

C. FIXED AMOUNTS: If fixed amounts are approved in Section I of this Agreement, they are based on an estimate of the costs for the period covered by the Agreement. When the actual costs for this period are determined, adjustments will be made to the amounts of a future year to compensate for the difference between the costs used to establish the fixed amounts and actual costs.

D. BILLED COSTS: Charges for the services listed in Section II will be billed in accordance with rates established by the State/locality. These rates will be based on the estimated costs of providing the services. Adjustments for variances between billed costs and the actual allowable costs of providing the services, as defined by 2 CFR 200, will be made in accordance with procedures agreed to between the State/locality and the Cognizant Agency.

E. USE BY OTHER FEDERAL AGENCIES: This Agreement was executed in accordance with the authority in 2 CFR 200, and should be applied to grants, contracts and other agreements covered by that Circular, subject to any limitations in Paragraph A above. The State/locality may provide copies of the Agreement to other Federal Agencies to give them early notification of the Agreement.

State of Florida
August 9, 2019

F. SPECIAL REMARKS:

As required by the OMB Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards 2001.431 (b) (3) (i) State Agency Treats the payments for unused leave for separating employees as general administrative expense that is allocated to all activities of the agency.

Equipment definition-equipment means an article of nonexpendable tangible personal property having a useful life of more than one year and an acquisition cost of $5,000.00 or more per unit.

BY THE STATE/LOCALITY:	BY THE COGNIZANT AGENCY ON BEHALF OF THE FEDERAL GOVERNMENT:

PUBLIC PROPERTY AND PUBLICLY OWNED BUILDINGS

255.505 Creation of the pool. — The Department of Management Services is hereby authorized and directed to create the Florida Facilities Pool in order that agencies may participate, and thereby pool the rentals to be paid by such agencies, at uniform rates with additional charges for services provided, and to authorize the issuance of obligations secured by and payable from such rentals and charges. Participation in the pool shall be in accordance with the provisions of this act.

History.—s. 7, ch. 85-349; s. 25, ch. 98-279.

255.51 Determination of rental rates.—The Department of Management Services shall determine and establish rental rates charged and computed on a per square foot basis for all facilities in the pool whether or not of new construction, and such rates shall be applied uniformly to all agencies using or occupying space in facilities in the pool with additional charges based upon the elements of service and special requests as provided. Separate rates and charges may be established for warehouse space and parking space incidental to facilities in the pool.

History.—s. 12, ch. 85-349; s. 74, ch. 87-224; s. 30, ch. 98-279.

255.511 Factors to be considered in establishing rental rates.—

(1) The Department of Management Services shall prepare a complete annual budget for debt service on obligations issued under this act and for capital depreciation reserve deposits and expenses included in the operation and maintenance of each facility in the pool.

(2) The amount included in the budget for capital depreciation reserve deposits shall be an appropriate amount determined in accordance with generally accepted governmental accounting principles, for economic obsolescence and depreciation of each facility in the pool.

History.—s. 13, ch. 85-349; s. 31, ch. 98-279.

Department of Management Services
Fiscal Year 2019-20 - Trust Fund Summary

	Trust Fund	Controlling Statutory Authority	Statutory Purpose of Trust Fund	Specific Revenue Source(s)
3	Supervision Trust Fund	215.32 255.503	This fund is used to maintain the integrity of rental charges received from office space tenants in the Florida Facilities Pool. Funds received are used for operational costs, maintenance and security.	Receipts are generated from transfer of a portion of the rental receipts from the Florida Facilities Pool Clearing Trust Fund, via the State Board of Administration. Receipts are also generated from paid parking fees from employees and visitors.
4	Florida Facilities Pool Clearing Trust Fund	255.503 255.505	The facilities pool rental rate is a composite of facilities costs charged back to the customer in a cost-recovery system. Rental receipts from the agencies are received into the trust fund. From this fund, debt service and capital depreciation charges are sent to the State Board of Administration. Receipts sent from this clearing fund to the Supervision Trust Fund are used for program operations and building maintenance.	Rental receipts are from tenants of the Florida Facilities Pool that are based on a prescribed per square foot rental rate.

Facilities Rental Rates	
Description	**Rate**
Full-Service Office	$17.18
Non-Full-Service Office	$15.93
Conditioned Storage	$5.11
Unconditioned Storage	$3.45

LIS 1

STATE OF FLORIDA
DEPARTMENT OF STATE
RECORDS MANAGEMENT TRUST FUND
Description of Billed Services

The Division of Library and Information Services (LIS) provides library, archival and records management services to state agencies and local government. The portion of the division that is billed to state agencies includes:

- **Records Management** - Provides access, storage, retrieval and disposal of records.

- **Central Microfilming** - Provides document microfilming, processing, duplicity, jacketing and various computer and tape microfilm records.

Rates are developed in accordance with levels of material usage by state agency, and an appropriate hourly overhead rate.

For purposes of the reconciliation of fund balance to federal guidelines, allocable Statewide Cost Allocation Plan Fixed Costs have been included as an allowable expenditure. Operating transfers in from other agencies into the fund have been listed as revenues to the fund. Operating transfers out of the fund to other agencies for billed services have been treated as an allowable expenditure.

Costs recorded to General Ledger Code 77500 represent Depreciation Expense on eligible assets. Accordingly, these costs have been included as allowable costs for the fund balance reconciliation.

Payments made during the fiscal year that represent administrative fees payable to the General Revenue Fund pursuant to Florida Statutes (recorded in General Ledger code 75800) have been treated as unallowable costs for reconciliation purposes.

The fund balance is subject to the 60-day working capital reserve.

Please reference TAB LIS 4 for Fee Schedules.

COST ALLOCATION AGREEMENT
STATE AND LOCAL GOVERNMENTS

STATE/LOCALITY:
State of Florida
Department of Financial Services
200 East Gaines Street
516 Fletcher Building
Tallahassee, FL 32399

DATE: August 29, 2019

FILING REF.: The preceding Agreement was dated 8/3/18

SECTION I: ALLOCATED COSTS

The central service costs listed in Exhibit A, attached, are approved on a Fixed basis and may be included as part of the costs of the State/local departments and agencies indicated during the fiscal year ended June 30, 2020 for further allocation to Federal grants, contracts and other agreements performed at those departments and agencies.

SECTION II: BILLED COSTS

In addition to Section I, which provides for services furnished but not billed, the services listed below are furnished and billed to State/local departments and agencies.

I. Special Revenue Funds
1. Administrative Hearings Administration Trust Fund-OAH
2. Purchasing Trust Fund-Pur
3. State Personnel System Trust Fund-HR

II. Internal Service Trust Funds
4. DMS-Facilities Program Supervision, Financing, & Pool Trust-Sup
5. DMS-Technology Program-Communications WC Trust-COM
6. DMS-Agency for State Technology Working Capital Trust Fund-AST
7. NWRDC-Northwest Regional Data Center
8. DOS-Library and Information Services Trust Fund-LIS
9. AGO-Legal Services Trust Fund-LEG

III. Self Insurance Funds
10. DFS-Risk Management (WC, Auto/Gen Liability, Building Contents-RIS)
11. DMS-Retirement-RET
12. DMS-State Group Insurance (Life, Health, Disability, & Pretax-SEI)

State of Florida
August 9, 2019

Section III: CONDITIONS

The amounts approved in Section I and the billings for the services listed in Section II are subject to the following conditions:

A. LIMITATIONS: (1) Charges resulting from this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. (2) Such charges represent costs incurred by the State/locality which are legal obligations of the State/locality and are allowable under Title 2 of the Code of Federal Regulations, Part 200 (2 CFR 200). (3) The same costs that are treated as indirect costs are not claimed as direct costs. (4) Similar types of costs are accorded consistent accounting treatment. (5) The information provided by the State/locality which was used to establish this Agreement is not later found to be materially incomplete or inaccurate.

B. ACCOUNTING CHANGES: This Agreement is based on the accounting system purported by the State/locality to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the Cognizant Agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from an allocated cost to be billed cost. Failure to obtain approval may result in cost disallowances.

C. FIXED AMOUNTS: If fixed amounts are approved in Section I of this Agreement, they are based on an estimate of the costs for the period covered by the Agreement. When the actual costs for this period are determined, adjustments will be made to the amounts of a future year to compensate for the difference between the costs used to establish the fixed amounts and actual costs.

D. BILLED COSTS: Charges for the services listed in Section II will be billed in accordance with rates established by the State/locality. These rates will be based on the estimated costs of providing the services. Adjustments for variances between billed costs and the actual allowable costs of providing the services, as defined by 2 CFR 200, will be made in accordance with procedures agreed to between the State/locality and the Cognizant Agency.

E. USE BY OTHER FEDERAL AGENCIES: This Agreement was executed in accordance with the authority in 2 CFR 200, and should be applied to grants, contracts and other agreements covered by that Circular, subject to any limitations in Paragraph A above. The State/locality may provide copies of the Agreement to other Federal Agencies to give them early notification of the Agreement.

State of Florida
August 9, 2019

F. SPECIAL REMARKS:

As required by the OMB Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards 2001.431 (b) (3) (i) State Agency Treats the payments for unused leave for separating employees as general administrative expense that is allocated to all activities of the agency.

Equipment definition-equipment means an article of nonexpendable tangible personal property having a useful life of more than one year and an acquisition cost of $5,000.00 or more per unit.

Legal Services Trust Fund
LEG 1

STATE OF FLORIDA
DEPARTMENT OF LEGAL AFFAIRS
LEGAL SERVICES TRUST FUND
Description of Billed Services

The Legal Services Trust Fund is established in Section 16.535, Florida Statutes, and is "to be used by the Attorney General in providing legal services to agencies on a contractual basis." Hourly rates for legal services have historically been established by the Attorney General considering yearly status of the fund balance, market rates, and near term impact of various initiatives.

The Attorney General/Department of Legal Affairs is funded with General Revenue to provide for the Constitutional and Statutory requirements of the Attorney General. General Revenue is provided by the legislature in the General Appropriations Act to fund approximately five hundred department employees and all Criminal Appeals and Capitol Collateral Appeals, the Solicitor General, Civil Rights, Legal Opinions, the Inspector General, and many positions in General Civil. These General Revenue funded positions are able to provide all of the legal services required for the Governor's Office and the Florida Legislature.

The Department of Legal Affairs has approximately four hundred employees funded from the Legal Services Trust Fund. These employees provide legal services to agencies and are funded by fees generated from these agencies. The billings for legal services deposited into the Legal Services Trust Fund are derived from contracts with agencies which include payment of all costs calculated to provide the service (i.e., salary and benefits, operating expenses, etc.), and retainer contract payments where agencies pay attorney and legal support fees based on hourly billing rates.

The analysis to determine rates for the Legal Services Trust Fund are made to generate the required revenues to fund positions providing the services from the agencies paying for the services. These rates do not include any additional revenue to cover the cost of providing legal services to the Governor and Legislature. Accordingly, there are no imputed revenues associated with services rendered to the Governor and Legislature, nor do the calculated rates subsidize the legal services provided to the Governor and Legislature.

Costs recorded to General Ledger Code 77500 represent Depreciation Expense on eligible assets. Accordingly, these costs have been included as allowable costs for the fund balance reconciliation.

For purposes of the reconciliation of fund balance to federal guidelines, allocable Statewide Cost Allocation Plan Fixed Costs have been included as an allowable expenditure. Operating transfers from other agencies into the fund have been listed as revenues to the fund. Operating transfers out of the fund to other agencies for billed services have been treated as an allowable expenditure.

The fund balance is subject to the 60-day working capital reserve.

Please reference TAB LEG 4 for Fee Schedules.

COST ALLOCATION AGREEMENT
STATE AND LOCAL GOVERNMENTS

STATE/LOCALITY:
State of Florida
Department of Financial Services
200 East Gaines Street
516 Fletcher Building
Tallahassee, FL 32399

DATE: August 29, 2019

FILING REF.: The preceding Agreement was dated 8/3/18

SECTION I: ALLOCATED COSTS

The central service costs listed in Exhibit A, attached, are approved on a Fixed basis and may be included as part of the costs of the State/local departments and agencies indicated during the fiscal year ended June 30, 2020 for further allocation to Federal grants, contracts and other agreements performed at those departments and agencies.

SECTION II: BILLED COSTS

In addition to Section I, which provides for services furnished but not billed, the services listed below are furnished and billed to State/local departments and agencies.

I. Special Revenue Funds
1. Administrative Hearings Administration Trust Fund-OAH
2. Purchasing Trust Fund-Pur
3. State Personnel System Trust Fund-HR

II. Internal Service Trust Funds
4. DMS-Facilities Program Supervision, Financing, & Pool Trust-Sup
5. DMS-Technology Program-Communications WC Trust-COM
6. DMS-Agency for State Technology Working Capital Trust Fund-AST
7. NWRDC-Northwest Regional Data Center
8. DOS-Library and Information Services Trust Fund-LIS
9. AGO-Legal Services Trust Fund-LEG

III. Self Insurance Funds
10. DFS-Risk Management (WC, Auto/Gen Liability, Building Contents-RIS)
11. DMS-Retirement-RET
12. DMS-State Group Insurance (Life, Health, Disability, & Pretax-SEI)

State of Florida
August 9, 2019

Section III: CONDITIONS

The amounts approved in Section I and the billings for the services listed in Section II are subject to the following conditions:

A. LIMITATIONS: (1) Charges resulting from this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. (2) Such charges represent costs incurred by the State/locality which are legal obligations of the State/locality and are allowable under Title 2 of the Code of Federal Regulations, Part 200 (2 CFR 200). (3) The same costs that are treated as indirect costs are not claimed as direct costs. (4) Similar types of costs are accorded consistent accounting treatment. (5) The information provided by the State/locality which was used to establish this Agreement is not later found to be materially incomplete or inaccurate.

B. ACCOUNTING CHANGES: This Agreement is based on the accounting system purported by the State/locality to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the Cognizant Agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from an allocated cost to be billed cost. Failure to obtain approval may result in cost disallowances.

C. FIXED AMOUNTS: If fixed amounts are approved in Section I of this Agreement, they are based on an estimate of the costs for the period covered by the Agreement. When the actual costs for this period are determined, adjustments will be made to the amounts of a future year to compensate for the difference between the costs used to establish the fixed amounts and actual costs.

D. BILLED COSTS: Charges for the services listed in Section II will be billed in accordance with rates established by the State/locality. These rates will be based on the estimated costs of providing the services. Adjustments for variances between billed costs and the actual allowable costs of providing the services, as defined by 2 CFR 200, will be made in accordance with procedures agreed to between the State/locality and the Cognizant Agency.

E. USE BY OTHER FEDERAL AGENCIES: This Agreement was executed in accordance with the authority in 2 CFR 200, and should be applied to grants, contracts and other agreements covered by that Circular, subject to any limitations in Paragraph A above. The State/locality may provide copies of the Agreement to other Federal Agencies to give them early notification of the Agreement.

State of Florida
August 9, 2019

F. SPECIAL REMARKS:

As required by the OMB Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards 2001.431 (b) (3) (i) State Agency Treats the payments for unused leave for separating employees as general administrative expense that is allocated to all activities of the agency.

Equipment definition-equipment means an article of nonexpendable tangible personal property having a useful life of more than one year and an acquisition cost of $5,000.00 or more per unit.

BY THE STATE/LOCALITY:	BY THE COGNIZANT AGENCY ON BEHALF OF THE FEDERAL GOVERNMENT:

Legal Services Trust Fund
LEG 4

ATTORNEY GENERAL

16.535 Legal Services Trust Fund.--

(1) There is created in the State Treasury the Legal Services Trust Fund to be used by the Attorney General in providing legal services to agencies on a contractual basis.

(2) State agencies contracting for legal services with the Department of Legal Affairs are authorized to make advance payments on a quarterly basis.

History.--s. 5, ch. 82-196; s. 2, ch. 85-123.

(1) Legal Services Trust Fund - Description of Services.

Revenues into this trust fund come from legal services which are provided to state agencies and other governmental entities on a contractual basis.

These funds are used to pay salaries and expenses of attorneys and support staff for the legal representation of state agencies.

Reference - Chapter 16.535 Florida Statutes.

(2) Legal Services Trust Fund - Billing Methodology and Rates.

The Office of the Attorney General has two types of legal services contracts.

(A) **Retainer Agreements**: These agreements are entered into with an agency or governmental entity in order to provide such with legal services upon request for specific matters. For each specific matter, a Letter of Authorization (LOA) is required to be submitted to the OAG stating the scope of services requested. Rates for services provided are as follows:

State Agencies and Component Units:

Senior Assistant Attorneys General/Special Counsels/
Chief Assistant Attorneys General (Bureau Chiefs) - $105 per hour
Assistant Attorneys General - $100 per hour
Entry Level Attorneys - $85 per hour
Paralegals/Law Clerks/Legal Assistants/Senior Legal Assistants - $40 per hour
Investigators are also charged at $40 per hour.

Risk Management:

Senior Assistant Attorneys General/Special Counsels/
Chief Assistant Attorneys General (Bureau Chiefs) - $96 per hour
Assistant Attorneys General - $89 per hour
Entry Level Attorneys - $76 per hour
Paralegals/Law Clerks/Legal Assistants/Senior Legal Assistants - $38 per hour
Investigators are also charged at $38 per hour

Other Governmental Entities:

Senior Assistant Attorneys General/Special Counsels/
Chief Assistant Attorneys General (Bureau Chiefs) - $117 per hour
Assistant Attorneys General - $110 per hour
Entry Level Attorneys - $97 per hour
Paralegals/Law Clerks/Legal Assistants/Senior Legal Assistants - $66 per hour
Investigators are also charged at $66 per hour.

The OAG shall be reimbursed for costs of litigation which are directly and exclusively related to services rendered under the LOA.

The OAG applies 5% administrative indirect charge on both fees and costs on Retainer Agreements.

(B) **Position-Funded Contracts:** These contracts are position-funded agreements for which the agency compensates the OAG for salaries, benefits and administrative indirect charge for Assistant Attorneys General and staff positions performing legal services for the agency. Administrative indirect charged the agency is based on five percent of total costs. In some agreements it is allowed for hourly rates to be charged for OAG staff providing services for the contract but not funded by the agency. In addition to the above compensation, the agency shall cover costs of litigation, rent, information technology resources, telephones, supplies, etc. It is the OAG's intention for these contracts to be fully funded.

Litigation costs (court reporters, expert witness service fees, travel, etc.) are costs which are directly and exclusively related to services rendered under agreements. Other costs such as supplies, rent, telephones, etc. are prorated and charged the agency on an FTE cost plan basis.

(3) Legal Services Trust Fund - Trial Balance by Fund for FY 2019-2020.

Please see attached copy.

(4) Legal Services Trust Fund - Cash Flow Statement for FY 2019-2020.

Please see attached copy.

(5) Legal Services Trust Fund - Revenues collected per State Agency for FY 2019-2020.

Please see attached worksheet.

RIS 1

STATE OF FLORIDA
DEPARTMENT OF FINANCIAL SERVICES
DIVISION OF RISK MANAGEMENT
RISK MANAGEMENT TRUST FUND
Description of Billed Services

The Division of Risk Management is the legislated state self-insurance alternative to commercial insurance coverage. It operates a self-insurance program which collects premiums from state agencies, pays losses for state agencies resulting from damage to state buildings, automobile liability, Workers' Compensation for state employees, general liability, and federal civil rights; and performs risk management functions directed toward loss control.

An actuarial study determines rates by state agency and further explanation is provided in a portable document format (pdf).

STATE OF FLORIDA
RISK MANAGEMENT TRUST FUND
RECONCILIATION OF FUND TO FEDERAL GUIDELINES
Fiscal Year Ending: June 30, 2020

(000s)

FUND BALANCE JULY 1, 2019					
	Balance Per Prior Year's Reconciliation of Fund				$ -
FY 2020	FUND INCREASE (DECREASE)				
	Revenues (Actual and Imputed)				
	From Attachment A	$ -			
	Other	-			
	Total Revenues		$ -		
	Expenditures (Actual Costs):				
	Per State's Financial Report	$ -			
	Less Unallowable Costs (e.g.)				
	Capital Outlay				
	Other:				
	Purchase of Investments				
	Service Charge (GL 75800)				
	Plus Allowable Costs (e.g.):				
	Indirect Costs from SWCAP	$ -			
	Depreciation or Use Allowance				
	If Not Included in Actual Costs Above				
	Other				
	Allowable Expenditures		$ -		
	FY 2020 Increase (Decrease)				$ -
FUND BALANCE JUNE 30, 2020				(A)	$ -
	Allowable Reserve			(B)	$ -
	Excess Balance (A) - (B)				$ -
	(If less than zero, the amount on (A) is the beginning Fund balance for the next year's reconciliation. If there is an excess balance, then the federal share should be returned to the federal gov't and the amount on (B) will be the beginning fund balance for the next year.)				
FY 2020	TRANSFERS (Supported by Official Accounting Records)				
	Transfers in (e.g., Contrib. Capital)		$ -		
	Transfers Out (e.g., Payback of Contrib. Capital, Other Users of Fund R.E.)		$ -		
	Net Transfers				$ -

NOTE ***Transfers In have been incorporated within the Revenues section and Transfers Out have been incorporated within the Expenditures section for Federal Reconciliation Purposes.***

RIS 4

STATE RISK MANAGEMENT AND SAFETY PROGRAMS

284.01 State Risk Management Trust Fund; coverages to be provided.--

(1) The State Risk Management Trust Fund shall insure those properties designated in subsection (2) which are owned by the state or its agencies, boards, or bureaus against loss from fire, lightning, sinkholes, and hazards customarily insured by extended coverage and loss from the removal of personal property from such properties when endangered by covered perils. Furthermore, the fund may also insure the State Regional Office Building located in the City of Jacksonville, Duval County, including the parking facility owned by the City of Jacksonville, since such building is jointly owned by the State of Florida and the City of Jacksonville. The City of Jacksonville shall be responsible for the payment of all premiums charged by the fund to insure property owned by the City of Jacksonville. Flood insurance shall be provided for state-owned structures and contents designated in subsection (2) to the extent necessary to meet self-insurance requirements of the National Flood Insurance Program, as prescribed in rules and regulations of the Federal Emergency Management Agency in 44 C.F.R. parts 59, 60, and [1]74, effective October 1, 1986.

(2) The fund shall insure all buildings, whether financed in whole or in part by revenue bonds or certificates, and the contents thereof or of any other buildings leased or rented by the state. For the purpose of this section, all manufactured homes and contents, whether permanently affixed to realty or otherwise, are included. Rental value insurance shall also be provided to indemnify the state or any of its agencies for loss of income when such rental income insurance is required to be carried by the terms of any bonding or revenue certificates or resolutions. Rental value insurance shall also be provided to indemnify the state or any of its agencies for loss of income from those buildings operated and maintained by the Department of Management Services from the Supervision Trust Fund.

(3) No coverage shall be provided by the fund for museum collections, artifacts, relics, fine arts, or boilers and machinery or for any properties related in any way with nuclear reactors or the use, storage, or processing of nuclear fissionable materials. This exclusion as to nuclear properties or related reactors shall not be construed to eliminate the necessity of coverage on medical facilities, particle accelerators, cyclotrons, Van de Graff machines, or any properties associated therewith.

(4) The department may determine deductibles to be established and what coverages or risks are insurable in accordance with this section. Subjects of insurance with a valuation of less than $500 will not be covered by the fund. Coverage shall be provided upon application by agencies to the fund on forms furnished by it.

(5) Premiums charged to agencies for coverage shall be adopted on a retrospective rating arrangement based upon actual losses accruing to the fund and loss prevention results, taking into account reasonable expectations, maintenance, and stability of the fund and cost of reinsurance.

(6) In the event of any partial loss by a covered peril, the loss shall be adjusted on the basis of actual cash value of the property at the time of loss but not exceeding the amount that it would cost to repair or replace the property with material of like kind and quality within a reasonable time after such loss.

History.—s. 1, ch. 7294, 1917; s. 1, ch. 7902, 1919; RGS 1312; s. 1, ch. 8430, 1921; CGL 1991; s. 1, ch. 57-101; s. 2, ch. 61-119; s. 1, ch. 61-463; ss. 13, 22, 35, ch. 69-106; s. 1, ch. 70-272; s. 81, ch. 71-355; s. 3, ch. 77-280; s. 2, ch. 79-136; s. 1, ch. 83-159; s. 3, ch. 88-202; s. 238, ch. 92-279; s. 55, ch. 92-326; s. 57, ch. 96-418; s. 9, ch. 2000-122; s. 4, ch. 2011-59.

[1]Note.--44 C.F.R. part 74 is reserved.

284.02 Payment of premiums by each agency; handling of funds; payment of losses and expenses.--

(1) Premiums as calculated on all coverages shall be billed and charged to each state agency according to coverages obtained from the fund for their benefit, and such obligation shall be paid promptly by each agency from its operating budget upon presentation of a bill therefor. Billings and the obligation to pay shall be based on coverage provided during each fiscal year and annually thereafter.

(2) All premiums paid into the fund and all moneys received by the fund from investment or any other source pursuant to said program shall be held by the Department of Financial Services and used for the purpose of paying losses, expenses incurred in adjustment of losses, premiums for reinsurance, and operating expenses.

(3) The Department of Financial Services is authorized to employ a director of the fund and necessary administrative and clerical personnel, actuaries, consultants, and adjusters to maintain, operate, and administer the fund and to underwrite all certificates of insurance issued by the fund. All salaries and expenses of administration and operation shall be paid from the fund.

History.--s. 1, ch. 7294, 1917; s. 1, ch. 7902, 1919; RGS 1312; s. 1, ch. 8430, 1921; CGL 1991; s. 1, ch. 28092, 1953; s. 2, ch. 57-101; s. 2, ch. 61-119; s. 2, ch. 61-463; ss. 13, 22, 35, ch. 69-106; s. 2, ch. 70-272; s. 1, ch. 70-439; s. 309, ch. 2003-261; s. 24, ch. 2018-110.

Actuarial Study
as of June 30, 2020

This study has been completed for the State of Florida for the specific objectives listed in the study. It contains the analysis and conclusions of our work.

Each section and appendix of the study is an integral part of the whole. We recommend a review of the entire study prior to reliance upon this study.

No key personnel have a relationship with the State of Florida that may impair our objectivity.

Please call if you have any questions. Thank you for the opportunity to be of service.

Respectfully submitted,

I. Background

The State of Florida (the State) is self-insured for workers compensation, federal civil rights (FCR), general liability, automobile liability, and property losses.

General liability and automobile liability losses are subject to a $200,000 per claimant/$300,000 per occurrence limit under Florida sovereign immunity statutes. Prior to October 1, 2011, the statutory tort recovery limit was $100,000 per claimant and $200,000 per occurrence. The tort limit only applies to the loss portion (bodily injury and property damage) of the claim; the expense portion is unlimited. Property losses are limited to the coverage value listed in the certificate of coverage for each insured property. Losses for workers compensation and FCR are unlimited.

Workers compensation losses were analyzed separately for indemnity and medical. Expenses were excluded, as instructed by the State.

The FCR, general liability, auto liability, and property analyses include both losses and expenses. Medical malpractice claims were included with general liability. Off-duty law enforcement (ODLE) claims were included with automobile liability. Hurricane claims were excluded from our property analysis, as directed by the State.

Claim amounts and projections shown throughout this report are net of recoveries, unless otherwise specified.

Data

The loss data provided by the State for this study consisted of individual claim detail valued as of June 30, 2020. The data included paid, incurred, and recovery amounts. The paid and incurred amounts were provided separately for losses, expenses, and legal. The property data also included a field identifying hurricane claims.

The State also provided historical development triangles for paid and incurred losses, as well as reported and closed claim counts. The FCR, general liability, automobile liability, and property triangles were provided net of recoveries. In our analysis, we used the triangles through the June 30, 2019 valuation. For the June 30, 2020 valuation, we relied on the individual claim detail, using the sum of losses and expenses, net of recoveries.

In analyzing the historical workers compensation loss development, we relied on the indemnity and medical triangles provided, which were gross of recoveries. However, amounts net of recoveries were used in the remainder of our analysis. The total recovery amount for each claim was provided in the individual claim detail valued as of June 30, 2020. To allocate the recoveries between indemnity and medical losses, we assumed all recoveries were related to indemnity, up to a maximum of the paid indemnity losses, with the remainder being allocated to medical losses (limited to the paid medical amount). Recoveries were about 14% of the total paid for indemnity and 2% for medical.

The property triangles excluded hurricane losses. We used the hurricane indicator field provided in the individual claim detail to identify hurricane claims to be removed from our analysis.

The claim counts used in this study include all claims and are summarized by claimant, consistent with the triangles provided.

The exposure data provided by the State for this study consisted of 2018/19 and 2019/20 employee and vehicle counts. For prior years, we relied on data shown in the State's prior actuarial studies. We projected the 2020/21 and subsequent exposure based on the 2019/20 amount and the trend factors listed in Table III-2C in this report. The State informed us that employee counts vary by coverage based on statutory coverage requirements.

In conducting this analysis, we relied upon the provided data without audit or independent verification; however, we reviewed it for reasonableness and consistency. Any inaccuracies in quantitative data or qualitative representations could have a significant effect on the results of our review and analysis. Any material discrepancies discovered in the loss data by the State or any other parties should be reported to us immediately, and if warranted, we will make appropriate amendments to the report.

COVID-19

The potential short- and long-term impacts of the COVID-19 pandemic and the ensuing economic recession are currently unknown. However, considerations for the State regarding this emerging risk include:

1. *Claims impact.*
   We did not discern any significant changes in claim activity due to COVID-19. We recommend the State consult with its claims professionals and legal counsel to ascertain any potential risk for COVID-19 claims.

   The 2019/20 projected losses shown in this study do not reflect the estimated impact of COVID-19. The projected losses for 2019/20 are subject to more uncertainty than usual.

   In addition, there is significant uncertainty regarding the impact of COVID-19 and any potential legislation, executive orders, or stay-at home orders on 2020/21 claims. As such, we made no adjustment to the estimates for this year for COVID-19. The actual emerged claim experience may differ significantly from the estimates projected in this report.

2. *Other considerations*
   To stimulate the economy during the pandemic, the Federal Reserve lowered its benchmark interest rate by a full percentage point to nearly zero. This may reduce the investment income the State earns going forward. The estimated outstanding workers compensation indemnity claim liabilities shown in this report are discounted at an assumed 4.0% interest rate. If the State does not realize this return, then the discounted claim liabilities may be higher than indicated.

II. Objectives

The objectives of this actuarial study are:

1. **Estimate Outstanding Losses.** Estimate outstanding losses (including allocated loss adjustment expenses [ALAE]) for claims incurred from the inception of the program through June 30, 2020.

   The estimated outstanding losses are the cost of unpaid claims. The estimated outstanding losses include case reserves, the development of known claims and incurred but not reported (IBNR) claims. ALAE are the direct expenses for settling specific claims.

2. **Project Ultimate Limited Losses.** Project ultimate limited losses (including ALAE) for 2020/21 through 2024/25.

   The projected ultimate limited losses are the accrual value of losses with accident dates during 2020/21 through 2024/25, regardless of report or payment date.

3. **Project Losses Paid.** Project losses paid during each year from 2020/21 through 2024/25, both net and gross of recoveries.

   The projected losses paid are the claim disbursements during each year from 2020/21 through 2024/25, regardless of accident or report date.

4. **Project Legal Defense Expenses.** Project legal defense expenses paid during each year from 2020/21 through 2024/25.

   The projected legal defense expenses paid are the payments made during each year from 2020/21 through 2024/25, regardless of accident or report date.

5. **Project ODLE Loss Rate.** Project ultimate ODLE loss rate per officer for 2020/21.

6. **Size of Loss Distribution Analysis**. Analyze the distribution of losses in various layers.

7. **Affirm GASB Statement No. 10.** Provide a statement affirming the conclusions of this report are consistent with Governmental Accounting Standards Board (GASB) Statement No. 10.

III. Conclusions

We have reached the following conclusions.

1. Estimate Outstanding Losses

The estimated outstanding losses as of June 30, 2020 are shown in Table III-1. As requested by the State, we provide the selected estimates, as well as projections based on only the paid development method for workers compensation and FCR.

Table III-1
Estimated Outstanding Losses
As of June 30, 2020

Program (1)	Selected		Using Paid Method Only	
	Undiscounted (2)	Discounted (3)	Undiscounted (4)	Discounted (5)
(A) Workers compensation				
(i) Indemnity	$352,825,838	$252,017,893	$403,623,433	$282,990,201
(ii) Medical	825,652,041	825,652,041	851,321,855	851,321,855
(iii) Subtotal (i) + (ii)	$1,178,477,879	$1,077,669,934	$1,254,945,288	$1,134,312,056
(B) Federal civil rights	40,514,813	40,514,813	29,466,933	29,466,933
(C) General liability	21,136,806	21,136,806	21,136,806	21,136,806
(D) Automobile liability	11,495,926	11,495,926	11,495,926	11,495,926
(E) Property	1,035,130	1,035,130	1,035,130	1,035,130
(G) Total (Aiii) … (F)	$1,252,660,555	$1,151,852,609	$1,318,080,086	$1,197,446,851

Note: (Ai) is from Exhibit WC-Ind-11.
(Aii) is from Exhibit WC-Med-11.
(B) is from Exhibit FCR-11.
(C) is from Exhibit GL-11.
(D) is from Exhibit AL-11.
(E) is from Exhibit PR-11.

The total estimated undiscounted outstanding losses (excluding legal expenses) increased by $3.9 million (0.3%), from $1.249 billion as of June 30, 2019 to $1.253 billion as of June 30, 2020. The change mainly comes from increases for workers compensation (+$5.3 million) and automobile liability (+$1.5 million); these increases were partially offset by a $2.2 million decrease for federal civil rights.

The projected outstanding legal expenses are not included in Table III-1. We estimate the additional liability for legal expenses to be $132 million as of June 30, 2020 (see Exhibit Legal-11).

The discounted value of the estimated outstanding losses is the amount of money, discounted for anticipated investment income, required to meet unpaid claims. Florida Statute 625.091 indicates that workers compensation tabular reserves and long-term

disability claims including death claims may be reserved at the present value at 4% interest of the determined and the estimated future payments. The workers compensation indemnity estimates have been discounted at 4% interest. However, not all indemnity reserves can be categorized as tabular or long-term disability and subject to discounting. The State may not realize a 4% investment yield, and the liabilities may need to be adjusted to reflect the anticipated yield. All other estimates are undiscounted.

The revised implementation guide for GASB Statement No. 10 specifies that a liability for outstanding unallocated loss adjustment expenses (ULAE) needs to be established for governmental entities. ULAE are primarily composed of future claims administration for open claims. They are typically 5% to 10% of the estimated outstanding losses.

All costs other than claims are additional.

2. Project Ultimate Limited Losses

The undiscounted projected ultimate limited losses for 2020/21 through 2024/25 are shown in Tables III-2A and III-2B. The corresponding discounted amounts are provided in Exhibit SMRY-2.

Table III-2A
Projected Ultimate Limited Losses
2020/21 through 2024/25
Selected

Program (1)	2020/21 (2)	2021/22 (3)	2022/23 (4)	2023/24 (5)	2024/25 (6)
(A) Workers compensation					
(i) Indemnity	$28,650,000	$29,223,000	$29,807,000	$30,404,000	$31,012,000
(ii) Medical	91,366,000	93,193,000	95,057,000	96,958,000	98,897,000
(iii) Subtotal (i) + (ii)	$120,016,000	$122,416,000	$124,864,000	$127,362,000	$129,909,000
(B) Federal civil rights	10,146,000	10,248,000	10,350,000	10,454,000	10,558,000
(C) General liability	6,144,000	6,206,000	6,268,000	6,331,000	6,394,000
(D) Automobile liability	5,601,000	5,657,000	5,713,000	5,770,000	5,828,000
(E) Property	1,090,000	1,101,000	1,112,000	1,123,000	1,134,000
(F) Total (Aiii) ... (E)	$142,997,000	$145,628,000	$148,307,000	$151,040,000	$153,823,000

Note: (A) through (E) are from Exhibit SMRY-2.

Table III-2B
Projected Ultimate Limited Losses
2020/21 through 2024/25
Using Paid Method Only

Program (1)	2020/21 (2)	2021/22 (3)	2022/23 (4)	2023/24 (5)	2024/25 (6)
(A) Workers compensation					
(i) Indemnity	$32,731,000	$33,386,000	$34,053,000	$34,734,000	$35,429,000
(ii) Medical	91,599,000	93,431,000	95,300,000	97,206,000	99,150,000
(iii) Subtotal (i) + (ii)	$124,330,000	$126,817,000	$129,353,000	$131,940,000	$134,579,000
(B) Federal civil rights	8,997,000	9,087,000	9,177,000	9,269,000	9,362,000
(C) General liability	6,144,000	6,206,000	6,268,000	6,331,000	6,394,000
(D) Automobile liability	5,601,000	5,657,000	5,713,000	5,770,000	5,828,000
(E) Property	1,090,000	1,101,000	1,112,000	1,123,000	1,134,000
(F) Total (Aiii) … (E)	$146,162,000	$148,868,000	$151,623,000	$154,433,000	$157,297,000

Note: (A) through (E) are from Exhibit SMRY-2.

The foregoing estimates exclude any provision for legal expenses and hurricanes, as directed by the State. Administrative expenses, excess insurance and other non-claim expenses are additional.

The estimated ultimate losses rely on the following selected trends:

Table III-2C
Selected Exposure and Loss Rate Trends

Program (1)	Exposure Trend (2)	Loss Rate Trend (3)
(A) WC-Indemnity	0.0%	2.0%
(B) WC-Medical	0.0%	2.0%
(C) Federal civil rights	0.0%	1.0%
(D) General liability	0.0%	1.0%
(E) Automobile liability	0.0%	1.0%
(F) Property	0.0%	1.0%

Note: (2) is based on the historical exposure data.
(3) is based on the historical loss rates, applicable benefit and tort limit changes, and actuarial judgment.

The exposure trends were based on the available historical exposure data and were used to project the 2020/21 through 2024/25 exposure. The loss rate trends were based on the indicated 2010/11 through 2019/20 loss rates, as shown on Exhibit 7 (Section I) of each coverage series. The workers compensation indicated loss rates were adjusted to reflect the historical statutory benefit changes (detailed on Exhibits WC-Ind-17 and WC-Med-17), while loss rates for general and automobile liability were adjusted for the tort limit change.

3. Project Losses Paid

The projected losses to be paid during 2020/21 through 2024/25 are shown in Tables III-3A through III-3C. The projections exclude legal expenses and all other non-claim costs.

Table III-3A
Projected Losses Paid
During Fiscal Years 2020/21 through 2024/25
Selected, Net of Recoveries

Program (1)	2020/21 (2)	2021/22 (3)	2022/23 (4)	2023/24 (5)	2024/25 (6)
(A) Workers compensation

(E) is from Exhibit PR-19.

4. Project Legal Defense Expenses

Legal expenses for all coverages except property (there were no legal expenses associated with property claims) were excluded from the individual coverage analyses and were reviewed on a combined basis.

The projected legal defense expenses to be paid during 2020/21 through 2024/25 are shown in Table III-4.

Table III-4
Projected Legal Defense Expenses Paid
During Fiscal Years 2020/21 through 2024/25

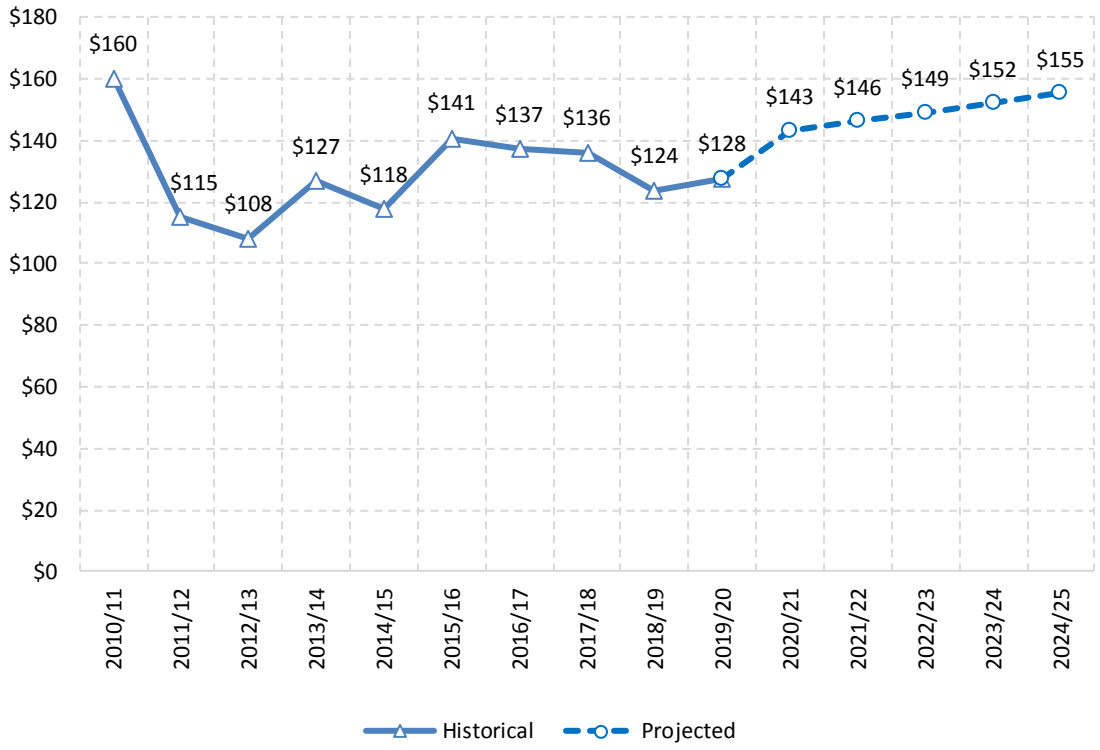
Program (1)	2020/21 (2)	2021/22 (3)	2022/23 (4)	2023/24 (5)	2024/25 (6)
(A) Legal	$20,295,896	$21,096,827	$21,849,415	$22,558,140	$23,217,665

Note: Amounts are from Exhibits Legal-12 through Legal-16.

5. Project ODLE Loss Rate

As of June 30, 2020, there were twelve ODLE claims with about $20,000 in total incurred losses. The State has had just three ODLE claims since 2008/09 (total incurred of $1,700), and we do not expect this type of exposure to have a material impact on the State's losses. The projected 2020/21 ODLE loss rate is shown in Table III-5.

