The CMS Wave is almost here, the time is now.

Be prepared, our success depends on you!

Agency for Health
Care Administration

The 1970s brought us some unique and innovative creations:

THE FLOPPY DISK   EMAIL   DISCO   FLAIR

Now it's time to "boogie" into the future!

- The State of Florida has been working on a multiyear endeavor to replace the current accounting and cash management systems with a cloud-based financial management solution.

- The Florida PALM Project commenced on July 1, 2014.

- The first transition to Florida PALM is scheduled for July 2021.

- Visit the Florida PALM website to view the Project Timeline for more details!

Florida PALM will be a breeze, dive in today!

FLORIDA LOTTERY

Florida Palm is the ticket to our success!
Let's *claim it!*

Florida Department of Transportation's Florida PALM System Transition (FPST) Program

Overview: There are over 1,000 enterprise computing assets within FDOT that will require remediation due to transition to the Florida PALM Chart of Accounts values and replacement of central, payroll, and departmental FLAIR functionality. This remediation effort will take place over the course of three years in alignment with the Florida PALM scheduled timeline.

Step 1

Pilot Florida PALM Triage Assessment (complete)
OOC and OIT- Application Services Team completed an assessment pilot to triage OOC and enterprise computing assets, based on the following criteria:
- FLAIR Data Usage or FLAIR Interfaces
- Project, Contract, Budget, Funding, Payroll, Property, Invoicing, Receipts, Accounting, and/or Financial Data Usage
- Chart of Account Data Usage
- Financial System Database, Tables, Flat Files, or FOCUS Master Usage or Integration

Step 2

Project and Contract Data Usage Assessment (complete)
OIT- Application Services completed an assessment and data upload for all FDOT's Computing Assets based on Project and Contract Data Usage.

Step 3

Confirmation of Data Upload Assessment (not started)
The Business Offices and Districts will need to review and confirm impacts, based on the Project and Contract Data Usage upload.

Step 4

**Wave Triage Assessment (not started)**
OIT- Application Services will need to review inputs from Business Offices and Districts and confirm impact timelines, as it relates to the Florida PALM Waves and Project Schedule.
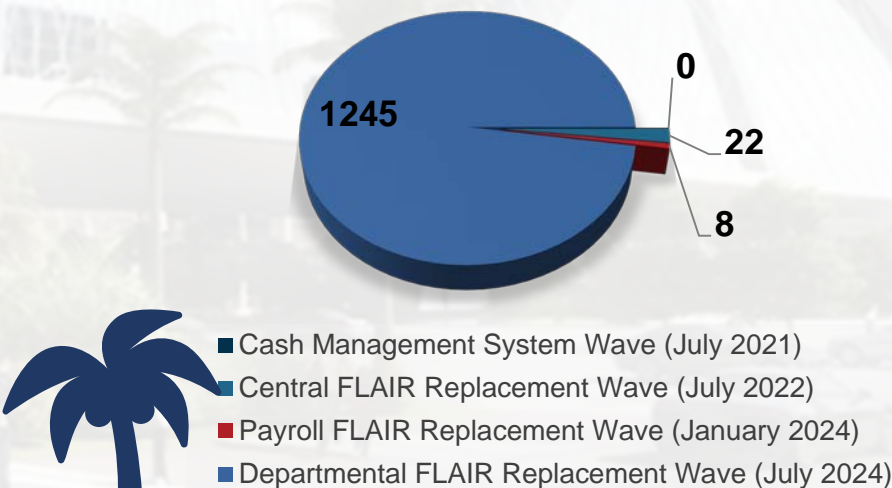

Step 5

Remediation Confirmation and Planning (not started)
OOC, with support from OIT- Application Services Team, will determine an appropriate Remediation Plan.
