B. Implementation Status

Required for R&C Category 

	Yes	No	Explain:
Is the project on schedule? <small>If no, explain why and what corrective action(s) are planned to bring the project back on schedule</small>		✓	The Project Schedule being used at this time is limited to CMS remediation activities, key administrative activities and required reporting activities. A new schedule and the requisite contract amendment are being developed.
Will the project complete on schedule?	✓		The detailed Project Schedule for the Financials and Payroll Waves is dependent upon the next contract amendment (Amendment 8). While the team has begun work on amendment 8, there are several inputs into the project schedule, as described in

		<p>the 2022-23 General Appropriations Act, that must be considered before the project schedule can be finalized. As a result, the short-term project schedule will remain focused on remaining CMS remediation activities, key administrative activities, required reporting activities and requirements reviews (including personalized agency working sessions).</p> <p>Issue 27 was created for impacts in establishing an updated schedule. The Project is actively monitoring risks associated with the schedule.</p>
<p>Is the project currently within budget? <small>If no, explain why and what corrective action(s) are planned to bring the project back within budget</small></p>	✓	
<p>Will the project remain within budget?</p>	✓	Spend Plan details provided in section four.
<p>Were any Project Change Requests approved during this reporting period?</p>	✓	Project Change Request (PCR) 88 was approved during this period.
<p>Have any risks or issues impacted the project during the reporting period?</p>	✓	<p>No Risks were opened during the reporting period. Nine risks associated with Go/No-Go readiness for retired waves were removed during this reporting period.</p> <p>During the reporting period, no Issues were opened or closed. All other Issues from last period remain open, as defined in section three.</p>