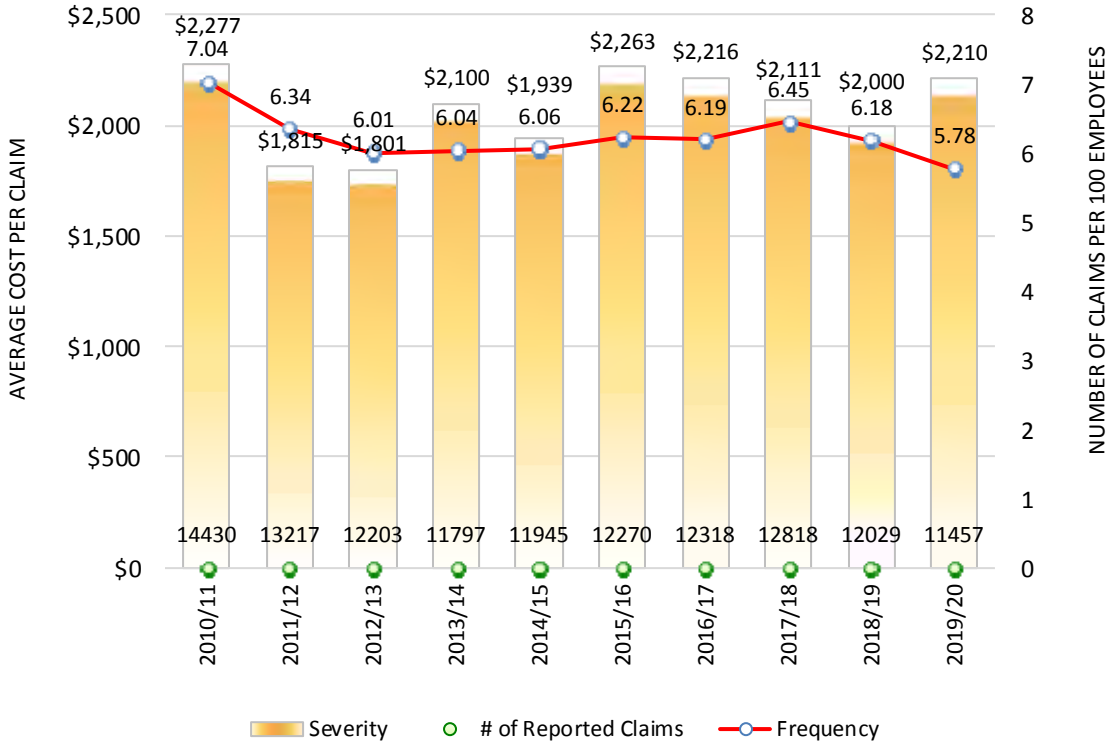
Table III-5
ODLE Loss Rate per Officer
2020/21



Program (1)	Loss Rate per Officer (2)
(A) ODLE	$0.35

Note: (2) is from Exhibit ODLE-10.

Loss Experience Trends

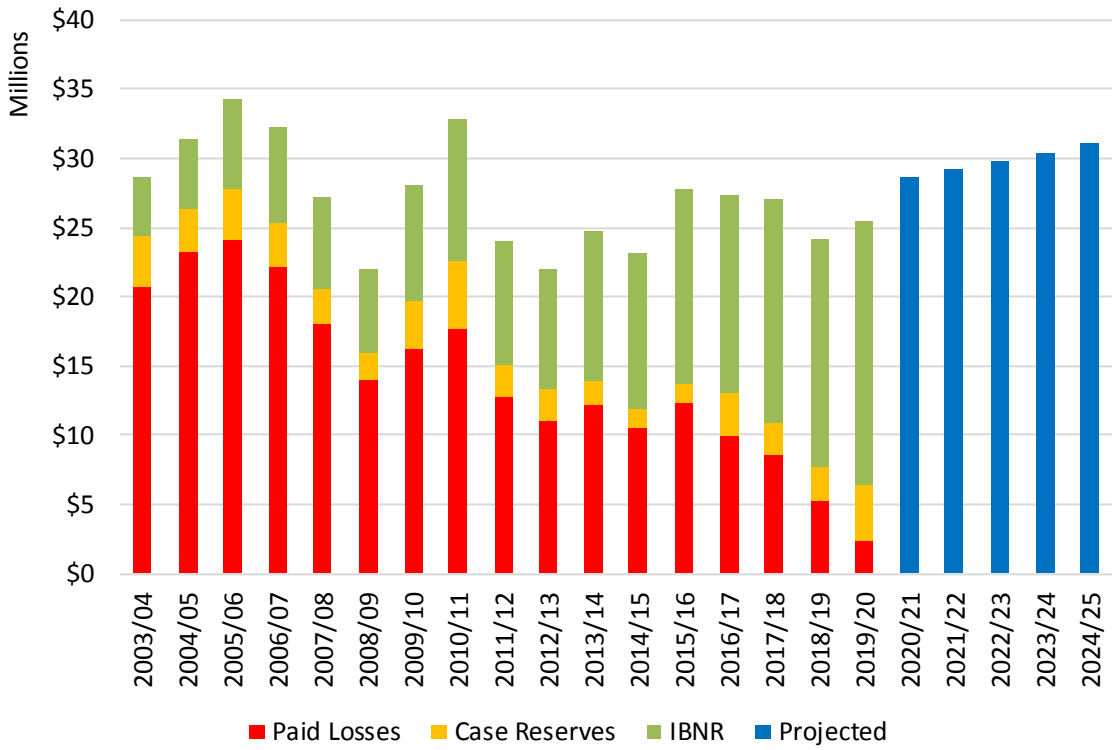


Graphs III-1 and III-2 show loss experience trends for workers compensation - indemnity as measured by loss rate per employee and frequency and severity, respectively.

Graph III-1
Loss Rate per Employee
Workers Compensation - Indemnity

Note: Loss rates are from Exhibit WC-Ind-10 (page 1), columns (4) and (7).

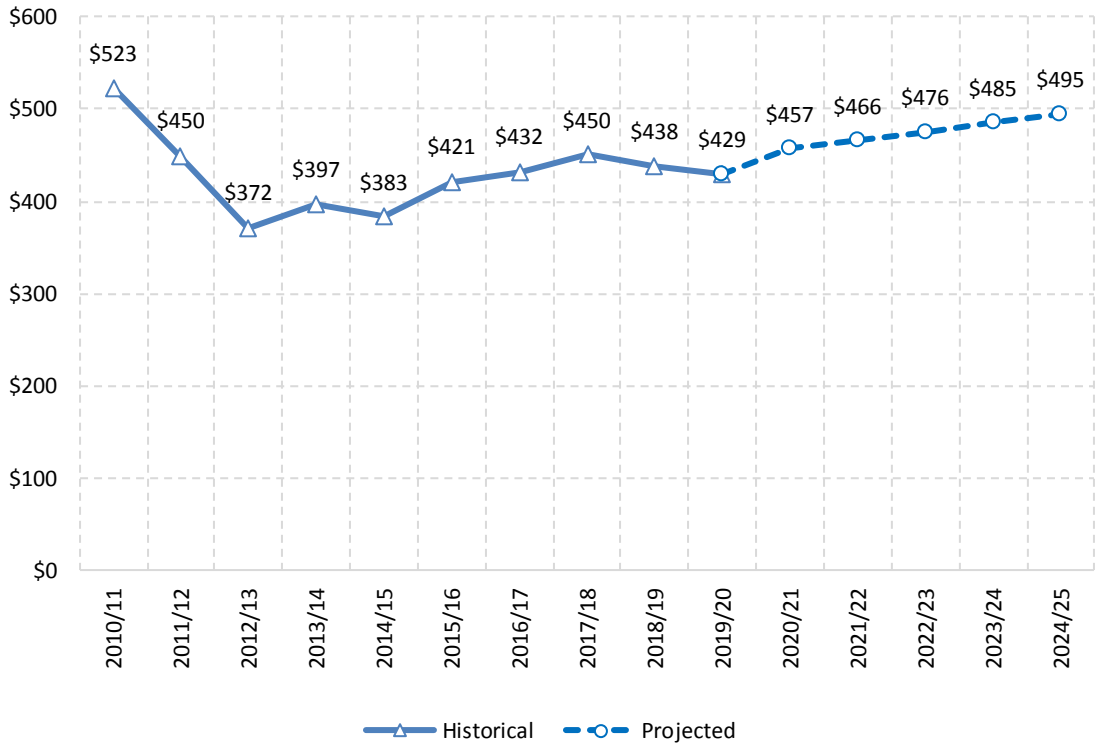
Graph III-2
Frequency and Severity
Workers Compensation - Indemnity



Note: Frequencies are from Exhibit WC-Ind-8, Section I, column (7). Severity amounts are based on the projected claim counts in Exhibit WC-Ind-8 and the projected ultimate losses in Exhibit WC-Ind-9.

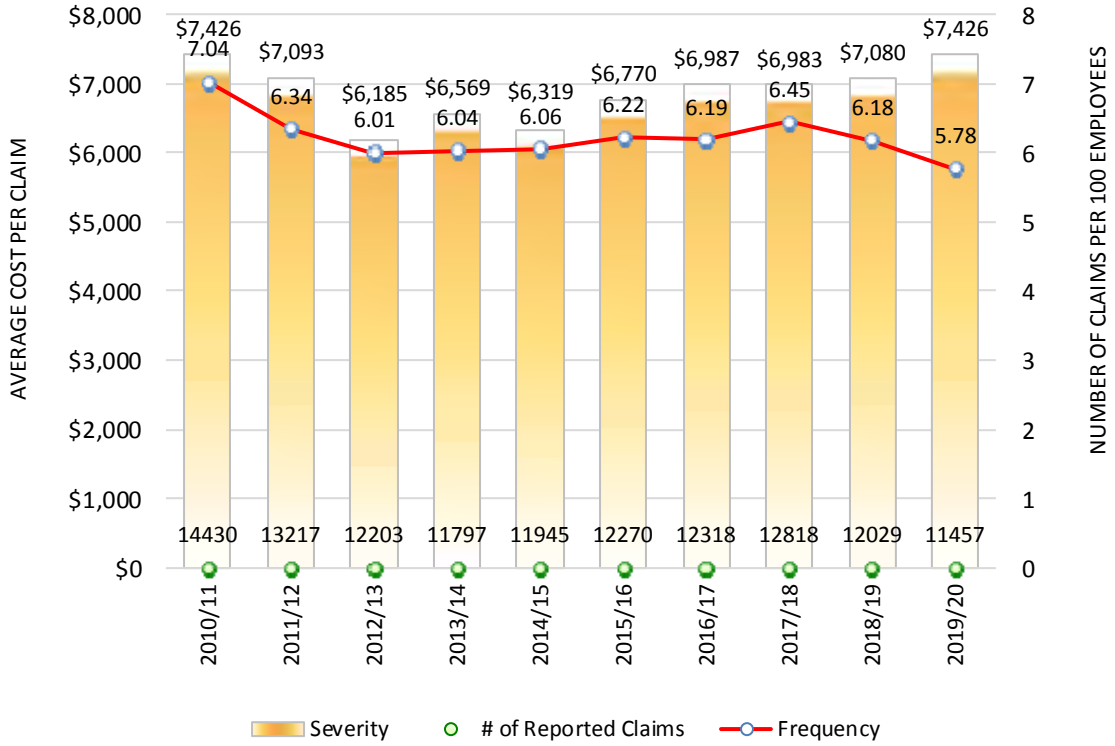
As indicated in the above graph, the State averages about 12,000-14,000 workers compensation claims per year. However, only about 10% of all claims involve indemnity losses ("lost-time claims"), with an average indemnity loss amount of about $25,000 on those claims.

Graph III-3 shows the composition of the projected ultimate limited losses for workers compensation - indemnity.



Graph III-3
Composition of Projected Ultimate Limited Losses
Workers Compensation - Indemnity

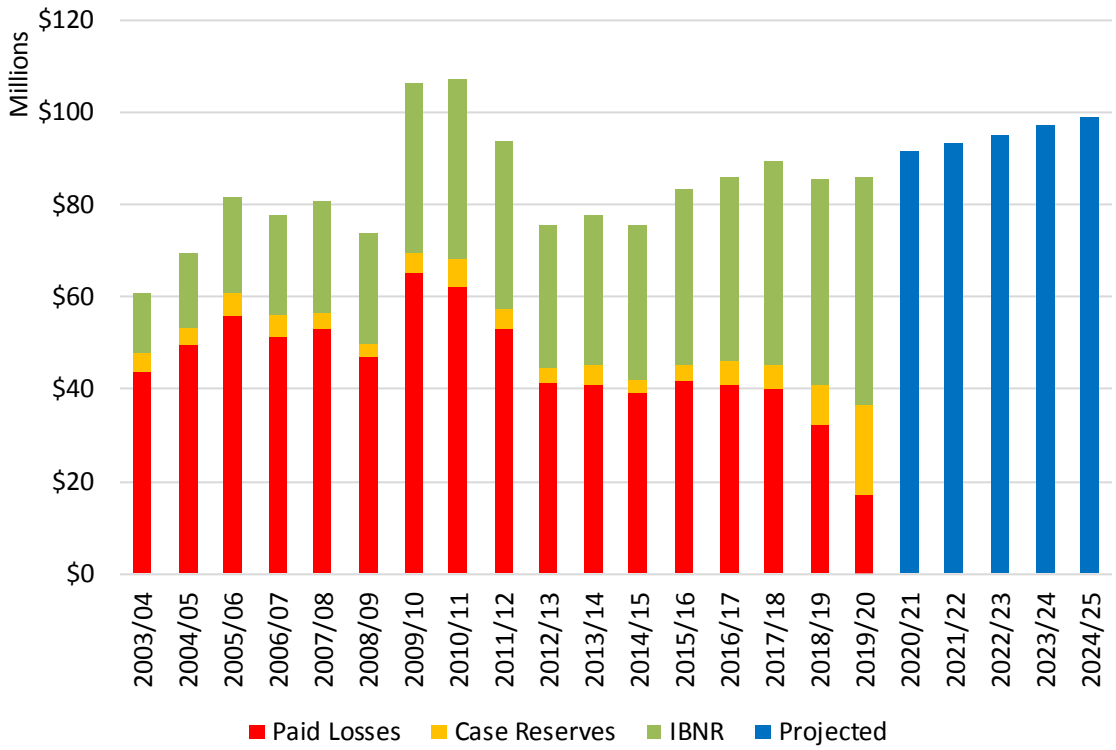
Note: Amounts through 2019/20 are from Exhibit WC-Ind-11 (page 1).
Amounts for 2020/21 and 2024/25 are from Exhibit WC-Ind-10 (page 1).



Graphs III-4 and III-5 show loss experience trends for workers compensation - medical as measured by loss rate per employee and frequency and severity, respectively.

Graph III-4
Loss Rate per Employee
Workers Compensation - Medical

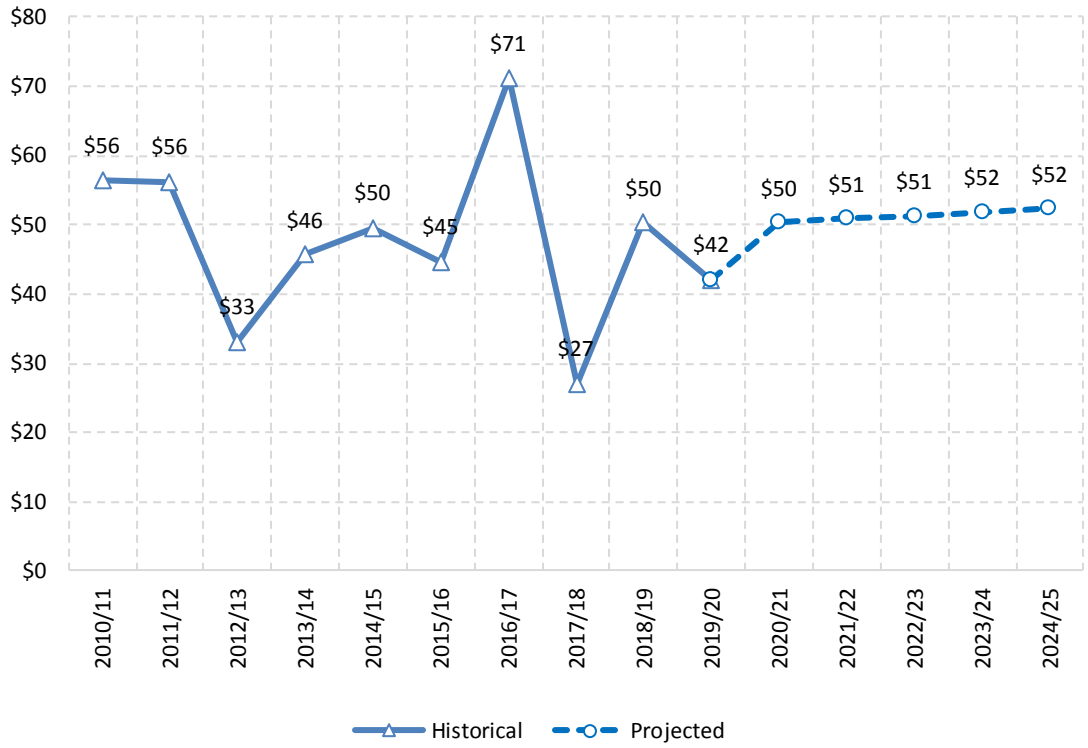
Note: Loss rates are from Exhibit WC-Med-10 (page 1), columns (4) and (7).



Graph III-5
Frequency and Severity
Workers Compensation - Medical

Note: Frequencies are from Exhibit WC-Med-8, Section I, column (7). Severity amounts are based on the projected claim counts in Exhibit WC-Med-8 and the projected ultimate losses in Exhibit WC-Med-9.

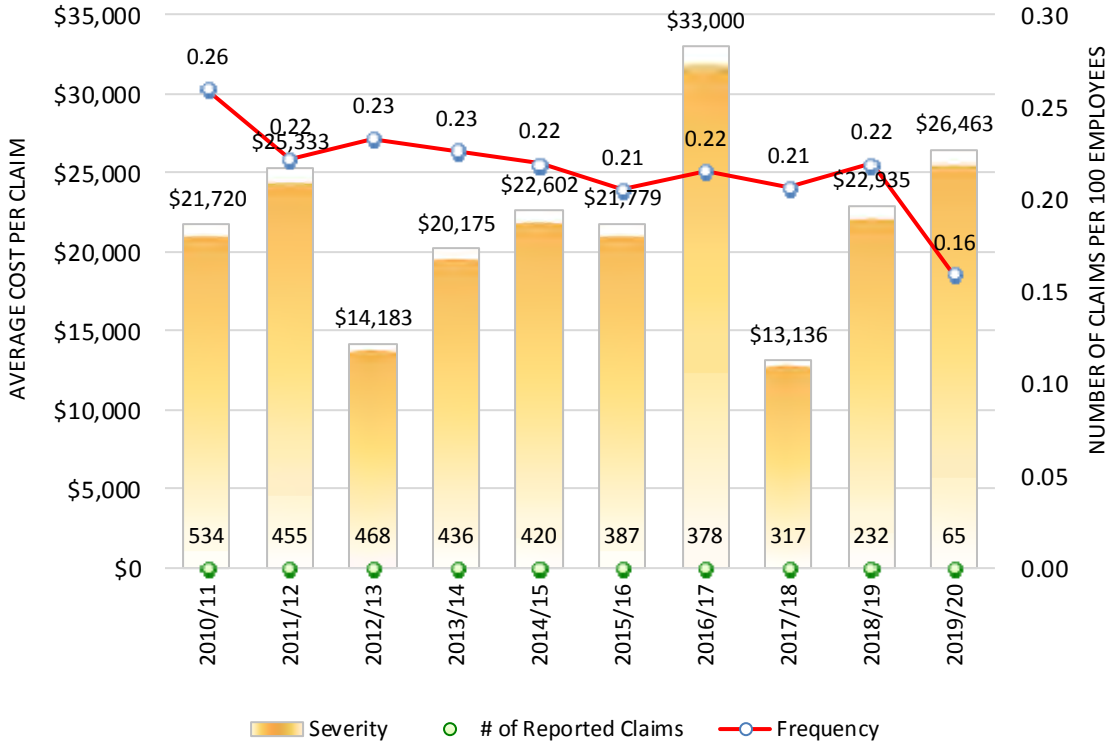
Graph III-6 shows the composition of the projected ultimate limited losses for workers compensation - medical.



Graph III-6
Composition of Projected Ultimate Limited Losses
Workers Compensation - Medical

Note: Amounts through 2019/20 are from Exhibit WC-Med-11 (page 1).
Amounts for 2020/21 and 2024/25 are from Exhibit WC-Med-10 (page 1).

Graphs III-7 and III-8 show loss experience trends for federal civil rights as measured by loss rate per employee and frequency and severity, respectively.

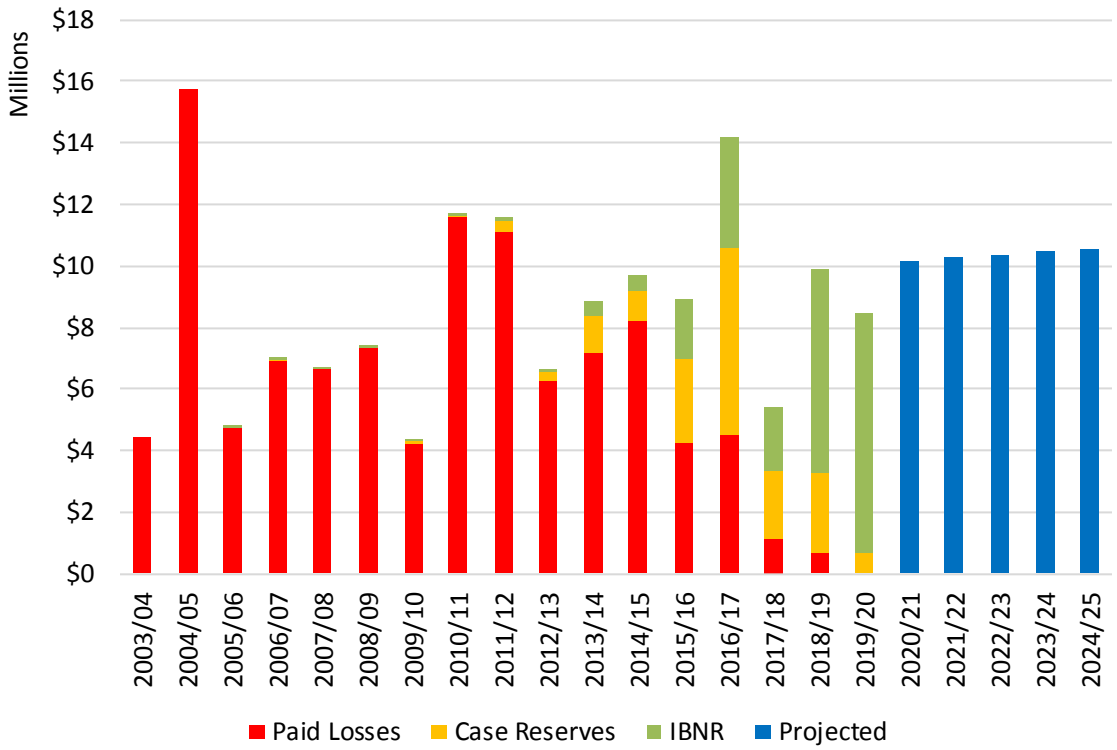


Graph III-7
Loss Rate per Employee
Federal Civil Rights

Note: Loss rates are from Exhibit FCR-10 (page 1), columns (4) and (7).

The high loss rate indicated for 2016/17 is due to two large claims with over $1 million incurred each. A list of large claims is provided in Exhibit FCR-17.

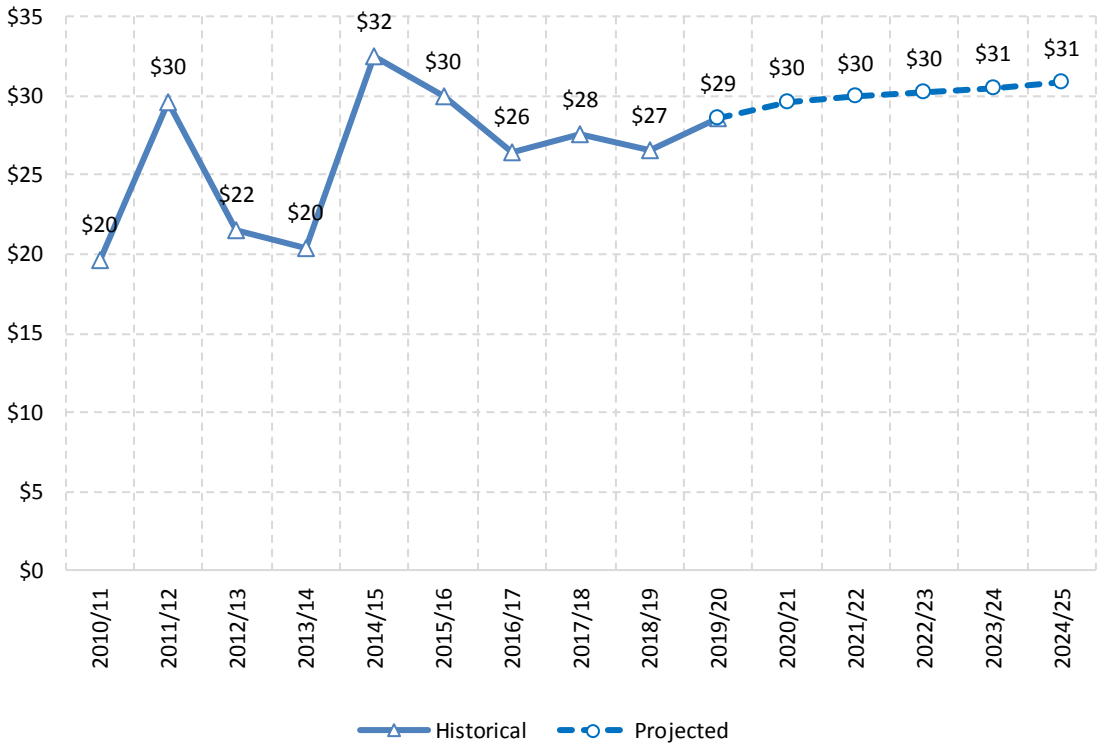
Graph III-8
Frequency and Severity
Federal Civil Rights



Note: Frequencies are from Exhibit FCR-8, Section I, column (7). Severity amounts are based on the projected claim counts in Exhibit FCR-8 and the projected ultimate losses in Exhibit FCR-9.

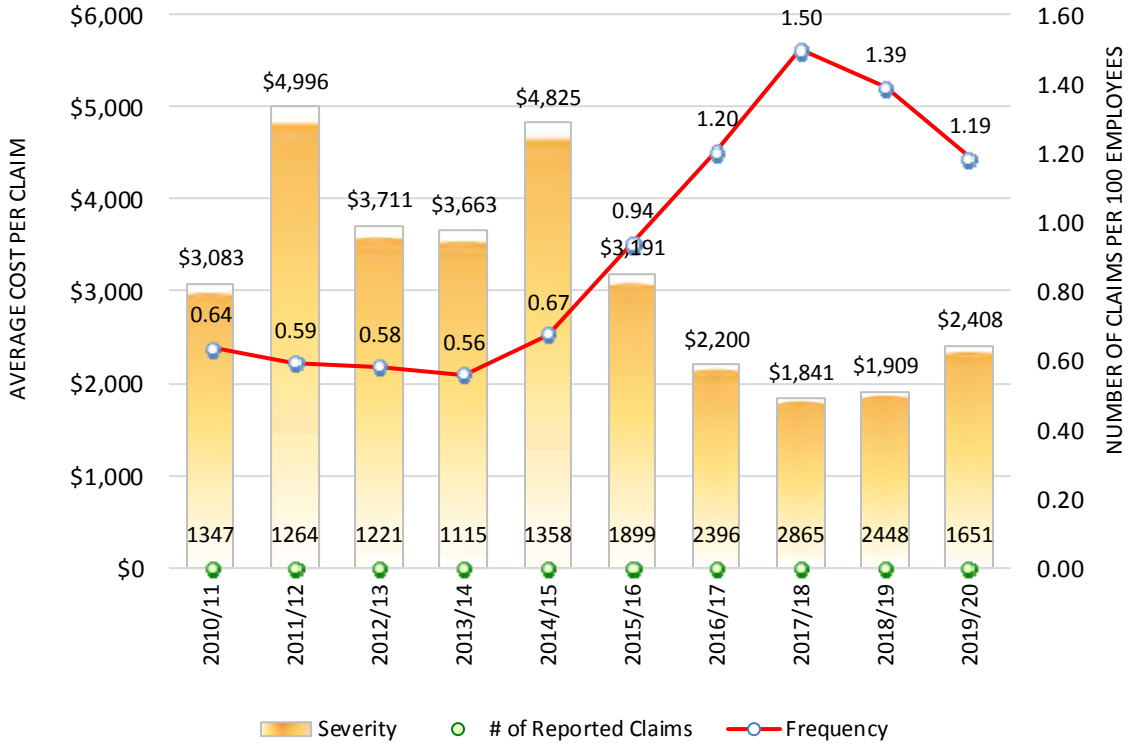
As noted above, the relatively high severity for 2016/17 is due to two large claims in this year.

Graph III-9 shows the composition of the projected ultimate limited losses for federal civil rights.



Graph III-9
Composition of Projected Ultimate Limited Losses
Federal Civil Rights

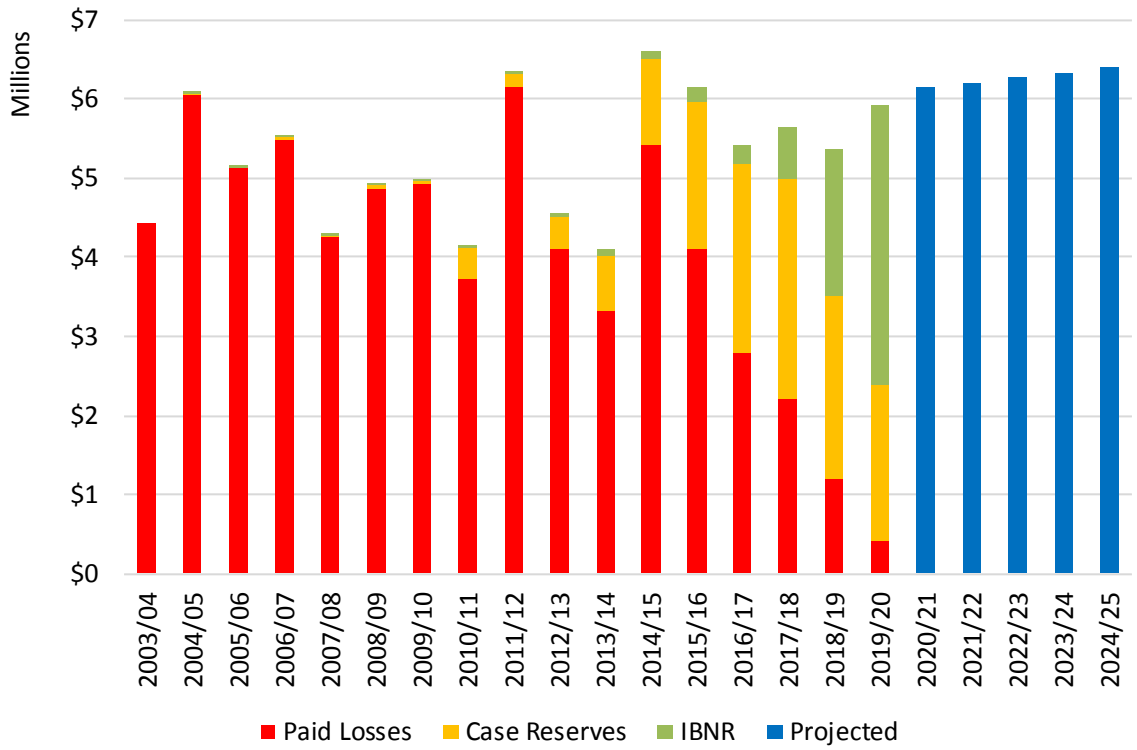
Note: Amounts through 2019/20 are from Exhibit FCR-11 (page 1).
Amounts for 2020/21 and 2024/25 are from Exhibit FCR-10 (page 1).



Graphs III-10 and III-11 show loss experience trends for general liability as measured by loss rate per employee and frequency and severity, respectively.

Graph III-10
Loss Rate per Employee
General Liability

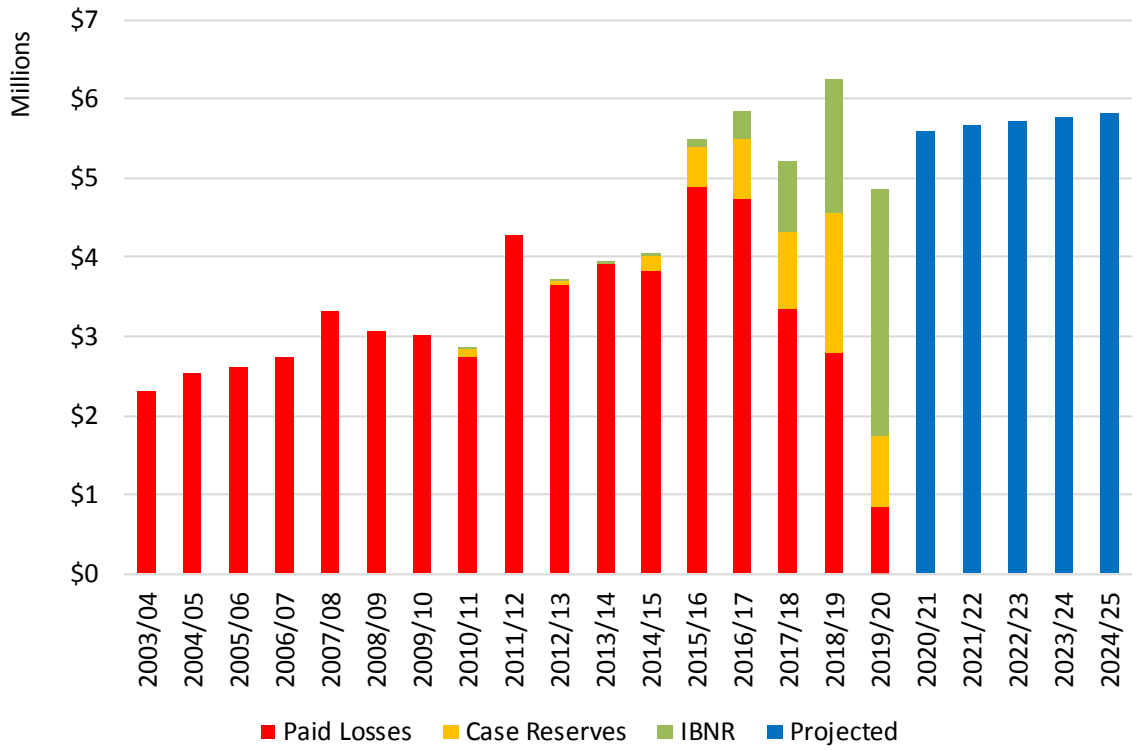
Note: Loss rates are from Exhibit GL-10, columns (4) and (7).



Graph III-11
Frequency and Severity
General Liability

Note: Frequencies are from Exhibit GL-8, Section I, column (7).
Severity amounts are based on the projected claim counts in Exhibits GL-8 and the projected ultimate losses in Exhibits GL-9.

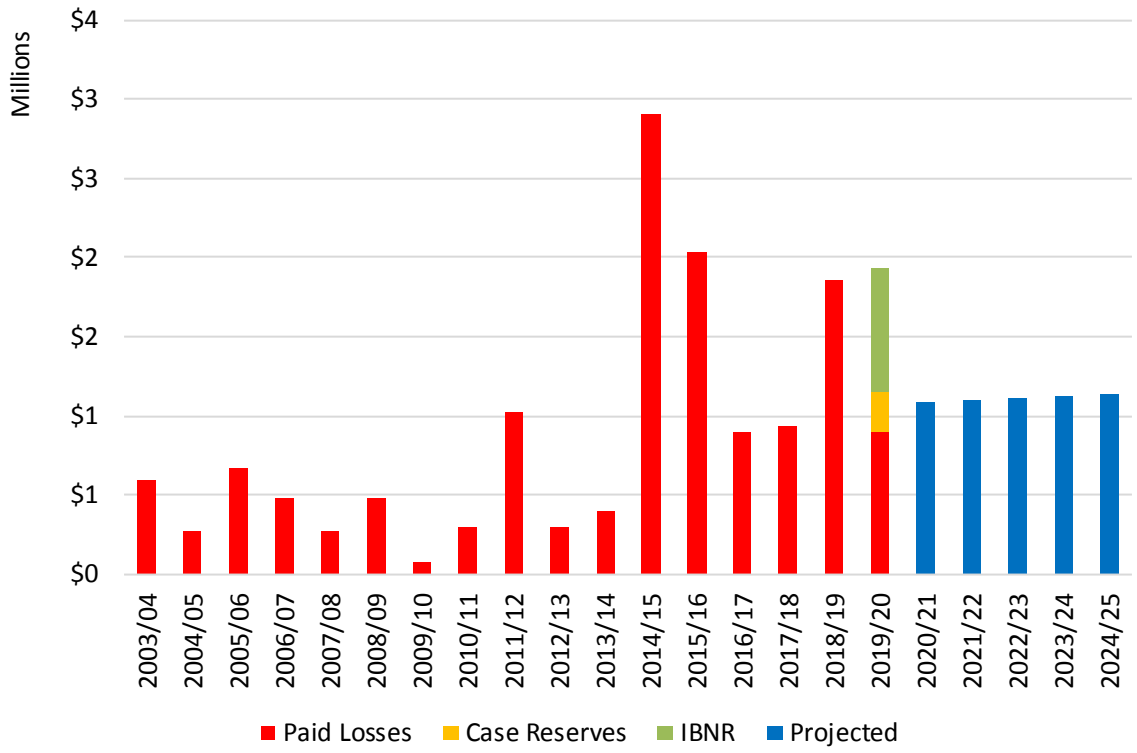
Graph III-12 shows the composition of the projected ultimate limited losses for general liability.



Graph III-12
Composition of Projected Ultimate Limited Losses
General Liability

Note: Amounts through 2019/20 are from Exhibit GL-11.
Amounts for 2020/21 and 2024/25 are from Exhibit GL-10.

Graph III-13 shows the composition of the projected ultimate limited losses for automobile liability.



Graph III-13
Composition of Projected Ultimate Limited Losses
Automobile Liability

Note: Amounts through 2019/20 are from Exhibit AL-11.
Amounts for 2020/21 and 2024/25 are from Exhibit AL-10.

Graph III-14 shows the composition of the projected ultimate limited losses for property.

Graph III-14
Composition of Projected Ultimate Limited Losses
Property

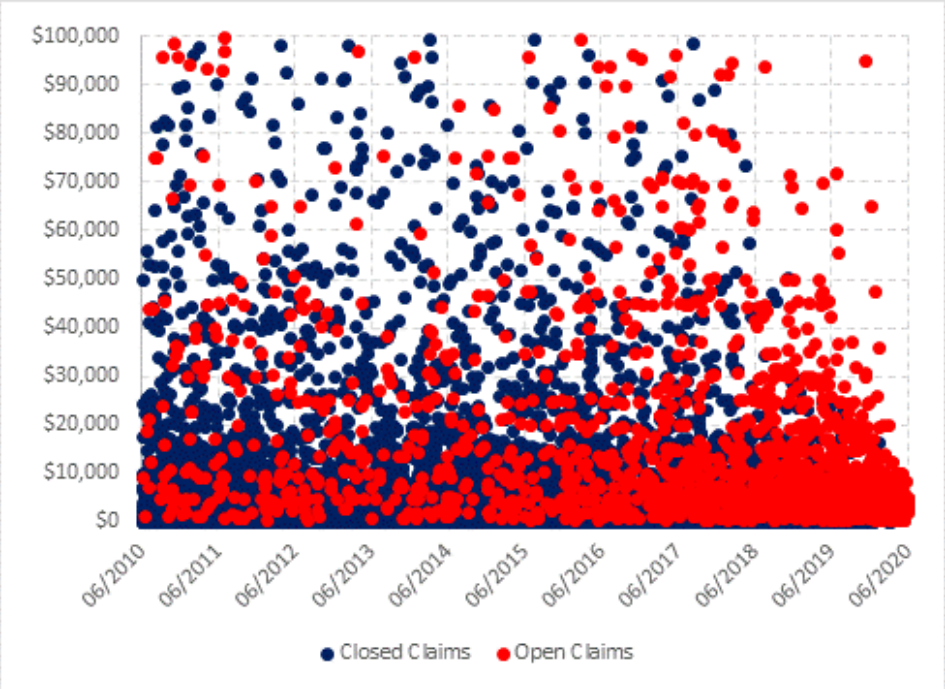
Note: Amounts through 2019/20 are from Exhibit PR-11.
Amounts for 2020/21 and 2024/25 are from Exhibit PR-10.

6. Size of Loss Distribution Analysis

Table III-6A shows the distribution of losses by size for workers compensation - indemnity.

Table III-6A
Size of Loss Distribution
Workers Compensation - Indemnity

Claim Size (1)	Total Reported Claims (2)	Percent of Total (2)/Total(2) (3)	Cumulative Percent of Total (4)	Total Reported Incurred Losses (5)	Percent of Total (5)/Total(5) (6)	Cumulative Percent of Total (7)
(A) $1 to $5,000	52,919	76.1%	76.1%	$51,405,729	4.8%	4.8%
(B) $5,000 to $10,000	5,005	7.2%	83.3%	36,281,284	3.4%	8.1%
(C) $10,000 to $25,000	5,011	7.2%	90.5%	80,546,293	7.5%	15.6%
(D) $25,000 to $50,000	2,824	4.1%	94.5%	101,040,875	9.4%	25.0%
(E) $50,000 to $100,000	1,789	2.6%	97.1%	125,120,412	11.6%	36.6%
(F) $100,000 to $250,000	973	1.4%	98.5%	147,497,376	13.7%	50.2%
(G) $250,000 to $500,000	606	0.9%	99.4%	227,808,878	21.1%	71.4%
(H) $500,000 to $750,000	319	0.5%	99.8%	193,829,064	18.0%	89.3%
(I) $750,000 to $1,000,000	111	0.2%	100.0%	94,113,190	8.7%	98.1%
(J) Over $1,000,000	18	0.0%	100.0%	20,978,040	1.9%	100.0%
(K) Total (A) … (J)	69,575	100%		$1,078,621,140	100%	



Note: See Exhibit WC-Ind-19. Claim counts exclude claims with incurred value of $0.

For workers compensation - indemnity, about 76% of the non-zero claims reported are below $5,000 and represent about 5% of the incurred amounts. The remaining 24% of the claims consume about 95% of the incurred amounts.

