The data from State agencies currently in FLAIR and CMS
will be migrated to Florida PALM
All bridges will remain until all data is in Florida PALM

ROAD CLOSED

STATE AGENCY

STATE AGENCY

STATE AGENCY

FLAIR and CMS
contain LOTS OF DATA

FLAIR and CMS
...can be described
as an island

Data from FLAIR & CMS will be in PALM... eventually

Tactical Points

Maintain and Prepare FLAIR and CMS

✓ Secure resources and support to continue operating FLAIR and CMS until Florida PALM is built

✓ Support Florida PALM readiness activities and prepare for conversion and implementation of financial data and functionality

Relationships with the banks
will migrate as well

BANK
BANK
BANK

Build and Transition to Florida PALM

✓ Florida PALM and the software integrator will seek input from State agencies and other stakeholders

✓ The Project will roll-out in phases, with new functionality in each release

Agencies will be brought into
Florida PALM in waves

As Florida PALM is being built,
and during go-live...
FLAIR and CMS will remain functional

Bridge the Systems

✓ FLAIR, CMS and Florida PALM connections will be synchronized for parallel operations and reporting

✓ Agency data will be migrated from FLAIR and CMS to Florida PALM

DFS is building a bridge
between the islands

While it won't happen overnight...
Florida PALM will replace
FLAIR and CMS

ROAD CLOSED

Support Agency Bridges

As a result of the new system:

✓ State agencies will benefit from enhanced features, improved user access, and a modernized user experience

Eventually, Florida PALM
will process the data directly
with agencies

The Journey to Florida PALM
will be a migration
not an evacuation

FLAIR and CMS are the financial systems that process
the State's accounting and cash management functions

These system were developed in the 1970s
and implemented in the 1980s

FLAIR and CMS have significant limitations so the
State is planning to replace them with a new,
modern financial management system that will
be called Florida PALM

We are about to embark upon a journey...

From FLAIR and CMS to the creation
of Florida PALM

Florida PALM
...will be
a new island
