

DIFS

DIVISION OF INVESTIGATIVE & FORENSIC SERVICES

IS PLEASED TO ANNOUNCE THE
FOLLOWING PROMOTION

CONGRATULATIONS TO BFAEI Captain Jason Roberts

In 1997, Captain Jason Roberts began his career with the Bureau of Fire, Arson, and Explosives Investigations in Tallahassee as a duty officer. After receiving his law enforcement certification, Jason was promoted to Detective and was assigned to the Bureau's Orlando Field Office. In 2000, he returned to the Panhandle before being promoted to Lieutenant over the Tallahassee Field Office in 2009.

Captain Roberts is a certified firefighter, emergency medical technician, and in 2014 successfully completed the training requirements at the FBI-HDS Redstone Arsenal to become certified as a bomb technician. He is one of only two Explosives Detection Canine handlers within the Division and serves proudly with his partner "Porsha" always standing faithfully by his side.

Captain Jason Roberts has accumulated nearly 25 years of service and has been instrumental in delivering Post Blast Investigations training to a countless number of public safety professionals all over the state of Florida.

We are pleased to recognize Captain Roberts' hard work and look forward to his continued growth into greater responsibilities.