A size of loss distribution by year as of June 30, 2020 is shown in Exhibit WC-Ind-19.

The reported workers compensation - indemnity claim experience underlying our analysis is shown in Graphs III-15 and III-16, with each point representing one claim.

Graph III-15
Distribution of Workers Compensation - Indemnity Losses Incurred Less Than $100,000

Graph III-16
Distribution of Workers Compensation - Indemnity Losses Incurred Greater Than $100,000

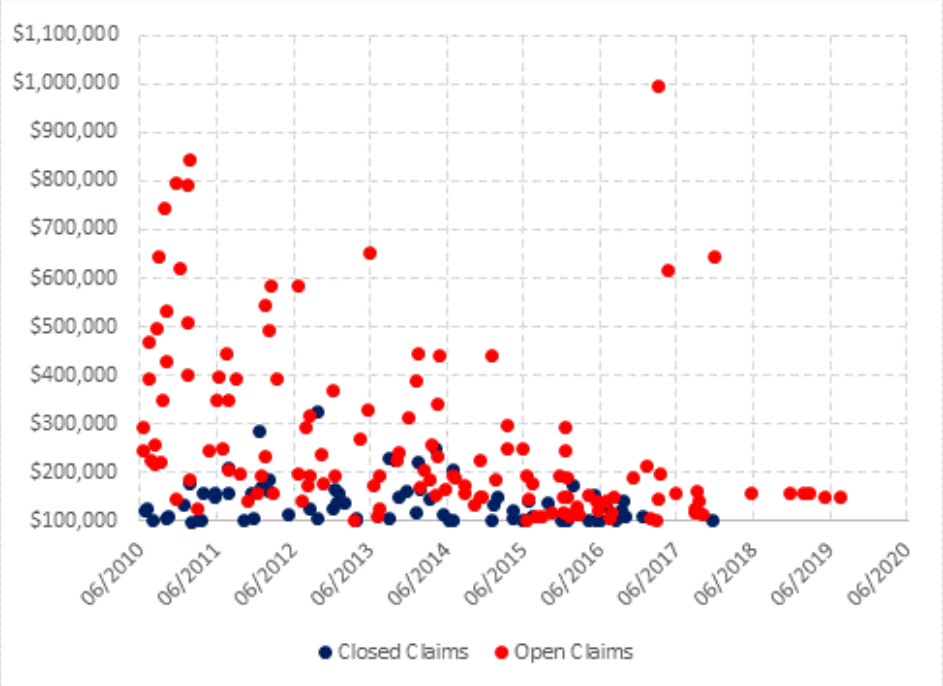


Table III-6B shows the distribution of losses by size for workers compensation - medical.

Table III-6B

Graph III-18
Distribution of Workers Compensation – Medical Losses Incurred Greater Than $100,000

7. Affirm GASB Statement No. 10 Compliance

We affirm the conclusions in this actuarial study are consistent with the disclosure requirements of GASB Statement No. 10.

Appendix A

Conditions and Limitations

It is important to understand the conditions and limitations listed below. Each chapter and section is an integral part of the whole study. If there are questions, please contact Aon for clarification.

- **Data Quality** In conducting this analysis, we relied upon the provided data without audit or independent verification; however, we reviewed it for reasonableness and consistency. Any inaccuracies in quantitative data or qualitative representations could have a significant effect on the results of our review and analysis. Any material discrepancies discovered in the loss data by the organization or any other parties should be reported to us immediately, and if warranted, we will make appropriate amendments to the report.

- **Economic Environment.** Unless otherwise stated, we assumed the current economic conditions will continue in the foreseeable future.

- **Insurance Coverage.** Unless otherwise stated, we assumed no insurance coverage changes (including coverage provided by the organization to others) subsequent to the date this study was prepared. This includes coverage language, self-insured retention, limitations and similar issues.

- **Insurance Solvency.** Unless otherwise stated, we assumed all insurance purchased by the organization is from solvent sources payable in accordance with terms of the coverage document.

- **Interest Rate.** The exhibits specify the annual interest rate used.

- **Methodology.** In this study, different actuarial methods were applied. In some instances, the methods yield significantly disparate results. The estimates, projections and recommendations in this study reflect our judgments as to the best method or combination of methods that are most reliable and reflective of the exposure to loss.

- **Reproduction.** Use of this report is limited to the organization for the specific purpose described in the Introduction section. Other uses are prohibited without an executed release with Aon.

  Distribution by the organization is unrestricted. The report should only be distributed in its entirety including all supporting exhibits.

- **Risk and Variability.** Insurance is an inherently risky enterprise. Actual losses may vary significantly from our estimates, projections and recommendations. They may emerge higher or lower.

- **Statutory and Judicial Changes.** Legislatures and judiciaries may change statutes that govern indemnification. This includes benefit levels for workers compensation, immunities and limitations for liability, and other similar issues. Unless otherwise stated, we assumed no statutory changes subsequent to the date this study was prepared.

- **Supplemental Data.** In addition to the data provided by the organization, we supplemented our analysis with data from similar organizations and insurance industry statistics, as we deemed appropriate.

- **Usage.** This study has been prepared for the usage of the organization shown on the transmittal page. It was not prepared for and may not be appropriate for use by other organizations. Other organizations should obtain written permission from Aon prior to use of this study.

Appendix B

Glossary of Actuarial Terms

Actuarial Methods (Most Common)

A major objective of an actuarial study is to statistically project ultimate losses. The following actuarial methods are the most common:

- Developed Paid Losses
- Developed Reported Incurred Losses
- Developed Case Reserves
- Frequency Times Severity Analysis
- Loss Rate Analysis

The following describes each method:

1. **Developed Paid Losses.** Paid losses represent the amounts actually paid to claimants (less excess insurance recoveries). As time goes on, loss payments continue until all claims are closed and there are no remaining payments expected. At this time, the ultimate losses for the claim period are known. This common process is called “paid loss development.”

   Paid loss development is an extrapolation of actual dollars paid. It does not depend on case reserve estimates. A potential shortcoming of utilizing this method is that only a small fraction of total payments have been made for the most recent claim periods. Extrapolating ultimate losses based on small amounts of actual payments may be speculative. A second potential shortcoming is that payment patterns can change over time.

2. **Developed Reported Incurred Losses.** Reported incurred losses are paid losses plus case reserves. In most programs, total reported incurred losses underestimate the ultimate losses. Over time, as more information about a body of claims becomes known, they are adjusted either up or down until they are closed. Though many individual claims settle for less than what was estimated, these decreases are generally more than offset by increases in the cost of other claims for which new information has emerged.

   The net effect is that total estimated costs are often revised upward over time. This normal process is called “reported incurred loss development.” Actuaries typically review the development patterns of the recent past to make projections of the expected future loss development and, therefore, estimations of ultimate losses.

3. **Developed Case Reserves.** A case reserve is an estimate of the unpaid amount established by claims adjusters for which a particular claim will ultimately be settled or adjudicated. The developed case reserves method is a hybrid of the paid loss development and reported incurred loss development methods. It relies on the historical adequacy of case reserves to predict ultimate losses.

4. **Frequency Times Severity Analysis.** The frequency times severity analysis is an actuarial method that uses a preliminary projection of ultimate losses to project claims severity. The claims severity times the number of claims is a predictor of ultimate losses. The focus of the frequency times severity analysis is that ultimate losses each period are dependent on the number of claims.

5. **Loss Rate Analysis.** The loss rate analysis is based on the historical loss rates per exposure unit (such as payroll, vehicles or property value). The loss rates (projected ultimate losses divided by exposure units) are trended to reflect the effect of claim cost inflation and retention changes. The trended loss rates represent the rates that one would see if all of the claims had been handled in the claim cost environment that will be present in the upcoming period. The trended loss rate times the projected exposure units is a predictor of losses.

6. **Bornhuetter-Ferguson Method (B-F).** The B-F method is an actuarial method that weights a preliminary projection of ultimate losses with projections of ultimate losses determined by other actuarial methods (usually the developed paid losses and developed reported incurred losses methods). For less mature claim periods, the B-F method leans more heavily to the preliminary projection. It gradually converges to the projections of ultimate losses determined by the other actuarial methods as the claim periods mature.

Actuary

A specialist trained in mathematics, statistics, and finance who is responsible for rate, reserve, and dividend calculations and other statistical studies.

Allocated Loss Adjustment Expenses

Allocated loss adjustment expenses (ALAE) are the direct expenses to settle specific claims. These expenses are primarily legal expenses.

Governmental Accounting Standards Board (GASB) Statement No. 10 requires that ALAE be included in financial statements and that they be calculated by actuarial methods.

American Academy of Actuaries

A society concerned with the development of education in the field of actuarial science and with the enhancement of standards in the actuarial field. Members may use the designation MAAA (Member, American Academy of Actuaries).

Benefits

The financial reimbursement and other services provided insureds by insurers under the terms of an insurance contract. An example would be the benefits listed under a life or health insurance policy or benefits as prescribed by a workers compensation law.

Casualty Actuarial Society

A professional society for actuaries in areas of property and casualty insurance work. This society grants the designation of Associate of the Casualty Actuarial Society (ACAS) and Fellow of the Casualty Actuarial Society (FCAS).

Claim

Demand by an individual or entity to recover for a loss.

Claims Made

A policy written on this basis covers only those claims that are made during the policy period. Coverage for prior acts is provided back to what is known as the retroactive date, which is the effective date of the original claims made policy with the same insurer.

Composite Rate

A single rate with a single basis of premium (e.g., payroll or sales). For this single rate the insured is covered for a variety of hazards, such as premises and operations, completed operations, products liability, and automobile. Its primary value is to compute premium simply.

Confidence Level

A confidence level is the statistical certainty that an actuary believes funding will be sufficient. For example, an 80% confidence level means that the actuary believes funding will be sufficient in eight years out of ten.

Confidence levels are determined based on mathematical models. Coverages that are low frequency and high severity (such as excess liability) are subject to greater risk than coverages that are high frequency and low severity (such as automobile physical damage). Therefore, they need a greater margin to attain a given confidence level.

Coverage

The scope of the protection provided under a contract of insurance.

Credibility

Credibility is the belief that the sample data is an accurate reflection of the larger population. Credibility is highest when the sample data is large and the standard deviation (discussed later) of the larger population is low.

Dates

There are at least three milestone dates in a claim. They are the date of injury or accident, the date of report and the date of closure. It is best if each of these dates is recorded. Some organizations may also keep the date a claim becomes a lawsuit, as opposed to a demand. Aon recommends this additional level of detail, especially if the data is to be used for litigation management.

Deductible

The portion of an insured loss to be borne by the insured before he is entitled to recovery from the insurer. Deductibles may be expressed as a dollar amount, percentage or waiting period.

Disability

A condition that curtails a person's ability to carry on his normal pursuits. A disability may be partial or total, and temporary or permanent.

Dividend (Policyholder)

The return of part of the premium paid for a policy issued on a participating basis by either a mutual or a stock insurer.

Estimated Outstanding Losses

Estimated outstanding losses are the cost of claims that have occurred but have not yet been paid. They typically include indemnification and allocated loss adjustment expenses (ALAE), but not unallocated loss adjustment expenses (ULAE).

Estimated outstanding losses are calculated as projected ultimate losses less paid losses. Alternatively, they are the sum of case reserves and incurred but not reported (IBNR) claims.

Estimated outstanding losses are usually the largest single item listed as a liability on the balance sheet of a public entity's financial statement. GASB Statement No. 10 requires they be calculated by actuarial methods. Other common names for estimated outstanding losses are outstanding claims liabilities and unpaid claims.

Experience Rating

A method of adjusting the premium for a risk based on past loss experience for that risk compared to loss experience for an average risk.

Exposure Data

Exposure data refers to the activities of the organization. For example, payroll is the most common exposure measure for workers compensation. Aon suggests collecting exposure data with the following characteristics:

- **Readily Available.** The exposure data should be easily obtained. It is best if it is a byproduct of other activities, although this is not always possible. If getting data is arduous, it may discourage collection.

- **Vary With Losses.** The exposure data should correlate directly with losses. The ideal situation is where exposure and expected losses move in tandem. The exposure base needs to be fitting to the coverage. For example, the number of employees may vary with property losses (more employees = more office space = more losses), but property value is a clearly superior exposure base for property losses.

Generally Accepted Accounting Principles (GAAP)

These principles are intended to produce financial results (in the insurance industry) consistent with those of other industries and to assure consistency in financial reporting.

Incurred But Not Reported

IBNR is really comprised of two distinct items. These are the development of known case reserves (incurred but not enough reported [IBNER] and incurred but not yet reported [IBNYR]).

IBNER are the actuary's estimate of the inadequacy of case reserves. Most claims settle at amounts close to what is set by the claims administrator. Some claims close favorably and some emerge as more expensive. On balance, case reserves tend to be too low (especially for recent years). IBNER is the actuary's estimate of the amount total case reserves will rise upon closure.

IBNYR refers to those claims that have occurred, but have not yet been reported. A classic example is medical malpractice claim reported several years after the medical procedure was performed.

Insurance Services Office (ISO)

An organization of the property and casualty insurance business designed to gather statistics, promulgate rates, and develop policy forms.

Investment Income

The return received by entities from their investment portfolios, including interest, dividends and realized capital gains on stocks. Realized capital gains means the profit realized on

assets that have actually been sold for more than their purchase price.

Limited

Most programs purchase excess insurance for catastrophic claims. For example, they may purchase coverage for claims above a $500,000 per occurrence self-insured retention. “Limited” refers to an estimate or projection being limited to the self-insured retention. In contrast, “unlimited” means a loss projection not limited to the self-insured retention.

Other common names for limited are net of excess insurance or capped losses.

Loss Development

The difference between the amount of losses initially estimated by the insurer and the amount reported in an evaluation on a later date. Loss development is typically measured for paid losses, reported incurred losses and claim counts.

Manual Rates

Usually, the published rate for some unit of insurance. An example is in the workers compensation manual, where the rates shown apply to each $100 of the payroll of the insured, $100 being the “unit.”

National Council on Compensation Insurance (NCCI)

An association of workers compensation insurance companies whose main functions are collecting statistics and calculating rates, establishing policy wording, developing experience and retrospective rating plans, and serving as the filing organization for member companies.

Net

Many pooling programs assign deductibles to members. For example, each member may have a $5,000 per claim deductible. “Net” refers to a loss estimate or projection that excludes amounts below member deductibles.

Occurrence

An event that results in an insured loss. In some lines of insurance, such as general liability, it is distinguished from accident in that the loss does not have to be sudden and fortuitous and can result from continuous or repeated exposure that results in bodily injury or property damage neither expected nor intended by the insured.

Pool

An organization of entities through which particular types of risks are written with the premiums, losses, and expenses shared in agreed amounts among the members belonging to the organization.

Premium

The price of insurance protection for a specified risk for a specified period of time.

Present Value

The amount of money that future amounts receivable are currently worth. For example, a Life Insurance policy may provide for payments to be made monthly for ten years. The present value of that money would be less than the total amount of the regular periodic payments for 10 years because of the amount of interest that a present lump sum could earn during the term than the payments otherwise would have been made.

Probability

The probability is the likelihood of an event. It is a measure of how likely a value or event is to occur. It can be measured from data by calculating the number of occurrences of the value or event divided by the total number of occurrences. This calculation can be converted to a percentage. For example, tossing a coin has a 50% probability of heads or tails.

Projected Losses Paid

Projected losses paid are the projected claims disbursements in a period, regardless of when the claim occurred. They typically include indemnification and ALAE, but not unallocated loss adjustment expenses (ULAE).

“Projected losses paid” is a cash-flow analysis that can be used in making investment decisions.

Projected Ultimate Losses

Projected ultimate losses are the accrual value of claims. They are the total amount that is expected to be paid in a particular claim period after all claims are closed. Projected ultimate losses are the total loss costs for a particular period. They typically include indemnification and ALAE, but not ULAE.

Other common names for projected ultimate losses are expected losses, ultimate losses and total losses.

Rate

The cost of a given unit of insurance. For example, in life insurance, it is the price of $1,000 of the face amount. In property insurance, it is the rate per $100 of value to be insured. The premium is the rate multiplied by the number of units of insurance purchased.

Retrospective Rating

A method for which the final premium is not determined until the end of the coverage period, and is based on the insured's own loss experience for that same period. It is usually subject to a maximum and minimum premium. A plan of this type can be used in various types of insurance, especially workers compensation and liability, and is usually elected by only very large insureds.

Salvage

Property taken over by an entity to reduce its loss. Automobile physical damage losses can be reduced by the sale of recovered vehicles.

Schedule Rating

The application of debits or credits within established ranges for various characteristics of a risk according to an established schedule of items. Under liability and automobile insurance, the schedule rating plan allows credits and debits for various good or bad features of a particular commercial risk. An example in automobile schedule rating would be allowing credits for driver training classes or fleet maintenance programs.

Self-Insurance Retention (SIR)

That portion of a risk or potential loss assumed by an insured. It is often in the form of a per occurrence deductible.

Society of Actuaries (SOA)

A professional society for actuaries in areas of pensions, and life and health insurance work. The SOA grants the designation Associate of the Society of Actuaries (ASA) and Fellow of the Society of Actuaries (FSA).

Standard Premium

Most often used in connection with retrospective rating for Workers Compensation and General Liability Insurance. It is the premium of which the basic premium is a percentage and is developed by applying the regular rates to an insured's payroll.

State Fund

A fund set up by a state government to finance a mandatory insurance system, such as Workers Compensation or non-occupational disability benefits. Such a fund may be monopolistic, i.e., purchasers of the type of insurance required must place it in the state fund; or it may be competitive, i.e., an alternative to private insurance if the purchaser desires to use it.

Statutory Accounting Principles (SAP)

Those principles required by statute that must be followed by an insurance company or other similar entity when submitting its financial statement to the state insurance department. Such principles differ from (GAAP) in some important respects. For one thing SAP requires that expenses must be recorded immediately and cannot be deferred to track with premiums as they are earned and taken into revenue.

Unallocated Loss Adjustment Expenses

Unallocated loss adjustment expenses (ULAE) are the indirect expenses to settle claims. These expenses are primarily administration and claims handling expenses.

GASB Statement No. 10 requires that ULAE be included in financial statements and that they be calculated by actuarial methods.

Appendix C

Exhibits

The attached exhibits detail our analysis.

Summary of Reported and Outstanding Losses as of June 30, 2020

I. Selected

Claim Period (1)	Reported Claims 6/30/20 (2)	Open Claims 6/30/20 (3)	Unlimited Paid Losses 6/30/20 (4)	Unlimited Case Reserves 6/30/20 (5)	Unlimited Reported Incurred Losses 6/30/20 (6)	Projected Ultimate Unlimited Losses (7)	Estimated IBNR 6/30/20 (7)-(6) (8)	Estimated Outstanding Losses 6/30/20 (5)+(8) (9)	Present Value Factor (10)	Present Value of Estimated Outstanding Losses 6/30/20 (11)

(2) through (6) were provided by the State.

General and automobile liability amounts reflect the applicable tort limits.

(7), (8), (9) and (11) are from Exhibits WC-Ind-11, WC-Ind-11, FCR-11, GL-11, AL-11, and PR-11.

(10) is based on a 4% interest rate and applies to workers compensation-indemnity only.

(3) and (5) are from Exhibit WC-IND-2.

(7) to 2023/24 is from Exhibit WC-IND-15 (page 2), (9). The amount for 2024/25 is from Exhibit WC-IND-10 (page 2).

(10) is based on a 4% interest rate and the payout pattern in Exhibit WC-IND-2.

Loss Rate and Severity Trend

I. Benefit Level Changes

Effecitive Date (1)	Benefit Level Change (2)	Cumulative Benefit Level Change (3)
07/01/09	0.940	0.940
06/09/16	1.060	0.996

II. Loss Rate and Severity Trend

Claim Period (1)	Benefit Trend (2020/21 = 1.000) (2)	Residual Trend (2020/21 = 1.000) (3)	Retention Index (2020/21 = 1.000) (4)	Loss Rate Trend (2020/21 = 1.000) (2)X(3)X(4) (5)	Wage Trend (2020/21 = 1.000) (6)	Severity Trend (2020/21 = 1.000) (5)X(6) (7)

Section I, (2) and (3) reflect data published by the NCCI.

Section II, (2) is based on Section I, (2).

Section II, (3) is based on 2% trend per actuarial judgment.

Section II, (4) is based on industry statistics and actuarial judgment.

Section II, (6) is based on 0% trend.

List of Large Claims

II. Projected Paid Losses

Claim Period (1)	Projected Losses Paid in Fiscal Year (2)
2020/21	$35,163,750
2021/22	35,049,261
2022/23	35,052,965
2023/24	34,917,069
2024/25	34,732,651

Section I, (2) is from Exhibit WC-IND-1 (page 1).

Section I, (3) to 2019/20 is from Exhibit WC-IND-9 (page 1). 2020/21 through 2024/25 are from Exhibit WC-IND-10 (page 1).

Section I, (5) and (7) are from Exhibit WC-IND-1 (page 2).

Section I, (6) for 2020/21 through 2024/25 are based on (3) and a selected factor of 1.15.

Section II, (2) is based on Section I and the payment pattern from Exhibit WC-IND-2.

(3) and (5) are from Exhibit WC-MED-2.

(7) to 2023/24 is from Exhibit WC-MED-15 (page 2), (9). The amount for 2024/25 is from Exhibit WC-MED-10 (page 2).

(10) is based on a 0% interest rate and the payout pattern in Exhibit WC-MED-2.

Loss Rate and Severity Trend

I. Benefit Level Changes

Effecitive Date (1)	Benefit Level Change (2)	Cumulative Benefit Level Change (3)

Section I, (2) and (3) reflect data published by the NCCI.

Section II, (2) is based on Section I, (2).

Section II, (3) is based on 2% trend per actuarial judgment.

Section II, (4) is based on industry statistics and actuarial judgment.

Section II, (6) is based on 0% trend.

II. Projected Paid Losses

Claim Period (1)	Projected Losses Paid in Fiscal Year (2)
2020/21	$75,375,474
2021/22	77,208,600
2022/23	78,949,289
2023/24	80,775,376
2024/25	82,644,779

Section I, (2) is from Exhibit WC-MED-1 (page 1).

Section I, (3) to 2019/20 is from Exhibit WC-MED-9 (page 1). 2020/21 through 2024/25 are from Exhibit WC-MED-10 (page 1).

Section I, (5) and (7) are from Exhibit WC-MED-1 (page 2).

Section I, (6) for 2020/21 through 2024/25 are based on (3) and a selected factor of 1.005.

Section II, (2) is based on Section I and the payment pattern from Exhibit WC-MED-2.

Data Summary as of June 30, 2020

II. Projected Paid Losses

Claim Period (1)	Projected Losses Paid in Fiscal Year (2)
2020/21	$8,980,489
2021/22	9,722,449
2022/23	9,841,858
2023/24	10,497,154
2024/25	10,162,363

Section I, (2) is from Exhibit FCR-1 (page 1).

Section I, (3) to 2019/20 is from Exhibit FCR-9 (page 1). 2020/21 through 2024/25 are from Exhibit FCR-10 (page 1).

Section I, (5) and (7) are from Exhibit FCR-1 (page 2).

Section I, (6) for 2020/21 through 2024/25 are based on (3) and a selected factor of 1.01.

Section II, (2) is based on Section I and the payment pattern from Exhibit FCR-2.

II. Projected Paid Losses

Claim Period (1)	Projected Losses Paid in Fiscal Year (2)
2020/21	$5,877,411
2021/22	5,711,586
2022/23	5,839,487
2023/24	5,942,502
2024/25	6,086,891

Section I, (2) is from Exhibit GL-1 (page 1).

Section I, (3) to 2019/20 is from Exhibit GL-9. 2020/21 through 2024/25 are from Exhibit GL-10.

Section I, (5) and (7) are from Exhibit GL-1 (page 2).

Section I, (6) for 2020/21 through 2024/25 are based on (3) and a selected factor of 1.01.

Section II, (2) is based on Section I and the payment pattern from Exhibit GL-2.

(2) is from Exhibit AL-9.

(3) was provided by the State.

(5) is based on a 1% trend and adjusted for change in tort limit.

(7) 2020/21 is based on (6) and actuarial judgment.
Other period(s) based on 2020/21 plus a 1% trend.

(8) is based on (3) for 2019/20 and a 0% trend.

(10) is based on a 0% interest rate and the payout pattern in Exhibit AL-2.

II. Projected Paid Losses

Claim Period (1)	Projected Losses Paid in Fiscal Year (2)
2020/21	$5,808,244
2021/22	5,758,609
2022/23	5,584,433
2023/24	5,716,978
2024/25	5,734,568

Section I, (2) is from Exhibit AL-1 (page 1).

Section I, (3) to 2019/20 is from Exhibit AL-9. 2020/21 through 2024/25 are from Exhibit AL-10.

Section I, (5) and (7) are from Exhibit AL-1 (page 2).

Section I, (6) for 2020/21 through 2024/25 are based on (3) and a selected factor of 1.005.

Section II, (2) is based on Section I and the payment pattern from Exhibit AL-2.

II. Projected Paid Losses

Claim Period (1)	Projected Losses Paid in Fiscal Year (2)
2020/21	$1,271,768
2021/22	1,117,836
2022/23	1,115,201
2023/24	1,125,508
2024/25	1,136,508

Section I, (2) is from Exhibit PR-1 (page 1).

Section I, (3) to 2019/20 is from Exhibit PR-9. 2020/21 through 2024/25 are from Exhibit PR-10.

Section I, (5) and (7) are from Exhibit PR-1 (page 2).

Section I, (6) for 2020/21 through 2024/25 are based on (3) and a selected factor of 1.01.

Section II, (2) is based on Section I and the payment pattern from Exhibit PR-2.

Data Summary as of June 30, 2020
Unlimited Losses - Gross of Recoveries

II. Projected Paid Losses

Claim Period (1)	Projected Losses Paid in Fiscal Year (2)
2020/21	$20,295,896
2021/22	21,096,827
2022/23	21,849,415
2023/24	22,558,140
2024/25	23,217,665

Section I, (2) is from Exhibit Legal-1.

Section I, (3) to 2019/20 is from Exhibit Legal-9. 2020/21 through 2024/25 are from Exhibit Legal-10.

Section I, (5) and (7) are from Exhibit Legal-1 (page 2).

Section I, (6) for 2020/21 through 2024/25 are based on (3) and a selected factor of 1.

Section II, (2) is based on Section I and the payment pattern from Exhibit Legal-2.

RET 1

STATE OF FLORIDA
DEPARTMENT OF MANAGEMENT SERVICES
DIVISION OF RETIREMENT SERVICES
Description of Billed Services

The mission of the Division of Retirement is to deliver a high quality, innovative and cost effective retirement system.

In accordance with Chapters 121, 122, 175, 185 and 238, Florida Statutes, as well as sections 112.05, 112.363, 215.28, and 250.22, Florida Statutes, the Division of Retirement administers the state retirement plans, including the Florida Retirement System (FRS), the fourth largest public state retirement system in the nation, comprised of more than 980,000 active and retired employees of more than 960 state, county, district school board, community college, city, and special district agencies. The Division also administers the State University System Optional Retirement Program, the Senior Management Service Optional Annuity Program, the Retiree Health Insurance Subsidy Program, and the Municipal Police and Firefighters' Premium Tax Program. Additionally, the Division provides oversight of the actuarially sound funding of 507 local government retirement systems, pursuant to Part VII, Chapter 112, Florida Statutes.

The Florida Retirement System (FRS) was established in 1970 as a consolidated statewide retirement system for Florida's public employees. At that time, the four existing retirement systems for teachers, state and county officers and employees, highway patrol officers, and justices and judges were closed to new members.

The Department of Management Services (DMS) has administrative responsibilities over the Retirement Funds. Accordingly, DMS performs an annual cost allocation process to allocate Department administrative costs to the various funds administered by the Department. The cost allocation process quantifies the "Administrative Assessment" to each Fund. Based on previous negotiations, the Administrative Assessment amounts for the "Communications" and "Legislative Affairs" functions have been separately identified as unallowable costs. A credit for these amounts has been allocated within Section I of the Central Services Cost Allocation Plan. Please reference TAB RET 2 for the computation of these amounts.

(1) - Unallowable Costs in Administrative Assessment to DMS
(2) - Service Charge to General Revenue
(3) - SWCAP costs allocated based on Administrative Fee using Agency cost allocation methodology

ADMINISTRATIVE ASSESSMENT SUMMARY

Methodology:

Establish Administrative Cost Pools to accumulate costs by distinct administrative function or type of activity.

For each Administrative Budgetary Entity, identify a basis for distributing the costs of that entity to Administrative Cost Pools.

Establish Program Entities to accumulate costs by program activity.

For each Administrative Cost Pool, establish a discreet basis for allocating accumulated costs in the pool to Program Entities.

I. The following Administrative Cost Pools are established to accumulate costs by distinct administrative function:

Office of the Secretary
Information Technology
Communications
General Counsel
Inspector General
Legislative Affairs
Budget Office
Financial Management Services - Disbursements
Financial Management Services – Revenue
Financial Management Services-Control Section (includes PAM)
Human Resources
Mail Room Operations
Departmental Purchasing

II. The Appropriated Funds are designated as the Program Entities.

III. The following bases were used for the allocation of Administrative Budget Entities costs:

Office of the Secretary - Direct allocation to Program Entities based on appropriations and FTE.

Information Technology - Direct allocation to Program Entities based on appropriations and FTE.

Communications Office - Direct allocation to Program Entities based on appropriations and FTE.

Office of the General Counsel - Direct allocation to Program Entities based on hours.

Legislative Affairs - Direct allocation to Program Entities based on appropriations and FTE.

Office of the Inspector General - Direct allocation to Program Entities based on appropriations and FTE.

Budget Office - Direct allocation to Program Entities based on appropriations.

Disbursements Section (FMS) - Allocation to Program Entities based on number of disbursement transactions. Transactions 51's and 70's.

Revenue Section (FMS) - Allocation to Program Entities based on number of revenue transactions. Transactions 30's, Transactions 96's and Invoices.

Control Section (FMS) - Allocation to Program Entities based on the average percent of disbursements and revenue transactions.

Human Resources - Direct allocation to Program Entities based on number of positions.

Mail Room - Allocation to Program Entities based on pieces of mail.

Departmental Purchasing - Direct Allocation to Program Entities based on Purchase Orders processed. Transactions 60's.

IV. The administrative assessment fee is charged on a monthly basis.

COST ALLOCATION AGREEMENT
STATE AND LOCAL GOVERNMENTS

STATE/LOCALITY:
State of Florida
Department of Financial Services
200 East Gaines Street
516 Fletcher Building
Tallahassee, FL 32399

DATE: August 29, 2019

FILING REF.: The preceding Agreement was dated 8/3/18

SECTION I: ALLOCATED COSTS

The central service costs listed in Exhibit A, attached, are approved on a Fixed basis and may be included as part of the costs of the State/local departments and agencies indicated during the fiscal year ended June 30, 2020 for further allocation to Federal grants, contracts and other agreements performed at those departments and agencies.

SECTION II: BILLED COSTS

In addition to Section I, which provides for services furnished but not billed, the services listed below are furnished and billed to State/local departments and agencies.

I. Special Revenue Funds
    1. Administrative Hearings Administration Trust Fund-OAH
    2. Purchasing Trust Fund-Pur
    3. State Personnel System Trust Fund-HR
II. Internal Service Trust Funds
    4. DMS-Facilities Program Supervision, Financing, & Pool Trust-Sup
    5. DMS-Technology Program-Communications WC Trust-COM
    6. DMS-Agency for State Technology Working Capital Trust Fund-AST
    7. NWRDC-Northwest Regional Data Center
    8. DOS-Library and Information Services Trust Fund-LIS
    9. AGO-Legal Services Trust Fund-LEG
III. Self Insurance Funds
    10. DFS-Risk Management (WC, Auto/Gen Liability, Building Contents-RIS)
    11. DMS-Retirement-RET
    12. DMS-State Group Insurance (Life, Health, Disability, & Pretax-SEI)

State of Florida
August 9, 2019

Section III: CONDITIONS

The amounts approved in Section I and the billings for the services listed in Section II are subject to the following conditions:

A. LIMITATIONS: (1) Charges resulting from this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. (2) Such charges represent costs incurred by the State/locality which are legal obligations of the State/locality and are allowable under Title 2 of the Code of Federal Regulations, Part 200 (2 CFR 200). (3) The same costs that are treated as indirect costs are not claimed as direct costs. (4) Similar types of costs are accorded consistent accounting treatment. (5) The information provided by the State/locality which was used to establish this Agreement is not later found to be materially incomplete or inaccurate.

B. ACCOUNTING CHANGES: This Agreement is based on the accounting system purported by the State/locality to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the Cognizant Agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from an allocated cost to be billed cost. Failure to obtain approval may result in cost disallowances.

C. FIXED AMOUNTS: If fixed amounts are approved in Section I of this Agreement, they are based on an estimate of the costs for the period covered by the Agreement. When the actual costs for this period are determined, adjustments will be made to the amounts of a future year to compensate for the difference between the costs used to establish the fixed amounts and actual costs.

D. BILLED COSTS: Charges for the services listed in Section II will be billed in accordance with rates established by the State/locality. These rates will be based on the estimated costs of providing the services. Adjustments for variances between billed costs and the actual allowable costs of providing the services, as defined by 2 CFR 200, will be made in accordance with procedures agreed to between the State/locality and the Cognizant Agency.

E. USE BY OTHER FEDERAL AGENCIES: This Agreement was executed in accordance with the authority in 2 CFR 200, and should be applied to grants, contracts and other agreements covered by that Circular, subject to any limitations in Paragraph A above. The State/locality may provide copies of the Agreement to other Federal Agencies to give them early notification of the Agreement.

State of Florida
August 9, 2019

F. SPECIAL REMARKS:

As required by the OMB Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards 2001.431 (b) (3) (i) State Agency Treats the payments for unused leave for separating employees as general administrative expense that is allocated to all activities of the agency.

Equipment definition-equipment means an article of nonexpendable tangible personal property having a useful life of more than one year and an acquisition cost of $5,000.00 or more per unit.

Department of Management Services
Fiscal Year 2019-20 - Trust Fund Summary

	Trust Fund	Controlling Statutory Authority	Statutory Purpose of Trust Fund	Specific Revenue Source(s)
10	Optional Retirement Program Trust Fund	121.021(36); 121.35(1) and (4)a and (4)c	To make payments to the provider companies on behalf of the optional retirement program participants, and to transfer the unfunded liability portion of the state optional retirement program contributions to the Florida Retirement System Trust Fund - State University System.	s. 121.35 Optional retirement program for the State University System.-- (1) OPTIONAL RETIREMENT PROGRAM ESTABLISHED.--The Department of Management Services shall establish an optional retirement program under which contracts providing retirement and death benefits may be purchased for eligible members of the State University System who elect to participate in the program. The benefits to be provided for or on behalf of participants in such optional retirement program shall be provided through individual contracts or individual certificates issued for group annuity contracts, which may be fixed, variable, or a combination thereof, in accordance with s. 403(b) of the Internal Revenue Code.
11	Senior Management Service Optional Annuity Program Trust Fund	121.021(36) 121.055(6)(a), F.S.	To make payments to provider companies on behalf of the optional annuity program participants, and to transfer the unfunded liability portion of the state optional annuity program contributions to the Florida Retirement System Trust Fund.	Payments to annuity companies. s. 121.021 (Definitions) - - (36) "System Trust Fund" means the trust fund established in the State Treasury by this chapter for the purpose of holding and investing the contributions paid by members and employers and paying the benefits to members or their beneficiaries who may become entitled. Other trust funds may be established in the State Treasury to administer the "System Trust Fund." Primary revenues are contributions.

Department of Management Services
Fiscal Year 2019-20 - Trust Fund Summary

	Trust Fund	Controlling Statutory Authority	Statutory Purpose of Trust Fund	Specific Revenue Source(s)
12	FRS Preservation of Benefits Plan Trust Fund	121.0951 121.1001(3)(a)	Funds to be credited to the trust fund shall consist of Florida Retirement System monthly retirement contributions required to meet the requirements for payment of restored benefits under the Florida Retirement System Preservation of Benefits Plan, as specified in s. 121.1001.	Monthly Retirement contributions from employers. Florida Retirement System Preservation of Benefits Plan is established as a qualified governmental excess benefit arrangement pursuant to s. 415(m) of the Internal Revenue Code. The Preservation of Benefits Plan is created as a separate portion of the Florida Retirement System, for the purpose of providing benefits to a payee (retiree or beneficiary) of the Florida Retirement System whose benefits would otherwise be limited by s. 415(b) of the Internal Revenue Code. [s. 121.1001, F.S.] Funds to be credited to the trust fund shall consist of Florida Retirement System monthly retirement contributions required to meet the requirements for payment of restored benefits under the Florida Retirement System Preservation of Benefits Plan, as specified in s. 121.1001. [s. 121.095(1)(a), F.S.]
14	Retiree Health Insurance Subsidy Trust Fund	112.363 121	This fund is used to hold and invest contributions paid by employers on behalf of their employees who are members of a state administered retirement plan.	The major sources of revenues for the Retiree Health Insurance Subsidy Trust Fund are monthly transfers from each state and local agency participating in the Florida Retirement System and interest earnings.
15	Florida Retirement System Trust Fund	121.021	This fund is used to hold and invest the contributions paid by members and employers of the Florida Retirement System and to pay benefits to members or their beneficiaries who become entitled to receive such benefits.	Earnings on investments and contributions made on behalf of members by participating employers (state agencies, counties, school districts, community colleges, cities and special districts). The State Board of Administration (SBA) invests the contributions which, along with investment earnings, are used to pay future benefits to members and beneficiaries.

David DiSalvo
State Retirement Director
Florida Department of Management Services, Division of Retirement

Re: **Actuarial Valuation as of July 1, 2020**

Dear Director DiSalvo:

We have conducted an annual actuarial valuation of the Florida Retirement System (FRS) Pension Plan as of July 1, 2020, for assessing plan funded status and determining actuarially calculated contribution rates prior to blending with FRS Investment Plan contribution rates to create proposed blended statutory contribution rates for the July 2021 - June 2022 plan year. The major findings of the valuation are contained in the following report.

Section 1 contains an Executive Summary of the results of our valuation followed by four sections containing detailed information on Assets (Section 2), Liabilities (Section 3), Contributions (Section 4), and Accounting Statements (Section 5). In the Appendices, we provide information regarding actuarial methods and assumptions, a summary of plan provisions, membership statistics, cost projections, comparisons/reconciliation, risk disclosure and a glossary of terms.

All costs and liabilities shown in this report have been determined on the basis of actuarial assumptions and methods set forth in Appendix A. Preliminary 2020 valuation results were presented by the actuary to the 2020 FRS Actuarial Assumption Conference held on October 8, 2020. The assumptions are based on Milliman's most recent review of the System's experience, which was for the observation period from July 1, 2013 through June 30, 2018. Additional details on that review of System experience can be located in our October 8, October 23, and October 28, 2019 presentation materials to the 2019 FRS Actuarial Assumption Conference and our formal 2019 Experience Study report, which was issued on December 20, 2019. The assumptions used in this valuation are unchanged from those used in the prior valuation as of July 1, 2019 except for decreases to the assumptions for investment return, inflation and individual pay increases, as adopted by the 2020 FRS Actuarial Assumption Conference. The investment return assumption for purposes of developing actuarially calculated contribution rates decreased from 7.20% to 7.00%; the inflation assumption decreased from 2.60% to 2.40% and individual pay increase assumptions decreased by 20 basis points (0.20%). The 2020 FRS Actuarial Assumption Conference also adopted a 25-year amortization period for bases established on or after July 1, 2020. Bases established prior to July 1, 2020 remain on their existing amortization schedules.

In our professional opinion we believe the assumptions and methods used in this report for purposes of developing actuarially calculated contribution rates are reasonable. The accounting calculations for the FRS Pension Plan's financial reporting and its June 30, 2020 CAFR in compliance with the GASB Statement No. 67 use an investment return assumption that differs from that used in this report. The GASB financial reporting information, which is issued under separate cover, uses assumptions and methods which in our professional opinion are also reasonable. The results of this report are dependent upon future experience conforming to the

This work product was prepared solely for Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

assumptions disclosed in this report. Future actuarial measurements may differ significantly from the current measurements presented in this report due to many factors, including: plan experience differing from that anticipated by the economic or demographic assumptions; changes in economic or demographic assumptions; increases or decreases expected as part of the natural operation of the methodology used for these measurements (such as the end of an amortization period); and changes in plan provisions or applicable law. Due to the limited scope of our assignment, we did not perform an analysis of the potential range of future measurements.

The valuation results were developed using models intended for valuations that use standard actuarial techniques.

Actuarial computations presented in this report are for purposes of assessing funded status and determining the actuarially calculated contribution rates for the FRS Pension Plan. The calculations in the enclosed report have been made on a basis consistent with our understanding of the FRS Pension Plan's funding requirements and goals. Determinations for purposes other than meeting those requirements referenced in this paragraph may be significantly different from the results contained in this report. Accordingly, additional determinations may be needed for other purposes.

In preparing our report we relied, without audit, on information (some oral and some written) supplied by the Florida Department of Management Services, Division of Retirement. This information includes, but is not limited to, statutory provisions, employee census, and financial information. In our examination of these data, we have found them to be reasonably consistent and comparable with data used for other purposes. Since the valuation results are dependent on the integrity of the data supplied, the results can be expected to differ if the underlying data is incomplete or missing. It should be noted that if any data or other information is inaccurate or incomplete, our calculations may need to be revised.

This actuarial valuation was prepared and completed by us and those under our direct supervision, and we acknowledge responsibility for the results. To the best of our knowledge, the results are complete and accurate. In our opinion, the techniques and assumptions used are reasonable. In our opinion this valuation meets the requirements and intent of Part VII, Chapter 112, Florida Statutes. There is no benefit provision or related expense to be provided by the plan and/or paid from the plan's assets for which liabilities or current costs have not been established or otherwise taken into account in the valuation. To the best of our knowledge, there were no known events that were not taken into account in the valuation.

Milliman's work product was prepared exclusively for the internal business use of Florida Department of Management Services, Division of Retirement, for a specific and limited purpose. It is a complex technical analysis that assumes a high level of knowledge concerning the Florida Retirement System's operations, and uses Division data, which Milliman has not audited. To the extent that Milliman's work is not subject to disclosure under applicable public record laws, Milliman's work may not be provided to third parties without Milliman's prior written consent. Milliman does not intend to benefit or create a legal duty to any third party recipient of its work product. Milliman's consent to release its work product to any third party may be conditioned on the third party signing a Release, subject to the following exceptions:

This work product was prepared solely for Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

(a) The Division of Retirement may provide a copy of Milliman's work, in its entirety, to the System's professional service advisors who are subject to a duty of confidentiality and who agree to not use Milliman's work for any purpose other than to benefit the System.

