

Plan Highlights

State of Florida Social Security Alternative Plan

As an Other Personal Services (OPS) employee, the State of Florida Social Security Alternative Plan affords you an excellent opportunity to help accumulate money for a secure retirement. You contribute 7.5% of your compensation to this tax-deferred plan instead of paying FICA (Social Security) tax to the government. Your account benefits from the opportunity for tax-advantaged growth.

This is not your plan document. The administration of each plan is governed by the actual plan document. If discrepancies arise between this summary and the plan document, the plan document will govern.

Eligibility

All State of Florida OPS employees are required to participate in this plan and are automatically enrolled. Reference Internal Revenue Code Section 3121(b)(7)(F) and Florida Statute 110.1315 for details regarding participation.

Account setup

You can visit the website at VALIC.com/opsfl to make changes to your investment allocations and to make your beneficiary designations.

Your contributions

You contribute a mandatory 7.5% of your compensation to the State of Florida Social Security Alternative Plan. Unless you choose otherwise, your contributions will be invested in age-appropriate target date funds. If you want to save more than 7.5%, you can participate in the State of Florida 457(b) Deferred Compensation Plan by calling 1-877-299-8002 or by visiting the plan website at www.myfloridadeferredcomp.com

The principal value of an investment in a Target Date fund is not guaranteed at any time including at or after the target maturity date. The target date is the approximate date when investors plan to start withdrawing their money. The fund will gradually shift its emphasis from more aggressive investments to more conservative ones based on its target date.

Vesting

You are always 100% vested in contributions made to the plan.

Investment flexibility

New employees hired on or after 02/01/2017 will have their contributions automatically invested in the age-appropriate target date funds. However, you decide how to invest all contributions among the mutual funds and the Fixed-Interest Option* offered under the State of Florida Social Security Alternative Plan.

This plan represents a long-term investment. Investment values of the mutual funds you choose will fluctuate, and there is no assurance that the objective of any fund will be achieved. Mutual fund shares are redeemable at the then-current net asset value, which may be more or less than the original cost. Bear in mind that investing involves risk, including possible loss of principal.

Withdrawal restrictions

Your plan was established to encourage long-term savings, so withdrawals prior to age 59½ may be subject to federal restrictions and a 10% federal early withdrawal tax penalty.

Generally, depending on plan provisions, you may withdraw your vested account balance if you meet one of the following requirements:

- Severance from OPS employment after a 31-day break in service
- Your death or total disability

The following are some events upon which you may withdraw vested amounts without incurring a 10% federal early withdrawal tax penalty:

- Severance from employment on or after age 55
- Your death or total disability
- Taking substantially equal payments for a period of five years or reaching age 59½, whichever is later

In addition, you must begin taking distributions once you reach age 70½ or you retire, whichever is later.

Distribution options

Your plan offers many distribution options, allowing you to tailor your benefits to meet your individual needs. Depending on plan provisions, your withdrawal options include:

- Transferring or rolling over your vested account balance to another tax-advantaged plan that accepts transfers of rollovers such as the State of Florida's Deferred Compensation Plan
- Electing systematic or partial withdrawals
- Taking a lump-sum distribution
- Choosing one of the many annuity options available
- Deferring distributions until the later of age 70½ or severance of employment, and allowing your account to continue to grow on a tax-deferred basis

Generally, income taxes must be paid on all amounts you withdraw from your plan.

Consult your financial advisor for more specific information.
