

REPRESENTING
ALEX SINK
CHIEF FINANCIAL OFFICER
STATE OF FLORIDA

October 15, 2010

The Honorable Charlie Crist
Governor, the State of Florida
The Capitol
Tallahassee, Florida 32399

Dear Governor Crist:

In accordance with Chapter 17.54, Florida Statutes, I am pleased to submit to you the Annual Report of the Chief Financial Officer of Florida for the Division of Treasury for the Fiscal Year July 1, 2009, to June 30, 2010.

Sincerely,

A handwritten signature in cursive script that reads "Alex Sink".

Alex Sink

ANNUAL REPORT 2010

FLORIDA DEPARTMENT OF FINANCIAL SERVICES

DIVISION OF TREASURY

The Chief Financial Officer is the constitutional officer with the fiduciary responsibility over the Division of Treasury (17.55 F.S.). A core function of the Department of Financial Services, the Division of Treasury's goals are to be effective stewards of the operational monies and other financial assets of the State and to assist state employees with tools to help them prepare for financial security during their retirement years (17.57 F.S.).

THE DIVISION OF TREASURY HAS THREE BUREAUS:

- The Bureau of Funds Management
- The Bureau of Collateral Management; and
- The Bureau of Deferred Compensation

THE BUREAU OF FUNDS MANAGEMENT operates a cash management system to maximize investments by speeding the flow of funds into the State Treasury. An emphasis on cash management consulting to state agencies has identified potential cost reductions and interest earning opportunities. The bureau also performs standard treasury functions, such as operating a statewide deposit concentration system and receipts and payments posting systems. In addition, the bureau manages a fixed income investment operation, the Treasury Investment Pool, for both general revenue and trust funds in the Treasury and funds of organizations participating in the Treasury Special Purpose Investment Accounts (SPIA). SPIA is an optional investment program open to any entities established by the Florida Constitution or Florida Statutes.

The Treasury Investment Pool is a combination of short and intermediate term fixed income investment strategies. The asset structure of the pool is designed to provide strong liquidity, preserve capital and provide excess returns to the State; using short term, high-quality investments and additional investment income using intermediate investments.

During the 2009-2010 fiscal year, the weighted average daily balance of investment holdings was \$16.097 billion, as compared to \$16.015 billion for the previous fiscal year. This is an increase of \$82 million or approximately .5%.

The Treasury was able to provide positive earnings each month for the 2009-2010 fiscal year. During this period, the Treasury recognized interest earnings of \$409 million, as compared to \$432 million for the previous fiscal year. Interest earnings provide additional state resources and are a major source of non-tax revenue.

THE BUREAU OF DEFERRED COMPENSATION manages the Deferred Compensation Program, a pre-tax investment program designed to supplement state employees' pension plans. The Deferred Compensation Program provides employees of the State of Florida with tools to help them prepare for financial security during their retirement years. To achieve this goal, the bureau partners with investment vendors to offer excellent customer service and investment products at a reasonable cost. The bureau has made notable additions to their investment vendor's portfolio of funds and promoted its communication efforts to state employees. The Deferred Compensation Program has more than 80,000 accounts and total assets over \$2.2 billion.

THE BUREAU OF COLLATERAL MANAGEMENT is a centralized deposit location for specialized handling of regulatory collateral deposits. Regulatory collateral deposits are required of various entities by state agencies as a condition of doing business or acts of guarantee. Asset management staff is responsible for maintaining regulatory collateral deposits for 1,885 combined accounts that represent in excess of \$17 billion dollars. Program administration staff is responsible for protecting more than \$23 billion in public funds deposited in 202 Qualified Public Depositories statewide. These deposits are protected by more than \$15.6 billion in pledged assets and a shared contingent liability managed by the bureau. Due to the current overall economic situation in the Florida financial industry, the bureau has increased the monitoring of the state's Qualified Public Depositories (QPDs). The bureau has conducted more frequent and in depth analysis than it had in the past. In the first 20 years of the program (1981-2001) there were three QPD failures. In calendar year 2009 there were eight and in the first seven months of 2010 there have been twelve failures with more expected before year end. Each failed institution was acquired by a new institution and all public deposits transferred to the new owners. The bureau will continue a program of increased monitoring to more accurately gauge the appropriate collateral requirements for these depository institutions.

ANNUAL REPORT 2010

FLORIDA DEPARTMENT OF FINANCIAL SERVICES

DIVISION OF TREASURY

STATEMENT OF ASSETS AND LIABILITIES

- (1) Unemployment Trust Fund represents U.C. Benefit Funds invested by the Federal government and due from the U.S. Treasury.
- (2) Plan assets held in the Deferred Compensation Trust Fund for the exclusive benefit of participants and their beneficiaries in the amount of \$2,206,219,558.43. The plan assets include Statutory Reserves of \$2,206,173,433.88 and Operating Account Balance of \$46,124.55
- (3) Represents the "Per Reconciled Cash Balance" of \$140,819,245.89 as of June 30, 2010, with receipted items in transit of \$221,602,088.84 and disbursed items in transit of (\$162,610,145.84), which nets to \$58,991,943.00. These items have cleared the bank but have not been posted to the state ledger. The Total Bank Accounts figure does not include \$11,777,032.64 held in clearing and/or revolving accounts outside the Treasury.
- (4) The amount due to agency participants in the Consolidated Revolving Account as of June 30, 2010, is \$6,077,460.41. Of this, \$196,830.41 is in a financial institution account and \$5,880,630.00 is invested in Special Purpose Investment Accounts.
- (5) Represents the CFO's Special Purpose Investment Accounts held in the Treasury Investment Pool and interest due to those accounts. The CFO's Special Purpose Investment Accounts are investments on behalf of state agencies with funds outside the CFO's Cash Concentration System and other statutorily or constitutionally created entities.
- (6) Includes Purchased Interest in the amount of \$2,696,654.57.
- (7) Included in the Trust Fund Balance is \$5,532,589,368.75 earning interest for the benefit of Trust Funds; Unemployment Trust Fund balance of \$455,037,633.39; and the remaining balance of \$3,537,860,124.80 earning interest for General Revenue.
- (8) Represents \$14,766,831.06 in interest not yet receipted to State Accounts and Securities Liability Cost of \$53,573,458.95 which settles July 1, 2010.

Note:	June 30, 2010	June 30, 2009
