UPDATED 5-YEAR RULE REVIEW PLAN: Under section 120.5435, F.S., by October 1st each year we are required to file an update on the annual review plan also required under that statute. The Committee agreed to recommend the updated 5-year FCCS Rule Review Plan, attached to this report as Addendum “A.” The rules recommended to be reviewed this year are highlighted in a light orange. There are a total of 35 rules to be reviewed this year, which includes the rules (such as all of 69K-18) which the Committee decided should be added to the review. Rules Discussed:

69K-5.009 Regulatory Standards for Evaluating Applications by the Board.

69K-5.009 Regulatory Standards for Evaluating Applications by the Board.

When an application for authority to organize and operate a new cemetery company is filed, it is the applicant's responsibility to meet the statutory criteria warranting the grant of authority. If, in the opinion of the Board, any one of the criteria as set forth in section 497.263, F.S., which requires board review and approval has not been met and cannot be remedied by the applicant, the Department cannot approve the application.

The applicant shall submit information addressing the following:

(1) Capital structure.

(a) Capital should be adequate to enable the new cemetery to provide necessary services for cemeteries, including adequate service to the community and adequate care and maintenance of the cemetery.

(b) Capital shall be sufficient to purchase a cemetery site of no less than thirty (30) contiguous acres in fee simple unencumbered; to develop at least two (2) acres for burial spaces including paved road from a public roadway; to purchase or lease adequate equipment for the operation and maintenance of the cemetery; and to build or lease suitable facilities to operate the cemetery.

(c) An applicant shall demonstrate that it has sufficient capital to sustain its operations until its first projected profitable year. Sufficient capital shall mean that the applicant is able to cover its cumulative losses until projected profitability; provided that, in no event may the tangible accounting net worth of the applicant be less than \$50,000. The demonstration of sufficient capital shall be made by submittal of a reasonable business plan covering every year from inception up to and including its first projected year of profitability and providing:

1. Revenue expectations based on the applicant's projected sources of revenue and projected revenue including number of annual sales and average sales on a unit basis and a demographic analysis of the applicant's projected market which supports this revenue projection;

2. An analysis of the cost incurred to achieve the projected revenues including sales costs, product costs, delivery of service costs, financing of capital requirements cost, care and maintenance costs, the cost of perpetual care (including other sources of funds in the event of shortfalls in the perpetual care funds); and,

3. Any information required by the Board and reasonably necessary for the Board to make a determination of the applicant's financial stability.

(2) Proposed executive officers, directors or principals.

(a) Each proposed officer, director, or principal shall submit an executed Historical Sketch, through Form DFS HistS, which is incorporated by reference in rule 69K-1.001, F.A.C., and can be accessed where indicated in subsection 69K-1.001(1), F.A.C., and shall have reputations evidencing honesty and integrity, and employment and business histories demonstrating their responsibility in financial affairs. The fact that a proposed officer, director, or principal has been adjudicated bankrupt or has filed for relief under the Federal Bankruptcy Act shall be considered a material factor in the evaluation of responsibility in financial affairs.

(b) At least one (1) of the proposed directors or principals, who is not also a proposed officer, shall have had substantial direct experience as an executive officer, director or principal of a cemetery or a preneed

If in the opinion of the Board the aggregate level of experience represented by the proposed board of directors or principals is not substantial, the Board shall require the addition of other outside directors or principals who have adequate experience.

(c) The proposed general manager shall have at least three (3) years of direct cemetery management experience within seven (7) years of the application date as a general manager, director, or regulator of a cemetery, or a similar position having an equivalent level of responsibility for a cemetery. The general manager must have a reputation evidencing honesty and integrity and an employment history demonstrating competent past experience. It is not necessary that the name of the general manager be submitted with the application. However, this individual must be named and have submitted an executed Historical Sketch on Form DFS HistS, which is incorporated by reference in rule 69K-1.001, F.A.C., no later than ninety (90) days prior to the applicant's intended opening date. The applicant may not open for business without the Department's prior approval of the general manager.

(d) Change of a director, chief executive officer, president, principal or general manager or the addition of any new directors, executive officers through the first two (2) years of operation shall also require approval of the Department and the Board.

The licensing authority may require by rule additional information to be provided concerning any affirmative answers. A licensing authority's acceptance of a relinquishment of licensure, stipulation, consent order, or other settlement, offered in response to or in anticipation of the filing of charges against the license, shall be construed as action against the license. The licensing authority may require by rule additional information to be provided concerning any affirmative answers.

(c) The applicant obtains approval of the local zoning authorities regarding the cemetery, and files with the licensing authority evidence satisfactory to the licensing authority of such approval, or if no approval by local zoning authorities is required, such approval of residents adjacent to the proposed cemetery as the licensing authority may require by rule.

(d) The licensing authority determines that the applicant has designated as general manager of the cemetery a person of integrity, who has 3 years of cemetery management experience as defined by rule of the licensing authority, and who has the ability to operate a cemetery.
