**Florida Department of Financial Services, Division of Rehabilitation
and Liquidation**
Physicians United Plan Inc. in Liquidation
Notes to Financial Statements

Dated September 30, 2015

1. **Estate Information.** Physicians United Plan Inc. was a health maintenance organization domiciled in Florida and placed in liquidation on July 1, 2014.
2. **Basis of Presentation.** The accompanying financial statements have been prepared on a modified cash basis of accounting using a fiscal year of July 1, 2015 through June 30, 2016. The assets are stated at their estimated realizable values, while the liabilities are stated at their gross filed amounts and are periodically adjusted as evaluated, adjudicated and/or paid. Interest is accrued and reinsurance receivables are only posted when billed to reinsurers. In addition, the statements do not provide accruals for all future administrative expenses to liquidate the estate or costs to pursue or litigate claims against others.
3. **Unaudited.** The accompanying financial statements have not been audited by an independent certified public accountant and no opinion is expressed on their compliance with generally accepted accounting principles.
4. **Pooled Investments.** The majority of the invested assets of the estates are combined into two main pooled accounts: the Receiver's operating account held at the Bank of America and the Special Purpose Investment Account held at the State of Florida Treasury. Each estate's share of the pooled investments is presented on the accompanying financial statements as "Pooled Cash Due from the Admin Fund".
5. **Special Purpose Investment Account – Restricted.** Represents funds that are tied to risk sharing agreements with medical providers and are subject to final reconciliations that may take up to a year to complete.
6. **Short Term Investments.** The investments are stated at fair value, which approximates market value. Market values are those provided by the depository trust institution or brokerage institution in possession of the securities at the balance sheet date. These investments are certificates of deposit held by Wells Fargo as collateral for LOC's.
7. **Accounts Receivable.** These account receivables represent claims payment advances (deposit) to medical providers, Management Services Organization (MSO) risk sharing receivables, and net premium receivable from the Center for Medicare and Medicaid Services (CMS). These are subject to final reconciliations that may take up to two years. These receivables are offset by a 100% allowance as the timing and the certainty of their collectability are currently indeterminate.
8. **Fixed Assets.** Estimated value of personal property such as computers, office furniture and equipment.
9. **Secured Claim.** Secured claims represent liabilities for such items as collateral for bonds or LOC's, amounts for which the ownership is in dispute with other entities, amounts subject to court ordered distribution and other such items. These secured claims represent funds that are tied to risk sharing agreements with medical providers and are subject to final reconciliations that may take up to a year to complete and certificates of deposit held by Wells Fargo as collateral for LOC's that are in the process of being resolved by our Legal section.
10. **Claims.** . Unless otherwise noted, the Statement of Affairs contains claim liabilities by priority class pursuant to 631.271, Florida Statutes. Unless otherwise stated, the claim liabilities reported are gross filed, un-adjudicated, and have not been reduced by any early access payments from the Florida Receiver. Claim liability numbers are based upon the most current available information and documentation provided to the Receiver from both internal and external sources.
 - Claims liabilities are based upon company estimates as of liquidation July 1st, 2014.
 - Filed Proof of Claim forms are currently being processed and the liability numbers are subject to change.
11. **Federal Priority.** Pursuant to 31 U.S.C.A. § 3713, a federal government claim must be paid first, when a debtor to the United States is insolvent. The federal government has taken the position that it is not subject to state insurance liquidation proceeding's claims filing deadlines. To establish finality, shield itself from potential liability, and ultimately discharge the estate, the Receiver will file a federal release request with the U.S. Department of Justice (DOJ).

**Florida Department of Financial Services, Division of Rehabilitation
and Liquidation
Physicians United Plan Inc. in Liquidation
Notes to Financial Statements
Dated September 30, 2015**

12. **Contributed Equity – State of Florida.** The Receiver will, from time to time, expend public funds to carry out certain duties during the course of liquidating an insurance company. The Division accounts for these expenditures as a contribution of equity by the State.
13. **Excess (Deficiency) of Assets over Liabilities.** The excess or (deficiency) represents the estimated realizable value of assets after deducting the current estimate of liabilities. This excess or (deficiency) does not take into consideration any estimates for future administrative costs to liquidate the estate or costs to pursue or litigate claims against others.
