A **ticker symbol** is used to identify and search for a specific mutual fund.

The 1/5 are two points of Morningstar Data. The first is the **5 year percentile ranking** within the **fund category** on a scale of 1(best) to 100 (worst). The second is the number of stars of a **5 year Morningstar Star Rating**.

Gold indicates a fund in **observation status**. Garnet indicates that a fund in **termination review status**.

- **5-year Percentile Ranking** - fund's total-return percentile rank relative to all funds that have the same Morningstar Fund Category. The highest (or most favorable) percentile rank is 1 and the lowest (or least favorable) percentile rank is 100. The top-performing fund in a category will always receive a rank of 1.
- **5-year Morningstar Star Rating** - measure of a fund's risk-adjusted return, relative to similar funds. Funds are rated from one to five stars, with the top 10% of performers in each Morningstar Category receiving 5 stars and the bottom 10% of performers receiving 1 star. The Morningstar Star Rating is used for identifying funds worthy of further research, but should not be considered buy or sell recommendations. Funds with a Star Rating less than 3 are being reviewed for possible termination.
- **Fees** - portfolio manager's compensation and other expenses associated with operating the mutual fund. The fee is stated as a percentage of the fund's average daily net asset value. For historical returns these fees has already been considered. A funds fee as a dollar amount of the fee *will vary* due to factors such as account balance and rate of return. For example, the dollar amount of the fee for a \$1,000 account with an Investment Management Fee of 0.60% would be \$6.00 (without any type of fluctuation in the fee or trading activity). A portion of the Investment Management Fee may be reimbursed to our Investment Providers. This Reimbursement Fee is paid by the mutual fund to the investment provider as a fee for offering their fund. A portion of this fee is used to fund the State of Florida Deferred Compensation Program. \$1.70 per participant per month is remitted to the State by each Investment Company to fund the State's responsibility for the Deferred Compensation Program.
- **Ticker Symbol** -system of letters used to identify the mutual fund in various types of media such as newspapers, websites, etc.
- **Morningstar Fund Category** - type of stocks or bonds are held within that particular mutual fund. The 5 year Morningstar percentile ranking uses the Morningstar fund category to evaluate an individual fund's performance versus its peers.
- **Observation Status** - the Morningstar 5-year percentile ranking within category is greater than 50th percentile at quarter end **AND** Morningstar 5-year star rating less than 3 stars; **OR** Morningstar 5-year percentile ranking within category greater than 75th percentile at quarter end.
- **Termination Review Status** - a fund in observation status for four consecutive quarters.
- **Termination Status** - a fund in termination review status for two consecutive quarters, and its Morningstar 1-year percentile ranking is greater than 50th percentile.