(b) The Division of Retirement may provide a copy of Milliman's work, in its entirety, to other governmental entities, as required by law.

No third party recipient of Milliman's work product should rely upon Milliman's work product. Such recipients should engage qualified professionals for advice appropriate to their own specific needs.

The consultants who worked on this assignment are retirement actuaries. Milliman's advice is not intended to be a substitute for qualified legal or accounting counsel.

The signing actuaries are independent of the plan sponsor. We are not aware of any relationship that would impair the objectivity of our work.

On the basis of the foregoing, we hereby certify that, to the best of our knowledge and belief, this report is complete and accurate and has been prepared in accordance with generally recognized and accepted actuarial principles and practices which are consistent with the principles prescribed by the Actuarial Standards Board and the *Code of Professional Conduct* and *Qualification Standards for Actuaries Issuing Statements of Actuarial Opinion in the United States* published by the American Academy of Actuaries.

We are members of the American Academy of Actuaries and meet the Qualification Standards to render the actuarial opinion contained herein.

Respectfully submitted,

1. Executive Summary

This report presents the results of our July 1, 2020 actuarial valuation of the defined benefit Florida Retirement System (FRS) Pension Plan. This valuation is used to determine actuarially calculated Pension Plan-specific employer contribution rates for the July 1, 2021 – June 30, 2022 plan year. The Pension Plan-specific rates developed in this valuation report are then combined with contribution rates from the defined contribution FRS Investment Plan to create blended proposed statutory employer contribution rates. The actual contribution rates paid by employers during the 2021-2022 plan year will be determined by Florida Statutes. The statutory contribution rates in effect for the current 2020-2021 plan year are identical to the blended proposed statutory rates developed in conjunction with the July 1, 2019 actuarial valuation.

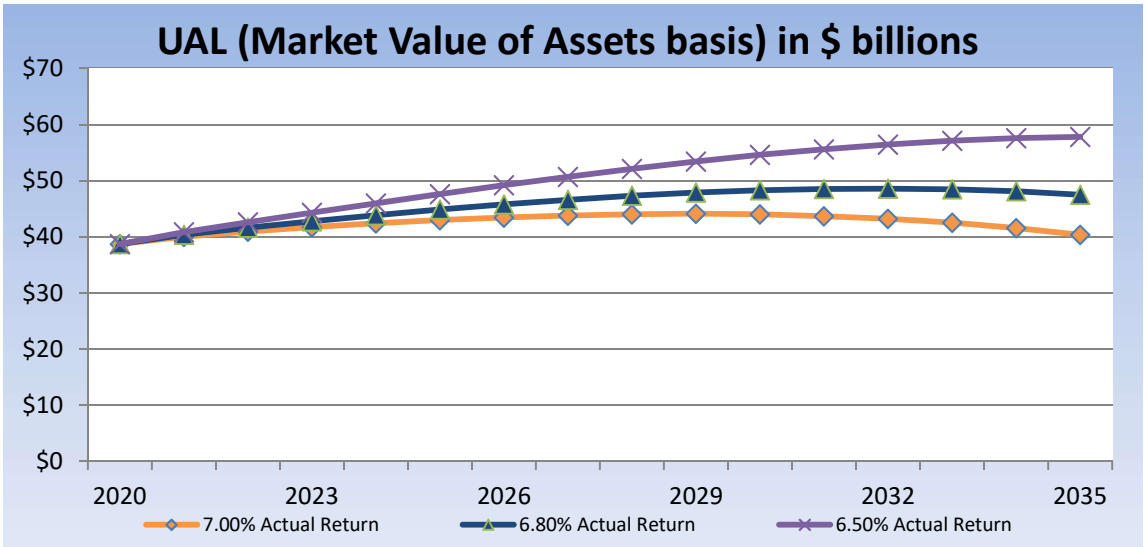
On the smoothed Actuarial Value of Assets (AVA) basis used to determine actuarially calculated contribution rates and the Unfunded Actuarial Liability (UAL), Pension Plan funded status decreased from 84.2% to 82.0%. On a Market Value of Assets (MVA) basis, Pension Plan funded status calculated on the assumptions and methods in this report for system funding purposes decreased from 85.5% to 80.7% due to actual plan year investment return of approximately +3.34%, which is below the assumed prior year return of 7.20%[1], along with a decrease in the investment return assumption for funding purposes.

As noted above, actuarially calculated employer contribution rates for the Pension Plan are combined with FRS Investment Plan contribution rates to create proposed blended statutory employer contribution rates. At a system-wide composite level, the blended employer contribution rate increased by 0.96% of payroll from 11.37% of payroll in the 2020-2021 plan year to 12.33% in the 2021-2022 plan year. Please note that the blended rate study is issued under separate cover shortly after the publication of this valuation report. Approximately 77% of the 0.96% of payroll increase was related to the assumption and amortization changes adopted effective July 1, 2020. The remaining 23% of the increase related to actual plan experience during the year.

Due to cumulative market value investment performance lower than the funding valuation's investment return assumption over the past five years, the MVA is lower than the smoothed AVA used for funded status and contribution rate calculations by approximately $2.7 billion as of July 1, 2020. That $2.7 billion not yet recognized market investment loss will be systematically recognized as a sequence of actuarial investment losses in the UAL via recognition in the AVA over the next several years. If actual market value investment experience during that period fails to meet or exceed the 7.00% assumption used in this valuation, new investment losses will arise. Absent market returns above assumption, those prior market investment losses not yet recognized in the AVA as of July 1, 2020 will lead to future increases in actuarially calculated employer contribution rates, which are based on the smoothed AVA measure.

For this valuation, a long-term average annual future investment return assumption of 7.00% was selected by the 2020 FRS Actuarial Assumption Conference. That assumption is 0.20% lower than the assumption used in the previous valuation. In our professional opinion, the 7.00% assumption does **not** significantly conflict with our judgment regarding what would constitute a reasonable assumption for the purpose of the measurement Actuarial Standard of Practice No. 27 (ASOP 27). Our basis for that opinion is that both the 4.27% 50th percentile geometric average annual long-term future real return assumption developed by the Florida State Board of Administration's

[1] *The required financial reporting information under GASB 67 also uses Market Value of Assets but has an investment return assumption different from those used in this valuation for funding purposes. GASB 67 information was issued under separate cover and indicated a funded ratio of 78.85% as of June 30, 2020 using a 6.80% investment return assumption.*



This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

outside investment consultant (Aon) and the 2.40% average annual future inflation assumption selected by the Conference are individually reasonable. Combined, those two individually reasonable assumption components would produce a geometric average annual nominal return assumption of 6.77%, which in our opinion is clearly reasonable. The Conference's selected 7.00% investment return assumption does not significantly conflict with the clearly reasonable 6.77% assumption level. More details on the return assumption are shown in our 2020 FRS Actuarial Assumption Conference presentation materials.

All else being equal, the lower the selected investment return assumption, the higher the likelihood the FRS Pension Plan will meet or exceed its assumed investment return in future years. A lower assumption would result in higher short-term actuarially calculated contribution rates for employers but would also serve to lessen the magnitude of actuarially calculated contribution rate increases in the event that actual future investment performance fails to meet the assumption.

Actual future investment return experience for the FRS Pension Plan is not affected by the assumption used in the actuarial valuation. Applying the 7.00% assumption used in this valuation, the following graph illustrates the UAL (Unfunded Actuarial Liability) on a Market Value of Assets basis under three scenarios for steady actual future investment returns:

- 7.00%, which is the assumption selected for this valuation by the 2020 FRS Actuarial Assumption Conference
- 6.80%, which is the assumption used for GASB 67 calculations as of a June 30, 2020 Measurement Date
- 6.50%, which is effectively equal to the 50th percentile assumption of 6.46% in the asset/liability model developed for the SBA by Aon in consultation with the 2020 FRS Actuarial Assumption Conference (the Aon model's 6.46% return consists of the geometric combination 4.27% median real return and 2.1% inflation)

As illustrated in the graph, if actual future investment returns match the 7.00% assumption the UAL would be approximately the same as the current level by the end of the illustrated 15-year period. Currently, there are market investment losses that are not yet recognized in the smoothed Actuarial Value of Assets as of the valuation date. When that is the case, the pattern shown over the first 15 years in the 7.00% actual return scenario is typical of the method of closed 25-year amortization periods used to calculate contribution rates in the valuation. (The UAL still remaining after 15 years is amortized over the latter 10 years of the 25-year amortization schedule if actual investment performance continues to match the assumption.)

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

If actual returns underperform the 7.00% assumption by 0.20%, the UAL would increase by approximately $9 billion over the illustrated 15-year projection period. If actual investment returns equal the 50th percentile return of 6.5% from the 2020 Aon model, the UAL would increase by 49% over the modeled 15-year period even if actuarially calculated contributions are made and all other experience follows the assumptions used in this valuation. Note that if a 30-year amortization had continued to be used, the UAL would increase by 56% over the modeled 15-year period with actual investment returns equal to 6.5%.

This 2020 actuarial valuation uses the Individual Entry Age Normal (Individual EAN) actuarial cost allocation method. The actuarial cost allocation method divides the present value of total projected benefits for each active member between past service (Actuarial Liability, or AL) and future service (present value of future normal costs). The actuarial cost allocation method does not impact the calculation of the present value of total projected benefits. Prior to the 2019 valuation, the Ultimate Entry Age Normal (Ultimate EAN) actuarial cost allocation method was used. The 2019 change in the actuarial cost allocation method increased the Normal Cost Rate and decreased the Actuarial Liability and UAL Rate when compared to the prior method. The Individual EAN methodology is mandated by GASB for financial reporting calculations under GASB Statements Nos. 67 & 68 and has been used for GASB reporting in all years those two statements have been in effect.

The tables immediately following compare July 1, 2019 actuarial valuation results with July 1, 2020 actuarial valuation results. The difference column shows the change between the July 1, 2019 valuation results and the July 1, 2020 valuation results.

A. Assets, Liabilities, and Funded Status

A comparison of the Actuarial Liability and Actuarial Value of Assets (AVA) follows. These figures are based upon the actuarial assumptions used to determine the actuarial costs of the FRS Pension Plan (see Appendix A). Under current methodology, and as required by Florida law, the AVA cannot be less than 80% or greater than 120% of the Market Value of Assets (MVA). This corridor restriction does not come into play unless there are dramatic asset gains or losses in the prior plan year. The purpose of the corridor is to ensure that the “smoothed” value of assets does not vary from the market value by more than 20%. As of July 1, 2020, the AVA is 101.7% of the MVA.

		Valuation Results (numbers in $ billions)		
		July 1, 2019	July 1, 2020	Difference
1.	Actuarial Liability	$191.3	$200.3	$9.0
2.	Actuarial Value of Assets	$161.0	$164.3	$3.3
3.	Unfunded Actuarial Liability (1 - 2)	$30.3	$36.0	$5.7
4.	Funded Percentage (2 / 1)	84.2%	82.0%	-2.2%

In Section 5 of this report we present an additional measure of funded status based on a different liability measure, the "Accumulated Benefit Obligation" (ABO), based on both the AVA and the MVA.

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

B. Contributions

Actuarially calculated contribution rates by class are determined annually in the actuarial valuation. Actual contribution rates paid by employers for each class are set by statute and consist of Normal Cost and UAL Cost components. For the 2020-2021 plan year, the actuarially calculated rates determined by the July 1, 2019 valuation and the legislated rates are equivalent. The 2021-2022 actual contribution rates will be set by the 2021 session of the Florida Legislature, with advice from this valuation and the associated 2021-2022 Blended Rate Study that will be issued subsequent to the publication of this valuation. The Unfunded Actuarial Liability (UAL) amortization payment will consist primarily of costs or savings associated with plan changes, assumption changes, differences between actual and assumed experience, and changes in actuarial methodology. As of July 1, 2020, the FRS Pension Plan has a UAL of $36.0 billion on a smoothed Actuarial Value of Assets basis. The UAL Cost is calculated to eliminate the UAL over a pre-determined amortization period if actual future experience follows assumptions and contributions are made in accordance with the funding policy.

The comparative FRS Pension Plan-specific employer contribution rates for the Regular and Special Risk membership classes resulting from this valuation and the prior valuation are as follows. See Section 4 for more details on rate development and valuation results for all membership classes.

	July 1, 2019 Valuation (2020 2021 Rates)		July 1, 2020 Valuation (2021 2022 Rates)		Difference	
	Regular	Special Risk	Regular	Special Risk	Regular	Special Risk
Employer Normal Cost Rate	5.19%	15.41%	5.34%	15.57%	0.15%	0.16%
UAL Contribution Rate [1]	4.26%	8.95%	5.34%	10.45%	1.08%	1.50%
Employer Contribution Rate Prior to Blending with FRS IP Payroll	9.45%	24.36%	10.68%	26.02%	1.23%	1.66%

[1] The 1.08% increase in UAL Contribution Rate for the Regular class represents a 0.79% increase in rates due to assumption and amortization method changes and a 0.29% increase due to other experience. The 1.50% increase in UAL Contribution Rate for the Special Risk class represents a 1.19% increase in rates due to assumption and method changes, and a 0.31% increase in rates due to other experience.

C. Membership

The total membership (active, terminated vested, retired, and DROP) of the FRS Pension Plan decreased by 15,543 members from 1,060,132 as of July 1, 2019 to 1,044,589 as of July 1, 2020, a decrease of 1.5%. The total annualized projected payroll of non-DROP active Pension Plan members increased by 0.7%, from $24.37 billion for the 2019-2020 plan year to $24.54 billion for the 2020-2021 plan year, a $0.17 billion increase in payroll. Note that the payroll on which UAL Cost rates are determined is higher and includes the payroll of DROP and members in Optional Retirement Plans subject to the UAL contribution.

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

A summary of Pension Plan membership change by status follows:

	Valuation Results: Counts		
	July 1, 2019	July 1, 2020	% Change
Active Members	500,111	477,495	-4.5%
Terminated Vested Members	103,709	103,458	-0.2%
Retired Members	421,130	428,396	1.7%
DROP Members	35,182	35,240	0.2%
Total Members	1,060,132	1,044,589	-1.5%

D. Experience

Changes to assets and liabilities between July 1, 2019 and July 1, 2020 are described in this section.

1. Assets:

Changes in the smoothed Actuarial Value of Assets (AVA) during the plan year were due to:

▪ Contributions received	$4.161	
▪ Payment of benefits and administrative expenses	(11.507)	
▪ Assumed plan year investment returns	11.328	
▪ Investment plan year gain/(loss) experience	(0.684)	
Total plan year Actuarial Value of Assets increase	$3.298	Billion

The actual plan investment return on the AVA was 6.77% compared to the prior valuation's assumed return of 7.20%. On a market-value basis, the assets earned 3.34%. On a year-by-year basis, asset returns were as follows:

	Rates of Return[1]		
	2017/2018	2018/2019	2019/2020
Market Value	9.26%	5.97%	3.34%
Actuarial Value	8.36%	7.82%	6.77%

[1] *Assumes net cash flow occurs mid-year.*

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

2. Actuarial Liability (AL):

Changes in the Actuarial Liability during the plan year were due to:

▪ Expected increase, due to combined effects of Normal Cost plus interest-related growth in Actuarial Liability less benefit payments during plan year	$4.483	
▪ Change in plan provisions	0.000	
▪ Changes in assumptions	3.896	
Liability Plan Year (Gain) / Loss Experience		
▪ Active member salary increases different than assumption	0.201	
▪ New active members	0.302	
▪ Retirement and DROP entry behavior	0.562	
▪ Inactive mortality	0.019	
▪ Other demographic sources not noted above[1]	(0.517)	
▪ Liability plan year (gain) / loss experience	0.567	
Total plan year Actuarial Liability increase	$8.946	Billion

1. Reflects the combined effects of all other liability (gain)/loss sources for actuarial experience compared to assumptions used in the July 1, 2019 actuarial valuation. These include actual experience for pre-retirement turnover, second election transfers to the Investment Plan, active member death and disability, and all other actual experience not otherwise noted in the table above compared to assumed on the demographic assumptions used to calculate July 1, 2019 actuarial valuation results.

3. Unfunded Actuarial Liability (UAL):

The net change in the UAL of the FRS Pension Plan was an increase of $5.648 billion[2], from $30.326 billion to $35.975 billion. The net increase is attributable to the following:

Change due to:

▪ Expected increase, based on the net combined effect of plan contributions received, interest, and assumed investment and demographic experience	$0.501	
▪ Change in plan provisions	0.000	
▪ Changes in assumptions	3.896	
▪ Investment plan year (gain)/loss experience	0.684	
▪ Liability plan year (gain)/loss experience	0.567	
Total plan year increase/(decrease) in UAL	$5.648	Billion

See table on the following page for total gains/losses by class.

2. The UAL increased from $30,326,363,000 to $35,974,651,000, the difference of which is $5.648 when rounded to the nearest million.

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

2019-2020 Plan Year (Gain)/Loss Experience[1]

($ in Thousands)

	Regular	Special Risk	Special Risk Administrative	-- Elected Officers' Class -- Judicial	Leg-Atty-Cab	Local	Senior Management	Grand Total
Investment plan year (gain)/loss experience	**$518,779**	**$145,462**	**$325**	**$4,253**	**$253**	**$1,308**	**$13,184**	**$683,564**
Liability plan year (gain) / loss experience by source								
Assumption changes	2,811,077	922,025	1,592	28,778	2,474	12,910	117,055	3,895,911
Active member salary increases different than assumption	327,428	(130,771)	(453)	(7,313)	(429)	(2,844)	15,243	200,861
New active Pension Plan members [2]	239,889	45,420	(22)	1,516	200	835	14,545	302,383
Retirement and Drop Entry Behavior	335,723	199,158	290	10,036	(14)	(255)	17,424	562,362
Inactive Mortality	(28,277)	37,043	717	1,400	1,219	3,134	3,753	18,989
Other demographic sources not noted above [3]	(490,182)	(19,448)	267	(17,809)	(4,316)	(6,290)	20,774	(517,004)
Liability plan year (gain) / loss experience	**$3,195,658**	**$1,053,427**	**$2,391**	**$16,608**	**($866)**	**$7,490**	**$188,794**	**$4,463,502**

[1] *For purposes of this exhibit, liabilities and assets associated with members in DROP are allocated to their respective membership classes. This differs from their representation in Section 4, where UAL bases are tracked separately for the DROP.*

[2] *Includes transfers and re-hires.*

[3] *Reflects the combined effects of all other liability (gain)/loss sources for actuarial demographic experience compared to assumptions used in the July 1, 2019 valuation. This includes the effects of second election transfers to the Investment Plan and changes to census data reporting.*

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

4. Actuarially Calculated FRS Pension Plan-specific Contribution Rates prior to blending with the FRS Investment Plan:

On a level-rate-of-pay basis, the FRS Pension Plan-specific employer contribution rates for each membership class changed as follows:

	Regular	Special Risk	Special Risk Administrative	-- Elected Officers' Class -- Judicial	Leg-Atty-Cab	Local	Senior Management
A. 1. July 1, 2019 Employer Normal Cost Rate	5.19%	15.41%	11.13%	13.64%	8.76%	10.57%	6.90%
2. UAL Contribution Rate	4.26%	8.95%	30.87%	28.26%	60.66%	52.59%	25.95%
3. Total July 1, 2019 Actuarially Calculated Employer Contribution Rate (1.+2.)	9.45%	24.36%	42.00%	41.90%	69.42%	63.16%	32.85%
B. 1. July 1, 2020 Employer Normal Cost Rate	5.34%	15.57%	11.31%	13.82%	9.19%	10.97%	7.09%
2. UAL Contribution Rate (See Table 4-11)	5.34%	10.45%	35.91%	30.68%	75.47%	57.81%	28.92%
3. Total July 1, 2020 Actuarially Calculated Employer Contribution Rate (1.+2.)	10.68%	26.02%	47.22%	44.50%	84.66%	68.78%	36.01%
C. Change in Total Actuarially Calculated Employer Contribution Rate (B.3.-A.3.)	1.23%	1.66%	5.22%	2.60%	15.24%	5.62%	3.16%

Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

F. Summary Comments

We caution that the results herein are applicable only for the next plan year. More than anything, actual future investment results will impact long-term future contribution rates. The investment return assumption selected affects the timing and pattern of contributions but does not affect the long-term cost of the plan, which is governed by the Fundamental Cost Equation [Benefit Payments + Expenses = Contributions + Actual Investment Returns].

- The most recent experience study covered the period from July 1, 2013 to June 30, 2018. Experience studies are performed every five years and compare actual plan experience to the assumptions used in the annual valuations. This valuation reflects the method and assumptions changes proposed by the 2019 Experience Study and adopted by the 2019 FRS Actuarial Assumption Conference for use in the July 1, 2019 valuation.
- This valuation also reflects further changes to the assumptions for investment return, inflation and individual member pay increases adopted by the 2020 FRS Actuarial Assumption Conference. The Conference also adopted a 25-year amortization period for bases established on or after July 1, 2020.
- Subsequent FRS Assumption Conferences may, at the discretion of the Conference Principals, consider changes to items such as the investment return assumption or modifications to other assumptions and methods.

Future proposed blended statutory rates for the System will be impacted by choice elections for the defined contribution FRS Investment Plan (IP), which is available as an alternative to the defined benefit FRS Pension Plan for members. The existence of the IP affects the FRS Pension Plan contribution rates insomuch as active members can elect to participate in either the FRS Pension Plan or the IP. Thus, member plan election decisions can affect the demographic composition of the FRS Pension Plan. Current IP membership is between 25% and 26% of total active membership on a headcount basis. Based on legislation effective January 1, 2018 the default plan for newly enrolled non-Special Risk members who do not make an active plan election is now the FRS Investment Plan.

We mention these caveats because the actuarial valuation process merely measures the impact of these factors on FRS Pension Plan costs and liabilities after they have occurred. Unanticipated benefit or salary changes, changes in member behavior (e.g., withdrawal rates, rates of retirement, etc.), or variations in actual investment return could necessitate changes in the actuarially calculated contribution rates.

Finally, we caution the readers of this report not to overemphasize the results of any single valuation as long-term trends are more important.

G. DROP Contribution Rate

The DROP (Deferred Retirement Option Program) started in 1998, with a study completed prior to the DROP's implementation showing an anticipated material cost increase due to its introduction. Since its introduction and consistent with legislative directive, employers have been charged a uniform DROP contribution rate on all DROP payroll without regard to a participant's membership class. In addition, the asset allocation developed in Table 2-5 is performed so that the DROP's funded percentage is set equal to the composite funded percentage of the FRS Pension Plan.

The DROP contribution rate has two components: Normal Cost and UAL Cost. The Normal Cost is set to the composite FRS Pension Plan average employer-paid Normal Cost Rate of 7.23%. The calculation of the UAL Cost for the DROP is consistent with the calculation of the UAL Cost component of the other membership classes. Essentially, the DROP is allocated a share of plan assets such that the DROP's funded percentage is

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

equal to the composite FRS Pension Plan's funded percentage. This asset allocation to DROP results in a UAL Cost for DROP payroll of 9.45%. The total DROP contribution rate (Normal Cost plus UAL Cost) in this valuation is 16.68%, compared to a DROP contribution rate of 15.32% in the prior valuation.

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

2. Assets

In many respects, an actuarial valuation can be considered similar to an inventory process. The inventory is taken annually as of the actuarial valuation date, which for this valuation is July 1, 2020. On that date, the assets available for the payment of current and future benefits are appraised. These assets are compared with the inventory of Actuarial Liability. This inventory process leads to a method of calculating what contributions by members and/or their employers are needed to systematically eliminate any shortfall if future experience follows assumptions. Prior to publication of this report, preliminary 2020 valuation results were presented by the actuary to the 2020 FRS Actuarial Assumption Conference.

This section of the report deals with the asset determination. In the next section, the Actuarial Liability will be discussed. Section 4 will deal with the process for determining actuarially calculated contribution rates in order to systematically eliminate any shortfall between the assets and Actuarial Liability.

Two measures of FRS Pension Plan assets are presented in the valuation:

1. The Market Value of Assets (MVA) provides the most accurate fair market "snapshot date" assessment of plan resources at a given date, and will be used on the balance sheet statements of position for the FRS Pension Plan and its participating employers for GASB financial reporting purposes.[1] It tends to be the more volatile of the two asset measures and is not used for determining the actuarially calculated contribution rates.

2. The Actuarial Value of Assets (AVA) is a second measure of FRS Pension Plan asset holdings. It is related to the MVA, but uses a smoothing technique applied to mitigate year-to-year market fluctuations by recognizing actual single year investment returns different from the long-term assumption systematically over a multi-year period. The AVA is the basis for determining actuarially calculated contribution rates, and the smoothing technique is used to stabilize year-to-year contribution rate changes.

The actuarial smoothed asset valuation measure, implemented in 1989, reflects a five-year averaging methodology, as required by Section 121.031(3)(a) of Florida Statutes. Under this method, the expected actuarial value of assets is determined by crediting the rate of investment return assumed in the prior valuation (7.20%) to the prior year's AVA. Then, 20% of the difference between the actual market value and the expected actuarial value of assets is immediately recognized in the AVA. The AVA is also restricted by a 20% corridor around the MVA, so that the AVA cannot be greater than 120% or less than 80% of the MVA. Table 2-3 presents the details of this calculation. As of July 1, 2020, the AVA is 101.69% of the MVA.

Six tables are presented in this section, summarizing the financial resources of the FRS Pension Plan on July 1, 2020. Table 2-1 shows the reconciliation of valuation assets from June 30, 2019 to June 30, 2020. The assets are presented by category in Table 2-2. Table 2-3 provides a detailed development of the July 1, 2020 AVA. In Table 2-4, the AVA is initially allocated to each membership class, based on estimated cash flows. The table also shows the allocation of assets to/from the various classes from/to the DROP. Table 2-5 shows the derivation of the allocation of assets to/from the DROP in order that the DROP's funded percentage is equal to the funded

[1] *The financial reporting information under GASB 67 requirements is issued under separate cover and uses an investment return assumption different from that used in this valuation report, which is for the purpose of developing actuarially determined contribution rates.*

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. 3. Liabilities

In the previous section, an actuarial valuation was compared to an inventory process, and an analysis was given of the inventory of assets of the FRS Pension Plan as of the valuation date, July 1, 2020. In this section, the discussion will focus on the projected future benefit commitments of the FRS Pension Plan allocated to service already performed under the actuarial cost allocation method, which will be referred to as its Actuarial Liability. In Section 5 other liability measures are presented based on accounting principles of the Financial Accounting Standards Board (FASB). Calculations required by the Governmental Accounting Standards Board (GASB) are developed and issued as part of a separate report. It is important to note that the accounting liabilities shown in Section 5 of this report and in the separate GASB report are for informational disclosure and comparison purposes, while the Actuarial Liability calculated in this section is used for determining the FRS Pension Plan actuarially calculated contribution rates prior to blending with FRS Investment Plan contribution rates to create blended proposed statutory rates.

A fundamental principle in financing a retirement program is that the projected cost of future retirement benefits should be allocated to the period in which service is performed, rather than during the post-retirement period of benefit distribution. There are several methods that can be used in making such an allocation.

Beginning with the July 1, 2019 actuarial valuation for funding purposes, the Individual Entry Age Normal (Individual EAN) actuarial cost allocation method was selected by the FRS Actuarial Assumption Conference. The actuarial cost allocation method used does not affect the calculation of overall projected Pension Plan benefits (Present Value of Benefits), but it does affect the allocation of those benefits over a member's projected working career between past (Actuarial Liability), current year (Normal Cost) and all future projected service (Present Value of Future Normal Costs). The Present Value of Benefits is equal to the sum of the Actuarial Liability and the Present Value of Future Normal Costs.

Members initially enrolled on or after July 1, 2011 (Tier II) have different benefit and retirement eligibility provisions than Tier I members. Under the Individual EAN method, the Normal Cost is calculated separately for each of the individual members, based on their ages at entry into the System, and the tier-specific benefit provisions. The individual Normal Costs of all members are then aggregated and divided by the total current compensation of the individuals included in the valuation to determine the Normal Cost rate as a percentage of compensation. The actuarial Present Value of Benefits of each individual included in the valuation is allocated as a level percentage of the individual's projected compensation between entry age and assumed exit. The portion of this actuarial present value allocated to a valuation year is called the Normal Cost. Individual EAN sets normal cost in a manner that is representative of the tier in which the member actually participates.

The difference between the Actuarial Liability and the Actuarial Value of Assets accumulated as of the actuarial valuation date is referred to as the Unfunded Actuarial Liability (UAL). (If the difference is negative, the excess of the funds accumulated over the liabilities may be referred to as the surplus.) The UAL Contribution Rate is calculated in a manner such that the UAL will fully amortize in accordance with the schedules in Section 4 of this report if actual future experience follows the assumptions used in the valuation and contributions are made each year at levels equal to actuarially calculated contribution rates.

The UAL will grow with interest and Normal Cost while contributions will reduce it.

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

Benefit improvements, actuarial gains and losses (variations in investment results and demographic changes from assumption), and changes in actuarial assumptions and methods will also have an effect on the Actuarial Liability and on the UAL.

After the amount of the UAL has been determined, as part of the rate calculation methodology, the actuarially calculated contribution rates include a component for the amortization of the UAL. A schedule of contributions is established to amortize the UAL. In Section 4 of the report, we discuss the contribution schedules in detail.

Table 3-1 contains a breakdown of the Actuarial Liabilities and Unfunded Actuarial Liabilities in the FRS Pension Plan for the 2019 valuation and the 2020 valuation. In Table 3-2, the 2020 liabilities are shown for each membership class.

Legislation enacted in 2001 “walls off,” for 25 years, the actuarial gains arising from former FRS Pension Plan participants electing to participate in the FRS Investment Plan. The “walled off” amount is called the contingent liability. The Actuarial Liabilities generally do not include the contingent liability. However, surplus, if any, used for contribution rate reductions is net of the contingent liability. Table 3-3 shows the contingent liability and the number of current active participants, by class, who elected to transfer from the FRS Pension Plan to the FRS Investment Plan during the original 2002-2003 election periods available to FRS Pension Plan members who were active when the FRS Investment Plan first became available for participation.

4. Contributions

Differences between the Actuarial Liabilities and the assets can be made up through (1) future contributions in excess of the Normal Costs to amortize the shortfall and/or (2) actual future investment returns in excess of assumed returns. An actuarial valuation sets out a schedule of future contributions that will fully amortize the Unfunded Actuarial Liability (UAL) in a systematic manner if future experience follows the assumptions. By contrast, in prior years when the FRS Pension Plan had an actuarial surplus, legislated contribution rates were generally below the Normal Cost Rate. In this section we develop and present the FRS Pension Plan-specific contribution rates proposed to be effective for the Plan Year beginning July 1, 2021 based on the July 1, 2020 membership data. Under separate cover, the FRS Pension Plan-specific contribution rates calculated in this valuation are blended with contribution rates for the FRS Investment Plan to develop proposed blended statutory contribution rates for the Plan Year beginning July 1, 2021.

First, we present a description of the actuarial method used to determine the actuarially calculated FRS Pension Plan-specific contribution rates for the 2021-2022 plan year. This is followed by a series of tables presenting the details of our calculations.

A. Funding Methods

The actuarial cost method used to determine the pattern of future contributions is called the Individual Entry Age Normal (Individual EAN) actuarial cost allocation method. Under this method (as is the case for most actuarial cost allocation methods), the contribution rates calculated have two components:

- Normal Cost Rate
- UAL Contribution Rate, which amortizes the UAL if future experience follows assumptions.

These components are described in more detail below.

1. Normal Cost Rate

Under the Individual EAN method, the Normal Cost Rate is that level percentage of pay which would fully fund a member's benefit at retirement, if paid from the year of entry (i.e., "entry age") to the year of retirement if future experience were to exactly match the actuarial assumptions. Individual EAN sets normal cost in a manner that is representative of the tier in which the member actually participates.

We have determined the Normal Cost Rates for the FRS Pension Plan separately by membership class and type of benefit (e.g., retirement, disability). These are summarized in Table 4-1.

2. UAL Contribution Rate

The Actuarial Liability is the difference between the Total Present Value of Benefits (PVB) and the Present Value of Future Normal Costs (PVFNC).

The term "fully funded" can be used for a system where contributions at the Normal Cost Rate are projected to be completely adequate to fully fund the projected future benefits of all existing members if future experience follows assumptions. Currently, most systems are not fully funded. This can be because contributions for the estimated value of benefits earned in a year have not been fully made, benefit improvements for past service are granted but then are funded gradually over future years, actual experience has not been as favorable as assumed, or assumptions have been updated which increase liability compared to assumptions used in prior valuations. Under

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

these circumstances, a UAL exists. For the FRS Pension Plan, there has been a UAL for every valuation since the July 1, 2009 valuation. Prior to that time, the Actuarial Value of Assets exceeded the Actuarial Liability for the valuations from 1998 through 2008 and the UAL for those valuations was considered fully amortized.

Tables 4-2 through 4-10 show how the FRS Pension Plan-specific UAL contribution rates are derived. The FRS Pension Plan-specific contribution rates calculated in this valuation are blended with contribution rates for the FRS Investment Plan to develop proposed blended statutory contribution rates for the Plan Year beginning July 1, 2021. Table 4-2 shows the calculations on a composite basis, while Tables 4-3 through 4-10 show the calculations for each individual membership class and sub-class and for the DROP.

The funding policy approved by the FRS Actuarial Assumption Conference includes UAL amortization via a set of closed, layered amortization bases. Starting in the 1998 actuarial valuation, the Legislature required all UAL bases in existence at that time to be considered fully amortized, since the Plan was in surplus position. Since then, new amortization bases were created whenever there were changes in plan provisions or changes in assumptions pursuant to an experience study or other action by the FRS Actuarial Assumption Conference to modify actuarial assumptions or methods. Since a UAL currently exists, all experience gains and losses are also subject to amortization. In this valuation, we show the amortization base of each plan/assumption/method change since 1998 and amortization bases for experience gains/losses starting in 2009, when the plan no longer had an actuarial surplus. In this July 1, 2020 valuation, the Conference approved amortization of newly established bases over a closed 25-year period. Generally, previously established bases were amortized over a closed 30-year period.

For a given base of UAL amortization, annual amortization payments in non-inflation-adjusted dollars are calculated as increasing by 3.25% per year (“level percent of projected payroll amortization”), consistent with the valuation’s long-term annual UAL payroll growth assumption as adopted by the FRS Actuarial Assumption Conference. If future experience follows the actuarial assumptions, this should result in amortization payments that align with the assumed growth in overall UAL payroll. Please note that with the current closed amortization period of 25 years for new bases, amortization payments will not be large enough to cover interest on the UAL of those bases for several years, which means that as a dollar amount the UAL for each newly established amortization base is expected to grow for a period of time subsequent to its establishment. Under current assumptions, the projected remaining unamortized UAL for a newly established amortization base will grow until the amortization period is down to 21 years remaining. After that time, the amortization payments will be large enough that the amortization payments will cover both interest and principal, and the unamortized UAL as a dollar amount will be projected to decrease in each subsequent year. After approximately 7.5 years, the unamortized balance for the base will be approximately at the same level (in non-inflation-adjusted dollars) as the initial amount of the base.

The benefit changes effective in 2011 reduced the Normal Cost, PVFNC, and the PVB for current and future active members. All members initially enrolled before July 1, 2011 (Tier I) will continue to earn benefits at levels greater than those annually earned by members initially enrolled on or after July 1, 2011 (Tier II). While the base benefits are higher for Tier I members than Tier II members, the projected benefit levels for Tier I members are decreased from what they would have been before benefit changes in 2011 due to the determination of the annual COLA percentage being based on the ratio of pre-July 2011 service to total service.

As noted on the prior page, the Actuarial Liability is defined as PVB less PVFNC. In 2011, for some membership classes the decrease in the PVFNC from the 2011 benefit changes was larger than the decrease in the PVB, resulting in an increase in an Actuarial Liability. For the remaining membership classes, the decrease in the

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

PVFNC was smaller than the decrease in the PVB, resulting in a decrease in the Actuarial Liability. The variation is due to the different demographics, benefit multipliers and unique interrelation of the modified benefit provisions of each membership class under the actuarial cost allocation method approved for use in 2011 (Ultimate Entry Age Normal) by the FRS Actuarial Assumption Conference. The PVB will be lower in future valuations than it would have been had the 2011 benefit changes not been adopted.

Effective July 1, 2019, the FRS Actuarial Assumption Conference adopted the use of Individual Entry Age Normal (Individual EAN) for system funding calculations. The change in the actuarial cost allocation method increased the cost allocation of projected benefits to future service (via a higher normal cost rate than the prior method) and decreased the allocation of projected benefits to past service, meaning decreased actuarial accrued liability and UAL when compared to the prior method. The decrease in UAL arising from the cost method change is amortized separately from other UAL change amortization bases. The increase in Normal Cost and the decrease in UAL due to the actuarial cost allocation method change is specific to active Tier I Pension Plan members. There is no change, however, in the projected benefits for Tier I active members. Given this financial dynamic, the decrease in the UAL due to the July 1, 2019 actuarial valuation's cost allocation method change was amortized over a closed 30-year period in a manner that mirrors the projected payroll of the closed Tier I population in the FRS Pension Plan. This method was discussed and illustrated in Milliman's October 23, 2019 and October 28, 2019 presentation materials to the 2019 FRS Actuarial Assumption Conference.

B. FRS Pension Plan-Specific Employer Contribution Rates

Table 4-11 presents the actuarially calculated 2021-2022 employer contribution rates for the FRS Pension Plan prior to blending with FRS Investment Plan contribution rates to create 2021-2022 blended proposed statutory rates.

The reader should note that the payroll base for UAL Cost contributions is larger than the payroll base for Normal Cost contributions. Florida Statute requires the employers of certain defined contribution program participants and reemployed retirees who are not eligible for renewed membership to make UAL Cost contributions based on their payroll. The payroll base for UAL Cost contributions includes approximately $3.7 billion of payroll for employees who are not currently participating in the FRS Pension Plan or the FRS Investment Plan. Thus, the total contribution rate shown is an arithmetic sum, but the actual contribution percentages will be determined on a blended rate basis so that employers pay the same contribution rate for FRS Pension Plan members and FRS Investment Plan members in the same membership class or subclass.

Table 4-12 compares the legislated FRS Pension Plan-specific employer contribution rates to those calculated in the actuarial valuations for the prior plan years. The legislated rates for the 2013-2014 through 2019-2020 plan years were the same as the actuarially calculated rates in the July 1, 2012 through July 1, 2018 actuarial valuations, respectively, as subsequently modified to reflect enacted legislation when necessary.

FY 2021-2022 UAL Contribution Rate Pr

The 2020-2021 amortization factors are based on the assumptions used in the July 1, 2019 actuarial valuation, which determined actuarially calculated contribution rates for 2020-2021.
The 2021-2022 amortization factors are based on the assumptions used in this July 1, 2020 actuarial valuation, which determines actuarially calculated contribution rates for 2021-2022.
The experience (gains)/losses developed on this table and the subsequent tables in this section are derived using a methodology which assumes 2019-2020 UAL contributions precisely equaled the scheduled UAL amortization payments.
Actual System contributions differ somewhat from the amortization schedules in this section, and there is no clear delineation in actual contributions received between Normal Cost and UAL contributions.
The UAL (gain)/loss shown in the Executive Summary is derived using a methodology which incorporates actual 2019-2020 contributions.

5. Accounting Statement

The liabilities presented in this report differ by section regarding whether future anticipated salary increases, or service credits, are included in the calculation. Actuarial Liabilities in Sections 3 and 4 are determined for plan funding purposes and include a provision for the projected effects of future salary increases and future service expected to be performed by current FRS Pension Plan members.

Statement No. 67 of the Governmental Accounting Standards Board (GASB) is the current standard for pension plan accounting disclosure by governmental pension systems. GASB 67 information for the FRS Pension Plan as of June 30, 2020 was provided under separate cover in November 2020.[1] GASB 67 liability calculations also include a provision for the projected effects of future salary increases and future service performed by current FRS Pension Plan members.

Accounting Standards Codification (ASC) 960 – Plan Accounting – Defined Benefit Pension Plans, formerly titled Statement No. 35 of the Financial Accounting Standards Board (FASB), specifies a different methodology for disclosure of certain information regarding pension plan funded status. Accounting liabilities calculated under ASC 960 do not include the effects of either projected future salary increases or projected future service performed.

The ASC 960 disclosures are intended to provide a "snapshot" view of how the Plan's assets compare to its liabilities if contributions stopped and accrued benefit claims had to be satisfied. The Accumulated Benefit Obligation (ABO) is determined based on each member's accrued benefit, that is, the benefit based on employee service performed and compensation earned up to the valuation date. We assume that the plan is ongoing and that members continue to terminate employment, retire, and otherwise act in accordance with the actuarial assumptions. Liabilities are discounted at the assumed valuation interest rate of 7.00% per annum.

Table 5-1 presents the ABO for the FRS Pension Plan determined as of July 1, 2020. All of the calculations presented in that table are based on the actuarial assumptions used in the valuation, as described in Appendix A, except salaries are not projected to increase and no future benefit service is credited for service performed after the valuation date. Values of the ABO are shown by type of member and by class. The active members' values are also divided between the employee-financed (accumulated member contributions) and employer-financed portions, with the employer-financed portions shown separately for vested benefits and non-vested benefits. For purposes of calculating the ABO post-Senate Bill 2100, we estimated the COLA percentage for each member as 3% multiplied by service through June 30, 2011, divided by projected total service at the time of retirement.

Table 5-2 presents the total ABO for the FRS Pension Plan for the current and two prior valuations. The trend of the Pension Plan's ASC 960 funded status, as measured by the ABO over a period of time, is one indication of the progress being made in accumulating sufficient assets to pay benefits when due. Past and future results are affected by changes in actuarial assumptions, benefit provisions, and accounting policies.

Table 5-3 reconciles the ABO determined as of the prior valuation, July 1, 2019, to the ABO as of July 1, 2020. This reconciliation indicates the impact of the assumption changes and plan changes, if any.

---

[1] *The valuation report in prior years included Table 5-4 which showed the Net Pension Obligation under GASB Statement No. 27. That exhibit has been discontinued since GASB Statement No. 27 is not applicable after plan year 2013-2014. Please refer to the separate GASB 67 report for financial reporting information.*

Appendix A: Actuarial Methods, Procedures, and Assumptions

The actuarial assumptions are intended to estimate the future experience of FRS Pension Plan members, employers and investments. Any variations in future actual experience from these assumptions will result in corresponding changes in actuarially calculated contribution rates.

