Quality Health Plan in Liquidation  
Notes to Financial Statements**

**Dated March 31, 2022**

1. **Estate Information.** Quality Health Plan was a provider-sponsored health maintenance organization domiciled in Florida and placed in liquidation on December 1, 2011.
2. **Basis of Presentation.** The accompanying financial statements have been prepared on a modified cash basis of accounting using a fiscal year of July 1, 2021 through June 30, 2022. The assets are stated at their estimated realizable values, while the liabilities are stated at their gross filed amounts and are periodically adjusted as evaluated, adjudicated and/or paid. Interest is accrued and reinsurance receivables are only posted when billed to reinsurers. In addition, the statements do not provide accruals for all future administrative expenses to liquidate the estate or costs to pursue or litigate claims against others.
3. **Unaudited.** The accompanying financial statements have not been audited by an independent certified public accountant and no opinion is expressed on their compliance with generally accepted accounting principles.
4. **Pooled Investments.** The majority of the invested assets of the estates are combined into two main pooled accounts: The Receiver's operating account held at Wells Fargo and the Special Purpose Investment Account held at the State of Florida Treasury. Each estate's share of the pooled investments is presented on the accompanying financial statements as "Pooled Cash Due from the Admin Fund".
5. "Pooled Cash Reserved for Distributions" is a segregated amount of Pooled Cash that represents the remaining amount of Pooled Cash reserved for a court authorized distribution(s) that has not been released or reissued.
6. **Distribution Liability.** Represents the remaining liability for a court authorized distribution(s) that has not been released because the Receiver does not have a good mailing address for the claimant or does not have a completed W9 from the claimant.
7. **Claims.** Unless otherwise noted, the Statement of Affairs contains claim liabilities by priority class pursuant to 631.271, Florida Statutes. Unless otherwise stated, the claim liabilities reported are gross filed, un-adjudicated, and have not been reduced by any early access payments from the Florida Receiver. Claim liability numbers are based upon the most current available information and documentation provided to the Receiver from both internal and external sources.
  - The First Interim Claims Report was approved on December 9, 2015. Class 2 through Class 6 claims were evaluated and reported. All other claims are being reported at their estimated value. Ten objections were filed and resolved.
  - The Second Interim Claims Report was approved on June 13, 2016. Two Class 6 claims were evaluated and reported. One objection was filed and has been resolved.
  - A 100% Claims distribution for Class 2 through 5 claims and 14.16% Claims distribution for Class 6 claims was authorized on September 17, 2021.
8. **Interest Distributions.** For companies placed into receivership on or after July 1, 2012, Section 631.271, Florida Statutes authorizes the payment of interest on claims in Classes 1-9 prior to making any payment on shareholder claims. At this time, the Receiver does not anticipate having sufficient assets in this estate to pay all claims for Classes 1-9. Accordingly, this statement does not reflect an interest reserve for Classes 1-9 allowed claims.
9. **Federal Priority.** The federal government has taken the position that pursuant to 31 U.S.C.A. 3713 a federal government claim must be paid first, when a debtor to the United States is insolvent. The federal government has also taken the position that it is not subject to state insurance liquidation claim's proceedings deadlines. To establish finality, shield itself from potential liability, and ultimately discharge the estate, the Receiver will request a federal release from the U.S. Department of Justice.
10. **Contributed Equity – State of Florida.** The Receiver will, from time to time, expend public funds to carry out certain duties during the course of liquidating an insurance company. The Division accounts for these expenditures as a contribution of equity by the State.

**Florida Department of Financial Services, Division of Rehabilitation  
and Liquidation  
Quality Health Plan in Liquidation  
Notes to Financial Statements  
Dated March 31, 2022**

11. **Excess (Deficiency) of Assets over Liabilities.** The excess or (deficiency) represents the estimated realizable value of assets after deducting the current estimate of liabilities. This excess or (deficiency) does not take into consideration any estimates for future administrative costs to liquidate the estate or costs to pursue or litigate claims against others.
