PROJECT UPDATE

Project Timeline

Six Month Look Ahead

MANAGING WAVE OVERLAP

Managing Wave Overlap

Planning

Resources

Scope

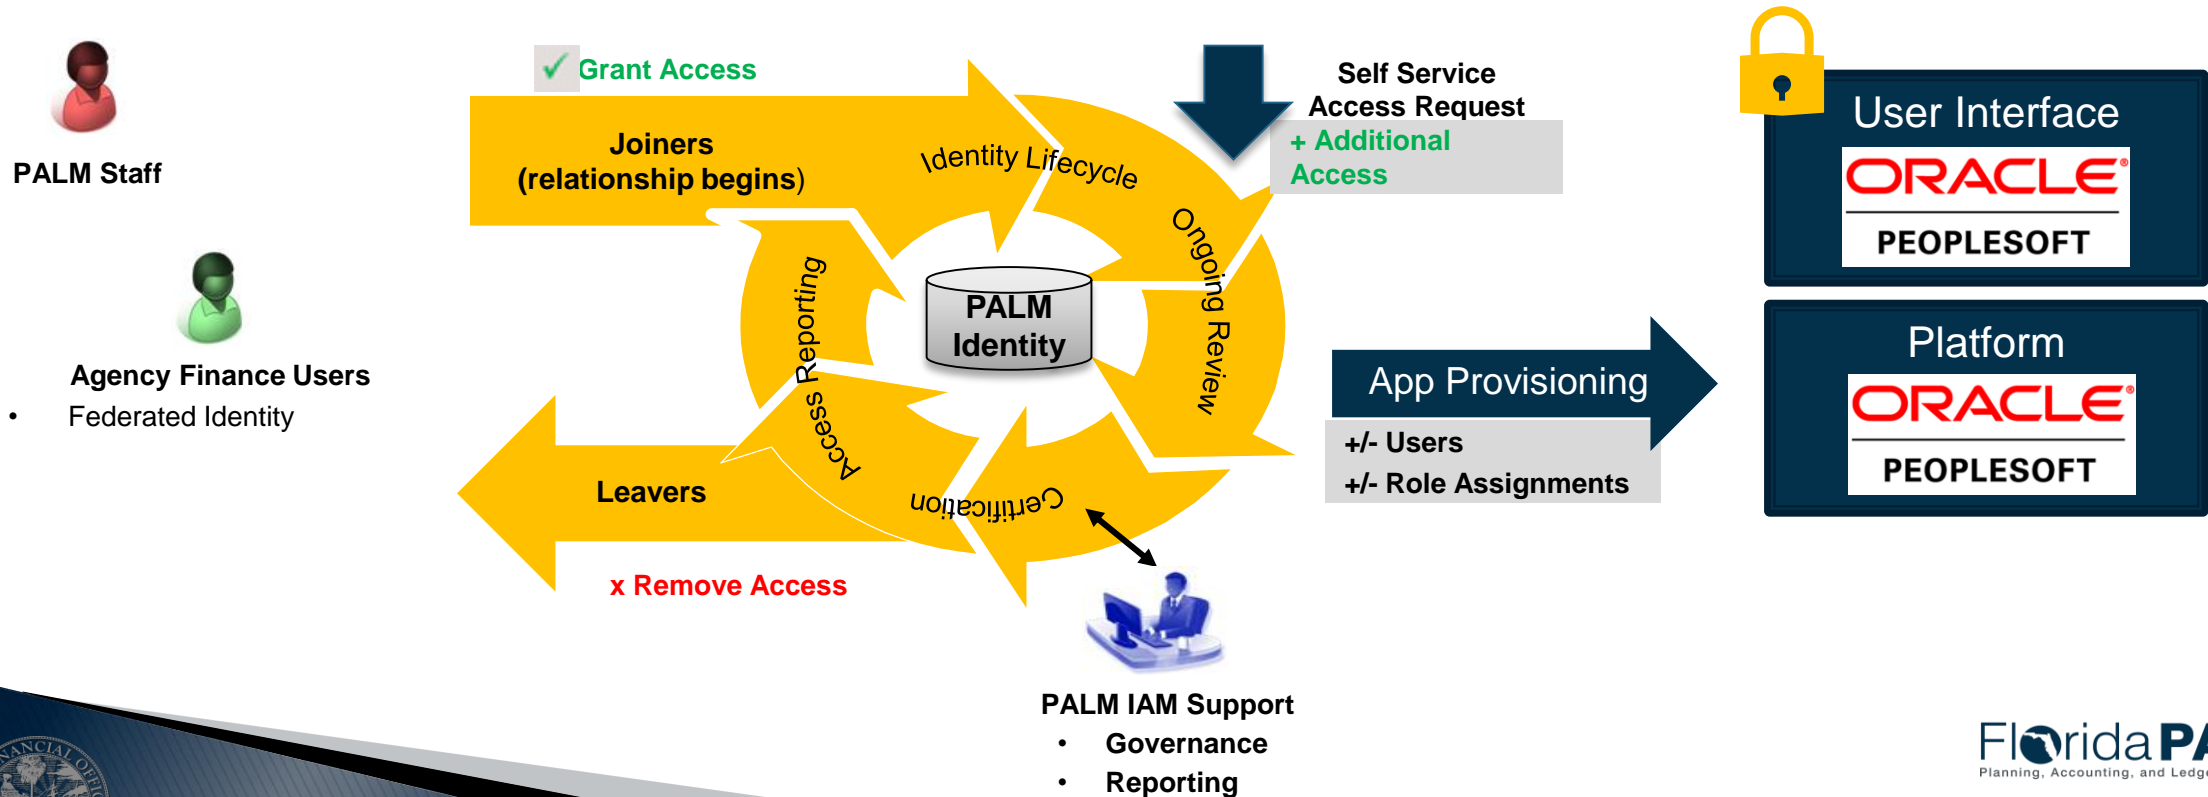

TECH TALK

IDENTITY ACCESS MANAGEMENT APPROACH

What is Identity and Access Management

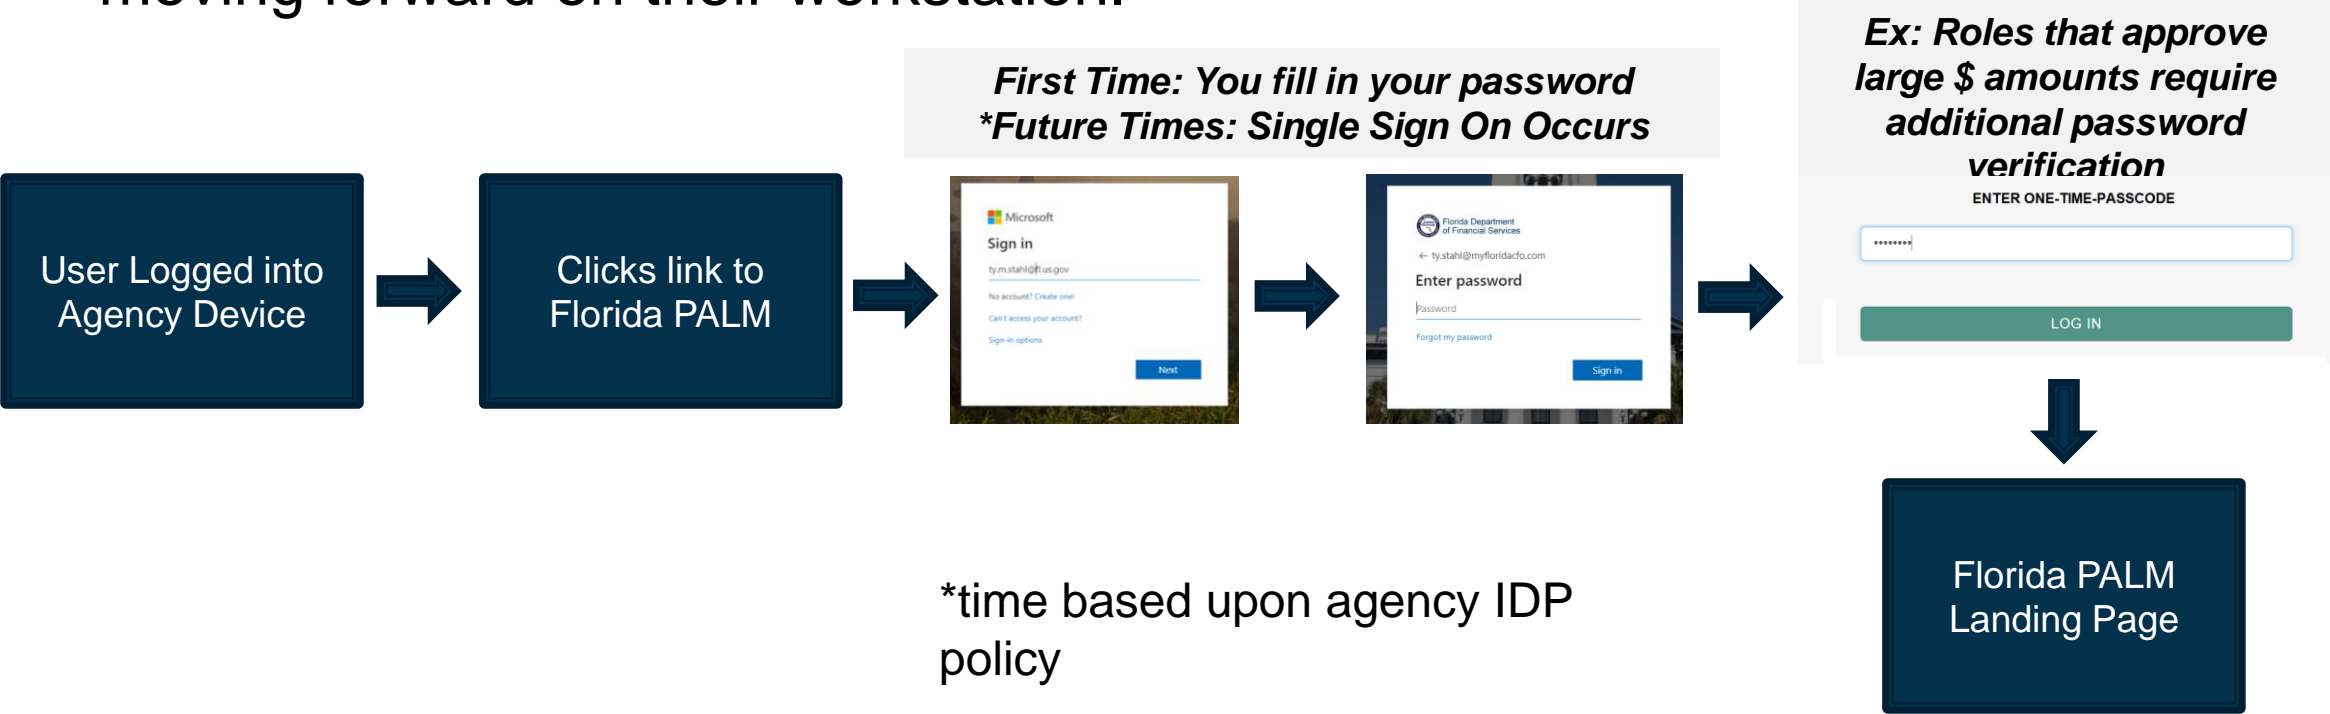

- Identity & Access Management (IAM) is an enterprise capability that addresses how users access applications and defines what applications and functions they can access for the entire duration of their relationship with Florida PALM.

Identity Access Management (IAM) Approach

Federated Sign On

- ▶ User logs into Florida PALM by entering their agency's Identity Provider (IDP) username and password one time. User's credentials will be remembered moving forward on their workstation.

SYSTEM DEMONSTRATION

RUNNING AN INQUIRY
RUNNING A QUERY