Assumption Tables

A complete listing of all the assumptions, methods, and procedures that are used in the 2020 actuarial valuation of the FRS Pension Plan are summarized on the following pages. These assumptions, methods, and procedures were approved by the 2020 FRS Actuarial Assumption Conference and the demographic assumptions are based on the 2019 Experience Study. The investment rate of return, inflation, and individual salary increase assumptions were lowered since the 2019 actuarial valuation.

Data

Except where noted, the analysis in this valuation was based on data as of June 30, 2020, as provided by the Division of Retirement, Florida Department of Management Services. The data used in this valuation consists of financial information and records of age, service and income of active members, annuitants, and other inactive members entitled to future benefits. The Division of Retirement, Florida Department of Management Services is solely responsible for the validity, accuracy and comprehensiveness of this information; the results of our analysis can be expected to differ and may need to be revised if the underlying data supplied is incomplete or inaccurate.

Methods and Procedures

Actuarial cost allocation method: The total cost of the FRS Pension Plan, over time, will be equal to the benefits paid and expenses less actual investment earnings and is not affected directly by the actuarial cost allocation method. The actuarial cost allocation method is simply a tool to allocate costs to past, current, or future years and thus primarily affects the timing of cost recognition.

The FRS Pension Plan uses Entry Age Normal (EAN), which is the most commonly used general cost method approach for state pension systems. Conceptually, EAN sets the normal cost rate level as a percent of payroll over a member's full projected working career. There are different categories of EAN, including Individual EAN, which is by far the most commonly used EAN category, and Ultimate EAN, which was the category of EAN used by the FRS Pension Plan prior to the 2019 actuarial valuation. Even each category of EAN contains different interpretations of how to calculate the key metrics. GASB Statements Nos. 67 & 68 mandate the use of a particular interpretation of Individual EAN for financial reporting purposes. GASB 67 & 68 information is provided under separate cover.

In October 2019, the FRS Actuarial Assumption Conference adopted the use of Individual EAN for system funding calculations starting with the 2019 valuation. The system now uses the same actuarial cost allocation method and interpretation for financial reporting purposes and for purposes of setting system funding policy.

Individual EAN sets normal cost in a manner that is representative of the tier in which the member actually participates. Members initially enrolled on or after July 1, 2011 (Tier II) have different benefit and retirement eligibility criteria than Tier I members initially enrolled prior to July 1, 2011. Cost methods do allocate benefits between past and projected future service, but do not affect the level of projected benefits; projected benefits are based on the actual tier of membership under either Ultimate EAN or Individual EAN. Compared to the Ultimate

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

EAN method, the Individual EAN method allocates more of the cost of projected benefits to future service (via higher Normal Cost) and hence produces a lower Actuarial Liability for past service as a counterbalance.

UAL amortization method: The Unfunded Actuarial Liability (UAL) is amortized as a level percentage of projected payroll on which UAL Rates are charged in an effort to maintain level contribution rates as a percentage of payroll during the specified amortization period if future experience follows assumptions.

New UAL arises each year and is calculated in each new actuarial valuation. The newly arising UAL can be either positive or negative and can be due either to experience varying from assumptions or to changes in Actuarial Liability from modifications to assumptions, plan provisions, or actuarial methods. Each year's newly arising UAL is currently amortized over a closed 25-year period as a level percent of the projected payroll on which UAL rates are charged. Prior to the 2020 actuarial valuation, a closed 30-year period as a level percent of projected payroll was used for each newly arising UAL base. All existing bases were maintained, and all new bases will be amortized over 25 years.

The decrease in UAL arising as a result of changing the actuarial cost allocation method from Ultimate EAN to Individual EAN in 2019 is amortized separately from other UAL bases. The change in UAL due to the actuarial cost allocation method change is specific to active Tier I members whose calculated normal costs are higher under Individual EAN than under Ultimate EAN. Since there is no change in the projected benefits for Tier I members, there is a corresponding decrease in Actuarial Liability. Therefore, the decrease in the UAL due to the actuarial cost allocation method change is amortized over a closed 30-year period in a manner than mirrors the projected payroll of the closed Tier I population in the FRS Pension Plan. This method was discussed and illustrated in Milliman's October 23, 2019 and October 28, 2019 presentation materials to the FRS Actuarial Assumption Conference, including quantified year-by-year detail on the amortization schedule. The schedule adopted is summarized below:

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

Contribution Year	Percent of Total Amortization	Contribution Year	Percent of Total Amortization
2020 - 2021	6.1%	2035 - 2036	3.3%
2021 - 2022	6.0%	2036 - 2037	3.0%
2022 - 2023	5.9%	2037 - 2038	2.8%
2023 - 2024	5.7%	2038 - 2039	2.5%
2024 - 2025	5.6%	2039 - 2040	2.2%
2025 - 2026	5.4%	2040 - 2041	2.0%
2026 - 2027	5.3%	2041 - 2042	1.7%
2027 - 2028	5.1%	2042 - 2043	1.5%
2028 - 2029	4.9%	2043 - 2044	1.3%
2029 - 2030	4.7%	2044 - 2045	1.1%
2030 - 2031	4.5%	2045 - 2046	1.0%
2031 - 2032	4.3%	2046 - 2047	0.8%
2032 - 2033	4.1%	2047 - 2048	0.7%
2033 - 2034	3.8%	2048 - 2049	0.6%
2034 - 2035	3.6%	2049 - 2050	0.5%
			100.0%

Amortization periods longer than 20 years can incur significant negative amortization, wherein the calculated UAL increases for an extended period of time prior to final payoff even if all contributions are made and all assumptions are met. This was discussed and illustrated in Milliman's October 8, 2019 presentation materials to the FRS Actuarial Assumption Conference.

Asset valuation method: This method recognizes actual investment performance different from the long-term assumption systematically. The expected Actuarial Value of Assets (AVA) is determined by crediting the rate of investment return assumed in the prior valuation to the prior year's AVA. Then, 20% of the difference between the actual Market Value of Assets (MVA) and the expected AVA is immediately recognized in the AVA. To ensure that the AVA remains reasonably close to the MVA, the asset method includes a corridor whereby the AVA must remain within 80% to 120% of MVA.

Economic Assumptions

Assumption	
Inflation	2.40%
Payroll growth	3.25%
Investment Return	7.00%

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Demographic Assumptions

Mortality

Healthy Inactive Mortality (Post-Employment)

Member Category (Non Disabled Inactive)	PUB-2010 base table listed below, generational mortality using gender-specific MP 2018 mortality improvement projection scale
Female K-12 School Instructional Personnel	Headcount Weighted Teachers Healthy Retiree Female Table, set forward 1 year
Male K-12 School Instructional Personnel	Benefits Weighted Teachers Below Median Healthy Retiree Male Table, set forward 2 years
Female Special Risk	Headcount Weighted Safety Healthy Retiree Female Table, set forward 1 year
Male Special Risk	Headcount Weighted Safety Below Median Healthy Retiree Male Table, set forward 1 year
Female (other than Special Risk or K-12 School Instructional Personnel)	Headcount Weighted General Below Median Healthy Retiree Female Table
Male (other than Special Risk or K-12 School Instructional Personnel)	Headcount Weighted General Below Median Healthy Retiree Male Table, set back 1 year

Healthy Active Mortality (During Employment)

- For Special Risk members, 25% of future active member deaths are assumed to be in the line of duty.
- For all other members, 2% of future active member deaths are assumed to be in the line of duty.

Member Category (Non Disabled Active)	PUB-2010 base table listed below, generational mortality using gender-specific MP 2018 mortality improvement projection scale
Female K-12 School Instructional Personnel	Headcount Weighted Teachers Employee Female Table, set forward 1 year
Male K-12 School Instructional Personnel	Benefits Weighted Teachers Below Median Employee Male Table, set forward 2 years
Female Special Risk	Headcount Weighted Safety Employee Female Table, set forward 1 year
Male Special Risk	Headcount Weighted Safety Below Median Employee Male Table, set forward 1 year
Female (other than Special Risk or K-12 School Instructional Personnel)	Headcount Weighted General Below Median Employee Female Table
Male (other than Special Risk or K-12 School Instructional Personnel)	Headcount Weighted General Below Median Employee Male Table, set back 1 year

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

Disabled Mortality

Member Category (Disabled Inactive)	PUB-2010 base table listed below, without mortality improvement projection
Female Disabled Special Risk	80% Headcount Weighted General Disabled Retiree Female Table; 20% Headcount Weighted Safety Disabled Retiree Female Table
Male Disabled Special Risk	80% Headcount Weighted General Disabled Retiree Male Table; 20% Headcount Weighted Safety Disabled Retiree Male Table
Female Disabled (other than Special Risk)	Headcount Weighted General Disabled Retiree Female Table, set forward 3 years
Male Disabled (other than Special Risk)	Headcount Weighted General Disabled Retiree Male Table, set forward 3 years

Retirement for Vested Terminated Members (Tier I and Tier II)

All current vested terminated members are assumed to begin receiving benefits on the normal retirement benefit age for the appropriate class and tier. All future members who terminate employment with a vested benefit are also assumed to commence benefit at the normal retirement benefit age.

Time in DROP for Active Members

All current active members who are eligible for DROP entry are assumed upon entry to remain in DROP for 48 months.

Optional Form of Payment

All future retirees are assumed to elect the straight life (Option 1) form of benefit. For current retirees and members in DROP, the actual elected form is used.

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

Unused Annual Leave Available at Retirement

Membership Class	Hours
Regular	230
Special Risk	270
Senior Management Service	310
Others Not Listed Above	230

Eligible Survivors

It is assumed that 80% of deceased active members will have survivors eligible for lifetime benefits upon their deaths. Survivors are assumed to be opposite sex of the deceased member and males are assumed to be three years older than their female spouses.

Commencement of Survivor Benefits

It is assumed that survivors of deceased active members will defer commencement of benefits until the following:

Membership Class / Tier	Member Age
Special Risk / Tier 1	45
Special Risk / Tier 2	50
Other classes / Tier 1 and 2	55

Military Service and Out-of-State Service Credits

Active members are assumed to have purchased the following additional years of service credit.

Type of Service Credit	Special Risk Class		All other classes	
	Men	Women	Men	Women
Military Service Credit [1]	0.2818	0	0.1853	0
Out-of-State Service Credit [2]	0	0	0.0910	0.0910

[1] *Pre-1987 hires only; service is eligible for the COLA.*
[2] *Service for pre-July 1, 2011 enrollees is eligible for the COLA; assumption applies to both tiers.*

No extra service credit was assumed for TRS and IFAS participants.

Changes to the Actuarial Assumptions and Methods

Changes to investment rate of return, inflation, and individual salary growth assumptions were adopted by the 2020 FRS Actuarial Assumption Conference during its meeting in October 2020. The investment return decreased from 7.20% to 7.00%, the inflation assumption decreased from 2.60% to 2.40%, and individual salary increase assumptions decreased by 0.20% for all membership classes and lengths of service, but not below the payroll growth assumption of 3.25%.

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

Appendix B: Summary of Plan Provisions

All actuarial calculations are based upon our understanding of Florida Statutes regarding the benefit and eligibility provisions of the retirement systems. These provisions are briefly summarized below for reference purposes, along with corresponding references to the Statutes. This summary encompasses the major provisions; it does not attempt to cover all of the detailed provisions.

Florida Retirement System (FRS)

The benefit, eligibility, and contribution provisions of the FRS are set forth in Chapter 121 of the Florida Statutes. Provisions relating to other State-administered retirement systems are set forth in other sections of the Florida Statutes, under Chapters 112, 122, and 238.

Effective Date

The effective date of the FRS was December 1, 1970. The FRS was created with closure and consolidation of the Teachers' Retirement System, the State and County Officers and Employees' Retirement System, and the Highway Patrol Pension Fund. In 1972, the Judicial Retirement System was also consolidated with the FRS. The FRS was created to provide a defined benefit retirement, disability, and survivor program for participating public employees. Social Security coverage is also required for all members.

Beginning in 2002, the FRS became one system with two primary programs, the existing defined benefit FRS Pension Plan and a defined contribution plan alternative known as the FRS Investment Plan (IP). The earliest that any member could participate in the IP was July 1, 2002.

As of July 1, 2007, the Institute for Food and Agricultural Sciences Supplemental Retirement Program was consolidated under the FRS as a closed group.

(Section 121.011(2))

Membership

Membership is a condition of employment for all new state, county, or other participating agency employees filling regularly established positions and employed on or after December 1, 1970, or who elected to transfer from an existing system. Employees may be full-time or part-time and can be elected, appointed, or employed in state government, county government, a state university, or a community college. A city or special district may join the FRS at its option.

Effective July 1, 1978, a member in an existing retirement system who is re-employed after termination of employment may remain in that system, provided his or her member contributions have not been withdrawn.

Members of the FRS Pension Plan when the FRS Investment Plan was created were provided an educational period about their plan choice options prior to a 90-day election period to elect between the FRS Pension Plan and the FRS Investment Plan (IP). Members newly hired after the IP became effective are provided eight months after their month of hire to file an election between the two primary programs. Members who do not make an election default into the FRS Investment Plan except for Special Risk Class members who default into the FRS Pension Plan.

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

After the initial active or default election to participate in the FRS Pension Plan or the FRS Investment Plan, the employee has one opportunity, at the employee's discretion before termination or retirement, to choose to move from the FRS Pension Plan to the FRS Investment Plan or vice versa.

(Sections 121.051, 121.4501)

Classification

There are five separate classes of members: Regular Class, Special Risk Class, Special Risk Administrative Support Class, Elected Officers' Class, and Senior Management Service Class. In addition, the Deferred Retirement Option Program (DROP) is available to FRS Pension Plan members who meet the requirements for normal retirement under the FRS Pension Plan.

Regular Class – members who are not classified as members of the Special Risk Class, Special Risk Administrative Support Class, Elected Officers' Class, or Senior Management Service Class.

Special Risk Class – members employed as law enforcement officers, emergency medical technicians, paramedics, firefighters, firefighter trainers, fire prevention inspectors, correctional officers, correctional probation officers, certain professional health care positions within the Department of Children and Family Services and the Department of Corrections, or certain forensic positions within a law enforcement agency, or a medical examiner's office who meet the criteria set forth in the Florida Retirement System law and administrative rules.

Special Risk Administrative Support Class – former Special Risk Class members employed as law enforcement officers, firefighters, correctional officers, or emergency medical technicians who have been moved or been re-assigned to non-Special Risk administrative support positions within a Florida Retirement System Special Risk employing agency.

Elected Officers' Class – members include the Governor, Lieutenant Governor, cabinet officers, legislators, Supreme Court justices, district court of appeals judges, circuit judges, county court judges, state attorneys, public defenders, and elected county officers. Also included are city and special district officers if the employer chose to place their elected officials in this class. All such elected officers may withdraw from the Florida Retirement System, elect membership in the Senior Management Service Class or, if state officers, elect membership in the Senior Management Service Optional Annuity Program if initially enrolled before July 1, 2017.

Senior Management Service Class – members who hold positions in the Senior Management Service of the State of Florida; community college presidents; appointed school board superintendents; county and city managers; selected managerial staff of the Legislature; the Auditor General and managerial staff; the Executive Director of the Ethics Commission; the State University System Executive Service and university presidents; selected managerial staff of the State Board of Administration; judges of compensation claims; selected managerial staff with the Judicial Branch; Chief Deputy Court Administrator; capital collateral regional counsels and assistant capital collateral regional counsels; assistant state attorneys; assistant public defenders; assistant statewide prosecutors or assistant attorneys general; and non-elective managerial positions designated for SMSC membership by local government agencies. Members in this class have either chosen not to participate or are not eligible to participate in the elective Senior Management Service Optional Annuity Program for state senior managers or to withdraw from the FRS if employed by non-state employers. This class became effective February 1, 1987, and members of an existing retirement system and members

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

of the Special Risk or Special Risk Administrative Support Classes who were employed prior to February 1, 1987, could elect to remain in such system or class.

Deferred Retirement Option Program (DROP) – allows members of the FRS Pension Plan in any of the above five classes to elect to retire when they reach normal retirement and have their FRS benefits accumulate in the FRS Trust Fund, earning interest, while the member continues to work for an FRS employer. DROP membership is for a specific and limited period.

(Sections 121.021(12), 121.0515, 121.052, 121.055, 121.091 (13))

Contributions

From January 1, 1975, for the state and for school boards, and from October 1, 1975, for other agencies, through June 30, 2011, the total cost of the System was paid by the participating employers.

Beginning July 1, 2011, all FRS Pension Plan and FRS Investment Plan members, except those FRS Pension Plan members participating in DROP, are required to pay member contributions equal to 3% of compensation. TRS members already pay required employee contributions. Member contributions do not accrue interest except for TRS members.

(Section 121.071 (2))

The employer contribution rates enacted for the July 1, 2020 – June 30, 2021 plan year are as follows:

		Special	Special Risk	Elected Officers Class			Senior	
	Regular	Risk	Administrative	Judicial	Leg Atty Cab	Local	Management	DROP
Defined Benefit Plan								
- Normal Cost Rate	5.19%	15.41%	11.13%	13.64%	8.76%	10.57%	6.90%	7.03%
- UAL Rate	4.26	8.95	30.87	28.26	60.66	52.59	25.95	8.29
- Total DB Rate	9.45%	24.36%	42.00%	41.90%	69.42%	63.16%	32.85%	15.32%
Investment Plan								
- Employer Rate	3.60%	13.54%	5.43%	11.05%	6.94%	8.95%	4.98%	n/a
- UAL Rate	0.00	0.00	0.00	0.00	0.00	0.00	0.00	n/a
- Total IP Rate	3.60%	13.54%	5.43%	11.05%	6.94%	8.95%	4.98%	n/a
Blended Uniform Contribution Rates								
- Normal Cost Rate	4.84%	15.13%	9.89%	13.31%	8.38%	10.07%	6.39%	7.03%
- UAL Rate	3.44	7.60	24.23	24.70	48.81	37.39	19.18	8.29
- Total Rate	8.28%	22.73%	34.12%	38.01%	57.19%	47.46%	25.57%	15.32%

The above rates exclude the 0.06% administrative charge for Investment Plan administration and education (except DROP), and the 1.66% for the financing of the Florida Retiree Health Insurance Subsidy program.

(Sections 121.71, 121.74)

Compensation

"Compensation" means the monthly salary paid a member by his or her employer for work performed arising from that employment.

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

(a) Compensation shall include:

1. Overtime payments paid from a salary fund.
2. Accumulated annual leave payments.
3. Payments in addition to the employee's base rate of pay if all the following apply:
   a. The payments are paid according to a formal written policy that applies to all eligible employees equally;
   b. The policy provides that payments shall commence no later than the 11th year of employment;
   c. The payments are paid for as long as the employee continues his or her employment; and
   d. The payments are paid at least annually.
4. Amounts withheld for tax sheltered annuities or deferred compensation programs, or any other type of salary reduction plan authorized under the Internal Revenue Code.
5. Payments made in lieu of a permanent increase in the base rate of pay, whether made annually or in 12 or 26 equal payments within a 12-month period, when the member's base pay is at the maximum of his or her pay range. When a portion of a member's annual increase raises his or her pay range and the excess is paid as a lump sum payment, such lump sum payment shall be compensation for retirement purposes.

(b) Compensation for a member participating in the FRS Pension Plan or the FRS Investment Plan may not include:

1. Fees paid professional persons for special or particular services or salary payments made from a faculty practice plan authorized by the Board of Governors of the State University System for eligible clinical faculty at a college in a state university that has a faculty practice plan; or
2. Any bonuses or other payments prohibited from inclusion in the member's average final compensation.

(c) For all purposes under this chapter, the member's compensation or gross compensation contributed as employee-elective salary reductions or deferrals to any salary reduction, deferred compensation, or tax-sheltered annuity program authorized under the Internal Revenue Code shall be deemed to be the compensation or gross compensation which the member would receive if he or she were not participating in such program and shall be treated as compensation for retirement purposes under this chapter. Any public funds otherwise paid by an employer into an employee's salary reduction, deferred compensation, or tax-sheltered annuity program on or after July 1, 1990 (the date as of which all employers were notified in writing by the division to cease making contributions to the System Trust Fund based on such amounts), shall be considered a fringe benefit and shall not be treated as compensation for retirement purposes under this chapter. However, if an employer was notified in writing by the division to cease making such contributions as of a different date, that employer shall be subject to the requirements of said written notice.

(d) For any person who first becomes a member on or after July 1, 1996, compensation for any plan year shall not include any amounts in excess of the Section 401(a)(17), Internal Revenue Code limitation (as amended by the Omnibus Budget Reconciliation Act of 1993), which limitation of $150,000 effective July 1, 1996, shall be adjusted as required by federal law for qualified government plans and shall be further adjusted for changes in the cost of living in the manner provided by Section 401(a)(17)(B), Internal Revenue Code. For any person who first became a member prior to July 1, 1996, compensation for all plan years beginning on or after July 1, 1990, shall not include any amounts in excess of the compensation limitation (originally $200,000) established by Section 401(a)(17), Internal Revenue Code prior to the Omnibus Budget Reconciliation Act of 1993, which limitation shall be adjusted for changes in the cost of living since 1989, in the manner provided by Section 401(a)(17) of the Internal Revenue Code of 1991. This limitation, which has

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

been part of the Florida Retirement System since plan years beginning on or after July 1, 1990, shall be adjusted as required by federal law for qualified government plans.

"Annual compensation" means the total compensation paid a member during a year. A "year" is 12 continuous months.

(Section 121.021(22) and (23))

FRS Pension Plan

Normal Retirement Benefit

Eligibility – Members initially enrolled before July 1, 2011 (Tier I)

- Regular Class
  1. 30 years of creditable service at any age.
  2. Age 62 and 6 or more years of creditable service.

  (Section 121.021(29)(a)(1))
- Special Risk Class
  1. 25 years of special risk service at any age; or
  2. Age 55 and 6 or more years of special risk service; or
  3. Age 52 and 25 years of creditable service, including special risk service and up to a maximum of four years of active duty wartime military service credit.
  4. 30 years of any creditable service, at any age, or age 62 and 6 or more years of creditable service when the member has service in any other membership class in addition to Special Risk Class (same requirement as the Regular Class).

  (Section 121.021(29)(b)(1))
- Special Risk Administrative Support Class

  (with six or more years of Special Risk Class service, the same requirements as apply to the Special Risk Class, otherwise same as apply to the Regular Class)

  (Sections 121.0515(8) and 121.021(29)(b)(1))
- Elected Officers' Class

  (same requirements as apply to Regular Class)

  (Section 121.021(29)(a)(1))
- Senior Management Service Class

  (same requirements as apply to Regular Class)

  (Section 121.021(29)(a)(1))

Eligibility – Members initially enrolled on and after July 1, 2011 (Tier II)

- Regular Class
  1. 33 years of creditable service at any age.
  2. Age 65 and 8 or more years of creditable service.

  (Section 121.021(29)(a)(2))

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

- Special Risk Class

  1. 30 years of special risk service at any age; or
  2. Age 60 and 8 or more years of special risk service; or
  3. 33 years of any creditable service, at any age, or age 65 and 8 or more years of creditable service (same requirement as the Regular Class).

  (Section 121.021(29)(b)(2))

- Special Risk Administrative Support Class

  (with eight or more years of Special Risk Class service, the same requirements as apply to the Special Risk Class, otherwise same as apply to the Regular Class)

  (Sections 121.0515(8) and 121.021(29)(b)(2))

- Elected Officers' Class

(same requirements as apply to Regular Class)

(Section 121.021(29)(a)(2))

- Senior Management Service Class

(same requirements as apply to Regular Class)

(Section 121.021(29)(a)(2))

Normal Form

Straight life benefit (Option 1), payable on the last state working day of each month, with a guarantee that benefits paid will at least equal member contributions.

(Section 121.091(1))

Optional Forms

10-year certain and life benefit (Option 2), 100% joint and contingent benefit (Option 3), or 66-2/3% joint and survivor benefit (Option 4). If the joint annuitant is the member's non-disabled child, payment ceases upon attainment of the joint annuitant's 25th birthday under the 100% and 66- 2/3% joint and survivor benefit.

(Section 121.091(6))

Dual Retirement

In the event a member accumulates retirement benefits to commence at different normal retirement ages by virtue of having performed duties for an employer which would entitle him or her to benefits as both a Special Risk Class member and a member of another class, the amount of the benefits payable shall be computed separately with respect to each such age, and the sum of such computed amounts shall be paid. Note that this does not apply to a Special Risk Administrative Support Class member with at least 6 years of Special Risk Class Membership (8 years for members enrolled on or after July 1, 2011) when the Special Risk and Special Risk Administrative Support Classes are the only memberships held because such a member is treated as a Special Risk Class member.

(Section 121.091(2))

Regular Benefit Amount

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

The monthly FRS Pension Plan allowance is the product of:

1. Average final compensation
   a. For members initially enrolled before July 1, 2011, the average of the highest five plan years of creditable service;
   b. For members initially enrolled on or after July 1, 2011, the average of the highest eight plan years of creditable service;
2. Creditable service during the applicable period; and
3. The appropriate benefit percentage for periods of service.

All benefits are limited to 100% of average final compensation.

(Sections 121.021(17), (24) and (25), 121.091(1))

The appropriate benefit percentages are as follows:

- For Members initially enrolled before July 1, 2011, for Creditable Service as a Regular Class member Subsequent to November 30, 1970:

Retirement at:	Percentage
Age 62 with 6 years of creditable service, or 30 years of creditable service	1.60%
Age 63 with 6 years of creditable service, or 31 years of creditable service	1.63%
Age 64 with 6 years of creditable service, or 32 years of creditable service	1.65%
Age 65 with 6 years of creditable service, or 33 years of creditable service	1.68%

- For Members initially enrolled on or after July 1, 2011, for Creditable Service as a Regular Class member Subsequent to November 30, 1970:

Retirement at:	Percentage
Age 65 with 8 years of creditable service, or 33 years of creditable service	1.60%
Age 66 with 8 years of creditable service, or 34 years of creditable service	1.63%
Age 67 with 8 years of creditable service, or 35 years of creditable service	1.65%
Age 68 with 8 years of creditable service, or 36 years of creditable service	1.68%

(Section 121.091(1))

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

Service as a Special Risk Class member:

Retirement on or After July 1, 2001 with Service Performed During:	Percentage
December 1, 1970 to September 30, 1974	2.00%
October 1, 1974 and thereafter	3.00%

(Section 121.091(1))

- For Members initially enrolled before July 1, 2011, for Creditable Service as a Special Risk Administrative Support Class member Subsequent to November 30, 1970:

Retirement at:	Percentage
Age 55 with 6 years of creditable special risk service, or age 52 with 25 years of creditable service, which may include up to four years of active duty wartime military service, or 25 years of creditable special risk service	1.60%
Age 56 with 6 years of creditable special risk service, or age 53 with 26 years of creditable service, which may include up to four years of active duty wartime military service, or 26 years of creditable special risk service	1.63%
Age 57 with 6 years of creditable special risk service, or age 54 with 27 years of creditable service, which may include up to four years of active duty wartime military service, or 27 years of creditable special risk service	1.65%
Age 58 with 6 years of creditable special risk service, or age 55 with 28 years of creditable service, which may include up to four years of active duty wartime military service, or 28 years of creditable special risk service	1.68%

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

- For Members initially enrolled on or after July 1, 2011, for Creditable Service as a Special Risk Administrative Support Class member Subsequent to November 30, 1970:

Retirement at:	Percentage
Age 60 with 8 years of creditable special risk service or 30 years of creditable special risk service	1.60%
Age 61 with 8 years of creditable special risk service or 31 years of creditable special risk service	1.63%
Age 62 with 8 years of creditable special risk service or 32 years of creditable special risk service	1.65%
Age 63 with 8 years of creditable special risk service or 33 years of creditable special risk service	1.68%

(Section 121.0515(8) and 121.091(1))

- For Service as an Elected Officers' Class member:
  3% for each year of creditable service in such class, except 3-1/3% for service in the judicial class. Military service credit is at the rate for Regular Class members.
  (Sections 121.052(5)(a) and (d), 121.091(1))
- For Service as a Senior Management Service Class member:
  2% for each year of creditable service in such class, after January 31, 1987.
  (Section 121.055(4)(d))

Early Retirement

Eligibility

For members initially enrolled before July 1, 2011, six years of creditable service for all classes of membership.

For members initially enrolled on or after July 1, 2011, eight years of creditable service for all classes of membership.

(Section 121.021(30))

Benefit Amount

The normal retirement benefit accrued to the date of early retirement, reduced by 5/12% for each month that the early retirement date precedes the normal retirement date based upon age. The normal retirement date is as follows:

1. Special Risk Class members:
   a. Initially enrolled before July 1, 2011: Age 55
   b. Initially enrolled on or after July 1, 2011: Age 60

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

2. Members in all other Classes
   a. Initially enrolled before July 1, 2011: Age 62
   b. Initially enrolled on or after July 1, 2011: Age 65

(Sections 121.021(30), 121.091(3))

Non-Duty Disability Retirement

Eligibility

Members are eligible if totally and permanently disabled after completing at least eight years of creditable service (or after six years if disability retirement is ordered for a judge by the Supreme Court).

Benefit Amount

Same as for normal retirement but based on average final compensation and creditable service to the date of disability retirement.

Minimum Benefit Amount

25% of average final compensation.

If the Supreme Court orders disability retirement for a judge, the minimum is two-thirds of compensation at disability. This benefit for a defined benefit plan member is not paid from the FRS Trust Fund. This benefit for an Investment Plan member is paid from the FRS Trust Fund after the member's IP account balance is transferred to the FRS Trust Fund.

(Section 121.091(4))

Line-of-Duty Disability

Eligibility

Members are eligible if totally and permanently disabled during the actual performance of duty. There is no service credit requirement. This benefit for an Investment Plan member is paid from the FRS Trust Fund after the member's IP account balance is transferred to the FRS Trust Fund.

Benefit Amount

Same as for normal retirement but based on average final compensation and creditable service to the date of disability retirement.

Minimum Benefit Amount

42% of average final compensation, except for the Special Risk and the Special Risk Administrative Support classes whose members are entitled to 65% of average final compensation.

If the Supreme Court orders disability retirement for a judge, the minimum is two-thirds of compensation at disability. This benefit for a defined benefit plan member is not paid from the FRS Trust Fund.

(Section 121.091(4))

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

Post-Retirement Death Benefits

Based on the optional form elected.

Non-Duty Pre-Retirement Death Benefits

Eligibility

Employment is terminated by death after vested for all classes of membership.

Benefit Amount

The normal or early retirement benefit amount for which the member would have been eligible had the member retired on his or her date of death and elected the 100% joint and survivor (Option 3) form of payment in favor of his or her beneficiary who is the surviving spouse or other eligible dependent. The monthly benefit is normally payable to the member's beneficiary for the beneficiary's lifetime. If the beneficiary is the member's non-disabled child, payment ceases upon attainment of the beneficiary's 25th birthday.

If the member is more than 10 years away from normal retirement eligibility, the reduction is 5% for each year the member would be younger than the normal retirement age at retirement. There are exceptions if within 10 years of normal retirement eligibility:

1. For members initially enrolled before July 1, 2011, who were within 10 years of normal retirement eligibility, the reduction for early retirement is applied from the earlier of age 62 (age 55 for Special Risk Class and Special Risk Administrative Support Class members) or the date on which the member would have completed 30 years of creditable service, had he or she continued employment.
2. For members initially enrolled on or after July 1, 2011, who were within 10 years of normal retirement eligibility, the reduction for early retirement is applied from the earlier of age 65 (age 60 for Special Risk Class and Special Risk Administrative Support Class members) or the date on which the member would have completed 33 years of creditable service, had he or she continued employment. The value of this benefit may not be less than the member's accumulated contributions, if any.

(Sections 121.091(3) and (7))

Line-of-Duty Pre-Retirement Death Benefits

Eligibility

Member died during the actual performance of duty. There is no service credit requirement.

Benefit Amount

For members in all classes except the Special Risk Class, the surviving spouse will receive one-half of the member's base monthly compensation at death. If the spouse dies, or if there is no surviving spouse, the monthly benefits continue until the youngest child is 18.

For members in the Special Risk Class the surviving spouse will receive a benefit equal to 100% of the member’s base monthly compensation at death. If there is no surviving spouse, the monthly benefits continue

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

until the youngest child is age 18 and surviving child payments may be extended up to age 25 if the child is unmarried and enrolled as a full-time student.[1]

A surviving spouse may elect to receive a non-duty death benefit in lieu of the duty death benefit.

(Section 121.091(7))

Vesting

Eligibility

For members initially enrolled before July 1, 2011, six years of creditable service for all classes of membership. For members initially enrolled on or after July 1, 2011, eight years of creditable service for all membership classes.

Benefit Amount

The normal or early retirement benefit amount based on average final compensation and creditable service to the date of termination.

(Sections 121.021(45), 121.091(5))

DROP – Deferred Retirement Option Program

Eligibility

Except as allowed by statute, notably for K-12 instructional personnel[2], members have a limited eligibility window during which they can elect to enter the DROP. A member initially becomes eligible to enter DROP in the same month he or she first becomes eligible to file for unreduced immediate retirement benefits. Eligibility windows differ by tier and membership class and are initially reached via satisfying either service-only criteria or age-plus-service criteria.

[1] *Effective July 1, 2016 and retroactive to the survivors of Special Risk Class members killed in the line of duty on or after July 1, 2013, the benefit increased from 50% to 100% of the member's base pay. Effective July 1, 2017 the same benefits were provided retroactively to the survivors of Special Risk Class members killed in the line of duty between July 1, 2002 and June 30, 2013.*

[2] *Instructional personnel in grades K-12 may defer DROP participation to any age.*

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

For most members achieving DROP entry eligibility via service-only criteria, the window to enter DROP lasts more than 12 months, with the window's length varying by individual. (The window must be at least 12 months in length.) The window for members satisfying service-only eligibility criteria is shown in the table below.

DROP Entry Eligibility Window for Members Satisfying Service Only Criteria			
Membership Class	**Tier**	**Window Opens**	**Window Closes**
Special Risk	Tier I	25 Years of Service	53rd Birthday[1]
Special Risk	Tier II	30 Years of Service	56th Birthday[1]
All Other Classes	Tier I	30 Years of Service	58th Birthday[1]
All Other Classes	Tier II	33 Years of Service	61st Birthday[1]

[1]Or 12 months after the window opens, if later than the date listed above for the member

Members who do not reach unreduced retirement eligibility through service-only eligibility criteria become eligible to enter DROP upon satisfaction of age-plus-service criteria. For those members, the eligibility window to enter DROP lasts for 12 months.

DROP Entry Eligibility Window for Members Satisfying Age Plus Service Criteria			
Membership Class	**Tier**	**Window Opens**	**Window Closes**
Special Risk	Tier I	Age 55 and 6 Years of Service	After 12 months
Special Risk	Tier II	Age 60 and 8 Years of Service	After 12 months
All Other Classes	Tier I	Age 62 and 6 Years of Service	After 12 months
All Other Classes	Tier II	Age 65 and 8 Years of Service	After 12 months

The maximum length of DROP participation is five years. As such, members who satisfy service-only criteria and enter DROP prior to age 60 are required to exit DROP and terminate FRS-covered employment and cease providing services to FRS employers prior to becoming eligible for Medicare benefits at age 65.

Benefit Amount

Effective July 1, 1998, eligible members can retire without terminating their employment during DROP participation. Monthly retirement benefits will be invested in the FRS Trust Fund, earning tax-deferred interest while the member continues to work for a maximum of 60 months. The interest credit for those entering the DROP prior to July 1, 2011, is 6.5% annually. For those entering the DROP after that date, it is 1.3% annually. Upon completion of the maximum five-year period, DROP participation ends and participants must terminate employment with all FRS employers. At that time, the participant will receive payment of the accumulated DROP benefits and begin receiving his FRS monthly retirement benefit (in the same amount as determined at retirement, plus annual cost-of-living increases).

Effective July 1, 2003, participants employed in eligible instructional positions with a district school board, the Florida School for the Deaf and Blind, or a developmental research school can extend their participation beyond their initial 60-month period, for up to an additional 36 months. The employer must approve the request for DROP extension as well as the period of extension granted to an eligible DROP participant, if any, within the 36-month limit. Effective July 1, 2018, K-12 instructional personnel granted extended DROP

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

participation must complete their DROP at the end of the school year and K-12 school administrators whose DROP participation ends before the end of the school year may have their DROP participation extended to the end of that school year.

Disabled While in DROP

Participants that became disabled while participating in DROP will continue to accumulate the same monthly benefit in the FRS Trust Fund until termination. Since the normal retirement benefit commenced upon DROP participation, the participant is not eligible for a disability benefit.

Death While in DROP

The designated beneficiary of a participant who dies while participating in DROP will receive all accumulated DROP benefits, and a continuing monthly benefit, if the participant had elected Option 2, 3, or 4. Survivors of DROP participants are not eligible for FRS line-of-duty death benefits.

(Section 121.091 (13))

Return of Employee Contributions

A member who terminates employment but is not eligible to retire, receive a vested retirement allowance, or receive a disability pension will be entitled to a refund of any employee contributions. The beneficiary of a member who passes away before satisfying the requirement for a pre-retirement death benefit will be entitled to a refund of any employee contributions made by the member. No interest is credited on employee contribution accounts.

A vested terminated participant may elect to receive a return of employee contributions in lieu of a retirement benefit.

(Sections 121.071(2)(b), 121.091(7)(a), Sections 121.091(5)(a) and (c))

Cost-of-Living Adjustment

Legislation enacted in 2011 eliminated post-retirement benefit increases on service credit earned on and after July 1, 2011. FRS Pension Plan members who retired before July 1, 2011 receive post-retirement benefit increases of 3% per year. Tier II members (those initially enrolled on and after July 1, 2011) will receive no post-retirement benefit increases. Tier I members (those initially enrolled before July 1, 2011) who retire after July 1, 2011 will receive individual post-retirement benefit increases equal to 3% per year multiplied by a fraction, the numerator of which is service through June 30, 2011 and the denominator of which is total service at retirement. Cost-of-Living Adjustments take effect annually on July 1. A pro-rated rate may apply in the initial year of applicability.

(Section 121.101)

Additional Benefit Amount

In addition, members may receive an additional retirement allowance under the pre-1971 existing systems. The benefit is a percentage of average final compensation times the creditable service in that system up to November 30, 1970. The system percentages are:

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

State and County Officers and Employees' Retirement System:

2.00% for creditable service rendered under Division A prior to Social Security coverage; and 1.50% for creditable service rendered under Division B subsequent to Social Security coverage.

Teachers Retirement System:

Plan E: 2.00%

(Sections 121.091(1)(c), 122.28, 238.07(7)(a))

Minimum Benefit

Eligibility

The month following attainment of age 65 by a pensioner or, in the case of a beneficiary receiving the survivor's portion of a member's benefit, the 65th anniversary of the deceased member's birth. The member must have earned at least 10 years of creditable service and retired under normal retirement.

Benefit Amount

An eligible benefit recipient will receive a benefit adjustment to bring the benefit to the calculated minimum benefit. Effective July 1, 2020, the minimum monthly benefit is $34.25 multiplied by years of creditable service prior to application of the reduction factor for electing an optional form of payment. For retirements on or after July 1, 1987, creditable service for the minimum benefit calculation does not include any service earned on or after that date.

(Section 112.362)

FRS Investment Plan (IP)

The FRS Investment Plan (IP) is a defined contribution plan offered to eligible members as an alternative to the FRS Pension Plan. The plan is qualified under sec. 401(a) of the Internal Revenue Code.

Benefits

Under the IP, benefits accrue in individual member accounts funded by employer and employee contributions made on or after July 1, 2011, and earnings thereon. Benefits are provided through employee-directed investments offered by approved investment providers. Vested benefits are payable upon termination or death as a lump-sum distribution, direct rollover distribution, or periodic distribution. In addition to normal benefits and death benefits, the plan also provides disability coverage as described below.

(Sections 121.4501, 121.591)

Contributions

The employer contributions deposited in each participant's IP account are based upon allocation rates established by law for each membership class. This statutorily prescribed percentage of the participant's gross compensation for the reporting month is deducted from the total amount paid by the employer on behalf of all members in the same class of membership based on the uniform contribution rate established by law. Current IP allocation rates are set forth in the following tables. The allocation rates shown in the first table below do not include the 0.06% charge for FRS Investment Plan administration and education, the separate employer contribution rates assessed

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

to fund the IP disability program and ILOD survivor benefit program, or the contribution of 1.66% for the financing of the Florida Retiree Health Insurance Subsidy program.

(Sections 121.71, 121.72)

Effective July 1, 2012, the employer allocations to the IP accounts are based on contribution rates as follows:

Classification	2020-2021 Plan Year Rates
Regular	3.30%
Special Risk	11.00%
Special Risk Administrative Support	4.95%
Elected Officers'	
- Judicial	10.23%
- Leg/Atty/Cab	6.38%
- Local	8.34%
Senior Management Service	4.67%

The employer contribution rates to fund the disability benefit under the IP are as follows:

Classification	2020-2021 Plan Year Rates
Regular	0.25%
Special Risk	1.33%
Special Risk Administrative Support	0.45%
Elected Officers'	
- Judicial	0.73%
- Leg/Atty/Cab	0.41%
- Local	0.41%
Senior Management Service	0.26%

(Section 121.73)

Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

Effective July 1, 2019 the employer contribution rates to fund the line of duty death benefit under the IP are as follows:

Classification	2020-2021 Plan Year Rates
Regular	0.05%
Special Risk	1.21%
Special Risk Administrative Support	0.03%
Elected Officers'	
- Judicial	0.09%
- Leg/Atty/Cab	0.15%
- Local	0.20%
Senior Management Service	0.05%

(Section 121.735)

Non-Duty Disability Retirement

Eligibility

Investment Plan participants who have completed at least eight years of creditable service (or six years of creditable service if disability retirement is ordered for a judge by the Supreme Court) are eligible for regular disability benefits if they become totally and permanently disabled due to injury or illness suffered while actively employed in an FRS-covered position. Upon approval for disability retirement, the IP participant may choose either to retain his/her IP account balance or to surrender his/her account balance to the FRS Pension Plan and receive guaranteed lifetime monthly disability benefits, assuming the member remains disabled.

Benefit Amount

If the disabled IP participant chooses to retain his/her account balance, he/she may elect to receive the normal benefit payable under the IP. If he/she elects to surrender the account balance and receive lifetime monthly disability benefits, the amount of each monthly payment is calculated in the same manner as provided for regular disability retirement under the FRS Pension Plan and is subject to the same threshold benefit amounts.

