Agency Reported

The Risks, Issues, Assumptions and Readiness Activities tables below display only items that were opened/logged, closed/resolved or active during the reporting period.

CITRUS Risks							
Critical Operational Elements	Risk Description	Status	Risk Rating	Mitigation/Response Strategy	Reporting Period Comments or Updates	Date of Status Change	Owner / Coordinator
Processes	Citrus currently purchases foreign currency to pay overseas vendors. We use a SPIA account, and transfer funds as needed to wire payments overseas. Foreign vendors are transitioning away from accepting paper check, which is the only way the state will allow us to pay with USD (Treasury will not wire funds to a foreign bank).	Open	6 (Medium/High)	We have made the project manager aware of the issue, and he has informed PALM that we need to determine how foreign currency payments will be handled through PALM.		04/29/24	Matthew Christovich
Technology Data	The quality of audio on webinars and recordings is low. Our team does not feel it is receiving much needed information presented during these workshops	Open	6 (High/Medium)	Please see what you can do to upgrade the quality of webinars.	The quality of the audio recording has improved but remains inconsistent.	04/30/24	Matthew Christovich
People	The legislature has provided funding for this fiscal year, but there is a misalignment between the timing of project schedule, the availability of funds, and the timeframe staffing resources are needed.	Open	6 (High/Medium)	We will have to carefully adjust our implementation schedule to ensure that there is no delay or gaps in services during UAT.	Risk opened per our June PALM touchpoint.	06/06/24	Matthew Christovich
People	New IT staff with no knowledge of PALM	Open	2 (Low/Medium)	We have one IT support staff member, and he was not here for the CMS Wave of PALM, and has no knowledge of PALM.	We remain unsure of the role our technical support person will play in PALM. Currently, the technical staff has very little to do with FLAIR, but we're awaiting the final roles.	09/19/23	Matthew Christovich

CITRUS Issues

Critical Operational Elements	Issue Description	Status	Priority	Resolution Plan	Reporting Period Comments or Updates	Planned or Actual Resolution Date	Owner / Coordinator
Technology Data	The PALM team presents some workshops as webinars, but the technology is not very good. Audio is either choppy with echoes, or completely nonexistent.	Open	High - Impacts the ability of the agency to meet deadlines or milestones	It is not possible for us to travel to Tallahassee for every meeting. The quality of the webinars is so low that it is not productive for our team to participate	PALM has improved the quality of some recordings, but not all. We are moving the resolution date out to the end of July to see how the Design meetings go.	07/31/24	PALM
