Notes to Financial Statements**

Dated December 31, 2025

1. **Estate Information.** Guarantee Ins. Co (GIC) was a property and casualty insurance company that issued workers compensation policies and was domiciled in Florida. It was placed in liquidation on November 27, 2017.
2. **Basis of Presentation.** The accompanying financial statements have been prepared on a modified cash basis of accounting using a fiscal year of July 1, 2025 through June 30, 2026. The assets are stated at their estimated realizable values, while the liabilities are stated at their gross filed amounts and are periodically adjusted as evaluated, adjudicated and/or paid. Interest is accrued and reinsurance receivables are only posted when billed to reinsurers. In addition, the statements do not provide accruals for all future administrative expenses to liquidate the estate or costs to pursue or litigate claims against others.
3. **Unaudited.** The accompanying financial statements have not been audited by an independent certified public accountant and no opinion is expressed on their compliance with generally accepted accounting principles. Future developments in accounting, business, contract, legal, tax and other matters may result in subsequent updates to one or more categories of this insolvent insurer's assets and/or liabilities that differs from the calculations presented in these unaudited financial statements.
4. **Pooled Investments.** Most the invested assets of the estates are combined into two main pooled accounts: The Receiver's operating account held at Wells Fargo and the Special Purpose Investment Account held at the State of Florida Treasury. Each estate's share of the pooled investments is presented on the accompanying financial statements as "Pooled Cash Due from the Admin Fund".
5. **Special Purpose Investment Account (SPIA) – Restricted.** Represents funds wired to the Receiver by Tiger Risk Re and CoAmerica Bank. Tiger Risk claims the funds were sent to GIC in error and have requested their return. Captive Cell owners claim the funds belong to them. The Receiver will hold these funds in a segregated account until a final disposition is determined.
6. **Short Term Investments - Restricted.** The investments are stated at fair value, which approximates market value. Market values are those provided by the depository trust institution or brokerage institution in possession of the securities at the balance sheet date. These investments consist of various accounts at US Bank and Wells Fargo that are restricted pursuant to reinsurance trust agreements that will be resolved as the receivership proceeds.

The collectability of some of these funds is dependent on factors beyond the control of the Receiver. Some of these funds may ultimately not be collectible or available for payment of GIC claims.
7. **Reinsurance.** Reinsurance receivables have resulted from losses that have been paid and billed to the reinsurer(s). These receivables have been determined to be owed and are shown with allowance provisions for uncollectible amounts. The amount may include one or more reinsurance receivables being collected on behalf of the Receiver by an intermediary or the Receiver's staff. This receivable consists of Captive Reinsurers' Negative Funds Held Balances for which the Receiver is pursuing collection and funds wired by Tiger Risk referenced in footnotes (5) and (12) that will be adjusted when the ultimate disposition of the funds is resolved.

The collectability of some of these funds is dependent on factors beyond the control of the Receiver. Some of these funds may ultimately not be collectible or available for payment of GIC claims.
8. **Accounts Receivable.** These account receivables consist of various notes entered by GIC with the borrowers listed on the Schedule of Accounts Receivable, a receivable due from a forbearance agreement in lieu of a judgment, and cash collateral held by Falls Lake National Ins. Co. for a policy that GIC reinsured on a 50% quota share contract.

The collectability of some of these funds is dependent on the outcome of ongoing litigation and other factors. Due to the inherent uncertainty of litigation and factors beyond the control of the Receiver, some of these funds may ultimately not be collectible or available for payment of GIC claims.
9. **Allowance – Accounts Receivable.** An estimate of uncollectible amounts for certain assets.
10. **Other Assets.** These assets consist of states' statutory deposits held at various financial institutions. The Schedule of Other Assets reflects the value of these deposits at December 31, 2025 or latest available.

Notes to Financial Statements**

Dated December 31, 2025

11. **Advance to Guaranty Association(s).** Represents funds advanced to guaranty associations for the payment of covered claims and expenses. The guaranty association is obligated to promptly return any of these funds if the Receiver determines that repayment of claims of equal or superior priority is necessary
12. **Secured Claims.** Secured claims represent liabilities for such items as collateral for bonds or LOC's, amounts for which the ownership is in dispute with other entities, amounts subject to court ordered distribution and other such items. These secured claims represent funds wired to the Receiver from Tiger Risk Re and CoAmerica Bank that were deposited to a segregated account until disposition of the funds can be resolved and amounts related to large deductible policies some or all of which may be used to reimburse the guaranty funds as they pay losses.
13. **Claims.** Unless otherwise noted, the Statement of Affairs contains claim liabilities by priority class pursuant to 631.271, Florida Statutes. Unless otherwise stated, the claim liabilities reported are gross filed, un-adjudicated, and have not been reduced by any early access payments from the Florida Receiver. Claim liability numbers are based upon the most current available information and documentation provided to the Receiver from both internal and external sources

14. **Interest Distributions.** For companies placed into receivership on or after July 1, 2012, Section 631.271, Florida Statutes authorizes the payment of interest on claims in Classes 1-9 prior to making any payment on shareholder claims. At this time, the Receiver does not anticipate having sufficient assets in this estate to pay all claims for Classes 1-9. Accordingly, this statement does not reflect an interest reserve for Classes 1-9 allowed claims.
15. **Federal Priority.** The federal government has taken the position that pursuant to 31 U.S.C.A. 3713 a federal government claim must be paid first, when a debtor to the United States is insolvent. The federal government has also taken the position that it is not subject to state insurance liquidation claim's proceedings deadlines. To establish finality, shield itself from potential liability, and ultimately discharge the estate, the Receiver will request a federal release from the U.S. Department of Justice
16. **Contributed Equity – State of Florida.** The Receiver will, from time to time, expend public funds to carry out certain duties during the course of liquidating an insurance company. The Division accounts for these expenditures as a contribution of equity by the State.
17. **Excess (Deficiency) of Assets over Liabilities.** The excess or (deficiency) represents the estimated realizable value of assets after deducting the current estimate of liabilities. This excess or (deficiency) does not take into consideration any estimates for future administrative costs to liquidate the estate or costs to pursue or litigate claims against others.