(Sections 121.091(4), 121.591(1) and (2))

Line-of-Duty Disability

Eligibility

IP participants are eligible for in-line-of-duty disability benefits if they become totally and permanently disabled due to injury or illness suffered during the actual performance of duty while actively employed in an FRS-covered position. There is no service credit requirement for in-line-of-duty disability benefits. Upon approval for disability retirement, the IP member may choose either to retain his/her IP account balance or to surrender his/her account balance to the FRS Pension Plan and receive guaranteed lifetime monthly disability benefits, assuming the member remains disabled.

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

Benefit Amount

If the disabled IP participant elects to retain his/her account balance, he/she may elect to receive the normal benefit payable under the IP. If he/she elects to surrender the account balance and receive lifetime monthly disability benefits, the amount of each monthly payment is calculated in the same manner as provided for line-of-duty disability retirement under the FRS Pension Plan and is subject to the same threshold benefit amounts.

(Sections 121.091(4), 121.591(1) and (2))

Line-of-Duty Death

Eligibility

IP participants are eligible for in-line-of-duty death benefits if they die during the actual performance of duty while actively employed in an FRS-covered position. There is no service credit requirement for in-line-of-duty death benefits. The beneficiary of the IP member may choose either to retain the member's IP account balance or to surrender his/her account balance to the FRS Pension Plan and receive guaranteed monthly death benefits, payable for the life of the surviving spouse or, if the spouse dies or there is no spouse, until the 18th birthday of the member's youngest surviving child. Such payments may be extended until the 25th birthday of the youngest child of a Special Risk Class member if the child is unmarried and enrolled as a full-time student.

Benefit Amount

If the beneficiary of the IP participant elects to retain his/her account balance, he/she may elect to receive the normal benefit payable under the IP. If he/she elects to surrender the account balance and receive the annuity from the FRS Pension Plan, the amount of each monthly payment is calculated in the same manner as provided for line-of-duty death benefits under the FRS Pension Plan, and is subject to the same threshold benefit amounts.

(Sections 121.091(7), 121.591(1), (3) and (4))

Teachers' Retirement System (TRS)

The benefit and contribution provisions of the Statutes for this closed system are set forth in Chapter 238 of the Florida Statutes. Certain provisions are from other sections of the Florida Statutes.

Effective Date

The effective date of the Retirement System was July 1, 1939.

(Section 238.02)

Membership

All employees who were teachers in public schools, employees of professional non-profit teachers associations, county superintendents, Department of Education employees and the staff of the Teachers' Retirement System, and who were employed prior to December 1, 1970, are members of the Teachers' Retirement System. The benefit and contribution provisions of the Statutes are set forth in Chapter 238 of the Florida Statutes. Certain provisions are drawn from other sections of the Florida Statutes. TRS retirees are included with the Regular Membership Class in the valuation.

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

State and County Officers and Employees' Retirement System (SCOERS)

The benefit and contribution provisions of the Statutes are set forth in Chapter 122 of the Florida Statutes. Certain provisions are drawn from other sections of the Florida Statutes. This is a closed system that no longer includes any members in the high hazard or legislative categories. Effective with the July 1, 2013 valuation, there are no longer any actively employed members of this system. SCOERS retirees are included with the Regular Membership Class in the valuation.

Effective Date

The effective date of the Retirement System was July 1, 1955.

(Section 122.01(2))

Membership

All full-time employees of the state and its counties not covered by another system who were employed prior to December 1, 1970.

Institute of Food and Agricultural Sciences Supplemental Retirement Program (IFAS)

The benefit and contribution provisions of the Statutes are set forth in Chapter 121 of the Florida Statutes. Certain provisions are drawn from other sections of the Florida Statutes. This is a closed system. IFAS retirees are included with the Regular Membership Class in the valuation.

Effective Date

The effective date of the Supplemental Retirement Program was July 1, 1985.

(Section 121.40)

Membership

Employees hired on or before July 1, 1983 who:

a. hold both state and federal appointments while employed at the Institute,

b. are not entitled to any benefit from a state-supported retirement system or Social Security based on service as an employee of the Institute, and

c. are participants in the Federal Civil Service Retirement System.

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

Appendix C: Membership Data

This valuation is based upon the membership of the Pension Plan as of July 1, 2020.

The membership of the FRS Pension Plan includes employees of the State of Florida and participating political subdivisions. The membership is divided into several categories by membership class and subclass.

Tables C-1 through C-5 present distributions of annuitants (including beneficiaries of deceased members), and potential annuitants (terminated vested members). The tables show the numbers of persons receiving benefits and the total annual benefits.

Table C-6 summarizes the DROP membership and provides total annual benefits.

Table C-7 presents a summary by category of active membership, payroll, and accumulated employee contributions.

Tables C-8 through C-17 contain summaries of the active members in each category of membership. Values shown in the tables are the numbers of members and their average annual salaries. Table C-17 is the grand total of active members included in this valuation.

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

Appendix D: Projections

Table D-1 presents a projection of total costs of the employers covered by the FRS Pension Plan (exclusive of the Investment Plan) during the five-year period following the actuarial valuation date, July 1, 2020. The contributions shown beginning with plan year 2021-2022 are based on the assumption that the contribution levels calculated in this report are extended throughout the projection period. The contributions shown for plan year 2020-2021 are based on the legislated rates (before blending) on page B-3 of this report.

Table D-2 reflects, for each membership class and DROP, the outstanding UAL balance of all amortization bases combined as of July 1, 2020. The table develops the associated duration of the amortization of the combined amortization bases.

Beginning in the July 1, 1998 actuarial valuation with the emergence of the surplus, all UAL bases in existence as that time were considered to be fully amortized. While the Plan was in surplus, the UAL amortization payment or credit was made from the surplus for certain post-1998 benefit increases and the 1998 and 2003 experience studies prior to any use of the surplus for contribution rate reductions or any other FRS uses. Now that the plan is no longer in surplus, the UAL payment is made by employers as part of the contribution rate.

Table D-3 estimates the UAL payment / (available surplus) for the next three plan years based on Florida law. The estimates are projections of the July 1, 2020 valuation results, and assume experience occurs as stated in the July 1, 2020 valuation.

All three tables reflect that no surplus is available for rate reduction. The amortization methodology recognizes the time value of money.

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

Table D-1
Florida Retirement System Pension Plan
Projection of Retirement Costs (Excluding Member Contributions)
July 1, 2020
Based on Contribution Rates Before Blending

($ in Millions)

		2020 -2021	2021 -2022	2022 -2023	2023 -2024	2024 -2025
A.	Employer Normal Cost [1]	$1,904	$2,010	$2,075	$2,142	$2,212
B.	UAL Payment / (Surplus Utilization) [2]	$1,775	$2,210 [2]	$2,282 [2]	$2,356 [2]	$2,433 [2]
C.	Total	$3,679	$4,220	$4,357	$4,498	$4,645

[1] *Includes DROP contributions on behalf of DROP members.*

[2] *UAL Payment increase is based on assumed increasing payroll, but does not reflect the recognition and funding of deferred investment gains/losses.*

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. 	Total [Subtotal + (33)]	**$2,209.7**	**$2,302.5**	**$2,398.2**
34	UAL payment / (Surplus Available) [(1) + Total] =	$2,209.7	$2,302.5	$2,398.2

1 Numbers exclude contributions to the Investment Plan.
2 Projected surplus based on 07/01/2020 valuation results. Using amortization method that reflects interest.
3 In the absence of a surplus there is an additional charge or credit to each class. See Tables 4-2 through 4-10 for details.
4 In the absence of a surplus there is an additional cost to the Special Risk Administrative Class of 0.14% and an additional cost to the Special Risk Class of -0.01% attributable to the Increase in Minimum ILOD Disability Benefit.
5 In the absence of a surplus there is an additional cost to the Special Risk Class of 0.72% attributable to the 12% increase in pre-2000 retired benefits.
6 No surplus available for rate reduction.

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

Appendix E: Comparisons/Reconciliation

This Appendix contains certain comparative information required by the state. Table E-1 compares actual investment return, aggregate payroll growth, and individual salary increases with the actuarial assumptions.

Table E-2 reconciles the flow of participants from the 2019 actuarial valuation to the 2020 actuarial valuation, while Table E-3 cross-references the required sections of 112.64 with this report.

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

Table E-1
Florida Retirement System Pension Plan
One-Year Comparisons

1. Annual Rate of Investment Return on Actuarial Value of Assets

Period	Actual	Assumed
June 2018		
June 2019		
June 2020		

2. Annual Rate of Pension Plan Payroll Growth (Excludes IP Payroll)

Period	Actual [1]	Assumed [1]
June 2018		
June 2019		
June 2020		

3. Annual Rate of UAL Payroll Growth

Period	Actual	Assumed
July 2017 to June 2018	3.30%	3.25%
July 2018 to June 2019	2.46%	3.25%
July 2019 to June 2020	3.42%	3.25%

4. Average Rate of Annual Salary Increase for Continuing Active Pension Plan Members

Year Ended June 30	Rate of Increase During Year					
	Regular		Special Risk		Composite Pension Plan	
	Actual	Assumed [2]	Actual	Assumed [2]	Actual	Assumed [2]
2018	4.6%		8.0%			4.6%
2019	4.3%		6.8%			4.6%
2020	6.0%	4.5%	6.0%	5.3%	6.0%	4.6%

[1] *The payroll base compared is used for UAL cost calculations and includes payroll for DROP members and certain defined contribution plan participants for whom only UAL contributions are due, but excludes FRS Investment Plan Payroll.*

[2] *Individual rates of salary increase vary by service and membership class. Single assumed rates shown above reflect the population and assumptions adopted with the 2014 experience study for years ending June 30, 2018 and June 30, 2019. The most recent experience study was for the period July 1, 2013 through June 30, 2018. The assumptions adopted as a result of that study are effective July 1, 2019 and are reflected for the year ending June 30, 2020. Effective July 1, 2020 the assumption for merit based salary increases were lowered by 0.2% and will be first reflected in this table for the year ending June 30, 2021. Assumed rates beginning with the year ended June 30, 2020 are weighted by individual member salaries, rather than headcount.*

Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

Appendix F: Risk Disclosure

The purpose of this appendix is to identify, assess, and provide illustrations of risks that are significant to the Plan, and in some cases to the Plan's members.

In addition, as plans mature, they accumulate larger pools of assets and liabilities. This increases the potential risk to plan funding and the finances of those who are responsible for plan funding. As shown by the Asset Volatility Ratio discussed later in this section, the System's assets are now much larger compared to UAL payroll than in the past. The Asset Volatility Ratio example shows that because of this, a 10% investment loss on assets today would cost more than two times as much, when measured as a percentage of UAL payroll, than a 10% investment loss would have cost in 1993. Since pension plans make long-term promises and rely on long-term funding, it is important to consider how mature the plan is today, and how mature it may become in the future.

The results of any actuarial valuation are based on one set of assumptions. Although we believe the current assumptions for the System provide a reasonable estimate of future expectations, it is almost certain that future experience will differ from the assumptions to some extent. It is therefore important to consider the potential impacts of these potential differences between assumptions and experience when making decisions that may affect the future financial health of the Plan, or of the Plan's participants.

Actuarial Standard of Practice No. 51 (ASOP 51) addresses these issues by providing actuaries with guidance for assessing and disclosing the risk associated with measuring pension liabilities and the determination of pension plan contributions. Specifically, it directs the actuary to:

- Identify risks that may be significant to the plan.
- Assess the risks identified as significant to the plan. The assessment does not need to include numerical calculations.
- Disclose plan maturity measures and historical information that are significant to understanding the plan's risks.

ASOP 51 states that if, in the actuary's professional judgment, a more detailed assessment would be significantly beneficial in helping the individuals responsible for the plan to understand the risks identified by the actuary, then the actuary should recommend that such an assessment be performed.

This Section uses the framework of ASOP 51 to communicate important information about significant risks to the System, the System's maturity, and relevant historical Plan data.

Identification of Risks

There are a number of factors that affect future valuation results. To the extent actual experience for these factors varies from the assumptions, this will likely cause either increases or decreases in the plan's future funding level and calculated contribution rates. Examples of factors that can have a significant impact on valuation results are:

- Investment return as this will impact the level of assets available to pay benefits
- Payroll variation as this will impact the ability to finance unfunded amounts as a percent of future pay
- Salary variation as this will impact the size of benefits members receive as a percent of final earnings
- Mortality as this will impact how long retirees receive benefits

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

- Service retirement as this will impact: how long retirees receive benefits, the size of retiree benefits, the amount of time to receive employer and employee contributions, and the amount of time for investment earnings to accumulate on those contributions
- Termination (members leaving active employment for reasons other than death, disability or service retirement) as this will impact the size of those members benefits

Investment Return

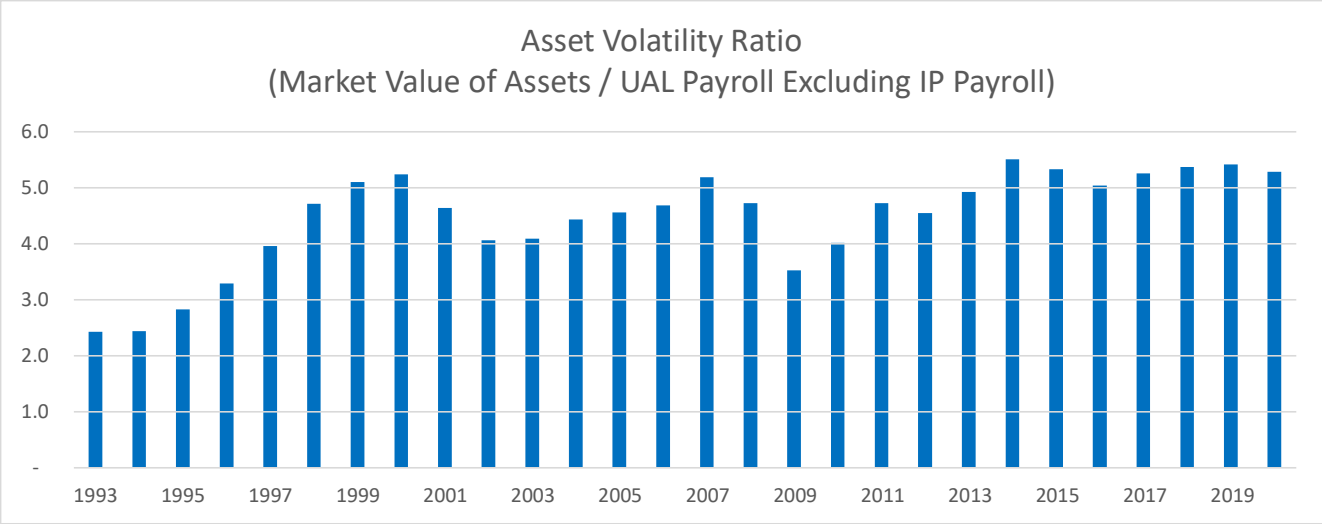
Of the factors listed above, we believe the factor with the greatest potential risk is future investment returns. For this reason, we studied this assumption in the executive summary of this report.

In that section, we performed deterministic projections to study the impact of various investment return scenarios on the UAL compared to the case in which the actual investment rate of return matches the assumed investment rate of return. See our October 8, 2020 presentation materials to the Actuarial Assumption Conference for additional details and discussion regarding the return assumption, including sensitivity analysis showing the impact on the UAL, Funded Status and blended employer contribution rate of changing the investment return assumption.

Demographic Experience

While future investment returns will likely cause the greatest deviation from expected experience, there are many other assumptions made in an actuarial valuation. For these assumptions, differences between actual and assumed experience will also result in actuarial gains and losses. The executive summary of this report provides a look at the impact in the past year of actual experience deviating from assumed.

Maturity Measures and Historical Information



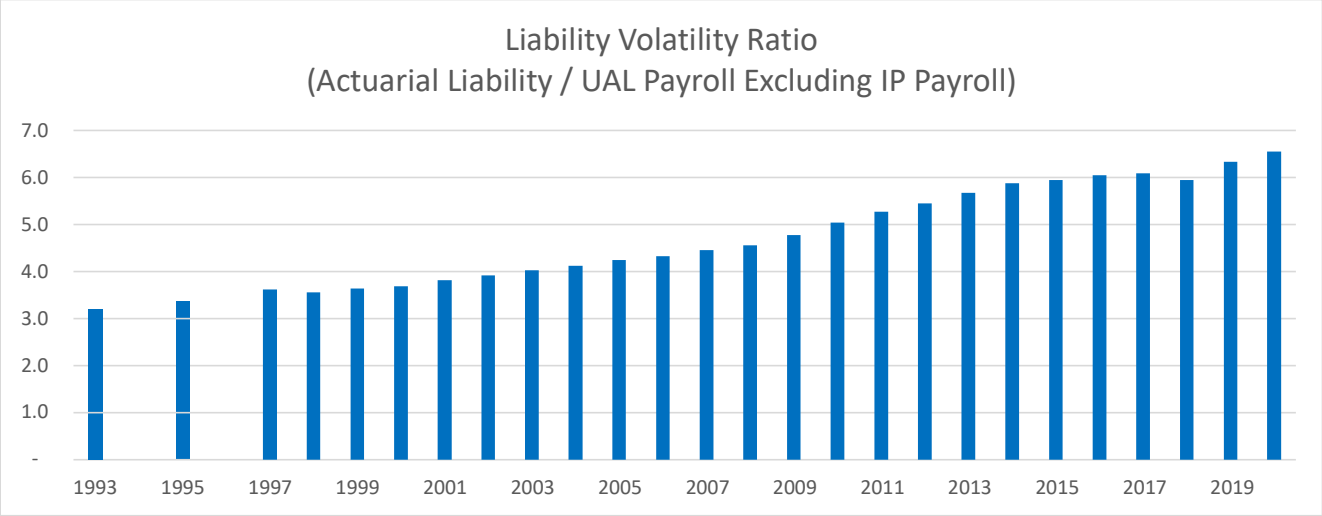
The remainder of this section contains historical information concerning the System's Asset Volatility Ratio (AVR) and Liability Volatility Ratio (LVR), plus a forward-looking projection of future benefit payments on behalf of current Plan members. Additional historical information can be found in the Executive Summary.

Asset Volatility Ratios and Liability Volatility Ratios

The magnitude of any contribution rate increase or decrease is affected by the System's maturity level. As systems mature, they accumulate larger pools of assets. Gains and losses on these larger pools of assets create more volatility in the contributions needed to fund the system.

One indicator of this potential volatility is the Asset Volatility Ratio (AVR), which is equal to the Market Value of Assets divided by total UAL payroll. As assets grow compared to UAL payroll, any percentage gain or loss on those assets will be larger compared to UAL payroll. This causes any resulting changes in required contributions from those gains or losses to also be larger when measured as a percentage of UAL payroll. Therefore, plans with a high AVR will be subject to a greater level of volatility in required contributions. The AVR is a current measure since it is based on the current level of assets and will vary from year to year.

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

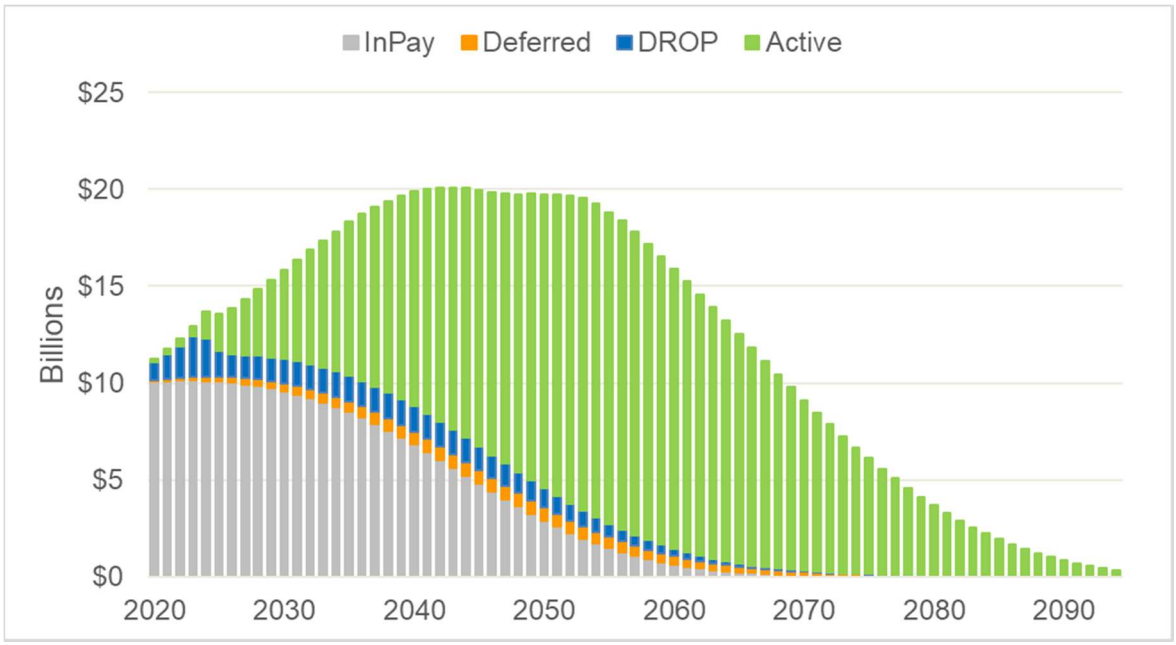


The current AVR for the FRS Pension Plan is 5.3. The AVR grew from 2.4 in 1993 to a high of 5.5 in 2014. The following table provides an illustration of how increases in the AVR increase the volatility of contributions from asset gains and losses.

Approximate eventual increase in contributions for an asset return 10% below the assumption if not offset by future gains	
Asset Volatility Ratio = Assets / Payroll	25-Year Amortization
2.4 (1993)	1.6%
5.3 (current)	3.5%

A return of negative 3.00% is approximately a 10% loss for FRS because it is 10% below the 7.00% investment return assumption. If a return of negative 3.00% were experienced and was not offset by future gains and the AVR was 2.4, the loss would be expected to increase contributions by about 1.6% of pay when amortized over 25 years. However, with the AVR of 5.3, the same return would be expected to increase contributions by about 3.5% of UAL payroll when amortized over 25 years.

Another measure of a system's maturity is the Liability Volatility Ratio (LVR), which is equal to the AL divided by the total UAL payroll. This ratio provides an indication of the longer-term potential for contribution volatility for any given level of investment volatility. In addition, this ratio provides an indication of the potential contribution volatility due to liability experience (gains and losses) and liability re-measurements (assumption changes). For FRS, the current LVR is 6.5.



This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

The graph above shows the historical LVR since 1993[1]. It is a similar pattern to the Asset Volatility Ratio, except the increase is more gradual and the year-to-year variance is significantly less.

Projected Benefit Payments

The graph below shows projected benefit payments based on member status as of July 1, 2020. For example, payments shown in blue are all projected payments for members currently in DROP as of July 1, 2020, including annuity payments to those members after their DROP exit.

[1] *Prior to 1997, actuarial valuations were conducted biennially. Therefore, there was no measure of the Actuarial Liability at July 1, 1994 or July 1, 1996.*

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

Appendix G: Glossary

The following definitions are largely excerpts from a list adopted in 1981 by the major actuarial organizations in the United States. In some cases, the definitions have been modified for specific applicability to the FRS.

Accrued Benefit

The amount of an individual's benefit (whether or not vested) as of a specific date, determined in accordance with the terms of a pension plan and based on compensation and service to that date.

Accumulated Benefit Obligation (ABO)

The actuarial present value of benefits attributed by the pension benefit formula to employee service rendered before a specified date and based on employee service and compensation prior to that date.

Actuarial Assumptions

Assumptions as to the occurrence of future events affecting pension costs, such as: mortality, withdrawal, disability, and retirement; changes in compensation, rates of investment earnings, and asset appreciation or depreciation; procedures used to determine the Actuarial Value of Assets; and other relevant items.

Actuarial Cost Allocation Method

A procedure for determining the Actuarial Present Value of pension plan benefits and expenses and for developing an actuarially equivalent allocation of such value to time periods, usually in the form of a Normal Cost and an Actuarial Liability.

Actuarially Equivalent

Of equal Actuarial Present Value, determined as of a given date with each value based on the same set of Actuarial Assumptions.

Actuarial Gain/Loss

A measure of the difference between actual experience and that expected based upon a set of Actuarial Assumptions during the period between two Actuarial Valuation Dates, as determined in accordance with a particular Actuarial Cost Method.

Actuarial Liability (AL)

That portion, as determined by a particular Actuarial Cost Method, of the Actuarial Present Value of pension plan benefits and expenses which is not provided for by future Normal Costs.

Actuarial Present Value of Pension Plan Benefits

Total projected benefits include all benefits estimated to be payable to plan members as a result of their service through the valuation date and their expected future service. The actuarial present value of total projected benefits as of the valuation date is the present value of the cost to finance benefits payable in the future, discounted to reflect the expected effects of the time value (present value) of money and the probabilities of payment.

Actuarial Valuation

The determination, as of a valuation date, of the Normal Cost, Actuarial Liability, Actuarial Value of Assets, and related Actuarial Present Values for a pension plan.

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

Actuarial Value of Assets (AVA)

The value of cash, investments, and other property belonging to a pension plan, as used by the actuary for the purpose of an Actuarial Valuation.

Amortization

Paying an interest-bearing liability by gradual reduction through a series of installments, as opposed to one lump-sum payment.

Amortization Payment

That portion of the pension plan contribution which is designed to pay interest on and to amortize the Unfunded Actuarial Liability.

Level Percent of Pay:	Produces a level series of payments when expressed as a percent of payroll. Cash payment increases in line with payroll growth assumption.
Level Dollar:	Produces a decreasing pattern of payments when expressed as a percent of payroll. Cash payment remains level.

Entry Age Normal Actuarial Cost Method (EAN)

A method under which the Actuarial Present Value of the Projected Benefits of each individual included in an Actuarial Valuation is allocated on a level basis over the earnings or service of the individual between entry age and assumed exit ages. The portion of this Actuarial Present Value allocated to a valuation year is called the Normal Cost. The portion of this Actuarial Present Value not provided for at a valuation date by the Actuarial Present Value of future Normal Costs is called the Actuarial Liability.

Funded Ratio

Ratio of the assets of a pension plan to its liabilities.

Government Accounting Standards Board (GASB)

This Board sets standards of state and local accounting and financial reporting.

Interest Rate

The rate used to discount projected benefit payments to determine the present value in a valuation.

Market Value of Assets (MVA)

The price for which an asset could be sold at a particular date. May also be referred to as the Fair Value of Assets.

Normal Cost (NC)

That portion of the Actuarial Present Value of pension plan benefits and expenses which is allocated to a valuation year by the Actuarial Cost Allocation Method.

Present Value (PV)/ Actuarial Present Value (APV)

The value of an amount or series of amounts of cash flows payable or receivable at various times, determined as of a given date by the application of a particular set of Actuarial Assumptions, including selected interest rate.

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

Projected Benefits

Those pension plan benefit amounts which are expected to be paid at various future times under a particular set of Actuarial Assumptions, taking into account such items as the effect of advancement in age and anticipated future compensation and service credits.

Unfunded Actuarial Liability

The excess of the Actuarial Liability over the Actuarial Value of Assets. When the Actuarial Value of Assets exceeds Actuarial Liabilities a point-in-time actuarial surplus exists.

Valuation Date

The date as of which the liabilities are determined.

This work product was prepared solely for the Florida Department of Management Services for the purposes described herein and may not be appropriate to use for other purposes. Milliman does not intend to benefit and assumes no duty or liability to other parties who receive this work. Milliman recommends that third parties be aided by their own actuary or other qualified professional when reviewing the Milliman work product.

State Group Insurance
SEI 1

STATE OF FLORIDA
DEPARTMENT OF MANAGEMENT SERVICES
DIVISION OF STATE GROUP INSURANCE
Description of Billed Services

The Division of State Group Insurance is responsible for the administration of the state group insurance program. Specific programs include:

- State sponsored self-insured plan
- Health maintenance organizations
- Group term life insurance
- Disability insurance
- Pretax Benefits
- COBRA
- Medicare

The Division is also responsible for recommending enhancements and changes to the program and for administration of the flexible benefits plan.

The Department of Management Services (DMS) has administrative responsibilities over the State Group Insurance Funds. Accordingly, DMS performs an annual cost allocation process to allocate Department administrative costs to the various funds administered by the Department. The cost allocation process quantifies the “Administrative Assessment” to each Fund. Based on previous negotiations, the Administrative Assessment amounts for the “Communications” and “Legislative Affairs” functions have been separately identified as unallowable costs. A credit for these amounts has been allocated within Section I of the Central Services Cost Allocation Plan. Please reference TAB SEI 2 for the computation of these amounts.

ADMINISTRATIVE ASSESSMENT SUMMARY

Methodology:

Establish Administrative Cost Pools to accumulate costs by distinct administrative function or type of activity.

For each Administrative Budgetary Entity, identify a basis for distributing the costs of that entity to Administrative Cost Pools.

Establish Program Entities to accumulate costs by program activity.

For each Administrative Cost Pool, establish a discreet basis for allocating accumulated costs in the pool to Program Entities.

I. The following Administrative Cost Pools are established to accumulate costs by distinct administrative function:

Office of the Secretary
Information Technology
Communications
General Counsel
Inspector General
Legislative Affairs
Budget Office
Financial Management Services - Disbursements
Financial Management Services – Revenue
Financial Management Services-Control Section (includes PAM)
Human Resources
Mail Room Operations
Departmental Purchasing

II. The Appropriated Funds are designated as the Program Entities.

III. The following bases were used for the allocation of Administrative Budget Entities costs:

Office of the Secretary - Direct allocation to Program Entities based on appropriations and FTE.

Information Technology - Direct allocation to Program Entities based on appropriations and FTE.

Communications Office - Direct allocation to Program Entities based on appropriations and FTE.

Office of the General Counsel - Direct allocation to Program Entities based on hours.

Legislative Affairs - Direct allocation to Program Entities based on appropriations and FTE.

Office of the Inspector General - Direct allocation to Program Entities based on appropriations and FTE.

Budget Office - Direct allocation to Program Entities based on appropriations.

Disbursements Section (FMS) - Allocation to Program Entities based on number of disbursement transactions. Transactions 51's and 70's.

Revenue Section (FMS) - Allocation to Program Entities based on number of revenue transactions. Transactions 30's, Transactions 96's and Invoices.

Control Section (FMS) - Allocation to Program Entities based on the average percent of disbursements and revenue transactions.

Human Resources - Direct allocation to Program Entities based on number of positions.

Mail Room - Allocation to Program Entities based on pieces of mail.

Departmental Purchasing - Direct Allocation to Program Entities based on Purchase Orders processed. Transactions 60's.

IV. The administrative assessment fee is charged on a monthly basis.

COST ALLOCATION AGREEMENT
STATE AND LOCAL GOVERNMENTS

STATE/LOCALITY:
State of Florida
Department of Financial Services
200 East Gaines Street
516 Fletcher Building
Tallahassee, FL 32399

DATE: August 29, 2019

FILING REF.: The preceding Agreement was dated 8/3/18

SECTION I: ALLOCATED COSTS

The central service costs listed in Exhibit A, attached, are approved on a Fixed basis and may be included as part of the costs of the State/local departments and agencies indicated during the fiscal year ended June 30, 2020 for further allocation to Federal grants, contracts and other agreements performed at those departments and agencies.

SECTION II: BILLED COSTS

In addition to Section I, which provides for services furnished but not billed, the services listed below are furnished and billed to State/local departments and agencies.

I. Special Revenue Funds
1. Administrative Hearings Administration Trust Fund-OAH
2. Purchasing Trust Fund-Pur
3. State Personnel System Trust Fund-HR

II. Internal Service Trust Funds
4. DMS-Facilities Program Supervision, Financing, & Pool Trust-Sup
5. DMS-Technology Program-Communications WC Trust-COM
6. DMS-Agency for State Technology Working Capital Trust Fund-AST
7. NWRDC-Northwest Regional Data Center
8. DOS-Library and Information Services Trust Fund-LIS
9. AGO-Legal Services Trust Fund-LEG

III. Self Insurance Funds
10. DFS-Risk Management (WC, Auto/Gen Liability, Building Contents-RIS)
11. DMS-Retirement-RET
12. DMS-State Group Insurance (Life, Health, Disability, & Pretax-SEI)

State of Florida
August 9, 2019

Section III: CONDITIONS

The amounts approved in Section I and the billings for the services listed in Section II are subject to the following conditions:

A. LIMITATIONS: (1) Charges resulting from this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. (2) Such charges represent costs incurred by the State/locality which are legal obligations of the State/locality and are allowable under Title 2 of the Code of Federal Regulations, Part 200 (2 CFR 200). (3) The same costs that are treated as indirect costs are not claimed as direct costs. (4) Similar types of costs are accorded consistent accounting treatment. (5) The information provided by the State/locality which was used to establish this Agreement is not later found to be materially incomplete or inaccurate.

B. ACCOUNTING CHANGES: This Agreement is based on the accounting system purported by the State/locality to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the Cognizant Agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from an allocated cost to be billed cost. Failure to obtain approval may result in cost disallowances.

C. FIXED AMOUNTS: If fixed amounts are approved in Section I of this Agreement, they are based on an estimate of the costs for the period covered by the Agreement. When the actual costs for this period are determined, adjustments will be made to the amounts of a future year to compensate for the difference between the costs used to establish the fixed amounts and actual costs.

D. BILLED COSTS: Charges for the services listed in Section II will be billed in accordance with rates established by the State/locality. These rates will be based on the estimated costs of providing the services. Adjustments for variances between billed costs and the actual allowable costs of providing the services, as defined by 2 CFR 200, will be made in accordance with procedures agreed to between the State/locality and the Cognizant Agency.

E. USE BY OTHER FEDERAL AGENCIES: This Agreement was executed in accordance with the authority in 2 CFR 200, and should be applied to grants, contracts and other agreements covered by that Circular, subject to any limitations in Paragraph A above. The State/locality may provide copies of the Agreement to other Federal Agencies to give them early notification of the Agreement.

F. SPECIAL REMARKS:

As required by the OMB Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards 2001.431 (b) (3) (i) State Agency Treats the payments for unused leave for separating employees as general administrative expense that is allocated to all activities of the agency.

Equipment definition-equipment means an article of nonexpendable tangible personal property having a useful life of more than one year and an acquisition cost of $5,000.00 or more per unit.

STATE EMPLOYMENT

110.123 State group insurance program.—

(1) TITLE.—This section may be cited as the "State Group Insurance Program Law."

(2) DEFINITIONS.—As used in ss. 110.123-110.1239, the term:

(a) "Department" means the Department of Management Services.

(b) "Enrollee" means all state officers and employees, retired state officers and employees, surviving spouses of deceased state officers and employees, and terminated employees or individuals with continuation coverage who are enrolled in an insurance plan offered by the state group insurance program. "Enrollee" includes all state university officers and employees, retired state university officers and employees, surviving spouses of deceased state university officers and employees, and terminated state university employees or individuals with continuation coverage who are enrolled in an insurance plan offered by the state group insurance program.

(c) "Full-time state employees" means employees of all branches or agencies of state government holding salaried positions who are paid by state warrant or from agency funds and who work or are expected to work an average of at least 30 or more hours per week; employees paid from regular salary appropriations for 8 months' employment, including university personnel on academic contracts; and employees paid from other-personal-services (OPS) funds as described in subparagraphs 1. and 2. The term includes all full-time employees of the state universities. The term does not include seasonal workers who are paid from OPS funds.

1. For persons hired before April 1, 2013, the term includes any person paid from OPS funds who:

a. Has worked an average of at least 30 hours or more per week during the initial measurement period from April 1, 2013, through September 30, 2013; or

b. Has worked an average of at least 30 hours or more per week during a subsequent measurement period.

2. For persons hired after April 1, 2013, the term includes any person paid from OPS funds who:

a. Is reasonably expected to work an average of at least 30 hours or more per week; or

b. Has worked an average of at least 30 hours or more per week during the person's measurement period.

(d) "Health maintenance organization" or "HMO" means an entity certified under part I of chapter 641.

(e) “Health plan member” means any person participating in a state group health insurance plan, a TRICARE supplemental insurance plan, or a health maintenance organization plan under the state group insurance program, including enrollees and covered dependents thereof.

(f) “Part-time state employee” means an employee of any branch or agency of state government paid by state warrant from salary appropriations or from agency funds, and who is employed for less than an average of 30 hours per week or, if on academic contract or seasonal or other type of employment which is less than year-round, is employed for less than 8 months during any 12-month period, but does not include a person paid from other-personal-services (OPS) funds. The term includes all part-time employees of the state universities.

(g) “Plan year” means a calendar year.

(h) “Retired state officer or employee” or “retiree” means any state or state university officer or employee who retires under a state retirement system or a state optional annuity or retirement program or is placed on disability retirement, and who was insured under the state group insurance program at the time of retirement, and who begins receiving retirement benefits immediately after retirement from state or state university office or employment. The term also includes any state officer or state employee who retires under the Florida Retirement System Investment Plan established under part II of chapter 121 if he or she:

1. Meets the age and service requirements to qualify for normal retirement as set forth in s. 121.021(29); or

2. Has attained the age specified by s. 72(t)(2)(A)(i) of the Internal Revenue Code and has 6 years of creditable service.

(i) “State agency” or “agency” means any branch, department, or agency of state government. “State agency” or “agency” includes any state university for purposes of this section only.

(j) “Seasonal workers” has the same meaning as provided under 29 C.F.R. s. 500.20(s)(1).

(k) “State group health insurance plan or plans” or “state plan or plans” means the state self-insured health insurance plan or plans offered to state officers and employees, retired state officers and employees, and surviving spouses of deceased state officers and employees pursuant to this section.

(l) “State-contracted HMO” means any health maintenance organization under contract with the department to participate in the state group insurance program.

(m) “State group insurance program” or “programs” means the package of insurance plans offered to state officers and employees, retired state officers and employees, and surviving spouses of deceased state officers and employees pursuant to this section, including the state group health insurance plan or plans, health maintenance organization plans, TRICARE supplemental insurance plans, and other plans required or authorized by law.

(n) "State officer" means any constitutional state officer, any elected state officer paid by state warrant, or any appointed state officer who is commissioned by the Governor and who is paid by state warrant.

(o) "Surviving spouse" means the widow or widower of a deceased state officer, full-time state employee, part-time state employee, or retiree if such widow or widower was covered as a dependent under the state group health insurance plan, TRICARE supplemental insurance plan, or a health maintenance organization plan established pursuant to this section at the time of the death of the deceased officer, employee, or retiree. "Surviving spouse" also means any widow or widower who is receiving or eligible to receive a monthly state warrant from a state retirement system as the beneficiary of a state officer, full-time state employee, or retiree who died prior to July 1, 1979. For the purposes of this section, any such widow or widower shall cease to be a surviving spouse upon his or her remarriage.

(p) "TRICARE supplemental insurance plan" means the Department of Defense Health Insurance Program for eligible members of the uniformed services authorized by 10 U.S.C. s. 1097.

(3) STATE GROUP INSURANCE PROGRAM.—

(a) The Division of State Group Insurance is created within the Department of Management Services.

(b) It is the intent of the Legislature to offer a comprehensive package of health insurance and retirement benefits and a personnel system for state employees which are provided in a cost-efficient and prudent manner, and to allow state employees the option to choose benefit plans which best suit their individual needs. The state group insurance program may include the state group health insurance plan or plans, health maintenance organization plans, group life insurance plans, TRICARE supplemental insurance plans, group accidental death and dismemberment plans, group disability insurance plans, other group insurance plans or coverage choices, and other benefits authorized by law.

(c) Notwithstanding any provision in this section to the contrary, it is the intent of the Legislature that the department shall be responsible for all aspects of the purchase of health care for state employees under the state group health insurance plan or plans, TRICARE supplemental insurance plans, and the health maintenance organization plans. Responsibilities shall include, but not be limited to, the development of requests for proposals or invitations to negotiate for state employee health benefits, the determination of health care benefits to be provided, and the negotiation of contracts for health care and health care administrative services. Prior to the negotiation of contracts for health care services, the Legislature intends that the department shall develop, with respect to state collective bargaining issues, the health benefits and terms to be included in the state group health insurance program. The department shall adopt rules necessary to perform its responsibilities pursuant to this section. The department is responsible for the contract management and day-to-day

management of the state employee health insurance program, including, but not limited to, employee enrollment, premium collection, payment to health care providers, and other administrative functions related to the program.

(d)1. Notwithstanding chapter 287 and the authority of the department, for the purpose of protecting the health of, and providing medical services to, state employees participating in the state group insurance program, the department may contract to retain the services of professional administrators for the state group insurance program. The agency shall follow good purchasing practices of state procurement to the extent practicable under the circumstances.

2. Each vendor in a major procurement, and any other vendor if the department deems it necessary to protect the state's financial interests, shall, at the time of executing any contract with the department, post an appropriate bond with the department in an amount determined by the department to be adequate to protect the state's interests but not higher than the full amount estimated to be paid annually to the vendor under the contract.

3. Each major contract entered into by the department pursuant to this section shall contain a provision for payment of liquidated damages to the department for material noncompliance by a vendor with a contract provision. The department may require a liquidated damages provision in any contract if the department deems it necessary to protect the state's financial interests.

4. Section 120.57(3) applies to the department's contracting process, except:

a. A formal written protest of any decision, intended decision, or other action subject to protest shall be filed within 72 hours after receipt of notice of the decision, intended decision, or other action.

b. As an alternative to any provision of s. 120.57(3), the department may proceed with the bid selection or contract award process if the director of the department sets forth, in writing, particular facts and circumstances that demonstrate the necessity of continuing the procurement process or the contract award process in order to avoid a substantial disruption to the provision of any scheduled insurance services.

5. The department shall make arrangements as necessary to contribute claims data of the state group health insurance plan to the contracted vendor selected by the Agency for Health Care Administration pursuant to s. 408.05(3)(c).

6. Each contracted vendor for the state group health insurance plan shall contribute Florida claims data to the contracted vendor selected by the Agency for Health Care Administration pursuant to s. 408.05(3)(c).

(e) The Department of Management Services and the Division of State Group Insurance may not prohibit or limit any properly licensed insurer, health maintenance organization, prepaid limited health services organization, or insurance agent from competing for any insurance product or plan purchased, provided, or endorsed by the department or the division on the basis of the compensation arrangement used by the insurer or organization for its agents.

