Subject: Action: Share and Review Interface Offerings / Catalog of Conversions (TECH112, TECH113)

Hello Florida PALM,

The *Catalog of Interface Offerings* in Smartsheet has been updated to include interfaces that will be available with the Departmental Wave transition. The *Catalog of Conversions* for Departmental Wave is a new addition to Smartsheet. Review both catalogs in conjunction with the [Standardized Business Process Models](#) to identify and plan for impacts to your internal business systems.

Catalogs can be viewed in the Florida PALM Dashboard on Smartsheet:
<https://app.smartsheet.com/dashboards/xW9gQgMRP6w5pfRGMQGjh4wvP676gf2h4mf57hP1>

As a reminder, the Project is looking to combine the Central and Departmental Waves into one implementation wave. All Central Wave standard interfaces will be used at the Departmental Wave. Smartsheet will be updated as interfaces and conversions are updated.

Review both catalogs with your Business and Technical Liaison and determine the degree to which internal agency interface and conversion work and agency business system remediation is required. Use this information to help inform your FY22/23 Legislative Budget Request.

This task should be completed by July 2. Your Readiness Coordinator will confirm completion of the task during a touchpoint.

Please email FloridaPALM@MyFloridaCFO.com if you have any questions.

Sincerely,

Florida PALM Project
Florida Department of Financial Services
