## **Invitation to Donate for the 2026 Lithium-Ion Battery Fire Symposium through the Florida Fire Foundation**

*The Florida Fire Foundation, Established in 2024, is a 501 (c) 3 organization existing for the sole purpose of helping provide support in the areas of training, education, safety, health, wellness, and recognition, in the State of Florida. The Foundation is to receive funds and property, to invest and reinvest the same, and to disburse and distribute the same as voluntary, gratuitous and charitable gifts and contributions.*

We are writing to ask for support from our valued fire service members and community service leaders. Your donations will help ensure the continued success of this event.

One hundred percent of your donations go directly to the Conference/event.

Your donations will be used to help with our educational outreach for all Florida Fire Service Instructors and will cover costs for the following areas of the conference:

- Food for the instructor's conference. (This event is loaded and fast paced; we try to provide lunches, so the attendees stay and visit all vendors during lunchtime and breaks.)
- Lodging and travel for conference presenters.

Lunch or Coffee/Break sponsorship will proudly display your name and logo in the All Purpose Room at the Fire College, a vendor table and logo displayed during the event and included on all event correspondence. With this donation you will have time allotted during the conference to speak to the attendees on your product. Please reach out to Frank DeFrancesco for additional information on estimates 352-369-2838.