(f) Except as provided for in subparagraph (h)2., the state contribution toward the cost of any plan in the state group insurance program shall be uniform with respect to all state employees in a state collective bargaining unit participating in the same coverage tier in the same plan. This section does not prohibit the development of separate benefit plans for officers and employees exempt from the career service or the development of separate benefit plans for each collective bargaining unit. For the 2020 plan year and each plan year thereafter, if the state's contribution is more than the premium cost of the health plan selected by the employee, subject to federal limitation, the employee may elect to have the balance:

1. Credited to the employee's flexible spending account;
2. Credited to the employee's health savings account;
3. Used to purchase additional benefits offered through the state group insurance program; or
4. Used to increase the employee's salary.

(g) Participation by individuals in the program is available to all state officers, full-time state employees, and part-time state employees and is voluntary. Participation in the program is also available to retired state officers and employees who elect at the time of retirement to continue coverage under the program, but may elect to continue all or only part of the coverage they had at the time of retirement. A surviving spouse may elect to continue coverage only under a state group health insurance plan, a TRICARE supplemental insurance plan, or a health maintenance organization plan.

(h)1. A person eligible to participate in the state group insurance program may be authorized by rules adopted by the department, in lieu of participating in the state group health insurance plan, to exercise an option to elect membership in a health maintenance organization plan which is under contract with the state in accordance with criteria established by this section and by said rules. The offer of optional membership in a health maintenance organization plan permitted by this paragraph may be limited or conditioned by rule as may be necessary to meet the requirements of state and federal laws.

2. The department shall contract with health maintenance organizations seeking to participate in the state group insurance program through a request for proposal or other procurement process, as developed by the Department of Management Services and determined to be appropriate.

a. The department shall establish a schedule of minimum benefits for health maintenance organization coverage, and that schedule shall include: physician services; inpatient and outpatient hospital services; emergency medical services, including out-of-area emergency coverage; diagnostic laboratory and diagnostic and therapeutic radiologic services; mental health, alcohol, and chemical dependency treatment services meeting the minimum requirements of state and federal law; skilled nursing facilities and services; prescription drugs; age-based and gender-based wellness benefits; and other benefits as may be required by the department. Additional services may be provided subject to the contract between the department and the HMO. As used in this paragraph, the term "age-based

and gender-based wellness benefits" includes aerobic exercise, education in alcohol and substance abuse prevention, blood cholesterol screening, health risk appraisals, blood pressure screening and education, nutrition education, program planning, safety belt education, smoking cessation, stress management, weight management, and women's health education.

b. The department may establish uniform deductibles, copayments, coverage tiers, or coinsurance schedules for all participating HMO plans.

c. The department may require detailed information from each health maintenance organization participating in the procurement process, including information pertaining to organizational status, experience in providing prepaid health benefits, accessibility of services, financial stability of the plan, quality of management services, accreditation status, quality of medical services, network access and adequacy, performance measurement, ability to meet the department's reporting requirements, and the actuarial basis of the proposed rates and other data determined by the director to be necessary for the evaluation and selection of health maintenance organization plans and negotiation of appropriate rates for these plans. Upon receipt of proposals by health maintenance organization plans and the evaluation of those proposals, the department may enter into negotiations with all of the plans or a subset of the plans, as the department determines appropriate. The department may negotiate regional or statewide contracts with health maintenance organization plans. Such plans must be cost-effective and must offer high value to enrollees.

d. The department may limit the number of HMOs that it contracts with in each region based on the nature of the bids the department receives, the number of state employees in the region, or any unique characteristics of the region. The department shall establish the regions throughout the state by rule. The department must submit the rule to the President of the Senate and the Speaker of the House of Representatives for ratification no later than 30 days before the 2020 Regular Session of the Legislature. The rule may not take effect until it is ratified by the Legislature.

e. All persons participating in the state group insurance program may be required to contribute towards a total state group health premium that may vary depending upon the plan, coverage level, and coverage tier selected by the enrollee and the level of state contribution authorized by the Legislature.

3. The department is authorized to negotiate and to contract with specialty psychiatric hospitals for mental health benefits, on a regional basis, for alcohol, drug abuse, and mental and nervous disorders. The department may establish, subject to the approval of the Legislature pursuant to subsection (5), any such regional plan upon completion of an actuarial study to determine any impact on plan benefits and premiums.

4. In addition to contracting pursuant to subparagraph 2., the department may enter into contract with any HMO to participate in the state group insurance program which:

a. Serves greater than 5,000 recipients on a prepaid basis under the Medicaid program;

b. Does not currently meet the 25-percent non-Medicare/non-Medicaid enrollment composition requirement established by the Department of Health excluding participants enrolled in the state group insurance program;

c. Meets the minimum benefit package and copayments and deductibles contained in sub-subparagraphs 2.a. and b.;

d. Is willing to participate in the state group insurance program at a cost of premiums that is not greater than 95 percent of the cost of HMO premiums accepted by the department in each service area; and

e. Meets the minimum surplus requirements of s. 641.225.

The department is authorized to contract with HMOs that meet the requirements of sub-subparagraphs a.-d. prior to the open enrollment period for state employees. The department is not required to renew the contract with the HMOs as set forth in this paragraph more than twice. Thereafter, the HMOs shall be eligible to participate in the state group insurance program only through the request for proposal or invitation to negotiate process described in subparagraph 2.

5. All enrollees in a state group health insurance plan, a TRICARE supplemental insurance plan, or any health maintenance organization plan have the option of changing to any other health plan that is offered by the state within any open enrollment period designated by the department. Open enrollment shall be held at least once each calendar year.

6. When a contract between a treating provider and the state-contracted health maintenance organization is terminated for any reason other than for cause, each party shall allow any enrollee for whom treatment was active to continue coverage and care when medically necessary, through completion of treatment of a condition for which the enrollee was receiving care at the time of the termination, until the enrollee selects another treating provider, or until the next open enrollment period offered, whichever is longer, but no longer than 6 months after termination of the contract. Each party to the terminated contract shall allow an enrollee who has initiated a course of prenatal care, regardless of the trimester in which care was initiated, to continue care and coverage until completion of postpartum care. This does not prevent a provider from refusing to continue to provide care to an enrollee who is abusive, noncompliant, or in arrears in payments for services provided. For care continued under this subparagraph, the program and the provider shall continue to be bound by the terms of the terminated contract. Changes made within 30 days before termination of a contract are effective only if agreed to by both parties.

7. Any HMO participating in the state group insurance program shall submit health care utilization and cost data to the department, in such form and in such manner as the department shall require, as a condition of participating in the program. The department shall enter into negotiations with its contracting HMOs to determine the nature and scope of the data submission and the final

requirements, format, penalties associated with noncompliance, and timetables for submission. These determinations shall be adopted by rule.

8. The department may establish and direct, with respect to collective bargaining issues, a comprehensive package of insurance benefits that may include supplemental health and life coverage, dental care, long-term care, vision care, and other benefits it determines necessary to enable state employees to select from among benefit options that best suit their individual and family needs. Beginning with the 2018 plan year, the package of benefits may also include products and services described in s. 110.12303.

a. Based upon a desired benefit package, the department shall issue a request for proposal or invitation to negotiate for providers interested in participating in the state group insurance program, and the department shall issue a request for proposal or invitation to negotiate for providers interested in participating in the non-health-related components of the state group insurance program. Upon receipt of all proposals, the department may enter into contract negotiations with providers submitting bids or negotiate a specially designed benefit package. Providers offering or providing supplemental coverage as of May 30, 1991, which qualify for pretax benefit treatment pursuant to s. 125 of the Internal Revenue Code of 1986, with 5,500 or more state employees currently enrolled may be included by the department in the supplemental insurance benefit plan established by the department without participating in a request for proposal, submitting bids, negotiating contracts, or negotiating a specially designed benefit package. These contracts shall provide state employees with the most cost-effective and comprehensive coverage available; however, except as provided in subparagraph (f)3., no state or agency funds shall be contributed toward the cost of any part of the premium of such supplemental benefit plans. With respect to dental coverage, the division shall include in any solicitation or contract for any state group dental program made after July 1, 2001, a comprehensive indemnity dental plan option which offers enrollees a completely unrestricted choice of dentists. If a dental plan is endorsed, or in some manner recognized as the preferred product, such plan shall include a comprehensive indemnity dental plan option which provides enrollees with a completely unrestricted choice of dentists.

b. Pursuant to the applicable provisions of s. 110.161, and s. 125 of the Internal Revenue Code of 1986, the department shall enroll in the pretax benefit program those state employees who voluntarily elect coverage in any of the supplemental insurance benefit plans as provided by sub-subparagraph a.

c. Nothing herein contained shall be construed to prohibit insurance providers from continuing to provide or offer supplemental benefit coverage to state employees as provided under existing agency plans.

(i) The benefits of the insurance authorized by this section shall not be in lieu of any benefits payable under chapter 440, the Workers' Compensation Law. The insurance authorized by this law shall

not be deemed to constitute insurance to secure workers' compensation benefits as required by chapter 440.

(j) For the 2020 plan year and each plan year thereafter, health plans shall be offered in the following benefit levels:

1. Platinum level, which shall have an actuarial value of at least 90 percent.
2. Gold level, which shall have an actuarial value of at least 80 percent.
3. Silver level, which shall have an actuarial value of at least 70 percent.
4. Bronze level, which shall have an actuarial value of at least 60 percent.

(4) PAYMENT OF PREMIUMS; CONTRIBUTION BY STATE; LIMITATION ON ACTIONS TO PAY AND COLLECT PREMIUMS.—

(a) Except as provided in paragraph (e) with respect to law enforcement officers, correctional and correctional probation officers, and firefighters, legislative authorization through the appropriations act is required for payment by a state agency of any part of the premium cost of participation in any group insurance plan. However, the state contribution for full-time employees or part-time permanent employees shall continue in the respective proportions for up to 6 months for any such officer or employee who has been granted an approved parental or medical leave of absence without pay.

(b) If a state officer or full-time state employee selects membership in a health maintenance organization as authorized by paragraph (3)(h), the officer or employee is entitled to a state contribution toward individual and dependent membership as provided by the Legislature through the appropriations act.

(c) During each policy or budget year, no state agency shall contribute a greater dollar amount of the premium cost for its officers or employees for any plan option under the state group insurance program than any other agency for similar officers and employees, nor shall any greater dollar amount of premium cost be made for employees in one state collective bargaining unit than for those in any other state collective bargaining unit. Nothing in this section prohibits the use of different levels of state contributions for positions exempt from career service.

(d) The state contribution for health insurance coverage for a part-time state employee who elects to participate in the program shall be prorated so that the amount of the cost contributed for the part-time permanent employee bears the same relation to the amount of cost contributed for a similar full-time employee that the part-time employee's normal workday bears to a full-time employee's normal workday.

(e) No state contribution for the cost of any part of the premium shall be made for retirees or surviving spouses for any type of coverage under the state group insurance program. However, any state agency that employs a full-time law enforcement officer, correctional officer, or correctional probation officer who is killed or suffers catastrophic injury in the line of duty as provided in s. 112.19, or a full-time firefighter who is killed or suffers catastrophic injury in the line of duty as provided in

s. 112.191, shall pay the entire premium of the state group health insurance plan selected for the employee's surviving spouse until remarried, and for each dependent child of the employee, subject to the conditions and limitations set forth in s. 112.19 or s. 112.191, as applicable.

(f) Pursuant to the request of each state officer, full-time or part-time state employee, or retiree participating in the state group insurance program, and upon certification of the employing agency approved by the department, the Chief Financial Officer shall deduct from the salary or retirement warrant payable to each participant the amount so certified and shall handle such deductions in accordance with rules established by the department.

(g) No administrative or civil proceeding shall be commenced to collect an underpayment or refund an overpayment of premiums collected pursuant to this subsection unless such claim is filed with the department within 2 years after the alleged underpayment or overpayment was made. For purposes of this paragraph, a payroll deduction, salary reduction, or contribution by an agency is deemed to be made on the date the salary warrant is issued.

(5) DEPARTMENT POWERS AND DUTIES.—The department is responsible for the administration of the state group insurance program. The department shall initiate and supervise the program as established by this section and shall adopt such rules as are necessary to perform its responsibilities. To implement this program, the department shall, with prior approval by the Legislature:

(a) Determine the benefits to be provided and the contributions to be required for the state group insurance program. Such determinations, whether for a contracted plan or a self-insurance plan pursuant to paragraph (c), do not constitute rules within the meaning of s. 120.52 or final orders within the meaning of s. 120.52. Any physician's fee schedule used in the health and accident plan shall not be available for inspection or copying by medical providers or other persons not involved in the administration of the program. However, in the determination of the design of the program, the department shall consider existing and complementary benefits provided by the Florida Retirement System and the Social Security System.

(b) Prepare, in cooperation with the Office of Insurance Regulation of the Financial Services Commission, the specifications necessary to implement the program.

(c) Contract on a competitive proposal basis with an insurance carrier or carriers, or professional administrator, determined by the Office of Insurance Regulation of the Financial Services Commission to be fully qualified, financially sound, and capable of meeting all servicing requirements. Alternatively, the department may self-insure any plan or plans contained in the state group insurance program subject to approval based on actuarial soundness by the Office of Insurance Regulation. The department may contract with an insurance company or professional administrator qualified and approved by the Office of Insurance Regulation to administer such plan. Before entering into any contract, the department shall advertise for competitive proposals, and such contract shall be let upon the consideration of the benefits provided in relationship to the cost of such benefits. In determining

which entity to contract with, the department shall, at a minimum, consider: the entity's previous experience and expertise in administering group insurance programs of the type it proposes to administer; the entity's ability to specifically perform its contractual obligations in this state and other governmental jurisdictions; the entity's anticipated administrative costs and claims experience; the entity's capability to adequately provide service coverage and sufficient number of experienced and qualified personnel in the areas of claims processing, recordkeeping, and underwriting, as determined by the department; the entity's accessibility to state employees and providers; the financial solvency of the entity, using accepted business sector measures of financial performance. The department may contract for medical services which will improve the health or reduce medical costs for employees who participate in the state group insurance plan.

(d) With respect to a state group health insurance plan, be authorized to require copayments with respect to all providers under the plan.

(e) Have authority to establish a voluntary program for comprehensive health maintenance, which may include health educational components and health appraisals.

(f) With respect to any contract with an insurance carrier or carriers or professional administrator entered into by the department, require that the state and the enrollees be held harmless and indemnified for any financial loss caused by the failure of the insurance carrier or professional administrator to comply with the terms of the contract.

(g) With respect to any contract with an insurance carrier or carriers, or professional administrator entered into by the department, require that the carrier or professional administrator provide written notice to individual enrollees if any payment due to any health care provider of the enrollee remains unpaid beyond a period of time as specified in the contract.

(h) Have authority to establish other voluntary programs to be funded on a pretax contribution basis or on a posttax contribution basis, as the department determines.

(i) Contract with a single custodian to provide services necessary to implement and administer the health savings accounts authorized in subsection (12).

Final decisions concerning enrollment, the existence of coverage, or covered benefits under the state group insurance program shall not be delegated or deemed to have been delegated by the department.

(6) DEPOSIT OF PREMIUMS AND REFUNDS.—Premium dollars collected and not required to pay the costs of the program, prior to being paid to the carrier insurance company, shall be invested, and the earnings from such investment shall be deposited in a trust fund to be designated in the State Treasury and utilized for increased benefits or reduced premiums for the participants or may be used to pay for the administration of the state group insurance program. Any refunds paid the state by the insurance carrier from premium dollar reserves held by the carrier and earned on such refunds shall be deposited in the trust fund and used for such purposes.

(7) CONTINUATION OF AGENCY INSURANCE PLANS.—Nothing contained in this section shall require the discontinuation of any insurance plan provided by any state agency; however, no state or agency funds shall be contributed toward the cost of any part of the premium of such agency plans. Such agency plans shall not be deemed to be included in the state group insurance program.

(8) COVERAGE FOR LEGISLATIVE MEMBERS AND EMPLOYEES.—

(a) The Legislature may provide coverage for its members and employees under all or any part of the state group insurance program; may provide coverage for its members and employees under a legislative group insurance program in lieu of all or any part of the state group insurance program; and, notwithstanding the provisions of paragraph (4)(c), may assume the cost of any group insurance coverage provided to its members and employees.

(b) Any legislative member who terminates his or her elected service after January 1, 1999, after having vested in the state retirement system, may purchase coverage in a state group health insurance plan at the same premium cost as that for retirees and surviving spouses. Such legislators may also elect coverage under the group term life insurance program prevailing for current members at the premium cost in effect for that plan.

(9) PUBLIC RECORDS LAW; EXEMPTION.—Patient medical records and medical claims records of state employees, former state employees, and their eligible covered dependents in the custody or control of the state group insurance program are confidential and exempt from the provisions of s. 119.07(1). Such records shall not be furnished to any person other than the affected state employee or former state employee or his or her legal representative, except upon written authorization of the employee or former state employee, but may be furnished in any civil or criminal action, unless otherwise prohibited by law, upon the issuance of a subpoena from a court of competent jurisdiction and proper notice to the state employee, former state employee, or his or her legal representative by the party seeking such records.

(10) STATEMENTS OF PURPOSE AND INTENT AND OTHER PROVISIONS REQUIRED FOR QUALIFICATION UNDER THE INTERNAL REVENUE CODE OF THE UNITED STATES.—Any other provisions in this chapter to the contrary notwithstanding:

(a) Any provision in this chapter relating to a state group insurance program shall be construed and administered to the extent possible to qualify such program to be a qualified and nondiscriminatory employee benefit plan under existing or hereafter-enacted provisions of the Internal Revenue Code of the United States.

(b) The department may adopt any rule necessary to accomplish the purposes of this subsection not inconsistent with this chapter.

(c) This subsection is declaratory of the legislative intent upon the original enactment of this section and is deemed to have been in effect since that date.

(11) NOTICE BY HEALTH CARE PROVIDERS.—Any health care provider that has entered into a contract with a carrier or professional administrator that has contracted with the department to administer the self-insurance program under this section shall provide written notification to the enrollee and the carrier or administrator at least 10 days before assigning or transferring the responsibility for collecting any payment or debt related to the plan to a collection agency or to any other third party.

(12) HEALTH SAVINGS ACCOUNTS.—The department is authorized to establish health savings accounts for full-time and part-time state employees in association with a health insurance plan option authorized by the Legislature and conforming to the requirements and limitations of federal provisions relating to the Medicare Prescription Drug, Improvement, and Modernization Act of 2003.

(a) A member participating in this health insurance plan option is eligible to:

1. Receive an employer contribution into the employee's health savings account from the State Employees Health Insurance Trust Fund in an amount to be determined by the Legislature. A member is not eligible for an employer contribution upon termination of employment. For the 2013-2014 fiscal year, the state's monthly contribution for employees having individual coverage shall be $41.66 and the monthly contribution for employees having family coverage shall be $83.33. For the 2014-2015 fiscal year and thereafter, the state's contribution from the trust fund into the member's health savings account shall be set in the annual General Appropriations Act.

2. Deposit the member's own funds into a health savings account.

(b) The monthly premiums paid by the employer for a member participating in this health insurance plan option shall include an amount equal to the monthly employer contribution authorized by the Legislature for that fiscal year.

(c) The health savings accounts shall be administered in accordance with the requirements and limitations of federal provisions relating to the Medicare Prescription Drug, Improvement, and Modernization Act of 2003.

(13) OTHER-PERSONAL-SERVICES EMPLOYEES (OPS).—

(a) Each agency or other entity that participates in the state group insurance program shall provide information to the department on each of its employees regardless of whether the employee participates in the program. Such information must include the name of the employee, the number of hours worked by the employee, and any other information the department considers necessary for determining the eligibility of the employee to participate in the program. Such information shall be submitted as prescribed by the department.

(b) Each agency or other entity that participates in the state group insurance program shall identify any of its employees paid from OPS funds or similar funds who are employed by another agency or entity participating in the state group insurance program.

(c) The initial measurement period used to determine whether an employee hired before April 1, 2013, and paid from OPS funds is a full-time employee described in subparagraph (2)(c)1. is the 6-month period from April 1, 2013, through September 30, 2013.

(d) All other measurement periods used to determine whether an employee paid from OPS funds is a full-time employee described in paragraph (2)(c) must be for 12 consecutive months.

STATE EMPLOYMENT

110.161 State employees; pretax benefits program.--

(1) This section may be cited as the "State Employees Pretax Benefits Program Act."

(2) As used in this section, "employee" means any individual filling an authorized and established position in the executive, legislative, or judicial branch of the state, including the employees of the State Board of Administration, the state universities, and other entities of state government holding salaried positions and being paid by state warrant or from agency funds.

(3) It is found and declared that the maintenance of a system of personnel management which ensures the state the delivery of high-quality performance by employees is facilitated by the state's ability to attract and retain qualified personnel. The Legislature recognizes that the public interest is best served by development of a benefits program which is not only cost-efficient but sufficiently flexible to meet the individual needs of its employees.

(4) The Congress of the United States has, by the enactment of the Internal Revenue Code of 1986, as amended, recognized the increasing cost to all employers and employees of necessary benefits and, in an attempt to help employers and employees meet these increased costs, has found and determined that employee benefits may be administered on a pretax basis. In so doing, Congress has thereby provided a method to assist state government in structuring employee benefit programs which are more cost-efficient for individual employees and state government.

(5) The Department of Management Services shall develop rules for the pretax benefits program, which shall specify the benefits to be offered under the program, the continuing tax-exempt status of the program, and any other matters deemed necessary by the department to implement this section. The rules must be approved by a majority vote of the Administration Commission.

(6) The Department of Management Services is authorized to administer the pretax benefits program established for all employees so that employees may receive benefits that are not includable in gross income under the Internal Revenue Code of 1986. The pretax benefits program:

(a) Shall allow employee contributions to premiums for the state group insurance program administered under s. 110.123 to be paid on a pretax basis unless an employee elects not to participate.

(b) Shall allow employees to voluntarily establish expense reimbursement plans from their salaries on a pretax basis to pay for qualified medical and dependent care expenses, including premiums paid by employees for qualified supplemental insurance.

(c) May provide for the payment of such premiums through a pretax payroll procedure. The Administration Commission and the Department of Management Services are directed to take all actions necessary to preserve the tax-exempt status of the program.

(7) The Legislature recognizes that a substantial amount of the employer savings realized by the implementation of a pretax benefits program will be the result of diminutions in the state's employer contribution to the Federal Insurance Contributions Act tax. There is hereby created the Pretax Benefits Trust Fund in the Department of Management Services. Each agency in the executive, legislative, or judicial branch of the state, including the State Board of Administration, state universities, and other entities of state government whose employees hold salaried positions and are paid by state warrant or from agency funds, shall transfer to the Pretax Benefits Trust Fund the full and complete employer FICA contributions saved in connection with each weekly, biweekly, semimonthly, or monthly payroll as a result of the implementation of the pretax benefits program authorized pursuant to this section. Such savings shall be transferred to the Pretax Benefits Trust Fund upon transacting each payroll, but not later than a subsequent payroll. Any moneys forfeited pursuant to employees' salary reduction agreements to participate in the program must also be deposited in the Pretax Benefits Trust Fund. Moneys in the Pretax Benefits Trust Fund shall be used for the pretax benefits program, including its administration by the Department of Management Services or a third-party administrator.

(8) Any Federal Insurance Contributions Act tax savings and any reimbursement account forfeitures in the Pretax Benefits Trust Fund in excess of the obligations and encumbrances to administer the pretax benefits program shall be calculated as of June 30 each year and transferred to the State Employees' Group Health Self-Insurance Trust Fund prior to July 1 of each year.

(9) For all purposes under any state-administered retirement program, the compensation or gross compensation of any employee participating in any pretax benefits program shall be deemed to have been the compensation or gross compensation which the employee would have received if he or she were not participating in such pretax benefit program.

(10) Notwithstanding any contrary provisions of this section, the program established under this section shall be provided to members of a collective bargaining unit represented by a certified employee organization only after the organization and the public employer have concluded the collective bargaining process regarding program provisions that are terms or conditions of employment.

History.--s. 1, ch. 88-345; s. 2, ch. 89-277; s. 5, ch. 90-196; s. 28, ch. 92-279; s. 55, ch. 92-326; s. 665, ch. 95-147; s. 7, ch. 97-92; s. 11, ch. 99-255; s. 2, ch. 2003-91; s. 6, ch. 2004-347; s. 12, ch. 2005-2.

Department of Management Services
Fiscal Year 2019-20 - Trust Fund Summary

	Trust Fund	Controlling Statutory Authority	Statutory Purpose of Trust Fund	Specific Revenue Source(s)
17	Pretax Benefits Trust Fund	110.161(7)	To provide employees benefits that are not includable in gross income under the Internal Revenue Code of 1986. The pretax benefits program includes: employee contributions to premiums for the state group insurance program; establishing expense reimbursement plans from salaries to pay for qualified medical and dependent care expenses, including premiums paid by employees for qualified supplemental insurance.	The primary sources of revenues for the Pretax Benefits Trust Fund are tax savings transferred from state agencies, supplemental insurance plan premiums, employee pretaxed set aside funds for health care and dependent care reimbursements.
18	State Employees Disability Insurance Trust Fund	110.123(6)	To record the collection of disability insurance premiums from the State for eligible participants and to record disbursements for benefits and administrative costs.	Premiums are paid 100% by the employing agency for a select group of state employees.
19	State Employees Health Insurance Trust Fund	110.123(6) 110.1239	To record the collection of health insurance premiums from the State and eligible participants and to record disbursements for benefits and administrative costs.	Primarily funded through premium contributions received from the State as employer and participating active and retired State employees. Additional funding sources include interest earnings on cash surplus, medical claim payment refunds, pharmacy rebates and transfers of cash surpluses from the Pretax Benefits Trust Fund.
20	State Employees Life Insurance Trust Fund	110.123(6)	To record the collection of life insurance premiums from the State and eligible participants and to record disbursements for benefits and administrative costs.	Primarily funded through premium contributions received from the State as employer and participating active and retired state employees. In accordance with an Internal Revenue ruling, cash balance is to be used for specified purposes associated with the enhanced life insurance program that was implemented in January 1999.

Post-Session Outlook

State Employees' Group Health Self-Insurance Trust Fund

Report on Financial Outlook

For the Fiscal Years Ending June 30, 2020 through June 30, 2025

Adopted August 5, 2020, to the
Self-Insurance Estimating Conference

Prepared by: Florida Department of Management Services
Division of State Group Insurance

EXECUTIVE SUMMARY

The Florida Division of State Group Insurance (the Division) prepared an Outlook for the State Employees' Group Health Self-Insurance Trust Fund (Trust Fund) for the fiscal years (FY) ending June 30, 2020, through June 30, 2025. The Outlook is prepared to assist in the State's planning and budgeting in accordance with section 216.136(9), Florida Statutes, and is prepared using cash basis methods and modeling based on the healthcare benefit and funding design currently in place.

The Outlook builds on the financial and enrollment data presented in the January 2020 Report on the Financial Outlook, henceforth referred to as the Prior Outlook. With the Prior Outlook as the base, this Outlook has adjustments for the following:

1. Actual enrollment and cash flows through June 2020.
2. Revised growth factors for Preferred Provider Organization (PPO) and Health Maintenance Organization (HMO) pharmacy claims.
3. Revised growth factors for PPO and HMO medical claims for FY 2020-21.
4. Inclusion of new employer insurance premium contribution rates effective December 2020 for January 2021.
5. Revised projections for the Shared Savings program.
6. Inclusion of the reestablished Patient-Centered Outcomes Research Institute (PCORI) Fee.

After the COVID-19 Public Health Emergency was declared on March 9, 2020, through Executive Order number 20-52, the Division noticed a reduction in medical claims expense and an increase in prescription drug expense in the 4th quarter of FY 2019-20. The reduction in medical claims is assumed to be a result of fewer doctor visits and elective procedures during the pandemic, while the increase in prescription drugs cost is attributed to members refilling prescriptions for longer periods due to stay at home orders and exposure concerns. Currently, there is insufficient data available to determine long-term patterns of utilization due to COVID-19. As a result, this Outlook incorporates growth rate projections which are higher than the Prior Outlook to account for a possible increase in medical utilization later in FY 2020-21 as members may seek medical services they have delayed due to COVID-19. Additionally, cost assumptions for possible COVID-19 vaccines have not been incorporated at this time due to the uncertainty of the vaccine rollout, who will pay for the vaccine (federal, state or private pay), or what the member cost-share will be. This Outlook also does not consider the effects of the Chief Financial Officer's Directive 2020-05 relating to workers compensation claims due to COVID-19 for "Frontline State Employees," as the impact of claims to date has been minimal, according to the Department of Financial Services, Division of Workers Compensation. The Division of State Group Insurance will continue to track COVID-19 related impacts and will incorporate them as sufficient and material data becomes available.

This Outlook reflects an increase in revenues for FY 2019-20 and increases for all other years compared to the Prior Outlook. Expenses have been reduced for all years of the Outlook compared to the Prior Outlook. Increases in ending cash balances are reflected for all years of the Outlook. FY 2021-22 and FY 2022-23, projections now are for a positive ending cash balance compared to the deficit previously projected in the Prior Outlook. Operating deficits projected for FY 2023-24 and FY 2024-25 in the Prior Outlook have decreased. The Outlook reflects that the Trust Fund is projected to remain solvent through FY 2022-23.

The ending cash balance for FY 2019-20 is $649.3 million, an increase of $145.3 million for the Prior Outlook. The estimated operating gain of $3.4 million is now a gain of $148.7 million. For FY 2020-21, the forecasted ending cash balance is adjusted from $311.4 million to $712.2 million, and the estimated operating loss of $192.7 is now a gain of $62.9 million. The ending cash balance for FY 2021-22 is adjusted from a deficit of $103.2 million to a positive balance of $657.8 million. The estimated operating loss of $414.6 million is decreased to $54.4 million. For FY 2022-23, the ending cash balance is adjusted from a deficit of $653.4 million to a positive balance of $400.2 million, while the estimated operating loss of $653.4 million is decreased to $257.6 million. Ending cash balance deficits and operating losses are projected for FY 2023-24 through FY 2024-25.

Below is a summary of the Outlook for the Trust Fund through FY 2024-25:

	FY 2019-20 Actual	FY 2020-21 Estimate	FY 2021-22 Estimate	FY 2022-23 Estimate	FY 2023-24 Estimate	FY 2024-25 Estimate
BEGINNING CASH BALANCE	$ 500.7	$ 649.3	$ 712.2	$ 657.8	$ 400.2	$ 0.0
TOTAL REVENUES	$ 2,793.7	$ 2,881.6	$ 2,977.6	$ 2,992.1	$ 2,999.7	$ 3,026.3
TOTAL EXPENSES	$ 2,645.1	$ 2,818.7	$ 3,032.0	$ 3,249.7	$ 3,481.9	$ 3,790.2
OPERATING GAIN/(LOSS)	$ 148.7	$ 62.9	$ (54.4)	$ (257.6)	$ (482.2)	$ (763.9)
ENDING CASH BALANCE	**$ 649.3**	**$ 712.2**	**$ 657.8**	**$ 400.2**	**$ (82.0)**	**$ (763.9)**

Note: Assumes no carry forward of negative cash balance.

ENROLLMENT

Final enrollment for FY 2019-20 reflects 176,543 subscribers and 189,186 dependents, totaling 365,729 covered lives. Approximately 47.3% of subscribers enrolled in PPO plans, 52.5% enrolled in HMO plans, and 0.2% enrolled in a MAPD plan. Subscriber enrollment in individual coverage was 47.8%, and 52.2% were enrolled in family coverage, which had an average size of 3.05 members. Enrollment for FY 2019-20 through FY 2024-25 continues to reflect a flattening enrollment trend in the Active coverage category with growth of 0.02% annually. The Early Retiree coverage category is projected to decrease an average of

2.3% annually, and enrollment in the Medicare coverage category is decreasing by 0.14%. Total enrollment is projected to decrease an average of 0.07% year over year throughout the forecast period.

Overall enrollment projections across all years of the forecast reflect an average annual decrease of 0.28% in PPO plans, an average decrease of 0.03% in HMO plans and average increase of 22.4% for the new MAPD plan.

As of June 2020, approximately 4,551 subscribers (4,440 active employees) were enrolled in a High Deductible Health Plan (2.3% of total enrollment). Active employees account for 97.6% of these subscribers, of which 90.2% are participating in the integrated state-sponsored Health Savings Account (HSA) offering.

As of June 2020, a total of 25,348 eligible employees, or 14.73%, opted out of enrollment in the Program, with 40.70% of those employees in OPS positions. The Prior Outlook reflected that 16.74% of eligible employees opted out of coverage and 43.31% were in OPS positions.

REVENUE

Actual premium revenue received during FY 2019-20 was $2.49 billion, $43.0 million more than projected in the Prior Outlook due to shifts in enrollment categories. Investment earnings received during FY 2019-20 were $15.4 million, $0.8 million higher than the Prior Outlook, based on higher actual investment earnings. Refunds received for medical claims overpayments were $4.6 million less than the Prior Outlook, with actual receipts of $18.2 million. Pharmacy rebates received during FY 2019-20 totaled $176.6 million, $15.2 million higher than the Prior Outlook based on actual rebates received. This amount does not include the $29.2 million quarterly Pharmacy Benefit Manager (PBM) rebates which are reported on separately. This forecast also reflects the year-end pretax transfer of $21.7 million, required by Section 110.161(8), Florida Statutes. Medicare drug subsidy payments received during FY 2019-20 were $18.6 million, which was the same as the Prior Outlook. Other revenues collected were $21.2 million, an increase of $0.2 million due primarily to the collection of network discount guarantee payments received from the current Pharmacy Benefits Manager (PBM). Total revenues received during FY 2019-20 were $2.79 billion, reflecting an increase of $53.0 million from the Prior Outlook.

Changes in insurance premiums in this forecast are primarily driven by changes in employer contribution rates established in the General Appropriations Act enacted during the 2020 Legislative Session. Combined premium contribution revenues for FY 2020-21 through FY 2024-25 are $933.3 million higher than projected in the Prior Outlook. Investment earnings increased $45.2 million for FY 2020-21 through FY 2022-23 due to higher projected cash balances. TPA Refunds reflect a decrease of $6.0 million per year due to actual experience in FY 2019-20. PBM Rebates are projected to increase by a combined total of $136.2 million. Medicare drug subsidy payments decreased by a combined $5.1 million across all years of the Outlook due to lower projected Medicare enrollment. Overall, Total Revenue changes in this outlook (including FY 2019-20) reflect a combined increase of $1.13 billion compared to the Prior Outlook.

SPEND

Total expenses paid in FY 2019-20 for self-insured PPO and HMO medical claims were $1.52 billion, which was $98.3 million lower than the Prior Outlook due to lower than expected claims experience. ASO fee expenses paid during the fiscal year were $43.0 million. Total pharmacy claim expenses were $731.7 million, up $17.1 million from the Prior Outlook due to higher than expected pharmacy claims. FY 2019-20 fully insured premium expense came in $0.3 million higher than expected, at $325.0 million, and MAPD premium cost was $0.9 million for FY 2019-20. The Shared Savings Program expenses were $7.7 million, $6.7 million less than the Prior Outlook due to lower than expected utilization. Health savings account expenses came in as projected at $6.7 million. Operating costs were $4.0 million, $0.1 million higher than the Prior Outlook. Premium refunds for the period were $5.3 million, reflecting a decrease of $1.9 million due to lower actuals than previously forecasted. Other expenses for FY 2019-20 totaled $1.1 million, up $0.1 million from the Prior Outlook.

The forecast of PPO expenses for FY 2020-21 through FY 2024-25 reflect a combined projected decrease of $390.3 million. PPO medical claims projections overall are $233.9 million lower, reflecting a $22.4 million decrease due to lower projected enrollment. PPO Pharmacy expenses are $155.0 million lower, due to lower projected enrollment, claims experience, and lower trend rates. PPO Administrative Services Only (ASO) fees and PBM Administration fees reflect a combined decrease of $1.4 million due to decreased enrollment projections.

The forecast of FY 2020-21 through FY 2024-25 reflects a combined decrease of $429.0 million in fully insured and self-insured HMO expenses. Fully insured premium payments reflect a combined decrease across all years totaling $4.1 million due to lower projected enrollment. HMO medical claims projections overall are $362.8 million lower, reflecting a $29.2 million decrease due to lower projected enrollment. HMO pharmacy expenses reflect a combined decrease across all years of $56.9 million due to lower projected enrollment, claims experience, and lower trend rates. HMO ASO fees and PBM administration fees reflect a combined decrease of $5.2 million due to shifts between carriers.

Combined, PPO and HMO medical claims across all years of the forecast (including FY 2019-20), compared to the Prior Outlook, reflect a $695.0 million decrease. The net combined decrease in pharmacy claims costs across all years is $194.8 million compared to the Prior Outlook.

The same medical trends are presented for this Outlook, except for FY 2020-21. For FY 2020-21, the PPO medical trend used is the per-member rolling 12-month trend of 7.9% provided by the PPO Plan. The HMO medical trend is 7.2%, which is the blended projected trend provided by the HMO vendors. All remaining out years used the same medical trends adopted for the Prior Outlook.

HSA Deposits reflect an increase of $3.9 million across all years of the forecast due to higher enrollment in the High Deductible Plans.

Operating Costs and Administrative Assessment reflect an increase of $3.5 million for FY 2020-21 through FY 2022-23, based on the FY 2020-21 budget adopted during the 2020 legislative session. Including FY 2019-20, the total increase is $3.6 million.

Premium Refunds reflect a decrease of $11.4 million across all years of the forecast (including FY 2019-20) based on decreased refund activity.

Other Expenses reflect an increase of $0.9 million per year due to the reestablishment of Patient-Centered Outcomes Research Institute (PCORI) Fees by Congress.

Highlights of Changes to Forecast

A) Inclusion of actual enrollment and cash flows through June 2020
B) Revised growth factors for Preferred Provider Organization (PPO) and Health Maintenance Organization (HMO) pharmacy claims.
C) Revised growth factors for PPO and HMO medical claims for FY 2020-21
D) Inclusion of new employer insurance premium contribution rates effective December 2020 for January 2021
E) Revised projections for the Shared Savings program
F) Inclusion of the reestablished Patient-Centered Outcomes Research Institute (PCORI) Fee

Exhibit IV
Notes to the Financial Outlook

1) Actual results may differ from projected values with increasing likelihood of variance in future periods.
2) Assumes no carry forward of a negative ending cash balance from prior year.
3) Includes HSA contributions which approximate a split between employer and employee of 47% and 53%, respectively.
4) Administrative expenses for HRA account administration, transparency services entity, and comprehensive surgical and medical procedures entity.
5) Other Expenses include the estimated impact of Patient-Centered Outcomes Research Institute (PCORI) fees.
6) Includes funds held in accounts outside of the Trust Fund at the Department of Financial Services, Division of Treasury, for the purpose of paying medical claims.
7) Includes funds designated for employee HRA accounts as a result of shared savings and employer funds designated for, but not yet transferred to the Pre-Tax Trust Fund, for employee FSA accounts as a result of shared savings. Projected amounts of bundled service medical claims and shared savings to employees is unknown and expenditures have not been included at this time.
8) Includes estimated HMO IBNR medical claims and outstanding drafts.
9) Includes estimated PPO and HMO IBNR Rx claims.
10) Includes estimated PPO Plan and Self-Insured HMO Plans Incurred but not Reported (IBNR) claims and outstanding drafts, HRA account balances, and shared savings designated for FSA accounts not yet transferred to the Pre-Tax Trust Fund
11) Medicare Advantage Prescription Drug Plans (MAPD) became available to Medicare eligible members on January 1, 2020. The initial MAPD enrollment is 716 members and is held flat for the Outlook. For FY 2019-20, the average annual enrollment is reported as 358 subscribers as the program was only active for 6 months of the year.
12) Decrease in Beginning Cash Balance Forecast due to audit reconciliation. In the Fall of 2019, Division staff discovered that the model that had been set up in 2011 to create cash flow statements was not properly capturing the medical claims expense side of entries made in FLAIR to account for monthly medical claims offsets and self-insured HMO refunds by two self-insured HMO vendors. After extensive research, the Division determined that self-insured HMO medical claims expenses had been underreported in prior Outlooks in the cumulative amount of $52.6 million, for the period of January 2012 through June 2019. Staff also determined that there was a cumulative $1.6 million variance in cash reporting balances due to rounding. Therefore, this Outlook reflects an adjustment of $54.2 million to the FY 2019-20 beginning cash balance. Below is a summary of the $52.6 million in self-insured HMO medical claim adjustments made by fiscal year.

See note 12 above:

ADJUSTMENT BY FISCAL YEAR	
FY 12-13	$ 500,274.27
FY 13-14	$ 916,355.33
FY 14-15	$ 1,098,668.49
FY 15-16	$ 2,721,847.64
FY 16-17	$ 5,643,869.37
FY 17-18	$ 9,225,225.85
FY 18-19	$ 32,454,705.56
Total	$ 52,560,946.51

Exhibit V
Comparison of Financial Outlooks
Fiscal Year 2019-20
(In Millions)

$ 504.1 - Previous Ending Cash Balance Forecast [(i)]

53.0 - Increase in Revenue Forecast
- 43.0 - Net Increase in Insurance Premiums
  - (0.2) - Decrease in employer and enrollee HSA contributions
  - 43.2 - Increase in Insurance Premiums due to shifts in enrollment categories
- 0.8 - Increase in Investment Earnings due to higher actual cash balance than projected
- (0.7) - Decrease in PPO - TPA Refunds
  - (0.1) - Decrease due to lower projected enrollment from 83,611 to 83,540
  - (0.6) - Decrease due to lower actual activity than projected
- 9.1 - Increase in PPO - PBM Rebates
  - (0.1) - Decrease due to lower actual than projected enrollment from 83,611 to 83,540
  - 9.2 - Increase due to higher actual activity than projected
- (4.0) - Decrease in HMO - Self-Insured Refunds due to lower actual than projected activity
- 6.1 - Increase in HMO - PBM Rebates due to higher actual than projected activity
- (1.5) - Decrease in Pretax Trust Fund Transfer due to lower actual than projected FY 2019-20
- 0.2 - Increase in Other Revenues due to audit findings and non-recurring activity

(92.2) - Decrease in Expense Forecast
- (36.6) - Decrease in State PPO Plan
  - (42.0) - Decrease in Medical Claims
    - (0.7) - Decrease due to lower actual than projected enrollment from 83,611 to 83,540
    - (1.1) - Decrease due to Shared Savings Program
    - (40.2) - Decrease due to lower actual claims experience
  - (0.1) - Decrease in ASO Fee Expense due to lower actual than projected enrollment from 83,611 to 83,540
  - 5.5 - Increase in Prescription Drug Claims
    - (0.7) - Decrease due to lower actual enrollment from 83,611 to 83,540
    - 6.2 - Increase due to higher actual claims experience
- (47.0) - Decrease in HMO Plan
  - 0.3 - Increase in Premium Payments
    - 0.2 - Increase due to higher actual enrollment from 31,398 to 31,414
    - 0.1 - Increase due to shifts in enrollment categories
  - (56.3) - Decrease in Medical Claims
    - (0.7) - Decrease due to lower actual enrollment from 61,240 to 61,190
    - (1.3) - Decrease due to Shared Savings Program
    - (54.3) - Decrease due to lower actual claims experience
  - (2.6) - Decrease in ASO Fees due to lower actual enrollment and shifts between HMO plans
  - 11.6 - Increase in Prescription Drug Claims
    - (0.4) - Decrease due to lower actual enrollment from 87,025 to 86,981
    - 12.0 - Increase due to higher actual claims experience
- (0.2) - Decrease in MAPD Premium Payments due to lower actual than projected payments
- (6.7) - Decrease in Shared Savings Program
  - (6.0) - Decrease due to lower actual then projected Bundled Surgical Service claims
  - (0.7) - Decrease in Administrative Fees for HRA plan administrator
  - 0.1 - Increase in Shared Savings to Employees
- (1.8) - Decrease in Other Expense Categories

Medicare Monthly Premium Rates				
Plan Name	Plan Type	Medicare I One Eligible [5]	Medicare II One Under/Over [6]	Medicare III Both Eligible [7]
Self-Insured PPO / HMO	Standard	388.38	1,119.85	776.76
	HDHP	292.76	917.13	585.51
Capital Health Plan [8]	Standard	282.62	945.62	565.24
	HDHP	257.23	852.80	514.46

Notes:

(1) Premium contribution for Part-Time Employees (FTE < 0.75) is to be calculated as follows:
Step 1. State Contribution x FTE% = Calculated State Contribution
Step 2. Total Contribution - Calculated State Contribution = Employee Contribution

(2) SES/SMS - Includes executive, legislative and judicial branch agencies for employees with enhanced benefits, excluding Spouse Program participants.

