**Florida Department of Financial Services, Division of Rehabilitation
and Liquidation**
Universal Health Care Insurance Company, Inc in Liquidation
Notes to Financial Statements

Dated June 30, 2013

1. **Estate Information.** Universal Health Care Insurance Company, Inc. is a health insurer, based in Tampa, FL and was placed in rehabilitation on March 22, 2013. It was subsequently placed in liquidation on April 1, 2013.
2. **Basis of Presentation.** The accompanying financial statements have been prepared on the liquidation basis of accounting using a fiscal year of July 1, 2012 through June 30, 2013. The assets are stated at their estimated realizable values, while the liabilities are stated at their ultimate (gross filed) amounts and are periodically adjusted as evaluated, adjudicated and/or paid. In addition, the statements do not provide accruals for future administrative costs to liquidate the estate or costs to pursue or litigate claims against others.
3. **Unaudited.** The accompanying financial statements have not been audited by an independent certified public accountant and no opinion is expressed on their compliance with generally accepted accounting principles.
4. **Statement Format Changes.** On July 1, 2001, the Receiver converted accounting systems, which resulted in the historical accounting data being presented differently in this set of financial statements than the previously prepared statements for this estate. Because the new system uses a more detailed chart-of-accounts and summarizes data into categories different than previously used, the 'Since Date of Liquidation' column of historical data on the 'Statement of Cash Receipts and Disbursements' may not correspond directly to previous statement presentations. Users of this "Liquidation to-date" information should solicit additional information from the Receiver before making assumptions about the data.
5. **Pooled Investments.** The majority of the invested assets of the estates are combined into two main pooled accounts: the Receiver's operating account held at the Bank of America and the Special Purpose Investment Account held at the State of Florida Treasury. Each estate's share of the pooled investments is presented on the accompanying financial statements as "Pooled Cash Due from the Admin Fund".
6. **Cash - Company Operating.** Consists of funds currently held in the Company's bank accounts that were used prior to liquidation and have not yet been closed.
7. **Accounts Receivable.** Receivables are shown with allowance provisions for uncollectible amounts unless otherwise indicated.
8. **Long Term Investments.** The investments are stated at fair value, which approximates market value. Market values are those provided by the depository trust institution in possession of the securities at the balance sheet date or through brokerage institutions. Where market values are not readily determinable, market value represents management's best estimate of the investments' fair value.
9. **Other Assets.** Represents assets such as statutory deposits, and are based on the realizable value plus any accrued interest. Where practicable, the existence and amount of such deposits is disclosed in footnotes to specific estate's schedules.
10. **Claims.** Unless otherwise noted, the Statement of Affairs contains claim liability by priority class pursuant to 631.271, Florida Statutes. Unless otherwise stated, the claim liabilities are gross filed, unadjudicated, and have not been reduced by any early access payments from the Florida Receiver or offset by any special deposits. Claim liability numbers are based upon information and documentation provided to the Receiver as of March 22, 2013.
 - Proofs of claim forms have not been mailed.
 - Claim liabilities are based upon company estimates as of month ending February 28, 2013.
11. **Contributed Equity – State of Florida.** The Receiver will, from time to time, expend public funds to carry out certain duties during the course of liquidating an insurance company. The Division accounts for these expenditures as a contribution of equity by the State.
12. **Excess (Deficiency) of Assets over Liabilities.** The excess or (deficiency) represents the estimated realizable value of assets after deducting the current estimate of liabilities. This excess or (deficiency) does not take into consideration any estimates for future administrative costs to liquidate the estate or costs to pursue or litigate claims against others.