(3) Includes an additional 2% for administrative costs as permitted by federal regulations.

(4) The employer monthly HSA contribution of $41.66/single ($500 annually) and $83.33/family ($1,000 annually) is included in the listed employer rates.

(5) Single coverage for participant eligible for Medicare Parts A and B. Does not include monthly Medicare Part B premium.

(6) Family coverage for two or more participants, if at least one participant is eligible for Medicare Parts A and B. Does not include Medicare Part B premium.

(7) Family coverage for two participants and both are eligible for Medicare Parts A and B. Does not include Medicare Part B premium.

(8) Medicare eligible retirees must complete the HMO's Medicare Advantage Plan application process to be eligible for this coverage.

	HDHP	262.37	920.21	524.75

Notes:

(1) Premium contribution for Part-Time Employees (FTE < 0.75) is to be calculated as follows:
Step 1. State Contribution x FTE% = Calculated State Contribution
Step 2. Total Contribution - Calculated State Contribution = Employee Contribution

(2) SES/SMS - Includes executive, legislative and judicial branch agencies for employees with enhanced benefits, excluding Spouse Program participants.

(3) Includes an additional 2% for administrative costs as permitted by federal regulations.

(4) The employer monthly HSA contribution of $41.66/single ($500 annually) and $83.33/family ($1,000 annually) is included in the listed employer rates.

(5) Single coverage for participant eligible for Medicare Parts A and B. Does not include monthly Medicare Part B premium.

(6) Family coverage for two or more participants, if at least one participant is eligible for Medicare Parts A and B. Does not include Medicare Part B premium.

(7) Family coverage for two participants and both are eligible for Medicare Parts A and B. Does not include Medicare Part B premium.

(8) Must be enrolled in Medicare and must complete the HMO's Retiree Advantage application process to be eligible for this coverage.

Medicare Advantage and Prescription Drug (MA-PD) Plans
Premium Rate Table
Effective December 2019 for January 2020 Coverage

MA-PD Plan Premium Rates			
Plan Name	**Plan Type**	**Monthly Cost Per Member**	**Monthly Cost Per Member through COBRA**
Capital Health Plan - MA-PD	MA-PD	165.00	168.30
Humana - MA-PD	MA-PD	40.47	41.28
UnitedHealthcare - MA-PD	MA-PD	219.97	224.37

Important Information:

You must be **enrolled** in Medicare Parts A&B to be eligible for an MA-PD plan. If you are enrolled in family coverage, all covered family members must be enrolled in Medicare Parts A&B to be eligible for one of these MA-PD plans. The premiums listed above are per member. If you have yourself and a dependent under your family plan, multiply the premium by 2, etc.

Premiums **do not** include your Medicare Part B premium.

COBRA premiums include an additional 2% for administrative costs as permitted by federal regulations.

The People First Service Center **must** have your Medicare information. If your Medicare enrollment cannot be verified, you will be moved to the PPO plan through Florida Blue. Call the People First Service Center to confirm your Medicare information is on file if you have not done so.

STATE OF FLORIDA
DIVISION OF STATE GROUP INSURANCE
OTHER POSTEMPLOYMENT BENEFITS PROGRAM

GASB 75 DISCLOSURE INFORMATION FOR THE
FISCAL YEAR ENDING JUNE 30, 2021

October 23, 2020

Mr. Ryan Stokes
Chief of Financial & Fiscal Management
Division of State Group Insurance
Florida Department of Management Services
4050 Esplanade Way, Suite 215
Tallahassee, FL 32399

Re: Fiscal Year Ending June 30, 2021 GASB 75 Report

Dear Mr. Stokes:

We are pleased to present to the State of Florida, Division of State Group Insurance (DSGI) this report of the annual actuarial valuation of the State of Florida Division of State Group Insurance's Other Postemployment Benefits (OPEB) Program. This valuation was performed to determine annual expenses associated with providing OPEB benefits, the current funded status of the Plan, and to provide all necessary schedules required to comply with the Governmental Accounting Standards Board No. 75 for the fiscal year ending June 30, 2021.

The measurements shown in this actuarial valuation may not be applicable for other purposes. Future actuarial measurements may differ significantly from the current measurements presented in this report due to factors such as the following: plan experience differing from that anticipated by the economic or demographic assumptions; changes in economic or demographic assumptions; increases or decreases expected as part of the natural operation of the methodology used for these measurements (such as the end of an amortization period); and changes in plan provisions or applicable law. Due to the limited scope of this report, we did not provide an analysis of these potential differences.

The valuation has been conducted in accordance with generally accepted actuarial principles and practices, including the applicable Actuarial Standards of Practice as issued by the Actuarial Standards Board, and reflects all applicable federal laws and regulations. In our opinion, the assumptions used in this valuation, as adopted by the DSGI, represent reasonable expectations of anticipated plan experience.

In conducting the valuation, we have relied on personnel and plan design information supplied by DSGI and Florida Retirement System, and the actuarial assumptions and methods described in the Actuarial Assumptions section of this report. While we cannot verify the accuracy of all this information, the supplied information was reviewed for consistency and reasonableness. As a result of this review, we have no reason to doubt the substantial accuracy of the information and believe that it has produced appropriate results. This information, along with any adjustments or modifications, is summarized in various sections of this report.

The Total OPEB liability and certain sensitivity information shown in this report are based on an actuarial valuation performed as of July 1, 2020. It is our opinion that the assumptions used for this purpose are internally consistent, reasonable, and comply with the requirements under GASB No. 75.

The undersigned are familiar with the immediate and long-term aspects of OPEB valuations and meet the Qualification Standards of the American Academy of Actuaries necessary to render the actuarial opinions contained herein. All the sections of this report are considered an integral part of the actuarial opinions.

The information included in this report was developed per the scope of work under the purchase order #B79426, effective July 1, 2020 and under the terms of the State Term Contract #DMS-13/14-018A.

To our knowledge, no associate of Foster & Foster, Inc. working on valuations of the program has any direct financial interest or indirect material interest in the State of Florida, Division of State Group Insurance, nor does anyone at Foster & Foster, Inc. act as a member of a board or council for the State of Florida, or any of the entities reported herein. Thus, there is no relationship existing that might affect our capacity to prepare and certify this actuarial report.

If there are any questions, concerns, or comments about any of the items contained in this report, please contact Brad at 239-433-5500.

Respectfully submitted,

Foster & Foster, Inc.

SECTION 1 – INTRODUCTION

The July 1, 2020 annual actuarial valuation of the State Employees' Group Health Insurance Plan (the Plan) for the retired employees of the State of Florida, State Universities, and other entities, has been completed and the results are presented in this Report. For purposes of this valuation, only the retiree medical benefits provided by the State Employees' Preferred Provider Option (PPO) and Health Maintenance Organizations (HMOs) were taken into consideration. The results of this valuation are applicable to the plan/fiscal year ending June 30, 2021.

The following table summarizes the key components of the OPEB valuation:

Executive Summary	
Total OPEB Liability as of the Measurement Date	$10,162,770,231.00
OPEB Expense For the Reporting Period Ending June 30, 2021:	$ 386,890,511.60
Covered Employee Payroll	N/A
Sponsor's Total OPEB Liability as a percentage of Covered Employee Payroll	N/A
	Census Information as of July 1, 2020
Active Participants	158,916
Retirees, Beneficiaries, and Disabled Members	35,580
Dependent Spouses	10,580
Total	205,076

DSGI Funding Policy:
The State Employees' Group Health Insurance Plan operates as a multiple-employer defined benefit health plan. However, current administration of the Program is not through a formal trust per the requirements of GASB 75. Per directive from DSGI, this report includes separate liabilities and costs determined for each participating employer (six employers). Additionally, in determining the OPEB expense for the fiscal year, Employer 1 utilizes an allocation approach based on the Total OPEB Liability as of the measurement date. The numbers shown above and throughout this report reflect a decision not to advance-fund the program.

Changes since the Prior Valuation:

The following changes have been made since the prior valuation:

- Census Data – The census data reflects changes in status for the twelve (12) month period since July 1, 2020.
- Discount Rate – The discount rate was updated to utilize the mandated discount rate based on a 20-year S&P Municipal Bond Rate Index as of the measurement date, as required under GASB 75. The discount rate decreased from 2.79% to 2.66%.
- Mortality – Mortality rates were updated to align with those used in the actuarial valuation of the Florida Retirement System (FRS) conducted by Milliman as of July 1, 2019. Rates were previously based on RP-2000 mortality tables with fully generational improvement using Scale BB. Underlying tables were updated to use Pub-2010 mortality tables with fully generational improvement using Scale MP-2018. This change decreased the Total OPEB Liability by about 5%.
- Excise ("Cadillac") Tax – The previous valuation conducted as of July 1, 2019 reflected the full impact of the Excise Tax that was to go into effect in 2022. The impact of this change was an increase in liabilities of about 12%. Since the previous valuation, this tax was repealed. The current valuation reflects this. The impact of this change is a decrease in the Total OPEB Liability of about 13%.
- Claims Costs and Premium Rates – The assumed claims and premiums reflect the actual claims information that were provided as well as the premiums that are actually being charged to participants. The recent favorable claims experience resulted in lower liabilities as of June 30, 2020.
- Trend Rate – We update the medical trend assumption each year based on the Getzen Model. We used medical trend rates consistent with the August 2020 Report on Financial Outlook of the Plan along with information from the Getzen Model and actuarial judgement. The impact of the trend rate changes is a small decrease in the liability, due primarily to lower trend rates in the first several years.
- Active Medical Plan Elections – Most actively employed participants in the Plan are health plan subscribers. Those participants are assumed to continue their current health coverage into retirement. For those who are not currently covered under the health plan, 72% are assumed to elect PPO coverage in retirement. The remaining 28% are assumed to elect HMO coverage. This assumption is based on guidance provided by the DSGI in an email on September 22, 2020. This change resulted in a small decrease in the Total OPEB Liability.

The balance of this Report presents additional details of the actuarial valuation and the general operation of the Fund. The undersigned would be pleased to meet with the State in order to discuss the Report and any pending questions concerning its contents.

Respectfully submitted,

FOSTER & FOSTER, INC.

Comments on the Valuation

Demographic Data:

We received coverage election data from the Division of State Group Insurance as of July 1, 2020. We compared it to the July 1, 2019 data from last valuation. We found that the data was reasonably consistent. Enrollment decreased slightly between July 1, 2019 and July 1, 2020. The following table summarizes the data we used in the valuation.

	Data Used for Retiree Healthcare Valuation	
	July 1, 2019	July 1, 2020
Active Subscribers	138,415	137,884
Retired and Inactive Subscribers	35,456	35,580
Total Subscribers	173,871	173,464
No Coverage Actives	23,080	21,032
Total Eligible Members	196,951	194,496

Medical Cost and Enrollment Data:

For the development of projected claims costs, we relied on incurred medical and prescription drug claims experience from the 2019 plan year, as well as historical enrollment information from the same time period. All information utilized was provided by the Division of State Group Insurance. This information was used to prepare separate claims cost estimates for the PPO and HMO options offered to Pre-Medicare and Post-Medicare retirees. This data was then trended forward to the appropriate initial time period using actual trend experience, as reported by the Division of State Group Insurance, and adjusted for any applicable plan design changes. In addition to the projected claims costs, our results reflect anticipated contractual Fiscal Year 2021 administrative expenses.

Benefits and Retiree Contributions:

We received confirmation that the benefits have not changed materially since the last valuation was performed, with the exception of the addition of three Medicare Advantage Prescription Drug Plans (MAPD). Since MAPD plans are fully-insured their utilization will reduce medical and prescription drug claims liability, and therefore the overall OPEB liability. While the small retiree population electing these plans were included in the valuation, no assumption has yet been made regarding how many active employees are anticipated to elect these coverages in the future. This assumption will be developed once there is sufficient support for such an assumption. Our understanding of the benefits provided is based on the prior actuarial reports, forecasts, and discussions with DSGI personnel.

We received a premium file that included the Premium Rate Table showing a summary of the premiums for the early retirees and the Medicare retirees for the PPO and HMO plans. This table included information for the Capital Health and Florida Health Medicare retiree premiums; however, since these retirees pay the full HMO premium, there is no State cost valued for them. In the same file, we received a summary from DSGI showing the pre-65 retiree premiums for Capital Health.

Actuarial Assumptions and Methods:

We continue to use the same demographic assumptions that were used for the Florida Retirement System July 1, 2018 Actuarial Valuation with the exception of mortality. The demographic assumptions were based on the 2014 Experience Study prepared by Milliman on September 8, 2014. Updated Assumptions for the FRS July 1, 2018 Actuarial Valuation were approved by the 2018 FRS Actuarial Assumptions Conference. We believe these assumptions are reasonable for valuing the retiree health costs of the Program. Mortality was updated from the tables used in the July 1, 2018 FRS Actuarial Valuation to those used in the July 1, 2019 FRS Actuarial Valuation. These tables are based on Pub-2010 mortality tables with fully generational improvement with Scale MP-2018.

The GASB discount rate assumption used is 2.66%, based on a measurement date of June 30, 2020. Under GASB 75 standards, the discount rate will be a blend of the assumed investment return rate (for funded benefits) and a 20-year municipal bond rate (for unfunded benefits), calculated using a Crossover Test. Since the Plan's benefits are currently being funded using a Pay-as-You-Go method, the single discount rate was set equal to the 20-year municipal bond rate (for unfunded plans) as of the measurement date.

We used the medical trend rates consistent with the Report on Financial Outlook for the Fiscal Years Ending June 30, 2020 through June 30, 2025 as presented August 5, 2020 at the Self-Insurance Estimating Conference (August 2020 Report on Financial Outlook). In addition, we have addressed the repeal of the Excise Tax in the trend rates. The trend rates are a key assumption used in determining the costs of the plan. We have followed a process to develop the trend rates consistent with actuarial industry standards. While short-term rates are those projected in the Report on Financial Outlook for the Fiscal Years Ending June 30, 2020 through June 30, 2025, long-term rates are developed based on the Getzen model.

The actuarial cost method is Entry Age Normal (level percentage of pay), which is the required cost method under the GASB 74/75 standards.

GASB 75 Measurement Period and Expense:

The measurement period is based on the *prior period measurement period* (July 1, 2019 through June 30, 2020), as allowed under GASB 75 standards. For GASB 75 expense purposes, the service and interest cost developed for the fiscal year 2021 reporting period was determined using a discount rate of 2.79% (i.e. prior year-end GASB 75 discount rate).

SECTION 2 – NOTES TO FINANCIAL STATEMENTS

Summary of Significant Accounting Policies

Postemployment Benefits Other Than Pensions (OPEB):

For purposes of measuring the Total OPEB Liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the State of Florida DSGI's Health Care Plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by The Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms.

General Information about the OPEB Plan

Plan Description:

The State Employees' Group Health Insurance Plan operates as a multiple-employer defined benefit health plan. However, current administration of the Program is not through a formal trust and therefore disclosure requirements are those applicable as multiple employer plan with component units.

The Plan, which is administered by the State of Florida, allows employees who retire and meet retirement eligibility requirements under one of the State's retirement plans to continue medical, coverage as a participant in the State's plan.

Employees covered by benefit terms. At July 1, 2020, the following employees were covered by the benefit terms:

Inactive Plan Members or Beneficiaries Currently Receiving Benefits	35,580
Inactive Plan Members Entitled to But Not Yet Receiving Benefits*	-
Active Plan Members	158,916
	194,496

*There are currently zero inactive plan members entitled to but not yet receiving benefits because the State does not provide a vested termination benefit. As a part of normal retirement, a retiree has 60 days after separation to elect postretirement health coverage. After 60 days, they are no longer entitled to benefits.

Benefits Provided:

The benefits provided are the same as those provided for active employees. Spouses and dependents of eligible retirees are also eligible for medical coverage. All non-OPS employees of the State are eligible to receive postemployment health care benefits.

Contributions:

Retirees participating in the group insurance plans offered by the State of Florida are required to contribute 100% of the premiums. The State of Florida implicitly subsidizes the healthcare premium rates paid by retirees by allowing them to participate in the same health plan offered to active employees. Retirees under age 65 pay the same premium amounts as applicable to the active employees. Retirees over age 65 are included in the overall risk pool but pay a lesser premium amount than is applicable to active employees, because Medicare is the primary payer.

Note that the projected post-65 employee contributions for the fully-insured HMO plan are assumed to cover the entire cost of the program.

Total OPEB Liability

The measurement date is June 30, 2020.
The measurement period for the OPEB expense was July 1, 2019 to June 30, 2020.
The reporting period is July 1, 2020 through June 30, 2021.

The State's Net OPEB Liability was measured as of June 30, 2020. The Total OPEB Liability used to calculate the Net OPEB Liability was determined as of that date.

Actuarial Assumptions:

The Total OPEB Liability was determined by an actuarial valuation as of July 1, 2020 using the following actuarial assumptions:

Inflation	2.60%
Salary Increases	Varies by FRS class
Discount Rate	2.66%

Mortality:

All tables are based on Pub-2010 mortality tables. Additionally, all tables incorporate fully generational mortality improvement using Scale MP-2018. The tables used are those used in the actuarial valuation of the Florida Retirement System performed by Milliman as of July 1, 2019.

Active (non-Disabled)	**Pub-2010 Table**
Female (other than Special Risk)	Headcount Weighted General Below Median Employee Female Table
Male (other than Special Risk)	Headcount Weighted General Below Median Employee Male Table, set back 1 year
Female Special Risk	Headcount Weighted Safety Employee Female Table, set forward 1 year
Male Special Risk	Headcount Weighted Safety Below Median Employee Male Table, set forward 1 year

Healthy Inactive	**Pub-2010 Table**
Female (other than Special Risk)	Headcount Weighted General Below Median Healthy Retiree Female Table
Male (other than Special Risk)	Headcount Weighted General Below Median Healthy Retiree Male Table, set back 1 year
Female Special Risk	Headcount Weighted Safety Healthy Retiree Female Table, set forward 1 year
Male Special Risk	Headcount Weighted Safety Below Median Healthy Retiree Male Table, set forward 1 year

Disabled	**Pub-2010 Table**
Female (other than Special Risk)	Headcount Weighted General Disabled Retiree Female Table, set forward 3 years
Male (other than Special Risk)	Headcount Weighted General Disabled Retiree Male Table, set forward 3 years
Female Special Risk	80% Headcount Weighted General Disabled Retiree Female Table, 20% Headcount Weighted Safety Disabled Retiree Female Table
Male Special Risk	80% Headcount Weighted General Disabled Retiree Male Table, 20% Headcount Weighted Safety Disabled Retiree Male Table

Discount Rate:

Given the State of Florida's decision not to fund the program, all future benefit payments were discounted using a high quality municipal bond rate of 2.66%. The high quality municipal bond rate was based on the measurement date of the S&P Municipal Bond 20 Year High Grade Rate Index as published by S&P Dow Jones Indices. The S&P Municipal 20 Year High Grade Rate Index consists of bonds in the S&P Municipal Bond Index with a maturity of 20 years. Eligible bonds must be rated at least AA by Standard and Poor's Ratings Services, Aa2 by Moody's or AA by Fitch. If there are multiple ratings, the lowest rating is used.

Changes in Total OPEB Liability

Differences between Expected and Actual Experience		(376,110,173.81)
Changes of assumptions or other inputs		(2,984,725,518.00)
Benefit Payments		(163,754,057.00)
Other Changes		-
Net Changes		(2,507,329,494.00)
Reporting Period Ending June 30, 2021	$	10,162,770,231.00

Differences between expected and actual experience reflect changes to the census data between July 1, 2019 and July 1, 2020.

Changes in assumptions reflect a change in the discount rate from 2.79% for the reporting period ended June 30, 2020 to 2.66% for the reporting period ended June 30, 2021. Also reflected as assumption changes are:

- Updated health care costs and premiums based on plan experience,
- Updated health care cost trend rates based on the August 2020 Revenue Estimating Conference report,
- Updated mortality rates,
- The impact of the repeal of the Excise Tax, and
- Updated active plan election assumptions (PPO vs. HMO).

Sensitivity of the Total OPEB Liability to changes in the Discount Rate:

The following presents the Total OPEB Liability of the State, as well as what the State's Total OPEB Liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current discount rate:

	1% Decrease 1.66%	Current Discount Rate 2.66%	1% Increase 3.66%
Total OPEB Liability (asset)	$ 12,553,804,189.00	$ 10,162,770,231.00	$ 8,328,403,227.00

Sensitivity of the Total OPEB Liability to changes in the Healthcare Cost Trend Rates:

The following presents the Total OPEB Liability of the State, as well as what the State's Total OPEB Liability would be if it were calculated using healthcare cost trend rates that are one percentage-point lower or one percentage-point higher than the current healthcare cost trend rates:

	1% Decrease	Current Healthcare Cost Trend Rates	1% Increase
Total OPEB Liability (asset)	$ 8,119,791,112.00	$ 10,162,770,231.00	$ 12,953,644,297.00

NOTE – See Appendix A for sensitivities by Agency.

SECTION 3 – PAY-AS-YOU-GO BENEFIT PAYMENTS

Expected Benefit Payments for the Fiscal Year ending June 30, 2021:

The calculation of the Pay-As-You-Go Benefit Payments for the fiscal year ending June 30, 2021, subtotaled by Employer and by Agency, are shown below.

Pay-as-You-Go Benefit Payments by Agency & Employer for Fiscal Reporting Period 2020-2021		
		Pay-as-You-Go Benefit Payments
Employer 1	State Agency	$ 118,425,591.04
	State Board of Administration	122,986.16
	South Florida Regional Transportation Authority	126,612.15
	Volunteer Florida	4,015.75
	University of Florida Gainesville	16,022,540.43
	Florida State University Tallahassee	2,665,138.42
	Florida Agricultural and Mechanical University Tallahassee	899,165.31
	University of Central Florida Orlando	5,172,703.82
	University of South Florida Tampa	7,193,607.80
	New College of Florida Sarasota	272,887.86
	Florida Atlantic University Boca Raton	2,939,653.31
	University of West Florida Pensacola	1,457,796.04
	Florida International University Miami	5,211,458.38
	University of North Florida Jacksonville	1,908,729.32
	Florida Gulf Coast University Fort Myers	1,156,522.37
	Florida Polytech University	114,858.84
	Total - Employer 1	$ 163,694,267.00
Employer 2	West Coast Inland Navigation District	2.00
Employer 3	Florida Inland Navigation District	294.00
Employer 4	Miami-Dade Expressway Authority	5,417.00
Employer 5	Central Florida Expressway Authority	30,155.00
Employer 6	Florida Board of Bar Examiners	23,922.00
	Total - All Employers	$ 163,754,057.00

Expected Benefit Payments for the Fiscal Year ending June 30, 2022:

The calculation of the Pay-As-You-Go Benefit Payments for the fiscal year ending June 30, 2022, subtotaled by Employer and by Agency, are shown below.

Pay-as-You-Go Benefit Payments by Agency & Employer for Fiscal Reporting Period 2021-2022		
		Pay-as-You-Go Benefit Payments *
Employer 1	State Agency	$ 115,154,316.51
	State Board of Administration	118,159.13
	South Florida Regional Transportation Authority	106,182.79
	Volunteer Florida	12,340.39
	University of Florida Gainesville	17,528,626.09
	Florida State University Tallahassee	3,188,027.29
	Florida Agricultural and Mechanical University Tallahassee	877,310.99
	University of Central Florida Orlando	6,416,011.28
	University of South Florida Tampa	8,572,914.34
	New College of Florida Sarasota	307,823.95

	Total - All Employers	$ 166,664,193.75

**** Represent the Expected Benefit Payments subsequent to the measurement date (6/30/20)***

SECTION 4 – GASB 75 DISCLOSURE SCHEDULES

OPEB EXPENSE AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO OPEB

For the year ended June 30, 2021, the State will recognize OPEB Expense of $386,890,511.60.

On June 30, 2021, the State reported Deferred Outflows of Resources and Deferred Inflows of Resources related to OPEB from the following sources:

GRAND TOTAL

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between Expected and Actual Experience	445,528.36	602,389,686.48
Changes of Assumptions	1,362,475,343.44	4,015,275,584.40
Employer Contributions Subsequent to the Measurement Date	-	-
Total	1,362,920,871.80	4,617,665,270.88

Amounts reported as Deferred Outflows of Resources and Deferred Inflows of Resources related to OPEB will be recognized in OPEB Expense as follows:

Year ended June 30:	
2022	$(634,552,710.20)
2023	$(634,552,710.20)
2024	$(634,552,710.20)
2025	$(634,523,144.49)
2026	$(416,258,776.59)
Thereafter	$(300,304,347.40)

NOTE: See Appendix B – GASB 75 Amortization of Changes in Total OPEB Liability by Employer for detailed breakdown of inflows and outflows by employer.

SCHEDULE OF CHANGES IN THE STATE'S TOTAL OPEB LIABILITY – BY AGENCY

Note: Service Cost and Interest are determined using the prior year-end discount rate of 2.79%.

SECTION 5 – DEVELOPMENT OF CLAIMS COST AND TREND

Development of Claims Costs:

The following tables show the PPO and HMO assumed annual Per Capita Claims Cost for FY 2020-21:

Costs for Non-Medicare Eligible Retirees
FY 2020-2021

Age	PPO	Blended HMO
40	$7,348	$7,477
45	$8,941	$9,096
50	$10,878	$11,067
55	$13,234	$13,465
60	$16,101	$16,383

Costs for Medicare Eligible Retirees
FY 2020-2021

Age	PPO	HMO
65	$5,965	$9,399
70	$6,915	$10,895
75	$8,016	$12,508
80	$9,113	$13,809
85	$10,061	$15,246
90	$10,061	$15,246
Disabled [1]	$10,447	$10,629

[1]Pre-65 Disabled Costs

Retirees over age 65 who participate in a self-insured HMO pay a retiree contribution that is expected to somewhat offset the expected cost of the self-insured HMOs. Overall, the retiree contributions in the self-insured HMOs do not appear to be targeted to entirely offset the liability, resulting in an OPEB liability for these retirees.

Retirees over age 65 who participate in a fully-insured HMO pay the full premium. Assuming the premiums are sufficient to pay all the benefits, there is no post-65 liability for retirees in the fully-insured HMO options. The costs for retirees over 65 are developed using only the self-insured HMO experience and reflect no fully-insured cost.

There is a small population of Retired Teachers who are not covered by Medicare. Based on a reasonable estimate of cost-sharing with Medicare, we estimated the cost for PPO retirees over age 65 that are not covered by Medicare by using Medicare costs and adding $1,135.33 per month. We estimated the cost for HMO retirees over age 65 that are not covered by Medicare as $877.83 per month, based on the same approach used for the prior valuation. We assumed that spouses over age 65 associated with retirees over age 65 (that are not covered by Medicare), are covered by Medicare. We assumed the spouses under age 65 associated with retirees over age 65 that are not covered by Medicare would be Medicare-eligible at age 65.

Development of Age-Related Claim Costs

We used the Program's experience to estimate the true underlying costs of each benefit option and used these estimated costs to calculate the GASB liabilities and costs. We describe below the procedure that we used to develop the age-related underlying costs.

1. Claims Experience / Enrollment
    a. Self-Insured PPO: We used incurred claims experience and enrollment for the 2019 plan year to produce per-capita costs. We trended these amounts to fiscal year 2020-2021 using actual trend experience for that time period, as reported by DSGI, and if applicable, adjusted the projected claims to reflect any plan design changes. The calculation was done separately for Medicare-eligible members and non-Medicare eligible members.
    b. Fully-Insured HMO: We used underlying incurred claims experience and enrollment for the 2019 plan year to produce per-capita costs. We trended these amounts to fiscal year 2020-2021 using actual trend experience for that time period, as reported by DSGI, and if applicable, adjusted the projected claims to reflect any plan design changes. The calculation was done only for non-Medicare eligible members.
    c. Self-Insured HMO: We used incurred claims experience and enrollment for the 2019 plan year to produce per-capita costs. We trended these amounts to fiscal year 2020-2021 using actual trend experience for that time period, as reported by DSGI, and if applicable, adjusted the projected claims to reflect any plan design changes. The calculation was done separately for Medicare-eligible members and non-Medicare eligible members.

2. Administrative Expenses
    a. PPO: Based on current contractual information, we estimated the PPO administrative expenses for fiscal year 2020-2021 at a rate of $18.12 per contract holder per month.
    b. HMO: The self-insured HMO administrative expenses were calculated in a similar manner to that used for the PPO. The blended average HMO administrative expense for fiscal year 2020-2021 is estimated to be $34.42 for pre-65 retirees (per contract holder per month), and $34.26 for post-65 retirees (per contract holder per month). For the fully-insured HMO offering, the administrative expense was estimated based on the anticipated loss ratio for the group. For pre-65 retirees, it is estimated to be $29.32 (per contract holder per month).

3. Age Related Costs
    a. PPO: We used age-relative cost information to develop preliminary age-related cost tables separately for Medicare and non-Medicare PPO members. We adjusted the PPO age-related costs of members not eligible for Medicare to take into account the expected additional cost which retired members incur compared to active members the same age. We adjusted the PPO age-related costs of Medicare eligible members to reflect the mix of services between Part D prescription drug claim costs and non-Part D prescription drug claim costs (i.e. Part A, B, and non-Medicare eligible claim costs). We did not subtract the Part D subsidy from the drug experience since the Part D subsidy is not recognized under the GASB valuation rules.
    b. HMO: We developed age-related costs for HMO members not eligible for Medicare using the same methodology as we used for PPO members. For the fully-insured HMO, we did not develop age-related costs for Medicare eligible HMO members because we assumed the HMO premium rates reflect that the Medicare-eligible members pay the entire cost of coverage.

Development of Healthcare Cost Trend Rates

The healthcare cost trend rates are as follows:

	PPO		HMO	
	Pre-Medicare	Post-Medicare	Pre-Medicare	Post-Medicare
FY20 to FY21	7.78%	7.78%	5.66%	5.66%
FY21 to FY22	7.95%	7.95%	6.02%	6.02%
FY22 to FY23	7.74%	7.74%	5.91%	5.91%
FY23 to FY24	8.19%	8.19%	6.02%	6.02%
FY24 to FY25	7.22%	7.22%	5.86%	5.86%
FY25 to FY26	6.74%	6.74%	5.72%	5.72%
FY26 to FY27	6.25%	6.25%	5.57%	5.57%
FY27 to FY28	5.77%	5.77%	5.43%	5.43%
FY28 to FY29	5.29%	5.29%	5.29%	5.29%

Thereafter	4.04%	4.04%	4.04%	4.04%

Health care cost trend rates were updated from the previous valuation to reflect the repeal of Excise Tax. The healthcare trends used in this valuation are based on long term healthcare trends generated by the Getzen Model. The Getzen Model is the result of research sponsored by the Society of Actuaries and completed by a committee of economists and actuaries.

We used medical trend rates consistent with the August 2020 Report on Financial Outlook of the Plan along with information from the Getzen Model and actuarial judgment. The trend rates for the HMO self-insured and fully-insured option were blended to create a single trend assumption for retirees electing HMO coverage.

The first five trend rates shown in the above tables were developed using the claims and administrative cost information from the August 2020 Report on Financial Outlook of the Plan.

Development of Retiree Premium Trend Rates

The Retiree Premium trend rates for both HMO and PPO are as follows:

Retiree Premium		
	Pre-Medicare Eligible	Medicare-Eligible
FY20 to FY21	6.7%	6.7%
FY21 to FY22	7.0%	7.0%
FY22 to FY23	6.8%	6.8%
FY23 to FY24	7.1%	7.1%
FY24 to FY25	6.5%	6.5%
FY25 to FY26	6.2%	6.2%
FY26 to FY27	5.9%	5.9%
FY27 to FY28	5.6%	5.6%
FY30 to FY31	5.3%	5.3%
FY33 to FY34	5.3%	5.3%
FY36 to FY37	5.3%	5.3%
FY39 to FY40	5.3%	5.3%
FY42 to FY43	5.3%	5.3%
FY45 to FY46	5.3%	5.3%
FY48 to FY49	5.1%	5.1%
FY51 to FY52	5.0%	5.0%
FY54 to FY55	4.9%	4.9%
FY57 to FY58	4.9%	4.9%
FY60 to FY61	4.8%	4.8%
FY63 to FY64	4.8%	4.8%
FY66 to FY67	4.7%	4.7%
FY69 to FY70	4.4%	4.4%
FY72 to FY73	4.2%	4.2%
FY75 to FY76	4.0%	4.0%
FY78 to FY79	4.0%	4.0%
FY81 to FY82	4.0%	4.0%
FY84 to FY85	4.0%	4.0%
FY87 to FY88	4.0%	4.0%
FY90 to FY91	4.0%	4.0%
Thereafter	4.0%	4.0%

Pre-Medicare retirees pay the same contribution to the program regardless of plan election. Post-Medicare retirees in the PPO and self-insured HMO plans also pay the same retiree contribution. Thus, we developed a single assumption for retiree premium costs increases that is consistent with the trend rates shown above. We assumed that the retiree contributions for Medicare-eligible members electing fully insured HMO coverage would increase at the same rate as the HMO premiums. Thus, these members would continue paying the full cost of the benefits.

SECTION 7 - ACTUARIAL ASSUMPTIONS AND METHODS

Valuation Date	July 1, 2020.
Fiscal Year End	June 30, 2021.
GASB 75 Measurement Date	June 30, 2020.
Actuarial Value of Assets	N/A.

Economic Assumptions:

Discount Rate	2.66% per year, compounded annually, net of investment related expenses.
Inflation	2.60%
Health Care Inflation	Summarized in Section 5.
Retiree Contribution Increase Rate	Summarized in Section 5.
Medical Aging Factors	4% per year prior to age 65; 3% per year between ages 65 and 75; 2% per year between ages 75 and 85; 0% per year thereafter.

Non-Economic Assumptions:

Marital Status	80% assumed married, with male spouses 3 years older than female spouses.
Health Care Participation (HMO)	50% participation assumed, with 25% electing spouse coverage. Members who elected no coverage as actives are assumed to elect coverage in the same proportion as active members with coverage.
Health Care Participation (PPO)	50% participation assumed, with 35% electing spouse coverage. Members who elected no coverage as actives are assumed to elect coverage in the same proportion as active members with coverage.

	While 50% of actives are assumed to elect coverage overall, an assumption regarding which type of coverage is made for those without a current election. 72% are assumed to elect PPO coverage. The remaining 28% are assumed to elect HMO coverage.
Healthy Mortality (Post-Employment)	
Female Non-Disabled (other than Special Risk)	Headcount Weighted General Below Median Healthy Retiree Female Table, Scale MP-2018.
Female Non-Disabled (Special Risk)	Headcount Weighted Safety Healthy Retiree Female Table, set forward 1 year, Scale MP-2018.
Male Non-Disabled (other than Special Risk)	Headcount Weighted General Below Median Healthy Retiree Male Table, set back 1 year, Scale MP-2018.
Male Non-Disabled (Special Risk)	Headcount Weighted Safety Below Median Healthy Retiree Male Table, set forward 1 year, Scale MP-2018.
Healthy Mortality (During Employment)	
Female Non-Disabled (other than Special Risk)	Headcount Weighted General Below Median Employee Female Table, Scale MP-2018.
Female Non-Disabled (Special Risk)	Headcount Weighted Safety Employee Female Table, set forward 1 year, Scale MP-2018.
Male Non-Disabled (other than Special Risk)	Headcount Weighted General Below Median Employee Male Table, set back 1 year, Scale MP-2018.
Male Non-Disabled (Special Risk)	Headcount Weighted Safety Below Median Employee Male Table, set forward 1 year, Scale MP-2018.
Disabled Mortality	
Female Disabled (other than Special Risk)	Headcount Weighted General Disabled Retiree Female Table, set forward 3 years, Scale MP-2018.
Female Disabled (Special Risk)	80% Headcount Weighted General Disabled Retiree Female Table; 20% Headcount Weighted Safety Disabled Retiree Female Table, Scale MP-2018.

Male Disabled (other than Special Risk)	Headcount Weighted General Disabled Retiree Male Table, set forward 3 years, Scale MP-2018.
Male Disabled (Special Risk)	80% Headcount Weighted General Disabled Retiree Male Table; 20% Headcount Weighted Safety Disabled Retiree Male Table, Scale MP-2018.

The mortality rates shown above are consistent with the assumptions used in the July 1, 2019 valuation of the Florida Retirement System.

Other Assumptions and Methods:

Additional years of service credit based on July 1, 2019 FRS Valuation

Assumed purchased by each member:

Military Service Credit

FRS Special Risk – Men	0.2818 (pre-1987 hires only).
FRS Special Risk – Women	None.
FRS – All Other Groups- Men	0.1853 (pre-1987 hires only).
FRS – All Other Groups – Women	None.

Out-of-State Service Credits

FRS Special Risk – Men	None.
FRS Special Risk – Women	None.
FRS – All Other Groups- Men	0.0910.
FRS – All Other Groups – Women	0.0910.

Actives electing DROP

Form of payment valued	Deferred, at first eligibility.
Deferral period	54 months.

Administrative Expenses — Included in PPO and HMO healthcare costs.

Actuarial Cost Method — Entry Age Normal (Level Percentage of Pay).

Discussion of Census Data and Other Assumptions:

1. We received census information from DSGI personnel in an excel file named “File for Foster and Foster”. The file contained similar information that was provided to us for the July 1, 2019 valuation. We identified 56,453 active employees with “OPS” flag with no service, or who were part of the State Universities system. These actives were excluded from the valuation as they are not eligible for the retiree health coverage.

2. For a small group of OPS employees with a service credit, we included them in the valuation allowing them to accrue service and retire as an active.

3. For missing Service Credit, the State Hire Date Field was used.

4. Coverage elections for single or family assumed coverage at retirement are based on the assumptions used in the prior valuation and are deemed reasonable for the current valuation based on a review of the current retiree elections.

5. For active or DROP members without an FRS retirement code, we assumed they were members of the Regular Class.

6. For any active, DROP or retiree without any indication of which agency they were members of (agency number, agency title, agency subtitle, etc.), we assumed they were members of the State Agency.

7. For DROP members, they are valued with a deferred benefit based on election assumptions consistent with those used for all other actives. DROP members were provided with a DROP exit date and we used that information to determine the estimated remaining deferral period applied to all DROP participants of 2.5 years.

SECTION 8 - SUMMARY OF PLAN PROVISIONS

Creditable Service	Total completed years of employment as defined under the Florida Retirement System (FRS).
Eligibility for Insurance Coverage	Employees who are non-OPS must be eligible for and receive an immediate benefit under FRS. Additionally, employees must be covered under the medical plan as an active employee immediately prior to retirement.
Eligibility for FRS Retirement – non-Special Risk)	
Tier 1 (enrolled in FRS before 7/1/11)	Age 62 and 6 years of service or 30 years of service, regardless of age, is normal, unreduced retirement.
Tier 2 (enrolled in FRS on or after 7/1/11)	Age 65 and 8 years of service or 33 years of service, regardless of age, is normal, unreduced retirement.
Eligibility for FRS Retirement – Special Risk)	
Tier 1 (enrolled in FRS before 7/1/11)	Age 55 and 6 years of service or 25 years of service, regardless of age, is normal, unreduced retirement.
Tier 2 (enrolled in FRS on or after 7/1/11)	Age 60 and 8 years of service or 30 years of service, regardless of age, is normal, unreduced retirement.
Investment Plan Eligibility	Members of the Investment Plan must meet the requirements for normal retirement under the Florida Retirement System, except that the age requirement is 59½ rather than 62.
DROP Eligibility	Employees eligible for normal retirement may elect to enter a deferred retirement option (DROP) for a period up to sixty (60) months.

Eligible Survivors of Active Members	Survivors of deceased active members are eligible for COBRA coverage; but they are not covered by the retiree plan.
Eligible Survivors of Retired Members	Survivors of deceased retired members are eligible to continue coverage for life, or until re-marriage.
Disabled Members	Eligible for an immediate benefit. Medicare is assumed primary payer for disability benefits.
Health Plans	
Non-Medicare & Medicare	PPO Standard and HIHP; or HMO Standard and HIHP, depending on service area.
Retiree Contributions	Retirees pay the contribution depending on the family coverage elected and Medicare eligibility. Members who are eligible for Medicare and elect fully-insured HMO coverage pay the HMO premium.

Monthly retiree contributions (effective Jan. 2021) for standard coverage:

- Non-Medicare Retiree – Single (all plans)	$ 813.46
- Non-Medicare Retiree – Family (all plans)	$ 1,831.08
- Medicare I Retiree – Single (self-insured plans)	$ 430.18
- Medicare II Retiree – Family coverage with at least one Medicare and one or more non-Medicare (self-insured plans)	$ 1,243.63
- Medicare III Retiree – Two Medicare (self-insured plans)	$ 860.35
